IN ACCESSING THE PROSPECTUS, YOU AGREE TO BE BOUND BY THE FOLLOWING TERMS AND CONDITIONS, INCLUDING ANY MODIFICATIONS TO THEM ANY TIME YOU RECEIVE ANY INFORMATION FROM US AS A RESULT OF SUCH ACCESS.

NOTHING IN THIS ELECTRONIC TRANSMISSION CONSTITUTES AN OFFER TO SELL OR THE SOLICITATION OF AN OFFER TO BUY THE SECURITIES OF THE ISSUER IN THE UNITED STATES OR ANY OTHER JURISDICTION WHERE IT IS UNLAWFUL TO DO SO. THE SECURITIES HAVE NOT BEEN, AND WILL NOT BE, REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE "**SECURITIES ACT**"), OR THE SECURITIES LAWS OR "BLUE SKY" LAWS OF ANY STATE OR OTHER JURISDICTION OF THE UNITED STATES AND THE SECURITIES MAY NOT BE OFFERED OR SOLD WITHIN THE U.S. OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS (AS DEFINED IN REGULATION S UNDER THE SECURITIES ACT ("**REGULATION S**") EXCEPT PURSUANT TO AN EXEMPTION FROM, OR IN A TRANSACTION NOT SUBJECT TO, THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT AND ANY APPLICABLE STATE OR LOCAL SECURITIES LAWS.

THE SELLERS, AS SPONSORS UNDER THE U.S. RISK RETENTION RULES, DO NOT INTEND TO RETAIN AT LEAST 5 PER CENT. OF THE CREDIT RISK OF THE SECURITIZED ASSETS FOR PURPOSES OF COMPLIANCE WITH THE FINAL RULES PROMULGATED UNDER SECTION 15G OF THE SECURITIES EXCHANGE ACT OF 1934, AS AMENDED (THE **U.S. RISK RETENTION RULES**), BUT RATHER INTEND TO RELY ON AN EXEMPTION PROVIDED FOR IN SECTION 20 OF THE U.S. RISK RETENTION RULES REGARDING NON-U.S. TRANSACTIONS. PROSPECTIVE INVESTORS SHOULD NOTE THAT THE DEFINITION OF "U.S. PERSON" IN THE U.S. RISK RETENTION RULES IS SUBSTANTIALLY SIMILAR TO, BUT NOT IDENTICAL TO, THE DEFINITION OF "U.S. PERSON" IN REGULATION S. EACH PURCHASER OF THE NOTES OR A BENEFICIAL INTEREST THEREIN ACQUIRED IN THE INITIAL SYNDICATION OF THE NOTES BY ITS ACQUISITION OF THE NOTES OR A BENEFICIAL INTEREST THEREIN, WILL BE DEEMED TO HAVE MADE CERTAIN REPRESENTATIONS AND AGREEMENTS, INCLUDING THAT IT (1) EITHER (i) IS NOT A RISK RETENTION U.S. PERSON OR (ii) HAS OBTAINED A U.S. RISK RETENTION CONSENT FROM THE SELLERS, (2) IS ACQUIRING SUCH NOTE OR A BENEFICIAL INTEREST THEREIN FOR ITS OWN ACCOUNT AND NOT WITH A VIEW TO DISTRIBUTE SUCH NOTE, AND (3) IS NOT ACQUIRING SUCH NOTE OR A BENEFICIAL INTEREST THEREIN AS PART OF A SCHEME TO EVADE THE REQUIREMENTS OF THE U.S. RISK RETENTION RULES (INCLUDING ACQUIRING SUCH NOTE THROUGH A NON-RISK RETENTION U.S. PERSON, RATHER THAN A RISK RETENTION U.S. PERSON, AS PART OF A SCHEME TO EVADE THE 10 PER CENT. RISK RETENTION U.S. PERSON LIMITATION IN THE EXEMPTION PROVIDED FOR IN SECTION 20 OF THE U.S. RISK RETENTION RULES). ANY RISK RETENTION U.S. PERSON WISHING TO PURCHASE NOTES MUST INFORM THE SELLERS AND THE JOINT LEAD MANAGERS THAT IT IS A RISK RETENTION U.S. PERSON.

THE FOLLOWING PROSPECTUS MAY NOT BE FORWARDED OR DISTRIBUTED TO ANY OTHER PERSON AND MAY NOT BE REPRODUCED IN ANY MANNER WHATSOEVER, AND IN PARTICULAR, MAY NOT BE FORWARDED TO ANY U.S. PERSON OR TO ANY U.S. ADDRESS. ANY FORWARDING, DISTRIBUTION OR REPRODUCTION OF THIS DOCUMENT IN WHOLE OR IN PART IS UNAUTHORISED. FAILURE TO COMPLY WITH THIS DIRECTIVE MAY RESULT IN A VIOLATION OF THE SECURITIES ACT OR THE APPLICABLE LAWS OF OTHER JURISDICTIONS.

THE PROSPECTUS HAS BEEN DELIVERED TO YOU ON THE BASIS THAT YOU ARE A PERSON INTO WHOSE POSSESSION THE PROSPECTUS MAY BE LAWFULLY DELIVERED IN ACCORDANCE WITH THE LAWS OF THE JURISDICTION IN WHICH YOU ARE LOCATED. BY ACCESSING THE PROSPECTUS, YOU SHALL BE DEEMED TO HAVE CONFIRMED AND REPRESENTED TO US THAT (A) YOU HAVE UNDERSTOOD AND AGREE TO THE TERMS SET OUT HEREIN, (B) YOU CONSENT TO DELIVERY OF THE PROSPECTUS BY ELECTRONIC TRANSMISSION, (C) YOU ARE NOT A U.S. PERSON (WITHIN THE MEANING OF REGULATIONS UNDER THE SECURITIES ACT) OR ACTING FOR THE ACCOUNT OR BENEFIT OF A U.S. PERSON AND THE ELECTRONIC MAIL ADDRESS THAT YOU HAVE GIVEN TO US AND TO WHICH THIS EMAIL HAS BEEN DELIVERED IS NOT LOCATED IN THE UNITED STATES, ITS TERRITORIES AND POSSESSIONS (INCLUDING PUERTO RICO, THE U.S. VIRGIN ISLANDS, GUAM, AMERICAN SAMOA, WAKE ISLAND AND THE NORTHERN MARIANA ISLANDS) OR THE DISTRICT OF COLUMBIA AND (D) IF YOU ARE A PERSON IN THE UNITED KINGDOM, THEN YOU ARE A PERSON WHO (I) HAS PROFESSIONAL EXPERIENCE IN MATTERS RELATING TO INVESTMENTS OR (II) IS A HIGH NET WORTH ENTITY FALLING WITHIN ARTICLE 49(2)(A) TO (D) OF THE FINANCIAL SERVICES AND MARKETS ACT (FINANCIAL PROMOTION) ORDER 2005 (ALL SUCH PERSONS TOGETHER BEING REFERRED TO AS **RELEVANT PERSONS**). Credit Rating Agencies

Moody's Investors Service Limited ("**Moody's**") and S&P Global Ratings Europe Limited ("**S&P**") (each a "**Rating Agency**" and together, the "**Rating Agencies**"). As of the date of this prospectus (the "**Prospectus**"), each of the Rating Agencies is a credit rating agency established in the European Union (the "**EU**") (which shall include the United Kingdom) and is registered under Regulation (EU) No 1060/2009 (as amended) (the "**CRA Regulation**").

The ratings assigned to the Rated Notes by each of Moody's and S&P address, *inter alia* the likelihood of (a) full and timely payment to the holders of the Most Senior Class of Notes of all payments of interest on each Interest Payment Date and (b) full and ultimate payment to the holders of the Rated Notes of principal and (in relation to the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes and the Class X Notes) of interest on or prior to the Final Maturity Date.

Ratings are expected to be assigned to each class of Rated Notes on or before the Closing Date. Obligations

The Notes and the Residual Certificates will be obligations of the Issuer alone and will not be guaranteed by, or be the responsibility of, any other entity named in the Prospectus.

**EU Risk
Retention
Undertaking**

On the Closing Date, the Sellers will, as originators for the purposes of the Securitisation Regulation, retain on an ongoing basis a material net economic interest of not less than 5 per cent. in the securitisation as required by Article 6(1) of the Securitisation Regulation, as such article is interpreted and applied on the date hereof and not taking into account any relevant national measures.

As at the Closing Date, such interest will be satisfied by each Seller holding the first loss tranche, in this case an interest in the Class Z Notes in proportion to the total securitised exposures for which each Seller is the originator, in accordance with Article 6(3)(d) of the Securitisation Regulation. See the section entitled "*Certain Regulatory Requirements*" for further information.

**U.S. Risk
Retention
Requirements**

The Sellers, as sponsors under the U.S. Risk Retention Rules, do not intend to retain at least 5 per cent. of the credit risk of the securitized assets for purposes of compliance with the final rules promulgated under Section 15G of the Securities Exchange Act of 1934, as amended (the "**U.S. Risk Retention Rules**"), but rather intend to rely on an exemption provided for in Section 20 of the U.S. Risk Retention Rules regarding non-U.S. transactions. See the section entitled "*Risk Factors – Legal and regulatory risks – U.S. Risk Retention Requirements*".

**The Volcker
Rule**

The Issuer is of the view that it is not now, and immediately after giving effect to the offering and sale of the Notes and the application of the proceeds thereof on the Closing Date will not be, a "covered fund" for purposes of regulations adopted under Section 13 of the Bank Holding Company Act of 1956, as amended (commonly known as the "**Volcker Rule**"). In reaching this conclusion, although other statutory or regulatory exclusions and/or exemptions under the Investment Company Act and under the Volcker Rule and its related regulations may be available, the parties have relied on the determination that the Issuer would satisfy all of the elements of the loan securitization exclusion provided for by section __.10(c)(8) of the Volcker Rule. Any prospective investor in the Notes or Residual Certificates, including a U.S. or foreign bank or a subsidiary or other affiliate thereof, should consult its own legal advisers regarding the Volcker Rule and its effects. See the section entitled "*Risk Factors – Legal and regulatory risks – Effects of the Volcker Rule on the Issuer*".

Benchmarks Regulation	Amounts payable on the Notes are calculated by reference to the Sterling Overnight Index Average (" SONIA "). As at the date of this Prospectus, the administrator of SONIA is not included in ESMA's register of administrators under Article 36 of the Regulation (EU) No. 2016/1011 (the " Benchmarks Regulation "). The Bank of England, as administrator of SONIA, is exempt under Article 2 of the Benchmarks Regulation but has issued a statement of compliance with the principles for financial benchmarks issued in 2013 by the International Organisation of Securities Commissions.

The Notes have not been approved or disapproved by the United States Securities and Exchange Commission (the SEC), any state securities commission in the United States or any other United States regulatory authority, nor have any of the foregoing authorities passed upon the accuracy or adequacy of this Prospectus. Any representation to the contrary is a criminal offence.

THE "RISK FACTORS" SECTION CONTAINS DETAILS OF CERTAIN RISKS AND OTHER FACTORS THAT SHOULD BE GIVEN PARTICULAR CONSIDERATION BEFORE INVESTING IN THE NOTES. PROSPECTIVE INVESTORS SHOULD BE AWARE OF THE ISSUES SUMMARISED IN THAT SECTION.

NO LIABILITY WHATSOEVER IN RESPECT OF ANY FAILURE BY THE ISSUER TO PAY ANY AMOUNT DUE UNDER THE NOTES OR THE RESIDUAL CERTIFICATES SHALL BE ACCEPTED BY ANY OF THE RELEVANT PARTIES OR BY ANY PERSON OTHER THAN THE ISSUER.

THIS PROSPECTUS DOES NOT CONSTITUTE AN OFFER OF, OR AN INVITATION BY OR ON BEHALF OF, THE ISSUER OR ANY RELEVANT PARTY TO SUBSCRIBE FOR OR PURCHASE ANY OF THE RESIDUAL CERTIFICATES, AND NONE OF THE ISSUER OR ANY OF THE RELEVANT PARTIES MAKE ANY REPRESENTATION, WARRANTY OR OTHER ASSURANCE, EXPRESSED OR IMPLIED, TO ANY INVESTOR IN THE RESIDUAL CERTIFICATES (AND NOTHING CONTAINED HEREIN IS, OR SHALL BE RELIED UPON AS A REPRESENTATION, WHETHER AS TO THE PAST, THE PRESENT OR THE FUTURE).

THE DISTRIBUTION OF THIS PROSPECTUS AND THE OFFERING OF THE NOTES IN CERTAIN JURISDICTIONS MAY BE RESTRICTED BY LAW. NO REPRESENTATION IS MADE BY THE ISSUER OR BY ANY RELEVANT PARTY THAT THIS PROSPECTUS MAY BE LAWFULLY DISTRIBUTED, OR THAT THE NOTES MAY BE LAWFULLY OFFERED, IN COMPLIANCE WITH ANY APPLICABLE REGISTRATION OR OTHER REQUIREMENTS IN ANY SUCH JURISDICTION, OR PURSUANT TO AN EXEMPTION AVAILABLE THEREUNDER, AND NONE OF THEM ASSUMES ANY RESPONSIBILITY FOR FACILITATING ANY SUCH DISTRIBUTION OR OFFERING. IN PARTICULAR, SAVE FOR OBTAINING THE APPROVAL OF THIS PROSPECTUS AS A PROSPECTUS FOR THE PURPOSES OF THE PROSPECTUS REGULATION BY THE CENTRAL BANK OF IRELAND, NO ACTION HAS BEEN OR WILL BE TAKEN BY THE ISSUER OR

BY ANY RELEVANT PARTY WHICH WOULD PERMIT A PUBLIC OFFERING OF THE NOTES OR DISTRIBUTION OF THIS PROSPECTUS IN ANY JURISDICTION WHERE ACTION FOR THAT PURPOSE IS REQUIRED. ACCORDINGLY, THE NOTES MAY NOT BE OFFERED OR SOLD, DIRECTLY OR INDIRECTLY, AND NEITHER THIS PROSPECTUS NOR ANY ADVERTISEMENT OR OTHER OFFERING MATERIAL MAY BE DISTRIBUTED OR PUBLISHED, IN ANY JURISDICTION, EXCEPT UNDER CIRCUMSTANCES THAT WILL RESULT IN COMPLIANCE WITH ANY APPLICABLE LAWS AND REGULATIONS. PERSONS INTO WHOSE POSSESSION THIS PROSPECTUS COMES ARE REQUIRED BY THE ISSUER, THE CO-ARRANGERS AND THE JOINT LEAD MANAGERS TO INFORM THEMSELVES ABOUT, AND TO OBSERVE, ANY SUCH RESTRICTIONS.

THE NOTES HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (THE "**SECURITIES ACT**"), OR THE SECURITIES LAWS "OR BLUE SKY" LAWS OF ANY STATE OR OTHER JURISDICTION OF THE UNITED STATES AND THEREFORE MAY NOT BE OFFERED, SOLD OR DELIVERED WITHIN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS (AS DEFINED IN REGULATION S UNDER THE SECURITIES ACT ("**REGULATION S**")) ("**U.S. PERSONS**") EXCEPT PURSUANT TO AN EXEMPTION FROM, OR IN A TRANSACTION NOT SUBJECT TO, THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT AND ANY APPLICABLE STATE OR LOCAL SECURITIES LAWS. ACCORDINGLY, THE NOTES ARE BEING OFFERED AND SOLD OUTSIDE THE UNITED STATES TO PERSONS OTHER THAN U.S. PERSONS PURSUANT TO REGULATION S UNDER THE SECURITIES ACT. FOR A DESCRIPTION OF CERTAIN RESTRICTIONS ON REALES OR TRANSFERS, SEE "*TRANSFER RESTRICTIONS AND INVESTOR REPRESENTATIONS*".

THE SELLERS, AS SPONSORS UNDER THE U.S. RISK RETENTION RULES, DO NOT INTEND TO RETAIN AT LEAST 5 PER CENT. OF THE CREDIT RISK OF THE SECURITIZED ASSETS FOR PURPOSES OF COMPLIANCE WITH THE FINAL RULES PROMULGATED UNDER SECTION 15G OF THE SECURITIES EXCHANGE ACT OF 1934, AS AMENDED (THE "**U.S. RISK RETENTION RULES**"), BUT RATHER INTEND TO RELY ON AN EXEMPTION PROVIDED FOR IN SECTION 20 OF THE U.S. RISK RETENTION RULES REGARDING NON-U.S. TRANSACTIONS. CONSEQUENTLY, EXCEPT WITH THE PRIOR WRITTEN CONSENT OF THE SELLERS (A "**U.S. RISK RETENTION CONSENT**") AND WHERE SUCH SALE FALLS WITHIN THE EXEMPTION PROVIDED BY SECTION 20 OF THE U.S. RISK RETENTION RULES, THE NOTES AND THE RESIDUAL CERTIFICATES OFFERED AND SOLD BY THE ISSUER MAY NOT BE PURCHASED BY, OR FOR THE ACCOUNT OR BENEFIT OF, ANY "U.S. PERSON" AS DEFINED IN THE U.S. RISK RETENTION RULES ("**RISK RETENTION U.S. PERSONS**"). PROSPECTIVE INVESTORS SHOULD NOTE THAT THE DEFINITION OF "U.S. PERSON" IN THE U.S. RISK RETENTION RULES IS SUBSTANTIALLY SIMILAR TO, BUT NOT IDENTICAL TO, THE DEFINITION OF "U.S. PERSON" IN REGULATION S. EACH PURCHASER OF THE NOTES OR A BENEFICIAL INTEREST THEREIN ACQUIRED IN THE INITIAL SYNDICATION OF THE NOTES, BY ITS ACQUISITION OF THE NOTES OR A BENEFICIAL INTEREST THEREIN WILL BE DEEMED TO HAVE MADE CERTAIN REPRESENTATIONS AND AGREEMENTS, INCLUDING THAT IT (1) EITHER (i) IS NOT A RISK RETENTION U.S. PERSON OR (ii) HAS OBTAINED A U.S. RISK RETENTION CONSENT FROM THE SELLERS, (2) IS ACQUIRING SUCH NOTE OR A BENEFICIAL INTEREST THEREIN FOR ITS OWN ACCOUNT AND NOT WITH A VIEW TO DISTRIBUTE SUCH NOTE, AND (3) IS NOT ACQUIRING SUCH NOTE OR A BENEFICIAL INTEREST THEREIN AS PART OF A SCHEME TO EVADE THE REQUIREMENTS OF THE U.S. RISK RETENTION RULES (INCLUDING ACQUIRING SUCH NOTE THROUGH A NON-RISK RETENTION U.S. PERSON, RATHER THAN A RISK RETENTION U.S. PERSON, AS PART OF A SCHEME TO EVADE THE 10 PER CENT. RISK RETENTION U.S. PERSON LIMITATION IN THE EXEMPTION PROVIDED FOR IN SECTION 20 OF THE U.S. RISK RETENTION RULES). ANY RISK RETENTION U.S. PERSON WISHING TO

PURCHASE NOTES MUST INFORM THE SELLERS AND THE JOINT LEAD MANAGERS THAT IT IS A RISK RETENTION U.S. PERSON.

There is no undertaking to register the Notes under U.S. state or federal securities laws. Until 40 days after the later of the commencement of the offering of the Notes and the Closing Date, an offer or sale of the Notes within the United States by any dealer (whether or not participating in this offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than pursuant to an exemption from the registration requirements of the Securities Act.

Each initial and subsequent purchaser of the Notes will be deemed by its acceptance of such Notes to have made certain acknowledgements, representations and agreements intended to restrict the resale or other transfer of the Notes as set out in the Subscription Agreement and described in this Prospectus and, in connection therewith, may be required to provide confirmation of its compliance with such resale and other transfer restrictions in certain cases. See "*Transfer Restrictions and Investor Representations*".

None of the Issuer nor any Relevant Party makes any representation to any prospective investor or purchaser of the Notes regarding the legality of investment therein by such prospective investor or purchaser under applicable legal investment or similar laws or regulations.

The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("**EEA**") or in the United Kingdom (the "**UK**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II (as defined above); or (ii) a customer within the meaning of Directive (EU) 2016/97 (the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the "**PRIIPs Regulation**") for offering or selling the notes or otherwise making them available to retail investors in the EEA or in the UK has been prepared and therefore offering or selling the notes or otherwise making them available to any retail investor in the EEA or in the UK may be unlawful under the PRIIPs Regulation. This Prospectus has been approved as a prospectus by the Central Bank of Ireland (the "**CBI**") as competent authority under Regulation (EU) 2017/1129 (the Prospectus Regulation). The CBI only approves the Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Approval by the CBI should not be considered as an endorsement of the Issuer or of the quality of the Notes. Investors should make their own assessment as to the suitability of investing in the Notes.

Solely for the purposes of each manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in MiFID II; and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the manufacturers' target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturers' target market assessment) and determining appropriate distribution channels.

The Issuer accepts responsibility for the information contained in this Prospectus. To the best of its knowledge (having taken all reasonable care to ensure that such is the case), the information contained in this Prospectus is in accordance with the facts and does not omit anything likely to affect the import of such information. - (b) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes or Residual Certificates and the impact the Notes or Residual Certificates will have on its overall investment portfolio;
- (c) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes or Residual Certificates, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the prospective investor's currency;
- (d) understand thoroughly the terms of the Notes or Residual Certificates and be familiar with the behaviour of any relevant indices and financial markets; and
- (e) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

The Notes and the Residual Certificates are complex financial instruments. A prospective investor should not invest in the Notes or Residual Certificates unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes or Residual Certificates will perform under changing conditions, the resulting effects on the value of the Notes or Residual Certificates and the impact this investment will have on the prospective investor's overall investment portfolio.

Forward-Looking Statements

Certain matters contained herein are forward-looking statements. Such statements appear in a number of places in this Prospectus, including with respect to assumptions on prepayment and certain other characteristics of the Mortgage Loans, and reflect significant assumptions and subjective judgements by the Issuer that may not prove to be correct. Such statements may be identified by reference to a future period or periods and the use of forward-looking terminology such as "may", "will", "could", "believes", "expects", "anticipates", "continues", "intends", "plans" or similar terms. Forward-looking statements are necessarily speculative in nature, and it can be expected that some or all of the assumptions underlying the forward-looking statements will not materialise or will vary significantly from actual results. Accordingly, the forward-looking statements are only an estimate. Actual results may vary from the forward-looking statements, and the variations may be material. Consequently, future results may differ from the Issuer's expectations due to a variety of factors, including (but not limited to) the economic environment and regulatory changes in the residential mortgage industry in the United Kingdom. Some important factors that could cause actual results to differ materially from those in any forward-looking statements include changes in interest rates, prospective losses experienced, market, financial or legal uncertainties and mismatches between the timing of accrual and receipt of interest and principal from the Mortgage Loans. Moreover, past financial performance should not be considered a reliable indicator of future performance and prospective purchasers of the Notes are cautioned that any such statements are not guarantees of performance and involve risks and uncertainties, many of which are beyond the control of the Issuer. None of the Note Trustee, the Security Trustee, the Co-Arrangers or the Joint Lead Managers has attempted to verify any such statements, nor does it make any representations, express or implied, with respect thereto. Prospective purchasers should therefore not place undue reliance on any of these forward-looking statements. None of the Issuer, the Note Trustee, the Security Trustee, the Co-Arrangers or the Joint Lead Managers assumes any obligation to update these forward-looking statements or to update the reasons for which actual results could differ materially from those anticipated in the forward-looking statements.

RISK FACTORS

The following is a description of the principal risks associated with an investment in the Notes. These risk factors are material to an investment in the Notes and in the Issuer. Most of these factors are contingencies which may or may not occur. Prospective Noteholders should carefully read and consider all the information contained in this Prospectus, including the risk factors set out in this section, prior to making any investment decision.

An investment in the Notes is only suitable for investors experienced in financial matters who are in a position to fully assess the risks relating to such an investment and who have sufficient financial means to suffer any potential loss stemming therefrom.

The Issuer believes that the material risks inherent in investing in the Notes are described below, but the Issuer may be unable to pay interest, principal or other amounts on or in connection with the Notes for other reasons, and the Issuer does not represent that the statements below regarding the risks of holding the Notes are exhaustive. Additional risks or uncertainties not presently known to the Issuer or that the Issuer currently considers immaterial may also have an adverse effect on the Issuer's ability to pay interest, principal or other amounts in respect of the Notes. Prospective investors should also read the detailed information set out elsewhere in this Prospectus and reach their own views prior to making any investment decision.

The purchase of the Notes involves substantial risks and is suitable only for sophisticated investors who have the knowledge and experience in financial and business matters necessary to enable them to evaluate the risks and the merits of an investment in the Notes. Before making an investment decision, prospective purchasers of the Notes should (i) ensure that they understand the nature of the Notes and the extent of their exposure to risk, (ii) consider carefully, in the light of their own financial circumstances and investment objectives (and those of any accounts for which they are acting) and in consultation with such legal, financial, regulatory and tax advisers as it deems appropriate, all the information set out in this Prospectus so as to arrive at their own independent evaluation of the investment and (iii) confirm that an investment in the Notes is fully consistent with their respective financial needs, objectives and any applicable investment restrictions and is suitable for them. The Notes are not a conventional investment and carry various unique investment risks, which prospective investors should understand clearly before investing in them. In particular, an investment in the Notes involves the risk of a partial or total loss of investment.

1. RISKS RELATED TO THE AVAILABILITY OF FUNDS TO PAY THE NOTES

The Issuer has a limited set of resources available to make payments on the Notes

The ability of the Issuer to meet its obligations under the Notes will be dependent upon the receipt by it in full of (a) principal and interest from the Borrowers under the Mortgage Loans and their Collateral Security in the Portfolio, (b) interest income on the Bank Accounts (other than amounts representing interest earned on any Swap Collateral) and any Authorised Investments (other than any amount of income received in respect of the Swap Collateral), (c) funds available in the General Reserve Fund and Class A Liquidity Reserve Fund (subject to application in accordance with the relevant Priority of Payments and please see the sections entitled "*Credit Structure – General Reserve Fund and General Reserve Fund Ledger*" and "*Credit Structure – Class A Liquidity Reserve Fund and Class A Liquidity Reserve Fund Ledger*") and (d) the net receipts under the Swap Agreement. Other than the foregoing, the Issuer is not expected to have any other funds available to it to meet its obligations under the Notes and/or any other payment obligation ranking in priority to, or *pari passu* with, the Notes under the applicable Priority of Payments. As of the Optional Redemption Date, the margin applicable to the Rated Notes will be increased. There will, however, be no additional receipts or other sources of funds available to the Issuer as of the Optional Redemption Date, nor is it expected that any of the sources of income available to the Issuer prior to the Optional Redemption Date will be increased. If such funds are insufficient, any such insufficiency will be borne by the Noteholders and the other Secured Creditors, subject to the applicable Priority of Payments.

The Notes will be limited recourse obligations of the Issuer

The Notes and the Residual Certificates will be limited recourse obligations of the Issuer. Other than the source of funds referred to in the foregoing paragraph, the Issuer is not expected to have any other funds available to it to meet its obligations under the Notes and the Certificates. Upon enforcement of the Security by the Security Trustee, if:

- (a) there are no Charged Assets remaining which are capable of being realised or otherwise converted into cash;
- (b) all amounts available from the Charged Assets have been applied to meet or provide for the relevant obligations specified in, and in accordance with, the provisions of the Deed of Charge; and
- (c) there are insufficient amounts available from the Charged Assets to pay in full, in accordance with the provisions of the Deed of Charge, amounts outstanding under the Notes (including payments of principal and interest),

then the Secured Creditors (which include the Noteholders) shall have no further claim against the Issuer in respect of any amounts owing to them which remain unpaid (including, for the avoidance of doubt, payments of principal and interest in respect of the Notes). As such, amounts available to the Issuer in such circumstances may be insufficient to pay Noteholders in full and any unpaid amounts shall be deemed to be discharged in full and any relevant payment rights shall be deemed to cease.

Each Secured Creditor agrees that if any amount is received by it (including by way of set-off) in respect of any secured obligation owed to it other than in accordance with the provisions of the Deed of Charge, then an amount equal to the difference between the amount so received by it and the amount that it would have received had it been paid in accordance with the provisions of the Deed of Charge shall be received and held by it as trustee for the Security Trustee and shall be paid over to the Security Trustee immediately upon receipt so that such amount can be applied in accordance with the provisions of the Deed of Charge.

The timing and amount of payments on the loans could be affected by various factors which may adversely affect payments on the Notes

Borrowers may default on their obligations under the Mortgage Loans in the Portfolio. Defaults may occur for a variety of reasons. The Mortgage Loans are affected by credit, liquidity and interest rate risks. Various factors influence mortgage delinquency rates, prepayment rates, repossession frequency and the ultimate payment of interest and principal, such as changes in the national or international economic climate, regional economic or housing conditions, changes in tax laws, interest rates, inflation, the availability of financing, yields on alternative investments, political developments and government policies. To the extent the Sellers' customers have outstanding indebtedness at variable rates, their interest payments on such debts could go up and impact their ability to meet their obligations under their loans. Other factors in Borrowers' individual, personal or financial circumstances may affect the ability of Borrowers to repay the Mortgage Loans. Unemployment, loss of earnings, illness (including any illness arising in connection with an epidemic or a pandemic), divorce and other similar factors may lead to an increase in delinquencies by, and bankruptcies of, Borrowers and could ultimately have an adverse impact on the ability of Borrowers to repay the Mortgage Loans. In certain exceptional circumstances (including as a result of illness, a loss of earnings or unemployment arising in connection with an epidemic or a pandemic) following or in anticipation of payment shortfalls on the Mortgage Loan of a relevant Borrower, the relevant Borrower may be offered some degree of forbearance arrangement on the Mortgage Loan for a period of time (including, without limitation, a payment holiday or a payment break) in accordance with the relevant Seller's forbearance policy, industry guidance and where appropriate the FCA's rules and guidance. As a result of any such arrangement, the overall receipts on the Mortgage Loans could be adversely affected which could in turn lead to an adverse effect on the timing of payments on the Notes and/or a reduction in the amounts paid on the Notes.

Investors should note in particular in this regard, the FCA COVID-19 Guidance described in the section entitled *‘Mortgages and coronavirus: FCA guidance for firms’* below and the payment holiday and repossession forbearance measures outlined therein.

In addition, the ability of a Borrower to sell a property given as security for a Mortgage Loan at a price sufficient to repay the amounts outstanding under that Mortgage Loan will depend upon a number of factors, including the availability of buyers for that property, the value of that property, property values in general at the time and in certain exceptional circumstances (including as a result of government restriction or guidance arising in connection with an epidemic or a pandemic) the practical ability to complete a sale.

The Issuer is also subject to the risk of failure by a Servicer, on behalf of the Issuer, to realise or recover sufficient funds under the arrears and default procedures in respect of a relevant Mortgage Loan and Collateral Security in order to discharge all amounts due and owing by the relevant Borrower under such Mortgage Loan.

In order to enforce a power of sale in respect of a mortgaged property, the relevant mortgagee or (in Scotland) heritable creditor must first obtain possession of the relevant property. Possession is usually obtained by way of a court order or decree. This can be a lengthy and costly process and will involve the mortgagee or heritable creditor (as applicable) assuming certain risks. In addition, once possession has been obtained, a reasonable period must be allowed for marketing the property, to discharge obligations and to take reasonable care to obtain a proper and fair price. If obtaining possession of properties and arranging a sale in such circumstances is lengthy or costly, the Issuer's ability to make payments on the Notes may be reduced. The Issuer's ability to make such payments may be reduced further if the powers of a mortgagee or heritable creditor (as applicable) in relation to obtaining possession of properties permitted by law, are restricted in the future.

Investors should note that pursuant to the FCA COVID-19 Guidance (as described in the section entitled *‘Mortgages and coronavirus: FCA guidance for firms’* below) mortgage lenders/administrators should not commence or continue repossession proceedings against customers before 31 October 2020, irrespective of the stage that repossession proceedings have reached and to any step taken in pursuit of repossession.

In addition, the Issuer is subject to the risk of insufficiency of funds on any Interest Payment Date as a result of payments being made late by Borrowers (where, for example, such funds relate to a preceding Collection Period but are received after the relevant Servicer has calculated the Collections relating to such Collection Period).

The above risks could adversely affect the Issuer's ability to make payments on the Notes but is mitigated to some extent by certain liquidity and credit enhancement features of the transaction, including those described in the section entitled *"Credit Structure"*. However, no assurance can be made as to the effectiveness or sufficiency of such liquidity and credit enhancement features, or that such features will protect the Noteholders from any or all risk of loss.

Yield to maturity and the Issuer's ability to redeem the Notes on their scheduled redemption dates or their final maturity dates may be affected by the rate of prepayment on the loans

The yield to maturity of the Notes will depend on, inter alia, the amount and timing of payment of principal and interest on the Mortgage Loans and the price paid by the holders of the Notes. Prepayments on the Mortgage Loans may result from refinancing, sales of Properties by Borrowers voluntarily or as a result of enforcement proceedings under the relevant Mortgages, as well as the receipt of proceeds under the insurance policies.

The yield to maturity of the Notes may be adversely affected by, amongst other things, a higher or lower than anticipated rate of prepayments on the Mortgage Loans. The rate of prepayment of Mortgage Loans is influenced by a wide variety of economic, social and other factors, including prevailing mortgage market

interest rates, the availability of alternative financing programmes, local and regional economic conditions and homeowner mobility. Generally, when market interest rates increase, borrowers are less likely to prepay their mortgage loans, while conversely, when market interest rates decrease, borrowers are generally more likely to prepay their mortgage loans. For instance, borrowers may prepay mortgage loans when they refinance their mortgage loans or sell their properties (either voluntarily or as a result of enforcement action taken). Subject to the terms and conditions of the Mortgage Loans, a Borrower may also "overpay" principal at any time. In addition, if the Sellers are required, per the terms of the Mortgage Sale Agreement, to repurchase a Mortgage Loan or Mortgage Loans under a Mortgage Account and their Collateral Security from the Issuer because, for example, one of the Mortgage Loans does not comply in all material respects with the Loan Warranties and the relevant Seller does not opt to sell a Substitute Mortgage Loan to the Issuer in lieu of repurchasing such Mortgage Loan, then the payment received by the Issuer for such repurchase will have the same effect as a prepayment of a Mortgage Loan or all the Mortgage Loans under that Mortgage Account as appropriate. Further, if the conditions for the purchase of Further Mortgage Advances by the Issuer are not met, then the relevant Seller will be required to repurchase such Mortgage Loans which may result in Principal Receipts in the form of repurchase proceeds payable by the relevant Seller instead being used prematurely to repay the Notes. Because these and other relevant factors are not within the control of the Issuer, no assurance can be given as to the level of prepayments that the Portfolio will experience. Accelerated pre-payments will generally lead to a reduction in the weighted average life of the Notes.

Payments and prepayments of principal on the Mortgage Loans will be applied to reduce the Principal Amount Outstanding of the Notes on a pass-through basis on each Interest Payment Date in accordance with the Pre-Enforcement Principal Priority of Payments (see "*Cashflows*") or used to fund a Senior Expenses Deficit.

At any time on or after the Optional Redemption Date, the Issuer may, subject to certain conditions, redeem all of the Notes. In addition, the Issuer may, subject to the Conditions, redeem all of the Notes if a change in tax law results in the Issuer (in the case of the Notes or the Swap Agreement) or the Swap Provider (in the case of the Swap Agreement) being required to make a deduction or withholding for or on account of tax. Pursuant to the Call Option, Together Personal Finance Limited (the "**Option Holder**") has the option, at any time after the Optional Purchase Commencement Date, to effect a third party sale of the Mortgage Loans in consideration for the Optional Purchase Price as detailed in the section "*Early Redemption of the Notes*". This may adversely affect the yield to maturity on the Notes.

Following the occurrence of an Event of Default, service of an Enforcement Notice and enforcement of the Security, there is no assurance that the Issuer will have sufficient funds to redeem the Notes in full.

2. RISKS RELATING TO THE UNDERLYING ASSETS

Decline in house prices may adversely affect the performance and market value of the Notes

The value of the Collateral Security in respect of the Mortgage Loans may be affected by, amongst other things, a decline in the residential property values in the United Kingdom. If the residential property market in the United Kingdom should experience an overall decline in property values, such a decline could in certain circumstances result in the value of the Collateral Security being significantly reduced and, in the event that the Collateral Security is required to be enforced, may result in an adverse effect on payments on the Notes.

The Issuer cannot guarantee that the value of a property will remain at the same level as on the date of origination of the related Mortgage Loan. Downturns in the United Kingdom economy generally have a negative effect on the housing market. The London property market has been particularly affected by recent macro-political uncertainty, including the United Kingdom's vote to leave the European Union pursuant to a referendum held in June 2016 and, as a result, transaction levels in the London property market are below historical averages and average prices have been stagnant or decreasing. Approximately 50.9% of the

Mortgage Loans in the Portfolio are secured against properties located in Greater London and the South East. In addition, any natural disasters, or widespread health crises (such as a pandemic or epidemic), governmental policies and actions or inactions in response to such crises or such potential crises (including but not limited to COVID-19) and/or the fear of such crises, whether in the United Kingdom or in any other jurisdictions, may lead to a deterioration of the economic conditions in the United Kingdom and also globally and may reduce the value of properties secured on Mortgage Loans in the Portfolio. A fall in property prices resulting from a deterioration in the housing market could result in losses being incurred by lenders where the net recovery proceeds are insufficient to redeem the outstanding mortgage loan. If the value of the Collateral Security backing the Mortgage Loans is reduced this may ultimately result in losses to Noteholders if the Collateral Security is required to be enforced and the resulting proceeds are insufficient to make payments on all Notes.

Borrowers may have insufficient equity to refinance their Mortgage Loans with lenders other than the Sellers and may have insufficient resources to pay amounts in respect of their Mortgage Loans as and when they fall due. This could lead to higher delinquency rates and losses which in turn may adversely affect payments on the Notes.

There is no guarantee that the Provisional Portfolio will be the Portfolio as at the Closing Date

The information in the section headed "*Characteristics of the Provisional Portfolio*" has been extracted from the systems of each of the Sellers as at 12 June 2020 (the "**Portfolio Reference Date**"), reflecting the Principal Balance of the Mortgage Loans on 10 June 2020 and comprises the Preliminary Portfolio less any mortgage loans that are no longer eligible or have been redeemed in full as at the Portfolio Reference Date (the "**Provisional Portfolio**").

As at the Portfolio Reference Date, the Provisional Portfolio comprised 4,143 Mortgage Loans with an aggregate Principal Balance of £372,339,059. Having removed any mortgage loans that are no longer eligible or have been redeemed in full as at the Closing Date, each Seller will then randomly select a pool from the Provisional Portfolio that will comprise the Portfolio to be sold to the Issuer on the Closing Date.

The characteristics of the Portfolio as at the Closing Date will vary from those set out in the tables in this Prospectus as a result of, amongst other things, repayments and redemptions of mortgage loans prior to the Closing Date. Neither the Sellers nor the Servicers have provided any assurance that there will be no material change in the characteristics of the Provisional Portfolio and the Portfolio, or the characteristics of the Provisional Portfolio between the Portfolio Reference Date and the Closing Date.

Geographic Concentration Risks

The Sellers operate solely in the United Kingdom and a deterioration in economic conditions resulting in increased unemployment rates, consumer and commercial bankruptcy filings, a decline in the strength of national or local economies, an epidemic or a pandemic and implications of a local or national lockdown, inflation and other results that negatively impact household incomes could have an adverse effect on the ability of Borrowers to make payments on their Mortgage Loans and result in losses on the Notes.

Mortgage Loans in the Portfolio may also be subject to geographic concentration risks within certain regions of Great Britain. To the extent that specific geographic regions in Great Britain have experienced, or may experience in the future, weaker regional economic conditions (due to local, national and/or global macroeconomic factors) and weaker housing markets than other regions in Great Britain, a concentration of the Mortgage Loans in such a region may exacerbate the risks relating to the Mortgage Loans described in this section. Certain geographic regions in Great Britain rely on different types of industries. Any downturn in a local economy or particular industry may adversely affect the regional employment levels and consequently the repayment ability of the Borrowers in that region or the region that relies most heavily on that industry. In addition, any natural disasters or widespread health crises or the fear of such crises (including, but not limited to, coronavirus/COVID-19, measles, SARS, Ebola, H1N1, Zika, avian influenza,

swine flu (or any strain of the foregoing), or other epidemic and/or pandemic diseases) in a particular region may weaken economic conditions and reduce the value of affected Properties and/or negatively impact the ability of affected Borrowers to make timely payments on the Mortgage Loans. In addition, governmental action or inaction in respect of, or responses to, any widespread health crises or such potential crises (such as those mentioned previously), whether in the United Kingdom or in any other jurisdiction, may lead to a deterioration of economic conditions both globally and also within the United Kingdom. This may result in a loss being incurred upon sale of the Property and/or otherwise affect receipts on the Mortgage Loans. For an overview of the geographical distribution of the Mortgage Loans as at the Portfolio Reference Date, see "*Characteristics of the Provisional Portfolio – Geographical distribution*". Given the unpredictable effect such factors may have on the local, national or global economy, no assurance can be given as to the impact of any of the matters described in this paragraph and, in particular, no assurance can be given that such matters would not adversely affect the ability of the Issuer to satisfy its obligations under the Notes.

The COVID-19 pandemic may have negative effects on the Portfolio; COVID-19 Payment Holidays

The world is currently experiencing an outbreak of a novel coronavirus (known as COVID-19) which is having severe health, as well as unpredictable economic, effects across the world. On 11 March 2020, the Chief Medical Officer of the UK Government announced that the current outbreak of COVID-19 has reached epidemic proportion in the United Kingdom and the World Health Organisation also declared the current global outbreak of COVID-19 as a "global pandemic".

Widespread health crises, or the fear of such crises developing at such time or in the future (such as COVID-19 or other epidemic infectious diseases) in a particular region or nationwide may weaken economic conditions and reduce the market value of affected properties in such regions, the ability to sell a property in a timely manner and/or negatively impact the ability of a Borrower to make timely payments on the Mortgage Loans. In addition, governmental action or inaction in respect of, or responses to, any widespread health crises, whether in the United Kingdom or in any other jurisdiction, may lead to a further deterioration of economic conditions both globally and also within the United Kingdom. This may have an adverse impact on the ability of Borrowers to make timely payment of interest and repayments of principal on their Mortgage Loans.

As a result of such factors, a mortgage lender may offer, or be required through government regulation to offer, a range of forbearance options (which in themselves may be temporary or permanent in nature and may include, without limitation, the suspension of monthly payments due under Mortgage Loans) to support Borrowers who are facing financial difficulty or may potentially face financial difficulties.

FCA guidance for firms on mortgages and coronavirus, published 20 March 2020 and updated 4 June 2020 and 16 June 2020 provides that UK mortgage lenders are required, where a Borrower is experiencing or may reasonably expect to experience payment difficulties as a result of circumstances relating to coronavirus, and wishes to receive a "payment holiday" (referred to in the updated FCA guidance from 4 June 2020 as a "payment deferral"), to grant a Borrower a full or partial payment deferral for up to 3 monthly payments, unless it can demonstrate it is obviously not in a Borrower's best interests. A request for a full or partial payment deferral for up to 3 monthly payments may be made by a Borrower at any time until 31 October 2020 when the current guidance expires. Where the FCA guidance has not expired and a customer (whether it is given an initial payment deferral under the original 20 March 2020 guidance or the updated June 2020 guidance) indicates they cannot immediately resume full payments at the end of that initial payment deferral, mortgage lenders are required to offer them a further full or partial payment deferral (where the mortgage lender permits the customer to make reduced payments of any amount) for up to (a further) 3 monthly payments, based on what the customer considers they can then afford to repay provided that such initial payment holiday expires, and the request for an extension is made prior to 31 October 2020 and further provided that no such payment holiday or extension to any initial payment holiday granted pursuant to the FCA guidance extends beyond 31 January 2021.

Any such payment holiday requested by a Borrower from the relevant Seller or the relevant Servicer (on behalf of the Seller) as a result of the direct or indirect impact of the COVID-19 pandemic is referred to as a “**COVID-19 Payment Holiday**”. Investors should note in this regard, the FCA COVID-19 Guidance described in the section entitled "*Mortgages and coronavirus: FCA guidance for firms*" and the payment holiday measures outlined therein.

A “**COVID-19 Payment Holiday Mortgage Loan**” is any Mortgage Loan which is subject to a COVID-19 Payment Holiday following a successful application by the Borrower. COVID-19 Payment Holiday Mortgage Loans will not be classified as being “in arrears” unless arrears have accumulated outside of the COVID-19 Payment Holiday. Whether or not a COVID-19 Payment Holiday will be granted is subject to the prevailing policies and procedures of the relevant Seller or relevant Servicer which may be amended from time to time. Further, the FCA in the FCA COVID-19 Guidance requires the Sellers and the Servicers to act in a manner consistent with the FCA COVID-19 Guidance. The FCA makes it clear in the FCA COVID-19 Guidance that it expects lenders of both owner-occupied and buy to let mortgage loans to act in a manner consistent with the guidance. In accordance with the FCA COVID-19 Guidance, any COVID-19 Payment Holiday Mortgage Loan will not, as a result of the COVID-19 Payment Holiday, be considered in arrears (or further in arrears) or be subject to a debt restructuring process. See further section entitled "*Mortgages and coronavirus: FCA guidance for firms*".

Due to the impact on timing and quantum of payments in respect of COVID-19 Payment Holiday Mortgage Loans, increased levels of such loans may result in a reduction of funds available to the Issuer to meet its obligations under the Notes. As at the Portfolio Reference Date, approximately 23.9 per cent. of the Provisional Portfolio by aggregate Principal Balance are COVID-19 Payment Holiday Mortgage Loans, however the total number of Borrowers who may seek to avail themselves of a mortgage payment holiday in the future, and therefore the impact of the measures set out in the FCA COVID-19 Guidance on the performance of the Mortgage Loans in the Portfolio, is not known as at the date of this Prospectus. If the timing of the payments, as well as the quantum of such payments, in respect of the Mortgage Loans is adversely affected, then payments on the Notes could be reduced and/or delayed and could ultimately result in losses on the Notes.

Searches, Investigations and Warranties in Relation to the Mortgage Loans

The Sellers will give certain warranties to each of the Issuer and the Security Trustee regarding the Mortgage Loans and their Collateral Security sold to the Issuer on the Closing Date (see "*Summary of the Key Transaction Documents – Mortgage Sale Agreement*" for a summary of these).

Neither the Note Trustee, the Security Trustee, the Co-Arrangers, the Joint Lead Managers nor the Issuer has undertaken, or will undertake, any investigations, searches or other actions of any nature whatsoever in respect of any Mortgage Loan or its Collateral Security in the Portfolio and each relies instead on the warranties given in the Mortgage Sale Agreement by the Sellers. The primary remedy of the Issuer against the Sellers if any of the warranties made by the Sellers is materially breached or proves to be materially untrue as at the Closing Date or, as the case may be, as at the Advance Date, Switch Date or Substitution Date and is not capable of being remedied or is not remedied by the relevant Seller within 45 calendar days of receipt by the relevant Seller of a notice from the Issuer that such conditions are not satisfied in accordance with the Mortgage Sale Agreement, is that the relevant Seller shall be required to repurchase the relevant Mortgage Loan and its Collateral Security in accordance with the repurchase provisions in the Mortgage Sale Agreement. However, there can be no assurance that the relevant Seller will have the financial resources to honour such obligations under the Mortgage Sale Agreement. Furthermore, although the Sellers and the Servicers have undertaken, pursuant to the Mortgage Sale Agreement and Servicing Deed, to notify the Issuer (and, if applicable, the Servicers) upon becoming aware of a material breach of any Loan Warranty, there shall be no obligation on the part of the Sellers or the Servicers to monitor compliance of the Mortgage Loans with the Loan Warranties following the Closing Date. This may affect the quality of the Mortgage Loans and their Collateral Security in the Portfolio and accordingly the ability of the Issuer to make payments due on the Notes.

Each Seller to initially retain legal title to the Mortgage Loans and risks relating to set-off

The sale by the Sellers to the Issuer of the English Mortgage Loans and their Collateral Security (until legal title is conveyed) takes effect in equity only.

The sale by the Sellers to the Issuer of the Scottish Mortgage Loans and their Collateral Security is given effect to by a Scots law governed declaration of trust by the Sellers for the benefit of the Issuer (the "**Scottish Declaration of Trust**"). The holding of a beneficial interest under a Scottish trust has (broadly) equivalent legal consequences in Scotland to the holding of an equitable interest in England and Wales. In each case, this means that legal title to the Mortgage Loans and their Collateral Security in the Portfolio will remain with the Sellers until certain trigger events occur under the terms of the Mortgage Sale Agreement (see "*Summary of the Key Transaction Documents – Mortgage Sale Agreement*"). Until such time, the assignment by the Sellers to the Issuer of the English Mortgage Loans and their Collateral Security takes effect in equity only and the Scottish Mortgage Loans in the Portfolio and their Collateral Security are accordingly held on trust for the Issuer. The Issuer has not and will not apply to the Land Registry to register or record its equitable interest in the English Mortgages and will not apply to the General Register of Sasines or Land Register of Scotland (as appropriate) (together the "**Registers of Scotland**") to register or record its beneficial interest in the Scottish Mortgages pursuant to a Scottish Declaration of Trust.

As a consequence of the Issuer not obtaining legal title to the Mortgage Loans and their Collateral Security or the Properties secured thereby, a *bona fide* purchaser from the relevant Seller for value of any of such Mortgage Loans and their Collateral Security without notice of any of the interests of the Issuer might obtain a good title free of any such interest. If this occurred, then the Issuer would not have good title to the affected Mortgage Loan and its Collateral Security, and it would not be entitled to payments by a Borrower in respect of that Mortgage Loan. However, the risk of third party claims obtaining priority to the interests of the Issuer in this way would be likely to be limited to circumstances arising from a breach by the Sellers of their contractual obligations or fraud, negligence or mistake on the part of the Sellers or the Issuer or their respective personnel or agents.

Further, prior to the insolvency of the Sellers, unless (i) notice of the assignment was given to a Borrower who is a debtor of the relevant Seller in respect of an English Mortgage Loan and its Collateral Security, and (ii) an assignation of a Scottish Mortgage Loan and its Collateral Security is effected by the relevant Seller to the Issuer and notice thereof is then given to the relevant Borrower who is a debtor of the relevant Seller in respect of the Scottish Mortgage Loan and its Collateral Security, equitable or independent set-off rights may accrue in favour of the Borrower against his or her obligation to make payments to the relevant Seller under the relevant Mortgage Loan. These rights may result in the Issuer receiving reduced payments on the Mortgage Loans. The transfer of the benefit of any Mortgage Loans to the Issuer will continue to be subject to any prior rights the Borrower may become entitled to after the transfer. Where notice of the assignment or assignation is given to the Borrower, however, some rights of set-off (being those rights that are not connected with or related to the relevant Mortgage Loan) may not arise after the date notice is given. For the purposes of this Prospectus, references herein to "**set off**" shall be construed to include analogous rights in Scotland.

Until notice of the assignment or assignation is given to Borrowers, the Issuer would not be able to enforce any Borrower's obligations under a Mortgage Loan or Collateral Security itself but would have to join the relevant Seller as a party to any legal proceedings. Borrowers will also have the right to redeem their Mortgages by repaying the relevant Mortgage Loan directly to the relevant Seller. However, the Sellers will undertake, pursuant to the Mortgage Sale Agreement, to hold any money repaid to it in respect of relevant Mortgage Loans to the order of the Issuer.

If any of the risks described above were to occur then the realisable value of the Portfolio or any part thereof may be affected.

Once notice has been given to the Borrowers of the assignment or assignation of the Mortgage Loans and their Collateral Security to the Issuer, independent set-off rights which a Borrower has against the relevant Seller (such as set-off rights not associated with or connected to the relevant Mortgage Loan) will crystallise and further rights of independent set-off would cease to accrue from that date and no new rights of independent set-off could be asserted following that notice. Set-off rights arising under "transaction set-off" (which are set-off claims arising out of a transaction connected with the Mortgage Loan) will not be affected by that notice and will continue to exist.

For so long as the Issuer does not have legal title, the Sellers will undertake for the benefit of the Issuer that they will lend their name to, and take such other steps as may reasonably be required by the Issuer in relation to, any legal proceedings in respect of the relevant Mortgage Loans and their Collateral Security.

Further Mortgage Advances and Product Switches

A Borrower may request or, for so long as the relevant Mortgage Loan is serviced by a member of the Together Group, the relevant Servicer may offer a Borrower a Product Switch or Further Mortgage Advance from time to time. Any Mortgage Loan which has been the subject of a Further Mortgage Advance or a Product Switch following an application by the Borrower will remain in the Portfolio provided that certain conditions are satisfied (see further "*Summary of the Key Transaction Documents – Mortgage Sale Agreement – Further Mortgage Advances, Product Switches and Substitute Mortgage Loans*"). If the Issuer subsequently determines that any Product Switch or Further Mortgage Advance does not satisfy any Loan Warranty in all material respects or any of the Asset Conditions had been breached as at such Advance Date or Switch Date (where applicable), and such default is not capable of being remedied or is not remedied by the relevant Seller within 45 calendar days of receipt by the relevant Seller of a notice from the Issuer that such conditions are not satisfied in accordance with the Mortgage Sale Agreement, the relevant Seller will be required to repurchase or provide a Substitute Mortgage Loan for the relevant Mortgage Loan and its Collateral Security. See further "*Summary of the Key Transaction Documents – Mortgage Sale Agreement – Repurchase by each Seller*".

Where the relevant Seller is required to repurchase a Mortgage Loan because the Loan Warranties are not true, there can be no assurance that the relevant Seller will have the financial resources to honour its repurchase obligations under the Mortgage Sale Agreement. Either of these circumstances may affect the quality of the Mortgage Loans and their Collateral Security in the Portfolio and accordingly the ability of the Issuer to make payments on the Notes.

The number and amount of Further Mortgage Advances requests received by the relevant Servicer (and the use of Principal Receipts by the Issuer to purchase such Further Mortgage Advances from the relevant Seller) will affect the timing of Principal Receipts received by the Issuer and hence payments of principal and (in the event of a shortfall in Available Revenue Receipts) will reduce the amount of Principal Receipts available to cover interest payments due on the Notes.

If this were to occur, then this could adversely affect the Issuer's ability to make payments due on the Notes or to redeem the Notes.

Non-Conforming Borrowers

13.0 per cent. of the Provisional Portfolio by aggregate Principal Balance comprises Mortgage Loans made to Borrowers who have a county court judgment (or a Sheriff Court decree, being the Scottish equivalent of a county court judgment) entered or made against them within six years prior to origination of the relevant Mortgage Loan. 56.6 per cent. of the Provisional Portfolio by aggregate Principal Balance comprises Mortgage Loans made to Borrowers who are self-employed. For the purposes of this risk factor, "**Non-Conforming Borrowers**" means Borrowers who have a county court judgment (or a Sheriff Court decree, being the Scottish equivalent of a county court judgment) entered or made against them within six years prior to origination of the relevant Mortgage Loan and/or Borrowers who are self-employed. See further the

section entitled "*Characteristics of the Provisional Portfolio*". Mortgage Loans made to Non-Conforming Borrowers may experience higher rates of delinquency, write-offs and enforcement than have historically been experienced by mortgage loans made to prime borrowers and therefore carry a higher degree of risk.

The Issuer has been informed by the Sellers that the Mortgage Loans have been underwritten in accordance with the underwriting standards described in the section entitled "*The Mortgage Loans*" subject to any variations as may be acceptable to a Prudent Mortgage Lender. Those underwriting standards consider, among other things, a borrower's credit history, employment history and status, repayment ability including affordability assessments and debt service-to-income ratio as appropriate, as well as the value of the property. Those underwriting standards are used with a view, in part, to mitigating the risks in lending to Non-Conforming Borrowers. In addition, the Sellers have represented and warranted in the Mortgage Sale Agreement that prior to the granting of each Mortgage Loan, the Lending Criteria and all other conditions precedent to making the Mortgage Loan were satisfied in all material respects (subject to such exceptions as would be acceptable to a Prudent Mortgage Lender). For more information relating to the Lending Criteria, please see the section set out in this Prospectus headed "*The Mortgage Loans – Lending Criteria*".

Non-Conforming Borrowers are generally considered more vulnerable to an economic downturn and may also be more prone to insolvency and less likely than prime borrowers to make payments on a timely basis or in full under the relevant Mortgage Loans. Any failure by the Borrowers (whether as a result of their status as Non-Conforming Borrowers or otherwise) to make payments under their relevant Mortgage Loans could have an adverse effect on the ability of the Issuer to make payments of interest and/or principal in respect of the Notes.

Interest-only Mortgage Loans

47.9 per cent. of the Provisional Portfolio by aggregate Principal Balance comprises Mortgage Loans that are Repayment Mortgage Loans and 52.1 per cent. of the Provisional Portfolio by aggregate Principal Balance comprises Mortgage Loans that are Interest-only Mortgage Loans (see "*The Mortgage Loans – Characteristics of the Mortgage Loans – Repayment Terms*"). With Interest-only Mortgage Loans, where the Borrower is only required to pay interest during the term of such Interest-only Mortgage Loan with the capital being repaid in a lump sum at the end of the term, it is generally recommended that borrowers ensure that some repayment mechanism such as an investment policy is put in place to ensure that funds will be available to repay the capital at the end of the term. The Sellers do not have, and the Issuer shall not have the benefit of, any investment policies taken out by Borrowers.

The ability of such Borrower to repay an Interest-only Mortgage Loan at maturity will often depend on such Borrower's ability to refinance or sell the Property or to obtain funds from another source such as pension policies, personal equity plans ("**PEPs**"), new individual savings accounts ("**NISAs**") or endowment policies.

Borrowers of Interest-only Mortgage Loans may not make payment of the premiums due on any relevant investment or life policy taken out in relation to repayment of the relevant Interest-only Mortgages Loans in full or on time, which policies may therefore lapse, and/or no further benefits may accrue thereunder. In certain cases, the policy may be surrendered but not necessarily in return for a cash payment and any cash received by the Borrower may not be applied in paying amounts due under the Interest-only Mortgage Loan. The value of such investments at any point in time may also be subject to the performance of the underlying assets and may fluctuate based on market conditions. Thus the ability of such a Borrower to repay an Interest-only Mortgage Loan at maturity without resorting to the sale of the underlying property depends on such Borrower's responsibility in ensuring that sufficient funds are available from a given source such as pension policies, PEPs, NISAs or endowment policies, as well as the financial condition of the Borrower, tax laws and general economic conditions at the time. If a Borrower cannot repay an Interest-only Mortgage Loan either through the proceeds of an investment policy or from the sale of the property and a loss occurs, this may affect repayments on the Notes if the resulting Principal Deficiency Ledger entry cannot be cured from Available Revenue Receipts being first applied for such purpose and thereafter from amounts standing

to the credit of the General Reserve Fund being applied in respect of the Rated Notes (other than the Class X Notes), in each case in accordance with the Pre-Enforcement Revenue Priority of Payments.

Should a Borrower elect, subject to the consent of the relevant Seller and the relevant Servicer, to amend the terms of its Mortgage Loan from an Interest-only Mortgage Loan to a Repayment Mortgage Loan, the relevant Mortgage Loan would remain with the Issuer as part of the Portfolio, resulting in the Issuer and Noteholders receiving redemption payments on the relevant Mortgage Loan and the relevant Notes respectively, earlier than would otherwise be the case. See further "*Risk Factors – Risks related to the availability of funds to pay the notes – The timing and amount of payments on the loans could be affected by various factors which may adversely affect payments on the Notes*" above.

Refinancing capacity of Borrowers

The only security that exists in relation to a Mortgage Loan in the Portfolio will be the Mortgage in respect of the Property. The ability of a Borrower to refinance the Property will be affected by a number of factors, including the value of the Property, the Borrower's equity in the Property, the Borrower's age and employment status, the financial condition and payment history of the Borrower, tax laws and prevailing general economic conditions. In recent times and in response to increases in regulation, mortgage lenders have maintained stricter conditions to the advancing of mortgage loans which are secured by mortgages or (in Scotland) standard securities. In addition, in periods of economic downturns mortgage lenders usually apply further more restrictive conditions to advancing mortgage loans. The inability of the Borrowers to refinance their respective Properties may ultimately result in a reduction of amounts available to the Issuer and adversely affect its ability to make payments under the Notes.

Buy-To-Let Mortgage Loans

47.2 per cent. of the Provisional Portfolio by aggregate Principal Balance comprises Mortgage Loans that are residential mortgage loans taken out by a Borrower in relation to the purchase or re-mortgage of a Property for letting purposes ("**Buy-To-Let Mortgage Loans**"), in relation to which the Borrower's ability to service such Buy-To-Let Mortgage Loans is likely to depend on the Borrower's ability to lease the relevant Properties on appropriate terms. There can be no assurance that each such Property will be the subject of an existing tenancy when the relevant Buy-To-Let Mortgage Loan is acquired by the Issuer or that any tenancy which is granted will subsist throughout the life of the relevant Buy-To-Let Mortgage Loan and/or that the rental income from such tenancy will be sufficient (whether or not there is any default of payment in rent) to provide the Borrower with sufficient income to meet the Borrower's interest obligations or capital repayments in respect of the relevant Buy-To-Let Mortgage Loan. Upon enforcement of a Mortgage in respect of a Property which is the subject of an existing tenancy, the relevant Servicer may not be able to obtain vacant possession of the Property, in which case the relevant Servicer will only be able to sell the Property as an investment property with one or more sitting tenants. This may affect the amount which the relevant Servicer could realise upon enforcement of the Mortgage and the sale of the Property.

In addition, the Coronavirus Act 2020 (in relation to properties in England and Wales) and the Coronavirus (Scotland) Act 2020 (in relation to properties in Scotland) have respectively put measures in place for the relevant period from 26 March 2020 (in England and Wales) and from 7 April 2020 (in Scotland) until 30 September 2020 that state where landlords do need to issue notices seeking possession, the notice period must be for three months in England and Wales and (except in limited cases) for either 3 months or 6 months in Scotland. Further, from 27 March 2020 in England and Wales, any possession claims in the system or about to go into the system will be affected by a 90 day suspension of possession hearings and orders, such suspension of possession hearings and orders was, on 25 June 2020, extended until 23 August 2020. In Scotland, from 7 April 2020 any repossession cases will be considered by the relevant courts on a discretionary basis. Delays to landlords seeking possession of the Property may result in less rental income being available to meet the Borrower's repayment obligations in respect of the Buy-To-Let Mortgage Loans. In such situations, amounts received in rent or in respect of any such sale of the property may not be sufficient to cover all amounts due in respect of the Mortgage Loan. However, enforcement procedures in

relation to such Mortgages (excluding any Scottish Mortgages) include appointing a receiver of rent, in which case such a receiver must collect any rents payable in respect of the Property and apply them accordingly in payment of any interest and arrears accruing under the relevant Buy-To-Let Mortgage Loan. Under Scots law, a receiver cannot be appointed under a standard security (the Scottish equivalent to a legal mortgage) and the only enforcement which may be carried out under a standard security is a full enforcement of the security (i.e. it cannot be enforced selectively by, for instance, attaching to rental income). Accordingly, in Scotland, any attempt to secure the rental flows will depend upon the enforcement of the standard security.

Since April 2017 the UK Government has been implementing a phased restriction on the amount of income tax relief that individual landlords can claim for residential property finance costs (such as mortgage interest). For the tax year between 6 April 2019 and 5 April 2020 relief for finance costs is only available against 25% of rental income with the remaining 75% of income benefiting from a tax credit at the basic rate of income tax (20%). With effect from 6 April 2020 there will be no deduction available for finance costs from rental income and instead all rental income will only be eligible for a tax credit at the basic rate of income tax (20%).

A higher rate of stamp duty land tax ("**SDLT**") (and Welsh land transactions tax ("**WLTT**")) applies to the purchase of additional residential properties (such as buy-to-let properties). The current additional rate is three per cent above the current SDLT and WLTT rates. The Scottish Government also implements a similar additional dwelling supplement tax in respect of land and buildings transaction tax ("**LBTT**") (broadly speaking, the equivalent in Scotland to SDLT). The current additional rate in Scotland is four per cent above the current LBTT.

The introduction of these measures may adversely affect the private residential rental market in England, Wales and Scotland in general, or (in the case of the restriction of income tax relief) the ability of individual Borrowers of Buy-to-Let Mortgage Loans to meet their obligations under those Mortgage Loans.

Second Mortgage Loans

28.3 per cent. of the Provisional Portfolio by aggregate Principal Balance comprises Mortgage Loans that are secured by second-ranking legal mortgages (or, in Scotland, second-ranking standard securities).

The prior existing mortgage or standard security may secure all monies owed to the beneficiary of the first ranking mortgage or standard security including in some instances and only where pre-registered, further advances.

When originating a Second Mortgage Loan, the Sellers take into account amounts outstanding under any prior ranking mortgage or standard security (including the ability to include any further advances) and lending assessments are made at that time, including a combined loan to value assessment of the amounts outstanding under the prior ranking mortgage or standard security (including any potential for further advances) and monies to be advanced under the Second Mortgage Loan along with an affordability assessment including the payments to be made against the prior ranking mortgage. The Sellers also take into account the ability of the prior ranking lender to make further advances (in the Sellers' experience borrowers will not seek a loan from the Sellers if the prior ranking lender is willing to make a further advance on terms satisfactory to the borrower) and other terms of the prior ranking mortgage or standard security. The Sellers further take account of the requirement for consent under any restrictions protecting that prior ranking mortgage at the Land Registry.

Any proceeds from the enforcement of a Mortgage over the relevant Property securing a Second Mortgage Loan will (in all cases) be applied first in satisfying any prior existing mortgages or standard securities; only once these have been paid in full will proceeds be applied in discharging the Mortgage. If there are insufficient proceeds, following the satisfaction of prior existing mortgages or standard securities, this may reduce the funds available to the Issuer to meet its obligations under the Notes.

Accuracy of property valuations

Property valuations are conducted for all Mortgage Loans in the Portfolio as part of the underwriting process. Property valuations are only an estimate of the value of a property at the time the valuation is completed. The Sellers rely on property valuations in determining loan to value ratios, which inform their underwriting decisions. In the majority of cases, the Sellers conduct full interior and exterior valuations. In certain instances (estimated to be approximately 19.6% of the Mortgage Loans in the Portfolio) where loans are for smaller amounts and are at lower loan to value ratio levels and are standardised within the Portfolio, the Sellers' valuations may consist of performing "drive by" exterior examinations or making use of automated valuation models such as Hometrack Data Systems Limited. If such valuations overvalue the properties securing the Mortgage Loans in the Portfolio, the loan to value ratios of the Mortgage Loans in the Portfolio may actually be higher than what the relevant Seller's records reflect, which could materially adversely affect the amounts received by the Issuer which could, in turn, have an adverse effect on the Issuer's ability to make payments in respect of the Notes.

Accuracy and completeness of information about customers and their properties

In deciding whether to extend credit to mortgage loan applicants, the Sellers rely on information furnished to them by customers and other third parties, such as credit reference agencies, solicitors, valuers and accountants, including employment, income and other financial information. The Sellers also rely on representations of customers as to the accuracy and completeness of, and explanations for, that information. While the Sellers have a practice of independently verifying certain information about customers (such as identity and income information) that they use in making lending decisions and upon agreeing to loan modifications, it is not possible to verify all the information furnished. There is also the risk that the information on Borrowers, their properties and/or their Mortgage Loans is not accurately captured or complete in the systems of the Sellers and/or the status is not appropriately updated during the course of their Mortgage Loan, either due to system deficiencies or human error. The Sellers rely on manual processing and input from their personnel. Whilst the Sellers have certain controls in place and are in the process of assessing further enhancements related to data quality, they may not always be able to identify input or classification errors. Classification errors may result in improper monitoring of certain metrics, including in respect of the Mortgage Loans in the Portfolio. If any of the information provided is unintentionally, intentionally or negligently misrepresented and such misrepresentation is not detected prior to the funding or modification of a Mortgage Loan or such information is not accurately captured in the Seller's systems, the future recoverability of the Mortgage Loan and its related Collateral Security may be adversely impacted, which could materially adversely affect the amounts received by the Issuer which could, in turn, have an adverse effect on the ability of the Issuer to make payments in respect of the Notes.

Financial crime in the financial services sector is an ongoing threat for lenders and borrowers that is increasing and becoming increasingly more sophisticated and the Sellers' procedures may not be sufficient to prevent more sophisticated cases of fraud, money laundering or terrorism related activities. As the scale of the Sellers' operations has grown, from time to time, the Sellers have encountered instances of customer, broker or intermediaries fraud. Given the size and scale of the Sellers' operations, they could be the specific target of financial crime and fraudulent activity. In addition, regulators are increasingly focused on financial crime prevention.

Although the Sellers have controls and processes designed to help them identify misrepresented or incorrect information in their loan origination processes, including know-your-customer ("KYC") checks, underwriting checks and, for all non-direct loan applications, requiring all applicants to participate in a "Speak With," a conversation they have with applicants before loans are funded, no assurance can be given that the Sellers' controls and processes will identify all misrepresented or incorrect information. The Sellers' controls aimed at detecting and preventing financial crime (such as the use of their services for money laundering or terrorism-related activities) may not perform accurately or eliminate all instances where the Sellers' services could be used for fraud or other financial crime by their customers or by their employees.

The procedures of the Sellers may not be sufficient to prevent more sophisticated attempts of fraud. For example, as the Sellers continue to grow their business they have encountered an increased number and a higher sophistication of financial crime attempts. As such, there have been some instances of a failure to detect fraud attempts at the time such attempts occur. While the Sellers continue to invest in technology to help support their financial crime protection architecture and have first and second lines of defence functions dedicated to financial crime, there can be no assurance that significant weaknesses in the Sellers' controls and processes used to detect financial crime, do not exist or will not exist in the future. In 2017, the Sellers introduced additional screening of new and existing customers against a wider range of watch lists. However, there can be no assurance that Sellers' new framework will be able to prevent financial crime.

Regulators are increasingly focused on financial crime prevention and the impact of non-compliance is becoming increasingly severe. In a worst case scenario, this could result in the removal of the Sellers' operating licenses, criminal charges, significant fines, reputational damage and individual loss of the authorised status for members of their management.

Failure of the Sellers' financial crime prevention controls and other information processes could result in a breach of applicable regulation and harm the Sellers' reputation, which in turn could have a material adverse effect on the Sellers' business, results of operations and financial condition.

The Sellers also use a number of third party data providers to help them assess the credit quality of the customer (for instance, performance history) and the nature and value of the underlying property. Such data is used both in the Sellers' underwriting assessment and for the purposes of the Sellers' portfolio analysis. The Sellers do not independently review the accuracy of the third party data, which if inaccurate, could affect their underwriting decisions or how they report their loan information.

Insurance Policies

The policies of the Sellers in relation to buildings insurance are described under "*The Mortgage Loans – Insurance Contracts*". No assurance can be given that the insurance provider will accept any claims made or that the Issuer will always receive the benefit of any claims made under any applicable buildings insurance contracts. This could adversely affect the Issuer's ability to redeem the Notes.

Financial Services Compensation Scheme not applicable

Any investment in the Notes does not have the status of a bank deposit in England and Wales and is not within the scope of the UK Financial Services Compensation Scheme and accordingly, the Notes will not confer any entitlement to compensation under that scheme. As such, the Notes are obligations of the Issuer only and any potential investors should be aware that they will not be able to have recourse to the UK Financial Services Compensation Scheme in relation to an investment in the Notes.

Limitations on enforcement

No Noteholder or Certificateholder shall be entitled to proceed directly against the Issuer or any other party to any of the Transaction Documents to enforce the performance of any of the Conditions, the Residual Certificate Conditions or the provisions of the Transaction Documents and/or to take any other proceedings (including lodging an appeal in any proceedings) in respect of or concerning the Issuer, unless the Note Trustee or, as the case may be, the Security Trustee, having become bound so to do, fails to do so within a reasonable period and such failure shall be continuing, provided that no Noteholder shall be entitled to take any steps or proceedings to procure the winding-up, administration or liquidation of the Issuer in any circumstances.

Prospective investors should therefore be aware that there are limitations on enforcement against the Issuer and that the proceeds of enforcement may not be enough to make all the payments due on the Notes and the Residual Certificates.

3. OTHER RISKS RELATING TO THE NOTES AND THE STRUCTURE

Subordination

The Class A Notes rank *pro rata* and *pari passu* without preference or priority among themselves in relation to payment of interest and principal at all times, as provided in the Conditions and the Transaction Documents.

The Class B Notes rank *pro rata* and *pari passu* without preference or priority among themselves in relation to payment of interest and principal at all times, but subordinate to the Class A Notes, as provided in the Conditions and the Transaction Documents.

The Class C Notes rank *pro rata* and *pari passu* without preference or priority among themselves in relation to payment of interest and principal at all times, but subordinate to the Class A Notes and the Class B Notes, as provided in the Conditions and the Transaction Documents.

The Class D Notes rank *pro rata* and *pari passu* without preference or priority among themselves in relation to payment of interest and principal, but subordinate to the Class A Notes, the Class B Notes and the Class C Notes, as provided in the Conditions and the Transaction Documents.

The Class E Notes rank *pro rata* and *pari passu* without preference or priority among themselves in relation to payment of interest and principal, but subordinate to the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes, as provided in the Conditions and the Transaction Documents.

The Class X Notes rank *pro rata* and *pari passu* without preference or priority among themselves in relation to payment of interest and principal, but subordinate to the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes and the Class E Notes, as provided in the Conditions and the Transaction Documents **provided however**, that, on each Interest Payment Date prior to the Optional Redemption Date, Available Revenue Receipts will be applied towards repayment of principal amounts outstanding on the Class X Notes and the Class R Notes pursuant to the Pre-Enforcement Revenue Priority of Payments.

The Class R Notes rank *pro rata* and *pari passu* without preference or priority among themselves in relation to payment of interest and principal at all times, but subordinate to all payments due in respect of the Rated Notes, as provided in the Conditions and the Transaction Documents **provided however**, that, on each Interest Payment Date prior to the Optional Redemption Date, Available Revenue Receipts will be applied towards repayment of principal amounts outstanding on the Class X Notes and the Class R Notes pursuant to the Pre-Enforcement Revenue Priority of Payments.

The Class Z Notes rank *pro rata* and *pari passu* without preference or priority among themselves in relation to payment of interest and principal at all times, but subordinate to all payments due in respect of the Rated Notes and the Class R Notes, as provided in the Conditions and the Transaction Documents.

The Residual Certificates rank *pro rata* and *pari passu* without preference or priority among themselves in relation to Residual Payments at all times, and are subordinate to all rights of payment in respect of the Notes, as provided in the terms and conditions of the Residual Certificates (the "**Residual Certificates Conditions**") and the Transaction Documents.

In addition to the above, payments on the Notes and the Residual Certificates are subordinate to payments of certain fees, costs and expenses payable to the other Secured Creditors (including, amongst others, the Note Trustee, the Security Trustee, the Issuer Account Bank, each Servicer, the Standby Servicer, the Cash Administrator, the Paying Agents, the Registrar, the Corporate Services Provider, the Swap Provider and the Agent Bank) and certain third parties. For further information on the likely costs payable to such Secured Creditors, please see "*Transaction Overview – Fees*".

To the extent that the Issuer does not have sufficient funds to satisfy its obligations to all its creditors, the holders of the lower ranking Notes and the Residual Certificates will be the first to see their claims against the Issuer unfulfilled. However, there is no assurance that these subordination provisions will protect the holders of the more senior classes of Notes (including the Most Senior Class of Notes) from all or any risk of loss.

The priority of the Notes and the Residual Certificates are further set out in "*Cashflows – Application of Available Revenue Receipts prior to the service of an Enforcement Notice on the Issuer*" and "*Cashflows – Distributions following the service of an Enforcement Notice on the Issuer*".

There is no assurance that these subordination rules will protect the holders of Notes from all risk of loss.

Deferral of Interest Payments on the Notes

If, on any Interest Payment Date, the Issuer has insufficient funds to make payment in full of all amounts of interest (including any accrued interest thereon) that would otherwise be payable absent the deferral provisions applicable in respect of any Class of Notes after having paid or provided for items of higher priority in the Pre-Enforcement Revenue Priority of Payments, or by means of the application of any Class A Liquidity Reserve Fund Release Amounts, General Reserve Fund Release Amounts or Principal Addition Amounts, then the Issuer will, unless such Class of Notes is the then Most Senior Class of Notes, be entitled under Condition 17 (*Subordination by Deferral*) to defer payment of that amount (to the extent of the insufficiency) until the following Interest Payment Date or such earlier date on which the relevant Class of Notes becomes due and payable in full in accordance with the Conditions. Any such deferral in accordance with the Conditions will not constitute a Potential Event of Default or an Event of Default.

For the avoidance of doubt, no such deferral of interest shall be permitted in relation to the then Most Senior Class of Notes, and failure to pay timely interest on the Most Senior Class of Notes shall constitute an Event of Default under the Notes which may result in the Security Trustee enforcing the Security.

Weighted average life of the Notes

The weighted average lives of the Notes refer to the average amount of time that elapses from the date of issuance of the Notes to the Noteholders to the date of distribution to such Noteholders of payments in net reduction of principal under the Notes (assuming no losses on the Mortgage Loans and weighted by the principal amortisation of the Notes on each Interest Payment Date).

The weighted average lives of the Notes will be directly influenced by, amongst other things, the actual rate of redemption of the Mortgage Loans, which, in turn, is influenced by the Borrowers' ability to redeem the Mortgage Loans. Where certain Borrowers are able to redeem the Mortgage Loans only through refinancing, the actual rate of redemption may actually be reduced if such Borrowers experience difficulties in refinancing the relevant Mortgage Loans. Any failure to make timely redemption of the Mortgage Loans will reduce the CPR (as defined in "*Weighted Average Lives of the Notes*") and increase the average weighted lives of the Notes.

In addition, the weighted average lives of the Notes, should they not be called on or after the Optional Redemption Date, will be influenced by, *inter alia*, the amount of Available Revenue Receipts used as Enhanced Amortisation Amounts in accordance with item (u) of the Pre-Enforcement Revenue Priority of Payments.

For other factors and assumptions which may affect the weighted average lives of the Notes, see "*Weighted Average Lives of the Notes*". For a discussion on prepayments affecting the weighted average lives of the Notes, see above risk factor "*Yield to maturity and the Issuer's ability to redeem the Notes on their scheduled redemption dates or their final maturity dates may be affected by the rate of prepayment on the loans*".

4. RISKS RELATED TO CHANGES TO THE STRUCTURE AND DOCUMENTS

Meetings of Noteholders and Certificateholders, Modifications and Waivers

The Conditions and the Residual Certificates Conditions contain provisions for calling meetings of Noteholders and Certificateholders to consider matters affecting their interests generally. These provisions permit decisions of defined majorities to bind all Noteholders and Certificateholders, including Noteholders and Certificateholders who did not attend and vote at the relevant meeting and Noteholders and Certificateholders who voted in a manner contrary to the majority. Such binding decisions of defined majorities may also occur by way of a sufficient number of Noteholders and Certificateholders providing their consent either in writing or, in the case of the holders of the Rated Notes, by way of electronic consents submitted through the electronic communications systems of the clearing system(s).

The Conditions and the Residual Certificates Conditions also provide that the Note Trustee or, as the case may be, the Security Trustee (acting on the instructions of the Note Trustee), may agree, without the consent of the Noteholders, the Certificateholders or the other Secured Creditors (but, in the case of the Security Trustee only, with the written consent of the Secured Creditors which are a party to the relevant Transaction Document), to (i) (other than in respect of a Basic Terms Modification) any modification of the Conditions, the Residual Certificates Conditions or any of the Transaction Documents which is not, in the opinion of the Note Trustee, or, as the case may be, the Security Trustee (acting on the directions of the Note Trustee), materially prejudicial to the interests of the Noteholders or, if there are no Notes outstanding, the Certificateholders or (ii) any modification which, in the Note Trustee's or, as the case may be, the Security Trustee's opinion (acting on the directions of the Note Trustee), is of a formal, minor or technical nature or to correct a manifest error. The Note Trustee may also, without the consent of the Noteholders or the Certificateholders, if it is of the opinion that such determination, waiver or authorisation will not be materially prejudicial to the interests of the Most Senior Class of Notes or if no Notes are outstanding, the Certificateholders, or if there are no Notes then outstanding and no Residual Certificates then in issue, the Secured Creditors, determine that a Potential Event of Default or an Event of Default shall not, or shall not subject to any specified conditions, be treated as such or waive or authorise any breach or proposed breach of the Conditions, the Residual Certificates Conditions or any of the Transaction Documents. See Condition 13 (*Meetings of Noteholders, Modification, Waiver and Substitution*) and Residual Certificates Condition 12 (*Meetings of Certificateholders, Modification, Waiver and Substitution*).

There is no guarantee that any changes made to the Transaction Documents, the Conditions and/or the Residual Certificates Conditions pursuant to the obligations imposed on the Note Trustee and the Security Trustee, as described above, would not be prejudicial to the Noteholders or the Certificateholders

The Conditions and Residual Certificates Conditions also specify that certain categories of amendments (including changes to majorities required to pass resolutions or quorum requirements) would be classified as Basic Terms Modifications. Investors should note that a Basic Terms Modification is required to be sanctioned by an Extraordinary Resolution of the holders of the relevant affected Class or Classes of Notes and/or Residual Certificates then in issue, as applicable which are affected by such Basic Terms Modifications.

Further, the Note Trustee and/or the Security Trustee (as the case may be) may also be obliged, in certain circumstances, to agree to amendments to the Conditions, the Residual Certificates Conditions and/or the Transaction Documents for the purpose of (i) complying with, or implementing or reflecting, any change in the criteria of one or more of the Rating Agencies which may be applicable from time to time, (ii) complying with the Securitisation Regulation (including in respect of risk retention), (iii) enabling the Notes to be (or to remain) listed on Euronext Dublin, (iv) enabling the Issuer or any of the other Transaction Parties to comply with sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986, any regulations or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental approach thereto ("FATCA"), (v) complying with any changes in the requirements of the CRA Regulation (including any requirements imposed by the STS Regulation) after the Closing Date, (vi) changing the base

rate on the Notes from SONIA to an Alternative Base Rate (and such other amendments as are necessary or advisable in the reasonable judgment of the Issuer (or the Cash Administrator on its behalf) to facilitate such change) to the extent there has been or there is reasonably expected to be a material disruption or cessation to SONIA in accordance with the detailed provisions of Condition 13.6(a)(vi)(A), or (vii) to comply with any requirements which apply to it under Regulation (EU) 648/2012, commonly known as the European Market Infrastructure Regulation ("**EMIR**") as amended (each a "**Proposed Amendment**"), without the consent of Noteholders or Certificateholders, as applicable, pursuant to and in accordance with the detailed provisions of Condition 13.6 (*Additional Right of Modification*) and Residual Certificates Condition 12.6 (*Additional Right of Modification*).

In relation to any such Proposed Amendment, the Issuer is required to give at least 30 calendar days' notice to the Noteholders of each Class of the proposed modification in accordance with Condition 16 (*Notice to Noteholders*) and by publication on Bloomberg on the "Company News" screen relating to the Notes. However, Noteholders should be aware that, in relation to each Proposed Amendment, unless Noteholders representing at least 10 per cent. of the aggregate Principal Amount Outstanding of the Most Senior Class of Notes then outstanding have contacted the Issuer and the Note Trustee in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which such Notes may be held) within such notification period notifying the Issuer that such Noteholders do not consent to the modification, the modification will be passed without Noteholder consent.

If Noteholders representing at least 10 per cent. of the aggregate Principal Amount Outstanding of the Most Senior Class of Notes then outstanding have notified the Issuer and the Note Trustee in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which such Notes may be held) within the notification period referred to above that they do not consent to the modification, then such modification will not be made unless an Extraordinary Resolution of the holders of the Most Senior Class of Notes then outstanding is passed in favour of such modification in accordance with Condition 13 (*Meetings of Noteholders, Modification, Waiver and Substitution*).

There can be no assurance that the effect of such modifications to the Relevant Documents will not adversely affect the interests of the holders of one or more or all Classes of Notes or the Residual Certificates.

The full requirements in relation to the modifications discussed above are set out in Condition 13.6 (*Additional Right of Modification*) and Residual Certificates Condition 12.6 (*Additional Right of Modification*).

The Note Trustee and the Security Trustee are not obliged to act in certain circumstances

Upon the occurrence of an Event of Default, the Note Trustee in its absolute discretion may, and if so directed in writing by the holders of not less than 25 per cent. in aggregate Principal Amount Outstanding of the Most Senior Class of Notes (or if no Notes remain outstanding, the Residual Certificates then in issue) or if so directed by an Extraordinary Resolution of the holders of the Most Senior Class of Notes (or if no Notes remain outstanding, the Residual Certificates then in issue) shall (subject, in each case, to being indemnified and/or secured and/or prefunded to its satisfaction), give an Enforcement Notice to the Issuer that all Classes of the Notes are immediately due and payable at their respective Principal Amount Outstanding, together with Accrued Interest or (in the case of Certificateholders) all Residual Payments pursuant to the Residual Certificates shall immediately become due and payable, as applicable, as provided in the Trust Deed.

Each of the Note Trustee and the Security Trustee may, at any time, at their discretion and without notice, take such proceedings, actions or steps against the Issuer or any other party to any of the Transaction Documents as it may think fit to enforce the provisions of (in the case of the Note Trustee) the Notes, the Residual Certificates or the Trust Deed (including the Conditions and the Residual Certificates Conditions) or (in the case of the Security Trustee) the Deed of Charge or (in either case) of the other Transaction Documents to which it is a party and at any time after the service of an Enforcement Notice, the Security Trustee may, at its discretion and without notice, take such steps, actions or proceedings as it may think fit to

enforce the Security. However, neither the Note Trustee nor the Security Trustee shall be bound to take any such proceedings, actions or steps (including, but not limited to, the giving of an Enforcement Notice by the Note Trustee in accordance with Condition 11 (*Events of Default*) or Residual Certificates Condition 10 (*Events of Default*) unless:

- (a) it shall have been directed to do so by an Extraordinary Resolution of the holders of the Most Senior Class of Notes then outstanding (or if there are no Notes outstanding, the Residual Certificates) or directed in writing by the holders of at least 25 per cent. in aggregate Principal Amount Outstanding of the Most Senior Class of Notes then outstanding (or if no Notes remain outstanding, at least 25 per cent. of the number of the Residual Certificates then in issue); and
- (b) it shall have been indemnified and/or secured and/or prefunded to its satisfaction.

If neither the Note Trustee nor the Security Trustee use their discretion where they have not been directed as described above, it may adversely affect the ability of the Issuer to make payments on the Notes following the service of an Enforcement Notice.

See further Condition 12 (*Enforcement*) and Condition 11 (*Enforcement*).

In addition, each of the Note Trustee and the Security Trustee benefits from indemnities given to them by the Issuer pursuant to the Transaction Documents.

Conflict between Noteholders, Certificateholders and other Secured Creditors

So long as any of the Notes are outstanding, neither the Security Trustee nor the Note Trustee shall have regard to the interests of the other Secured Creditors, subject to the provisions of the Trust Deed and Condition 13 (*Meetings of Noteholders, Modification, Waiver and Substitution*) and Residual Certificates Condition 12 (*Meetings of Certificateholders, Modification, Waiver and Substitution*). Noteholders should be aware that the interests of Secured Creditors ranking higher in the Post-Enforcement Priority of Payments than the relevant Class of Notes (such as the interests of the Swap Provider) shall prevail.

In respect of the interests of the Certificateholders, the Trust Deed contains provisions requiring the Note Trustee and the Security Trustee not to have regard to the interests of the Certificateholders as regards all powers, trusts, authorities, duties and discretions of the Note Trustee and the Security Trustee, respectively, and requiring the Note Trustee and the Security Trustee except where expressly provided otherwise to have regard only to the interests of the Noteholders for so long as there are any Notes outstanding.

Conflict between Noteholders

The Trust Deed and the Deed of Charge contain provisions requiring the Note Trustee and the Security Trustee to have regard to the interests of all Classes of Noteholders as regards all powers, trusts, authorities, duties and discretions of the Note Trustee and the Security Trustee (except where expressly provided otherwise).

If, in the Note Trustee's or, as the case may be, the Security Trustee's opinion, however, there is or may be a conflict between the interests of the holders of one or more Classes of Notes, on the one hand, and the interests of the holders of one or more Classes of Notes, on the other hand, then the Note Trustee or, as the case may be, the Security Trustee will be required to have regard only to the interests of the holders of the relevant affected Class of Notes ranking in priority to the other relevant Classes of Notes in the Post-Enforcement Priority of Payments.

In addition, prospective investors should note that the Trust Deed provides that no Extraordinary Resolution of the holders of a Class of Notes, other than the holders of the Most Senior Class of Notes, shall take effect for any purpose while the Most Senior Class of Notes remains outstanding unless such Extraordinary

Resolution shall have been sanctioned by an Extraordinary Resolution of the holders of the Most Senior Class of Notes or the Note Trustee and/or Security Trustee is of the opinion it would not be materially prejudicial to the interests of the holders of the Most Senior Class of Notes.

As a result, holders of the Notes other than the Most Senior Class of Notes may not have their interests taken into account by the Note Trustee or the Security Trustee when the Note Trustee or the Security Trustee exercises any discretion conferred upon them where there is a conflict of interest.

Certain material interests

Certain of the parties to the Transaction Documents (each a "**Transaction Party**") and their respective affiliates are acting in a number of capacities in connection with the transaction described herein. Those Transaction Parties and any of their respective affiliates acting in such capacities will have only the duties and responsibilities expressly agreed by each such entity in the relevant capacity and will not, by reason of it or any of its affiliates acting in any other capacity, be deemed to have other duties or responsibilities or be deemed to be held to a standard of care other than as expressly provided with respect to each such capacity. In no event shall such Transaction Parties or any of their respective affiliates be deemed to have any fiduciary obligations to any person by reason of their respective affiliates acting in any capacity.

In addition to the interests described in this Prospectus, the Co-Arrangers and the Joint Lead Managers and their respective related entities, associates, officers or employees (each a "**Joint Lead Managers Related Person**"):

- (a) may from time to time be a Noteholder and/or Certificateholder or have other interests with respect to the Notes or Residual Certificates and they may also have interests relating to other arrangements with respect to a Noteholder or a Note, a Certificateholder or a Residual Certificate;
- (b) may receive (and will not have to account to any person for) fees, brokerage and commission or other benefits and act as principal with respect to any dealing with respect to any Notes or Residual Certificates;
- (c) may purchase all or some of the Notes or Residual Certificates and resell them in individually negotiated transactions with varying terms;
- (d) may be, or have been, involved in a broad range of transactions including, without limitation, banking, lending, advisory, dealing in financial products, credit derivative and liquidity transactions, investment management, corporate and investment banking and research in various capacities in respect of the Notes, the Residual Certificates, the Issuer or any other Transaction Party or any related entity, both on its own account and for the account of other persons; and
- (e) may have positions in or may have arranged financing in respect of the Notes or the Mortgage Loans in the Portfolio and may have provided or may be providing investment banking services and other services to the other Transaction Parties or the Sellers.

Prospective investors should be aware that:

- (i) each Joint Lead Managers Related Person in the course of its business (including in respect of interests described above) may act independently of any other Joint Lead Managers Related Person or Transaction Party;
- (ii) to the maximum extent permitted by applicable law, the duties of each Joint Lead Managers Related Person in respect of the Notes and/or Residual Certificates are limited to the relevant contractual obligations set out in the Transaction Documents (if any) and, in particular, no advisory or fiduciary duty is owed to any person. No Joint Lead Managers Related Person shall have any obligation to

account to the Issuer, any Transaction Party or any Noteholder for any profit as a result of any other business that it may conduct with either the Issuer or any Transaction Party;

- (iii) a Joint Lead Managers Related Person may have or come into possession of information not contained in this Prospectus that may be relevant to any Noteholder or Certificateholder or to any decision by a potential investor to acquire the Notes or Residual Certificates and which may or may not be publicly available to potential investors ("**Relevant Information**");
- (iv) to the maximum extent permitted by applicable law, no Joint Lead Managers Related Person is under any obligation to disclose any Relevant Information to any other Joint Lead Managers Related Person, to any Transaction Party or to any potential investor and this Prospectus and any subsequent conduct by a Joint Lead Managers Related Person should not be construed as implying that such Joint Lead Managers Related Person is not in possession of such Relevant Information; and
- (v) each Joint Lead Managers Related Person may have various potential and actual conflicts of interest arising in the ordinary course of its businesses, including in respect of the interests described above. For example, a Joint Lead Managers Related Person's dealings with respect to a Note and/or a Residual Certificate, the Issuer or a Transaction Party, may affect the value of a Note or Residual Certificate.

These interests may conflict with the interests of a Noteholder or Certificateholder and the Noteholder or Certificateholder may suffer loss as a result. To the maximum extent permitted by applicable law, a Joint Lead Managers Related Person is not restricted from entering into, performing or enforcing its rights in respect of the Transaction Documents, the Notes, the Residual Certificates, or the interests described above and may otherwise continue or take steps to further or protect any of those interests and its business even where to do so may be in conflict with the interests of Noteholders and the Certificateholders, and the Joint Lead Managers Related Persons may in so doing so act in its own commercial interests and without notice to, and without regard to, the interests of any such person.

Nothing in the Transaction Documents shall prevent any of the Transaction Parties from rendering services similar to those provided for in the Transaction Documents to other persons, firms or companies or from carrying on any business similar to or in competition with the business of any of the parties to the Transaction Documents.

5. COUNTERPARTY RISK

The Servicers

Each of TPFL and TCFL has been appointed by the Issuer as a Servicer to service the Mortgage Loans. If a Servicer breaches the terms of the Servicing Deed, subject to any relevant grace period thereunder, then (prior to the delivery of an Enforcement Notice and with the prior written consent of the Security Trustee (acting on the instructions of the Note Trustee)) the Issuer or (after delivery of an Enforcement Notice) the Security Trustee (acting on the instructions of the Note Trustee) will be entitled to terminate the appointment of each of the Servicers and, if an Invocation Notice is issued to the Standby Servicer, the Standby Servicer shall (to the extent it is still appointed) assume the role of each of the Servicers pursuant to the terms of the Replacement Servicing Agreement).

There can be no assurance that a substitute servicer with sufficient experience of servicing the Mortgage Loans would be found who would be willing and able to service the Mortgage Loans on the terms of the Servicing Deed. In addition, as described below, any substitute servicer will be required, inter alia, to be authorised under the Financial Services and Markets Act 2000 (the "**FSMA**") in order to service the Mortgage Loans. The ability of a substitute servicer to fully perform the required services would depend, among other things, on the information, software and records available at the time of the appointment. Any

delay or inability to appoint a substitute servicer may affect payments on the Mortgage Loans and hence the Issuer's ability to make payments when due on the Notes.

The Servicers have no obligation themselves to advance payments that Borrowers fail to make in a timely fashion.

The Servicers each have the ability under the Servicing Deed to delegate its obligations. Notwithstanding any such delegation to any party of its obligations under the Servicing Deed, each Servicer will remain ultimately responsible for the performance of such obligations under the Servicing Deed.

Early termination payments under the Swap Transaction in certain circumstances

Subject to the following, the Swap Agreement will provide that, upon the occurrence of certain events, the Swap Transaction may terminate and a termination payment by either the Issuer or the Swap Provider may be payable. The amount of such payment may reflect, among other things, the cost of entering into a replacement transaction at the time and third party market data such as rates, prices, yields and yield curves, or similar information derived from internal sources of the party making the determination. Any termination payment due by the Issuer (other than (where applicable) in respect of any Hedge Subordinated Amounts), to the extent such termination payment is not satisfied by amounts standing to the credit of the Swap Collateral Account which are available to meet such termination payment in accordance with the Swap Collateral Account Priority of Payments, will rank prior to payments in respect of the Notes. As such, if any termination amount is payable and is not satisfied by amounts applied in accordance with the Swap Collateral Account Priority of Payments, payment of such termination amounts may lead to a shortfall in amounts available to pay interest and principal on all the Notes.

Any additional amounts required to be paid by the Issuer following termination of the Swap Transaction (including any extra costs incurred in entering into a replacement swap or swaps that are not otherwise provided for) to the extent not satisfied by amounts applied in accordance with the Swap Collateral Account Priority of Payments will also rank prior to payments in respect of the Notes. This may lead to a shortfall in amounts available to pay interest on the Notes and, following service of an Enforcement Notice on the Issuer (which has not been revoked), interest and principal on the Notes.

No assurance can be given as to the ability of the Issuer to enter into one or more replacement swap transactions, or if one or more replacement swap transactions are entered into, as to the ultimate creditworthiness of the Swap Provider for the replacement swap transactions.

Change of Counterparties

The parties to the Transaction Documents who receive and hold monies or provide support to the transaction pursuant to the terms of such documents (such as the Issuer Account Bank and the Swap Provider) are required to satisfy certain criteria in order that they can continue to be a counterparty to the Issuer.

These criteria include requirements imposed under the FSMA and requirements in relation to the counterparty risk assessment short-term and long-term unguaranteed and unsecured ratings ascribed to such party by the Rating Agencies. If the party concerned ceases to satisfy the applicable criteria, including the ratings criteria set out in the relevant Transaction Documents and described in this Prospectus, then the rights and obligations of that party (including the right or obligation to receive monies on behalf of the Issuer) may be required to be transferred to another entity which does satisfy the applicable criteria. In these circumstances, the terms agreed with the replacement entity may not be as favourable as those agreed with the original party pursuant to the relevant Transaction Document and the cost to the Issuer may therefore increase. This may reduce amounts available to the Issuer to make payments of interest on the Notes.

In addition, should the applicable criteria cease to be satisfied, then the parties to the relevant Transaction Document may agree to amend or waive certain of the terms of such document, including the applicable

criteria, in order to avoid the need for a replacement entity to be appointed. The consent of Noteholders and/or Certificateholders may not be required in relation to such amendments and/or waivers.

Claims against third parties

The Sellers have assigned their causes and rights of actions against solicitors and valuers to the Issuer pursuant to the Mortgage Sale Agreement, to the extent they are assignable. The Sellers have, pursuant to the Mortgage Sale Agreement, undertaken, where appropriate, to participate or join in any action against such solicitor or valuer, provided that the Issuer first indemnifies the relevant Seller, as applicable, for the costs of taking such action, and subject to any limitations or conditions contained in the relevant documentation under which the relevant Seller acquired title to the related Mortgage Loan. Any failure by, or inability of, any Seller to take action against third parties may have an adverse effect on the Issuer's ability to make payments of interest and/or principal in respect of the Notes.

Issuer Reliance on Other Third Parties

The Issuer is also party to contracts with a number of other third parties who have agreed to perform services in relation to the Issuer and/or the Notes. In particular, but without limitation, the Corporate Services Provider has agreed to provide certain corporate services to the Issuer pursuant to the Corporate Services Agreement, the Issuer Account Bank has agreed to provide the Deposit Account and the Swap Collateral Account to the Issuer pursuant to the Bank Account Agreement and the Swap Collateral Account to the Issuer pursuant to the Custody Agreement, the Swap Provider has agreed to enter into the Swap Transaction pursuant to the terms of the Swap Agreement, the Servicers have agreed to service the Portfolio pursuant to the Servicing Deed, the Cash Administrator has agreed to provide cash management services pursuant to the Cash Administration Agreement, the Standby Cash Administrator Facilitator has agreed to provide standby cash administration facilitation services in relation to the transaction pursuant to the Cash Administration Agreement, the Standby Servicer has agreed to provide certain services pursuant to the Standby Servicing Agreement and the Paying Agents, the Registrar and the Agent Bank have all agreed to provide services with respect to the Notes pursuant to the Agency Agreement.

COVID-19: Impact on Third Parties

As a result of the COVID-19 outbreak, many organisations (including courts, other government agencies and service providers) have either closed or implemented policies requiring their employees to work at home. Such remote working policies are dependent upon a number of factors to be successful, including communications, internet connectivity and the proper functioning of information technology systems, all of which can vary from organisation to organisation. As a result, such closures and remote working policies may lead to delays or disruptions in otherwise routine functions. In addition, to the extent that courts and other government agencies are closed or operate on a limited basis, registration, enforcement and similar activities may not be processed in a timely manner, and may be further delayed as such offices and courts address any backlogs of such actions that accumulated during the period of closure, and the duration of such backlogs is impossible to predict at this time.

Prospective investors should note that a third party may not be able to perform its obligations under the agreements to which it is a party as a result of factors outside its control, including disruptions as a result of technical difficulties and local, national and/or global macroeconomic factors such as epidemics (for example, COVID-19 has led many financial institutions and other business organisations to either close or implement new policies requiring their employees to work remotely from home) and there is a risk that this can generally result in delays or difficulties in performing otherwise routine functions.

In the event that any of the third parties described above were to fail to perform their obligations under the respective agreements to which they are a party (including any failure arising from circumstances beyond their control, such as epidemics and/or pandemics), Noteholders may be adversely affected.

Swap Provider and Interest Rate Risk

The Issuer is subject to the risk of a mismatch between the rate of interest payable in respect of the Mortgage Loans and the rate of interest payable in respect of the Notes. 40.4 per cent. by Principal Balance of the Mortgage Loans in the Portfolio pay or will pay a fixed rate of interest for an initial period of time (the "**Fixed Rate Loans**"). However, the Issuer's liabilities under the Rated Notes are based on Compounded Daily SONIA for the relevant period.

To provide a hedge against the possible variance between:

- (a) the fixed rates of interest payable on the Fixed Rate Loans in the Portfolio; and
- (b) the rate of interest under the Rated Notes being calculated by reference to Compounded Daily SONIA,

the Issuer will enter into a swap transaction (the "**Swap Transaction**") with the Swap Provider under the Swap Agreement on the Closing Date (see "*Credit Structure – Interest Rate Risk for the Notes*").

A failure by the Swap Provider to make timely payments of amounts due under the Swap Transaction will constitute a default under the Swap Agreement (after giving effect to any applicable grace period). The Swap Agreement provides that the Sterling amounts owed by the Swap Provider on any payment date under the Swap Transaction (which corresponds to an Interest Payment Date) may be netted against the Sterling amounts owed by the Issuer on the same payment date under the Swap Transaction. Accordingly, if the amounts owed by the Issuer to the Swap Provider on a payment date in respect of the Swap Transaction are greater than the amounts owed by the Swap Provider to the Issuer on the same payment date under the Swap Transaction, then the Issuer will pay the difference to the Swap Provider on such Interest Payment Date in respect of the Swap Transaction; if the amounts owed by the Swap Provider to the Issuer on a payment date are greater than the amounts owed by the Issuer to the Swap Provider on the same payment date in respect of the Swap Transaction, then the Swap Provider will pay the difference to the Issuer on such Interest Payment Date; and if the amounts owed by both parties are equal on a payment date in respect of the Swap Transaction, neither party will make a payment to the other on such Interest Payment Date in respect of the Swap Transaction. To the extent that the Swap Provider defaults in its obligations under the Swap Agreement to make payments to the Issuer in Sterling, on any payment date (which corresponds to an Interest Payment Date), under the Swap Transaction the Issuer will be exposed to the possible variance between various fixed rates payable on the Fixed Rate Loans in the Portfolio and the floating interest payable on the Rated Notes.

The Issuer pays a fixed amount which is equal to the relevant notional amount applicable for any given Swap Calculation Period (as defined herein) multiplied by a fixed rate and the relevant day count fraction. The fixed rate applicable to the amounts payable by the Issuer is not intended to be an exact match of the interest rates that the Issuer receives in respect of the Fixed Rate Loans in the Portfolio. Furthermore, the notional amount of the Swap Transaction will be amortised as set out in a pre-agreed table to the Swap Transaction. The rate of amortisation will be based on the expected repayment profile of the Fixed Rate Loans assuming a constant prepayment rate of zero per cent. However, the prepayment rate of the Fixed Rate Loans may be higher than the assumed constant prepayment rate. In such circumstances, there would be a mismatch between the aggregate notional amounts applicable to each of the remaining Swap Calculation Periods up to the termination date of the Swap Transaction and the outstanding principal balance of the Fixed Rate Loans. Since (i) the fixed rate under the Swap Transaction may not match the interest rates applicable to the Fixed Rate Loans in the Portfolio; and/or (ii) the aggregate notional amounts applicable to each of the remaining Swap Calculation Periods up to the termination date of the Swap Transaction may be higher than the outstanding principal balance of the Fixed Rate Loans, there may be circumstances in which the amount payable by the Issuer under the relevant Swap Transaction exceeds the amount that the Issuer receives in respect of the Fixed Rate Loans in the Portfolio. This may result in over or under hedging and insufficient funds being made available to the Issuer for the Issuer to meet its obligations to the Secured Creditors.

The Issuer has not entered into any interest rate swap or other hedging transaction in relation to Mortgage Loans other than Fixed Rate Loans (but, for the avoidance of doubt, excluding Fixed Rate Loans from the date on which the interest rate applicable in respect thereof becomes a variable interest rate), and as a result there is no hedge in respect of the risk of any variances in the Floating Mortgage Rate (as defined below), being referable to cost of funds, fixed on or around the same reset dates as payments under the Notes charged on any Mortgage Loans in the Portfolio and interest set by reference to Compounded Daily SONIA on the Rated Notes. As such, the Issuer is subject to the risk of a mismatch between the rate of interest payable in respect of such Mortgage Loans and the rate of interest payable in respect of the Notes which in turn may result in insufficient funds being made available to the Issuer for the Issuer to meet its obligations to the Noteholders and Secured Creditors. "**Floating Mortgage Rate**" means (i) a variable interest rate that is based on cost of funds or (ii) (from the date on which the interest rate applicable in respect of Fixed Rate Loans becomes a variable interest rate) a variable interest rate which tracks the Bank of England base rate, as applicable.

Notwithstanding whether or not an amendment is made under Condition 13.6(a)(vii) (Swap Rate Modification), the Swap Agreement specifies that where the following occurs:

- (a) a material disruption to SONIA, an adverse change in the methodology of calculating SONIA or SONIA ceasing to exist or be published;
- (b) the insolvency or cessation of business of the SONIA administrator (in circumstances where no successor SONIA administrator has been appointed);
- (c) a public statement by the SONIA administrator that it will cease publishing SONIA permanently or indefinitely (in circumstances where no successor SONIA administrator has been appointed that will continue publication of SONIA) and such cessation is reasonably expected by the Issuer to occur prior to the Final Maturity Date;
- (d) a public statement by the supervisor of the SONIA administrator that SONIA has been or will be permanently or indefinitely discontinued or will be changed in an adverse manner and such discontinuation or change is reasonably expected by the Issuer to occur prior to the Final Maturity Date;
- (e) a public statement by the supervisor of the SONIA administrator that means SONIA may no longer be used or that its use is subject to restrictions or adverse consequences;
- (f) an alternative manner of calculating a SONIA-based rate being introduced and becoming a standard means of calculating interest for similar transactions;
- (g) a change in the generally accepted market practice in the publicly listed asset backed floating rate notes market to refer to a benchmark rate endorsed in a public statement by the Bank of England, the FCA or the PRA or any relevant committee or other body established, sponsored or approved by any of the foregoing, including the Working Group on Sterling Risk-Free Reference Rates, despite the continued existence of SONIA;
- (h) following the implementation of a Swap Rate Modification, it becomes generally accepted market practice in the publicly listed asset backed floating rate notes market to use a benchmark rate of interest which is different from an alternative base rate which had already been adopted in respect of the Swap Agreement pursuant to a Swap Rate Modification; or
- (i) the reasonable expectation of the Issuer or the Swap Provider that any of the events specified above will occur or exist within six months of the proposed effective date of any Swap Rate Modification,

(each a "**Screen Rate Replacement Event**"), the Issuer and Swap Provider will, acting in good faith and in a commercially reasonable manner, take all reasonable steps to agree whether or not, and, if so, on what terms, any changes should be made to the relevant screen rate which applies under the Swap Agreement. There can be no assurance that the applicable fall-back provisions under the Swap Agreement would operate so as to ensure that the base floating interest rate used to determine payments under the Swap Transaction is the same as that used to determine interest payments under the Rated Notes, or that any such amendment made pursuant to a Screen Rate Replacement Event would allow the Swap Transaction to effectively mitigate interest rate risks on the Rated Notes.

In the event that any payment made by the Swap Provider under the Swap Agreement is subject to any withholding or deduction for or on account of tax as a result of a change in law and consequently the Swap Agreement is terminated, this may adversely impact the ability of the Issuer to meet its obligations under the Notes in full.

6. ORIGINATOR RISKS

Adverse legal or regulatory developments or exposure to legal or regulatory risk could have a material adverse effect on the Sellers' ability to perform their roles under the securitisation

United Kingdom authorised firms are subject to on-going regulation and to legal and regulatory risks, including the effects of changes in the laws, regulations, policies, voluntary codes of practice and interpretations thereof in the United Kingdom and the European Union. The legal and regulatory environment is uncertain and rapidly evolving.

The response of the UK Government, HM Treasury and UK regulators to the on-going COVID-19 pandemic (see "*Mortgages and coronavirus: FCA guidance for firms*") has resulted in a number of rapid changes to the regulatory environment. These modifications have been implemented at short notice with limited consultation. The measures are also subject to revision as the pandemic and the severity of its impact on the UK develops. Other factors such as Brexit, as noted below, will lead to a period of regulatory change, the full scope and implications of which have not yet been determined. In addition, the FCA periodically reviews certain market sectors to assess compliance against its statutory objectives: if it deems certain practices to be contrary to its objectives, it may introduce regulatory reforms.

In recent years, the UK Government, the FCA (including its predecessors) and other regulators in the UK, the European Union or overseas have become more interventionist in application, monitoring and supervision and may intervene further in relation to areas of industry risk already identified, or in new areas in which the Sellers operate, which could affect the business of the Sellers and increase their costs. Implementation of legal and regulatory developments and/or increased regulatory oversight (for example in respect of conduct issues) could result in additional costs or limit, restrict or change the way that the Sellers conduct their business. Future changes in laws, regulations, policy and guidance and the impact of increased oversight by regulators are difficult to predict but such matters could materially adversely affect the Sellers and their businesses (for example their operations, systems and controls) and this could in turn have a material adverse effect on the Notes.

The Sellers are exposed to various forms of legal and regulatory risk in their current, past and future operations, including the risk of acting in breach of legal or regulatory principles or requirements, or other claims of alleged misconduct on the part of the Sellers, any of which could have a material adverse effect on their results, their relations with their customers and their ability to perform their obligations under the Transaction and this could in turn have a material adverse effect on the Notes.

Many of the regulatory obligations to which the Sellers are subject are based on, or are derived from, EU measures. Depending on the terms of Brexit, when finalised, some or all of the regulatory framework applicable to the Sellers may be amended or modified – see "*Macro-Economic and Market Risks – The relationship between the United Kingdom with the European Union may affect the ability of the Issuer to*

satisfy its obligations under the Notes and/or the market value and/or liquidity of the Notes in the secondary market”.

There can be no assurance that future changes will not be made to the regulatory regime to which the Sellers are subject and such changes in laws and regulations (including the pace and complexity of such changes) and the impact of increased oversight by regulators are difficult to predict and could materially adversely affect the business of the Sellers and their ability to perform their obligations under the Transaction. These factors may be material and result in adverse consequences for Noteholders’ investment in the Notes.

7. MACRO-ECONOMIC AND MARKET RISKS

Lack of liquidity in the secondary market may adversely affect the market value of the Notes

The ability of the Issuer to redeem all of the Notes in full, including following the occurrence of an Event of Default in relation to the Notes while any of the Mortgage Loans are still outstanding, may depend upon whether the Mortgage Loans can be realised to obtain an amount sufficient to redeem the Notes.

No assurance is provided that there is an active and liquid secondary market for the Notes, and no assurance is provided that a secondary market for the Notes will develop or, if it does develop, that it will provide Noteholders with liquidity of investment for the life of the Notes. Any investor in the Notes must be prepared to hold their Notes for an indefinite period of time or until the Final Maturity Date or, alternatively, be prepared that they may only be able to sell the Notes at a discount to the original purchase price of those Notes.

The secondary market for mortgage-backed securities has experienced disruptions as a result of economic conditions in the Eurozone (please see further below under "*The relationship between the United Kingdom with the European Union may affect the ability of the Issuer to satisfy its obligations under the Notes and/or the market value and/or liquidity of the Notes in the secondary market*") and the COVID-19 pandemic (see "*The COVID-19 pandemic may have negative effects on the Portfolio; COVID-19 Payment Holidays*"). This has had a material adverse impact on the market value of mortgage-backed securities and resulted in the secondary market for mortgage-backed securities similar to the Notes experiencing limited liquidity. In the future, limited liquidity in the secondary market may have an adverse effect on the market value of mortgage-backed securities, especially those securities that are more sensitive to prepayment, credit or interest rate risk and those securities that have been structured to meet the requirements of limited categories of investors. It is not known whether such disruptions to the market will reoccur and the potential impact of any such re-occurrence.

Central Bank Eligibility

While central bank schemes (such as the Bank of England's Discount Window Facility and the Sterling Monetary Framework and the European Central Bank liquidity scheme), including emergency liquidity operations introduced by central banks in response to a financial, economic or wide-spread health crisis (such as the COVID-19 pandemic), provide an important source of liquidity in respect of eligible securities, the relevant eligibility criteria for eligible collateral which apply and which will apply in the future under such facilities are likely to adversely impact secondary market liquidity for mortgage-backed securities in general, regardless of whether the Notes are eligible securities for the purpose of such facilities. Investors should make their own conclusions and seek their own advice with respect to whether or not the Notes constitute eligible collateral for the purposes of any of the central bank liquidity schemes. No assurance is given that any Class of Notes will be eligible for any specific central bank liquidity schemes in any jurisdiction.

Prospective investors should also note that the outcome of the UK and the EU negotiations in the Brexit process, including whether or not the UK will seek an extension to the transition period (for further details please refer to "*The relationship between the United Kingdom with the European Union may affect the*

ability of the Issuer to satisfy its obligations under the Notes and/or the market value and/or liquidity of the Notes in the secondary market”) will have implications for securities meeting the applicable eligible collateral criteria under the Eurosystem monetary policy framework of the European Central Bank. If the Notes cannot meet the central bank eligibility, it may impact on the liquidity of the Notes and could have an adverse effect on their value.

Bank of England funding scheme eligibility

Certain investors in the Class A Notes may wish to consider the use of the Class A Notes as eligible securities for the purposes of schemes such as the Bank of England's Discount Window Facility or Sterling Monetary Framework. Recognition of the Class A Notes as eligible securities for the purposes of these schemes will depend upon satisfaction of the eligibility criteria as specified by the Bank of England and at the discretion of the Bank of England. If the Class A Notes do not satisfy such criteria, there is a risk that the Class A Notes will not be eligible collateral under such schemes. None of the Issuer, the Co-Arrangers, the Joint Lead Managers, the Sellers, the Issuer Account Bank, the Security Trustee, the Note Trustee, the Principal Paying Agent, the Agent Bank or the Registrar gives any representation, warranty, confirmation or guarantee to any investor in the Class A Notes that the Class A Notes will, either upon issue, or at any time during their life, satisfy all or any requirements for eligibility and be recognised as eligible collateral for such schemes. Any potential investor in the Class A Notes should make its own determinations and seek its own advice with respect to whether or not the Class A Notes constitute eligible collateral for such schemes. No assurance can be given that the Class A Notes will be eligible securities for the purposes of these schemes and no assurance can be given that any of the relevant parties have taken any steps to register such collateral.

Increases in prevailing market interest rates may adversely affect the performance and market value of the Notes

Although interest rates are currently close to historical lows, this may change in the future and an increase in interest rates may adversely affect the ability of Borrowers to pay interest or repay principal on their Mortgages. Borrowers with a Mortgage Loan subject to a variable rate of interest or a Mortgage Loan for which the related interest rate adjusts following an initial fixed rate, or low introductory rate, as applicable, may be exposed to increased monthly payments if the related mortgage interest rate adjusts upward (or, in the case of a Mortgage Loan with an initial fixed rate or low introductory rate, at the end of the relevant fixed or introductory period). This increase in Borrowers' monthly payments, which (in the case of a Mortgage Loan with an initial fixed rate or low introductory rate) may be compounded by any further increase in the related mortgage interest rate during the relevant fixed or introductory period, may ultimately result in higher delinquency rates and losses in the future.

Borrowers seeking to avoid increased monthly payments (caused by, for example, the expiry of an initial fixed rate or low introductory rate, or a rise in the related mortgage interest rates) by refinancing their mortgage loans may no longer be able to find available replacement loans at comparably low interest rates. Any decline in housing prices may also leave borrowers with insufficient equity in their homes to permit them to refinance. These events, alone or in combination, may contribute to higher delinquency rates, slower prepayment speeds and higher losses which could have an adverse effect on the Issuer's ability to make payments under the Notes.

The market continues to develop in relation to SONIA as a reference rate in the capital markets

Investors should be aware that the market continues to develop in relation to the Sterling Overnight Index Average (“**SONIA**”) as a reference rate in the capital markets and its adoption as an alternative to LIBOR. In particular, market participants and relevant working groups are exploring alternative reference rates based on SONIA, including term SONIA reference rates (which seek to measure the market’s forward expectation of an average SONIA rate over a designated term). As a result, the market or a significant part thereof may adopt an application of SONIA that differs significantly from that set out in the Conditions and used in relation to Notes that reference a SONIA rate issued under this Prospectus. In this respect, the Bank of

England released a discussion paper in February 2020 entitled "*Supporting Risk-Free Rate transition through the provision of compounded SONIA*" pursuant to which the Bank stated its intention to publish a daily SONIA compounded index and its consideration whether to publish a set of compounded SONIA period averages, an approach similar to that already taken by the Federal Reserve Bank of New York in respect of SOFR. This means that a screen rate based on an observable publicly available average rate or index may evolve over time but there is no guarantee of this. Interest on Notes which reference a SONIA rate is only capable of being determined at the end of the relevant Observation Period and shortly prior to the relevant Interest Payment Date. It may be difficult for investors in the Notes which reference a SONIA rate to reliably estimate the amount of interest which will be payable on such Notes suitably in advance of the relevant Interest Payment Date.

Changes or uncertainty in respect of SONIA may affect the value of Mortgage Loans and the Notes and the liquidity of the Notes or the payment of interest thereunder

Interest rates and indices which are deemed to be benchmarks (including SONIA) are the subject of recent national and international regulatory guidance and reform including the EU Benchmarks Regulation (Regulation (EU) 2016/1011) (the "**Benchmarks Regulation**"). These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes referencing such a benchmark.

Under the Benchmarks Regulation, which came into force from 1 January 2018 in general, subject to certain transitional provisions, certain requirements apply with respect to the provision of a wide range of benchmarks (including SONIA), the contribution of input data to a benchmark and the use of a benchmark within the European Union (which, for these purposes, includes the UK). In particular, the Benchmarks Regulation, among other things, (i) requires benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and to comply with extensive requirements in relation to the administration of benchmarks and (ii) prevents certain uses by EU-supervised entities of benchmarks of administrators that are not authorised or registered (or, if non-EU-based, deemed equivalent or recognised or endorsed).

Continuing benchmark reform and other pressures may cause such benchmarks to disappear entirely or to perform differently than in the past (as a result of a change in methodology or otherwise), create disincentives for market participants to continue to administer or participate in certain benchmarks or have other consequences which cannot be predicted.

In particular, prospective investors should be aware that:

- (a) any of these reforms or pressures described above or any other changes to a relevant interest rate benchmark (including SONIA) could affect the level of the published rate, including to cause it to be lower and/or more volatile than it would otherwise be, potentially reducing the amount of interest which would be paid to investors; and
- (b) while an amendment may be made under Condition 13.6(a)(vi) (*Additional Right of Modification*) to change the SONIA rate on the Notes to an alternative base rate under certain circumstances broadly related to SONIA disruption or discontinuation and subject to certain conditions, there can be no assurance that any such amendment will be made or, if made, that it will (i) fully or effectively mitigate interest rate risks or result in an equivalent methodology for determining the interest rates on the Notes or (ii) be made prior to any date on which any of the risks described in this risk factor may become relevant; and
- (c) if SONIA is discontinued, and whether or not an amendment is made under Condition 13.6(a)(vi) (*Additional Right of Modification*) to change the SONIA rate on the Notes as described in paragraph (b) above, there can be no assurance that the applicable fall-back provisions under the Swap

Agreement would operate so as to ensure that the base floating interest rate used to determine payments under the Swap Transaction is the same as that used to determine interest payments under the Notes, or that any such amendment made under Condition 13.6(a)(vi) (*Additional Right of Modification*) would allow the Swap Transaction to fully or effectively mitigate interest rate risks on the Notes.

An Extraordinary Resolution or Ordinary Resolution relating to any changes to the reference rate may be passed by the negative consent of the relevant Noteholders.

In addition, it should be noted that broadly divergent interest rate calculation methodologies may develop and apply as between the Mortgage Loans and/or the Notes due to applicable fall back provisions or other matters and the effects of this are uncertain but could include a reduction in the amounts available to the Issuer to meet its payment obligations in respect of the Notes.

When implementing any Base Rate Modification, the Note Trustee shall not consider the interests of the Noteholders, any other Secured Creditor or any other person, and shall act and rely solely and without further investigation on any certificate (including, but not limited to, a Base Rate Modification Certificate) or other evidence (including, but not limited to, a Rating Agency Confirmation) provided to them by the Issuer or the Cash Administrator, as the case may be, pursuant to Condition 13.6 (*Additional Right of Modification*) and shall not be liable to the Noteholders, any other Secured Creditor or any other person for so acting or relying, irrespective of whether any such modification is or may be materially prejudicial to the interests of any such person.

More generally, any of the above matters (including an amendment to change the SONIA rate as described in paragraph (c) above) or any other significant change to the setting or existence of SONIA could affect the ability of the Issuer to meet its obligations under the Notes and/or could have a material adverse effect on the value or liquidity of, and the amount payable under, the Notes.

Changes in the manner of administration of SONIA could result in adjustment to the Conditions, early redemption, delisting or other consequences in relation to the Notes. No assurance may be provided that relevant changes will be made to SONIA or any other relevant benchmark rate and/or that such benchmarks will continue to exist. Investors should consider these matters when making their investment decision with respect to the Notes.

The relationship between the United Kingdom with the European Union may affect the ability of the Issuer to satisfy its obligations under the Notes and/or the market value and/or liquidity of the Notes in the secondary market

Concerns relating to credit risk (including that of sovereigns and of those entities which have exposure to sovereigns) persist, in particular with respect to current economic, monetary and political conditions in the Eurozone. If such conditions further deteriorate (including as may be demonstrated by any relevant credit rating agency action, any default or restructuring of indebtedness by one or more states or institutions and/or any exit(s) by any member state(s) from the European Union and/or any changes to, including any break up of, the Eurozone), then these matters may cause further severe stress in the financial system generally and/or may adversely affect the UK housing market, the Issuer, one or more of the other parties to the transaction documents (including the Sellers, each Servicer, the Standby Servicer, the Cash Administrator, the Issuer Account Bank, the Swap Provider and/or the Collection Account Bank) and/or any borrower in respect of the underlying mortgage loans.

In particular, prospective investors should note that, pursuant to a non-binding referendum held in June 2016, the UK has voted to leave the European Union and, on 29 March 2017, the UK Government invoked article 50 of the Lisbon Treaty and officially notified the European Union of its decision to withdraw from the European Union. This commenced the formal two-year process (although this has subsequently been

extended three times) of negotiations regarding the terms of the withdrawal and the framework of the future relationship between the UK and the European Union (the article 50 withdrawal agreement).

Under the terms of the ratified article 50 withdrawal agreement, a transition period has now commenced which will last until 31 December 2020. During this period, most European Union rules and regulations will continue to apply to and within the UK and negotiations in relation to a free trade agreement will be ongoing. Under the article 50 withdrawal agreement, the transition period could, before 1 July 2020, be extended once by up to two years but on 12 June 2020, the UK formally confirmed that it would not be seeking an extension and this was formally accepted by the EU. While this does not entirely remove the prospect that the transition period will be extended (for example, it could be achieved under a new treaty which deals with an extension), the likelihood of a further extension is significantly reduced and the risk is increased that by 31 December 2020 no trade agreement on the future relationship between the UK and the European Union is reached at all or a significantly narrower agreement is reached than that envisaged by the political declaration by the European Commission and the UK Government. The European Union and the UK Government have continued preparations for a “hard” Brexit (i.e. a “no-trade deal” Brexit) to minimise the risks for firms and businesses associated with an exit without agreement as to the EU-UK future trade relationship at the end of the transition period. This has included the UK Government publishing further draft secondary legislation under powers provided in the European Union (Withdrawal) Act 2018 (as amended by the European Union (Withdrawal Agreement) Act 2020) to ensure that there is a functioning statute book at the end of the transition period.

As no member state of the European Union has previously chosen to leave the European Union, the legal and political process for doing so is untried and uncertain. There are a number of areas of uncertainty in connection with the future of the UK and its relationship with the European Union and the negotiation of Brexit related matters may take several years. Due to the ongoing political uncertainty as regards the structure of the future relationship between the UK and the European Union, it is not possible to determine the precise impact that Brexit and the nature and extent of government responses in the formulation of fiscal and monetary policies and/or related matters may have on general economic conditions in the UK, including the performance of the UK housing market. It is also not possible to determine the precise impact that these matters will have on the business of the Issuer (including the performance of the underlying mortgage loans), any other party to the Transaction Documents and/or any Borrower in respect of the underlying Mortgage Loans, or on the regulatory position of any such entity or of the transactions contemplated by the Transaction Documents under EU regulation or more generally.

No assurance can be given that any of the matters outlined above would not adversely affect the ability of the Issuer to satisfy its obligations under the Notes and/or the market value or liquidity of the Notes in the secondary market.

Break-up of the United Kingdom

The decision of the UK to withdraw from the EU has also caused increased constitutional tension within the UK. Majorities of voters in both Scotland and Northern Ireland voted to remain in the EU. Leading political figures in both Scotland and Northern Ireland have suggested that they have a mandate from their voters to remain in the EU and might seek to leave the UK in order to achieve that outcome. It is not possible to predict the outcome of this continuing constitutional tension or how a potential departure of Scotland and/or Northern Ireland from the UK in the future would affect Transaction Parties or the ability of the Issuer to make payments of interest and/or principal in respect of the Notes.

In addition, as at the Portfolio Reference Date approximately 3.7 per cent. of the Mortgage Loans in the Provisional Portfolio are Scottish Mortgage Loans. A potential departure of Scotland from the UK could, among other things, impact the fiscal, monetary and regulatory landscape to which the Sellers, the Servicers and the Cash Administrator are subject. While the operational consequences of any independence of Scotland from the UK remain uncertain, it could (i) result in changes to the economic climate in Scotland and political and policy developments which could adversely affect the ability of Borrowers to pay amounts

when due on the Mortgage Loans and which, in turn, may adversely affect the ability of the Issuer to make payments of interest and/or principal in respect of the Notes, (ii) have an impact on Scots law, regulation, accounting or administrative practice in Scotland, and/or (iii) result in Scotland not continuing to use Sterling as its base currency, which may result in part of the Portfolio being redenominated and therefore the Notes potentially being subject to currency risk.

In the event of a departure of Scotland from the UK, certain risks and uncertainties associated with such departure could materialise both (i) before any referendum for independence takes place and (ii) in the case of a referendum on independence of Scotland from the UK, after any such referendum but before such independence takes place. Any final negotiated terms of any such independence, as well as the risks and uncertainty created, could have an adverse impact on the business and, more generally, the financial performance of the Sellers, Servicers and/or Cash Administrator.

No assurance can be given that any of these factors would not adversely affect the ability of the Issuer to satisfy its obligations under the Notes and/or the market value or liquidity of the Notes in the secondary market.

Ratings of the Rated Notes and confirmation of ratings

The ratings assigned to the Rated Notes by each Rating Agency are based, amongst other things, on the terms of the Transaction Documents and other relevant structural features of this transaction, including (but not limited to) the short-term deposit rating, senior unsecured debt rating and/or long-term counterparty risk assessment of the Issuer Account Bank and the Collection Account Bank. The ratings address, *inter alia*, the likelihood of (a) full and timely payment to the holders of the Most Senior Class of Notes of all payments of interest on each Interest Payment Date; and (b) full and ultimate payment to the holders of the Rated Notes of principal and (in relation to the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes and the Class X Notes) of interest on or prior to the Final Maturity Date.

The Class R Notes, the Class Z Notes and the Residual Certificates will not be rated by the Rating Agencies.

The expected ratings of the Rated Notes assigned on the Closing Date are set out under "*Ratings*". A rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time by the assigning rating organisation if, in its judgement, circumstances (including without limitation, a reduction in the perceived creditworthiness of parties, include a reduction in the credit rating of the Issuer Account Bank) in the future so warrant. A Rating Agency may also change its criteria and/or methodology at any time and the application of its revised criteria and/or methodology may lead it to lower, withdraw or qualify its rating of the Rated Notes. See also "*Risk Factors – Risks relating to the underlying assets – Non-Conforming Borrowers*" below.

There is no assurance that any such ratings assigned to the Rated Notes will continue for any period of time or that they will not be reviewed, revised, suspended or withdrawn entirely by the Rating Agencies as a result of changes in or unavailability of information or if, in the judgement of the Rating Agencies, circumstances so warrant. A qualification, downgrade or withdrawal of any of the ratings mentioned above may impact upon the value of the Rated Notes.

Agencies other than the Rating Agencies could seek to rate the Rated Notes and, if such unsolicited ratings are lower than the comparable ratings assigned to the Rated Notes by the Rating Agencies, those shadow ratings could have an adverse effect on the value of the Rated Notes. For the avoidance of doubt and unless the context otherwise requires, any references to "**ratings**" or "**rating**" in this Prospectus are to ratings assigned by the specified Rating Agency to the Rated Notes only.

Rating Agencies' confirmations

The Conditions provide that if a Ratings Confirmation or other response by a Rating Agency is a condition to any action or step under any Transaction Document and a written request for such Ratings Confirmation or response is delivered to each Rating Agency by or on behalf of the Issuer and (i) (A) one Rating Agency (such Rating Agency, a "**Non-Responsive Rating Agency**") indicates that it does not consider such Ratings Confirmation or response necessary in the circumstances or that it does not, as a matter of practice or policy, provide such Ratings Confirmation or response or (B) within 30 calendar days of delivery of such request, no Ratings Confirmation or response is received and/or such request elicits no statement by such Rating Agency that such Ratings Confirmation or response could not be given; and (ii) one Rating Agency gives such Ratings Confirmation or response based on the same facts, then such condition to receive a Ratings Confirmation or response from each Rating Agency shall be modified so that there shall be no requirement for the Ratings Confirmation or response from the Non-Responsive Rating Agency if the Cash Administrator on behalf of the Issuer provides to the Note Trustee and the Security Trustee a certificate signed by two directors certifying and confirming that each of the events in sub-paragraphs (i)(A) or (B) and (ii) has occurred following the delivery by or on behalf of the Issuer of a written request to each Rating Agency. Where a Ratings Confirmation is a condition to any action or step under any Transaction Document and it is deemed to be modified as a result of a Non-Responsive Rating Agency either (i) having indicated that it does not consider such Ratings Confirmations or response necessary or, as a matter of policy, does not provide such Rating Confirmations or (ii) not having responded to the relevant request from the Issuer within 30 calendar days, there remains a risk that such Non-Responsive Rating Agency may subsequently downgrade, qualify or withdraw the then current ratings of the Rated Notes as a result of the action or step. Such a downgrade, qualification or withdrawal to the then current ratings of the Rated Notes may have an adverse effect on the value of the Rated Notes.

The Note Trustee and the Security Trustee shall be entitled to rely without liability to any person on any certificate delivered to it in connection with a Non-Responsive Rating Agency pursuant to Condition 18 (*Non-Responsive Rating Agency*). The Note Trustee and the Security Trustee shall not be required to investigate any action taken by the Issuer or such Non-Responsive Rating Agency and shall treat the applicable condition or requirement to receive a Ratings Confirmation or response from each Rating Agency as having been modified with the consent of all Noteholders and all parties to the relevant Transaction Documents so that there shall be no requirement for such Ratings Confirmation or response from the Non-Responsive Rating Agency.

Limited Secondary Market for Loans

The ability of the Issuer to redeem all of the Notes in full, including following the occurrence of an Event of Default (as defined in the Conditions) in relation to the Notes while any of the Mortgage Loans are still outstanding, may depend upon whether the Mortgage Loans can be realised to obtain an amount sufficient to redeem the Notes. There is not, at present, an active and liquid secondary market for mortgage loans of this type in the United Kingdom. There can be no assurance that a secondary market for the Mortgage Loans will develop or, if a secondary market does develop, that it will provide sufficient liquidity of investment for the Mortgage Loans to be realised or that if it does develop it will continue for the life of the Notes. The Issuer, and following the occurrence of an Event of Default, the Security Trustee, may not, therefore, be able to sell the Mortgage Loans for an amount sufficient to discharge amounts due to the Secured Creditors (including the Noteholders) in full should they be required to do so.

8. LEGAL AND REGULATORY RISKS RELATING TO THE STRUCTURE AND THE NOTES

Noteholders' interests may be adversely affected by a change of law

The transactions described in this Prospectus (including the issue of the Notes) and the ratings which are to be assigned to the Rated Notes are based on the relevant law and administrative practice in effect as at the

date hereof, and having regard to the expected tax treatment of all relevant entities under such law and practice. No assurance can be given as to the impact of any possible change to such law (including any change in regulation which may occur without a change in primary legislation), administrative practice or tax treatment after the date of this document. In addition, it should be noted that regulatory requirements (including any applicable retention, due diligence or disclosure obligations) may be recast or amended.

A change in law or regulatory requirements could affect the compliance position of the transaction as described in this Prospectus or of any party under any applicable law or regulation and/or could affect the ability of the Issuer to make payments under the Notes.

Regulatory initiatives may have an adverse impact on the regulatory treatment of the Notes

In Europe, the U.S. and elsewhere there is increased governmental and regulatory scrutiny of the asset-backed securities industry. This has resulted in multiple measures for increased regulation which are at various stages of implementation and which may have an adverse impact on the regulatory position of certain investors in securitisation exposures and/or on the incentives for certain investors to hold asset-backed securities, and may thereby affect the liquidity of such securities. None of the Issuer, the Co-Arrangers, the Joint Lead Managers, the Sellers, any other member of the Together Group, the Issuer Account Bank, the Security Trustee, the Note Trustee, the Principal Paying Agent, the Agent Bank or the Registrar makes any representation to any prospective investor or purchaser of the Notes regarding the regulatory treatment of their investment on the Closing Date or at any time in the future.

Such regulatory initiatives could adversely impact the regulatory position of Noteholders and the market value and/or liquidity of the Notes in the secondary market.

Investors in the Notes are responsible for analysing their own regulatory position and should consult their own advisers in this respect.

Prudential regulation reforms under Basel or other frameworks may have an adverse impact on the regulatory capital treatment of the Notes

Investors should note in particular that the Basel Committee on Banking Supervision ("**BCBS**") has approved a series of significant changes to the Basel framework for prudential regulation (such changes being referred to by the BCBS as Basel III, and referred to, colloquially, as Basel III in respect of reforms finalised prior to 7 December 2017 and Basel IV in respect of reforms finalised on or following that date). The Basel III/IV reforms, which include revisions to the credit risk framework in general and the securitisation framework in particular, may result in increased regulatory capital and/or other prudential requirements in respect of securitisation positions. The BCBS continues to work on new policy initiatives. National implementation of the Basel III/IV reforms may vary those reforms and/or their timing. It should also be noted that changes to prudential requirements have been made for insurance and reinsurance undertakings through participating jurisdiction initiatives, such as the Solvency II framework in Europe.

Such reforms could adversely affect the regulatory treatment of the Notes and the market value and/or liquidity of the Notes in the secondary market.

Investors in the Notes are responsible for analysing their own regulatory position and prudential regulation treatment applicable to the Notes and should consult their own advisers in this respect.

Securitisation Regulation regime applies to the Notes and non-compliance with this regime may have an adverse impact on the regulatory treatment of Notes and/or decrease the liquidity of the Notes

The Securitisation Regulation applies in general (subject to certain grandfathering) from 1 January 2019, although some legislative measures necessary for the full implementation of the new regime have not yet

been finalised and compliance with certain requirements is subject to the application of transitional provisions.

The Securitisation Regulation establishes certain common rules for all securitisations that fall within its scope (including recast of pre-1 January 2019 risk retention and investor due diligence regimes). The Securitisation Regulation has direct effect in member states of the EU and is to be implemented in due course in other countries in the EEA (which, for these purposes, includes the UK).

The Securitisation Regulation requirements apply to the Notes. As such, certain European-regulated institutional investors, including credit institutions, investment firms, authorised alternative investment fund managers, insurance and reinsurance undertakings, certain undertakings for the collective investment of transferable securities (UCITs) and certain regulated pension funds (institutions for occupational retirement provision), are required to comply, under Article 5, with certain due diligence requirements prior to holding a securitisation position and on an ongoing basis while holding such position. Among other things, prior to holding a securitisation position, such institutional investors are required to verify certain matters with respect to compliance of the relevant Transaction Parties with credit granting standards, risk retention and transparency requirements. If the relevant European-regulated institutional investor elects to acquire or holds the Notes having failed to comply with one or more of these requirements, this may result in the imposition of a penal capital charge on the Notes for institutional investors which are subject to regulatory capital requirements or a requirement to take a corrective action, in the case of a certain type of regulated fund investors. Aspects of the requirements of the Securitisation Regulation and what is or will be required to demonstrate compliance to national regulators remain unclear. Prospective investors should therefore make themselves aware of requirements applicable to them and are required to independently assess and determine the sufficiency of the information described in this Prospectus generally for the purposes of complying with such due diligence requirements under the Securitisation Regulation and any corresponding national measures which may be relevant.

Various parties to the securitisation transaction described in this Prospectus (including the Sellers and the Issuer) are also subject to the requirements of the Securitisation Regulation. However, there is at present some uncertainty in relation to some of these requirements and what is or will be required to demonstrate compliance to national regulators, including in particular with regard to the transparency obligations imposed under Article 7 of the Securitisation Regulation, the application of the transitional provisions in connection with Article 7 and the final position on the new disclosure templates to be applied under the new technical standards. Please note that the European Commission-adopted texts of Article 7 technical standards were published in October 2019, representing the near final position on the applicable reporting templates, but these are yet to be approved by the European Parliament and the Council of the European Union and it is expected that these technical standards will be finalised and enter into force in Q3 2020. Prospective investors are referred to the sections entitled "*Certain Regulatory Requirements*" and "*General Information*" for further details. Until the final position on the outstanding technical standards and related guidance is known, there can be no assurance that the information in this Prospectus or to be made available to investors in accordance with Article 7 of the Securitisation Regulation will be adequate for any prospective institutional investors to comply with their due diligence obligations under the Securitisation Regulation.

In the event that the Sellers do not comply with their obligations under Article 7 of the Securitisation Regulation, they could face certain regulatory issues, including fines, which may impact on the Sellers' ability to perform their functions under the Transaction Documents. Any fines imposed on the Issuer will rank ahead of amounts payable to Noteholders and may therefore adversely affect the ability of the Issuer to make payments under the Notes.

Non-compliance with the Securitisation Regime could adversely affect the regulatory treatment of the Notes and the market value and/or liquidity of the Notes in the secondary market.

Prospective investors in the Notes are themselves responsible for analysing their own regulatory position, and should consult their own advisers in this respect.

Potential effects of any additional regulatory changes

No assurance can be given that action and rules and regulations, additional to those discussed above, from any regulatory authority will not be implemented with regard to the mortgage market in the United Kingdom generally, the particular sector in that market in which the Sellers operate or specifically in relation to the Sellers. Any such action or developments, in particular, but not limited to, the cost of compliance, may have a material adverse effect on the Mortgage Loans, the Sellers and the Issuer and their respective businesses and operations.

This may adversely affect the Issuer's ability to make payments to the Noteholders and Certificateholders.

Insolvency proceedings and subordination provisions

There is uncertainty as to the validity and/or enforceability of a provision which (based on contractual and/or trust principles) subordinates certain payment rights of a creditor to the payment rights of other creditors of its counterparty upon the occurrence of insolvency proceedings relating to that creditor. In particular, recent cases have focused on provisions involving the subordination of a hedging counterparty's payment rights in respect of certain termination payments upon the occurrence of insolvency proceedings or other default on the part of such counterparty (so-called "flip clauses"). Such provisions are similar in effect to the terms which will be included in the Transaction Documents relating to the subordination of any Hedge Subordinated Amounts.

The English Supreme Court has held that a flip clause as described above is valid under English law. Contrary to this, however, the U.S. Bankruptcy Court has held that such a subordination provision is unenforceable under U.S. bankruptcy law and that any action to enforce such provision would violate the automatic stay which applies under such law in the case of a U.S. bankruptcy of the counterparty. The implications of this conflict remain unresolved.

If a creditor of the Issuer (such as the Swap Provider) or a related entity becomes subject to insolvency proceedings in any jurisdiction outside England and Wales (including, but not limited to, the U.S.), and it is owed a payment by the Issuer, a question arises as to whether the insolvent creditor or any insolvency official appointed in respect of that creditor could successfully challenge the validity and/or enforceability of subordination provisions included in the English law governed Transaction Documents (such as a provision of the applicable Priority of Payments which refers to the ranking of the Swap Provider's payment rights in respect of Hedge Subordinated Amounts). In particular, based on the decision of the U.S. Bankruptcy Court referred to above, there is a risk that such subordination provisions would not be upheld under U.S. bankruptcy laws. Such laws may be relevant in certain circumstances with respect to the Swap Provider given that it has assets and/or operations in the U.S., notwithstanding that it is a non-U.S. established entity and/or with respect to any replacement counterparty, depending on certain matters in respect of that entity.

In general, if a subordination provision included in the Transaction Documents was successfully challenged under the insolvency laws of any relevant jurisdiction outside England and Wales and any relevant foreign judgment or order was recognised by the English courts, such actions could adversely affect the rights of the Noteholders, the market value of the Notes and/or the ability of the Issuer to satisfy its obligations under the Notes.

Lastly, given the general relevance of the issues under discussion in the judgments referred to above and that the Transaction Documents will include terms providing for the subordination of any Hedge Subordinated Amounts, there is a risk that the final outcome of the dispute in such judgments (including any recognition action by the English courts) may result in negative rating pressure in respect of the Notes. If any rating assigned to the Notes is lowered, the market value of the Notes may reduce.

English law security and insolvency considerations

The Issuer will enter into the Deed of Charge pursuant to which it will grant the Security in respect of certain of its obligations, including its obligations under the Notes (as to which, see "*Summary of the Key Transaction Documents – Deed of Charge*"). In certain circumstances, including the occurrence of certain insolvency (or certain pre-insolvency) events in respect of the Issuer, the ability to realise the Security may be delayed and/or the value of the Security impaired. In particular, it should be noted that significant changes to the UK insolvency regime have been enacted under the Corporate Insolvency and Governance Act 2020 which received Royal Assent on 25 June 2020 and came into effect on 26 June 2020. The changes include, among other things: (i) the introduction of a new moratorium regime that certain eligible companies can obtain which will prevent creditors taking certain action against the company for a specified period; (ii) a ban on operation of or exercise of *ipso facto* clauses preventing (subject to exemptions) termination, variation or exercise of other rights under a contract due to a counterparty entering into certain insolvency or restructuring procedures; and (iii) a new compromise or arrangement under Part 26A of the Companies Act 2006 (the "**Restructuring Plan**") that provides for ways of imposing a restructuring on creditors and/or shareholders without their consent (so-called cross-class cram-down procedure), subject to certain conditions being met and with a court adjudicating on the fairness of the restructuring proposal as a whole in determining whether or not to exercise its discretionary power to sanction the Restructuring Plan. While the Issuer is expected to be exempt from the application the new moratorium regime and the ban on *ipso facto* clauses, there is no guidance on how the new legislation will be interpreted and the Secretary of State may, through regulation, modify the exceptions. For the purposes of the Restructuring Plan, it should also be noted that there are currently no exemptions, but the Secretary of State may, through regulation, provide for the exclusion of certain companies providing financial services and the UK government has expressly provided for changes to the Restructuring Plan to be effected through secondary legislation, particularly in relation to the cross-class cram-down procedure. It is therefore possible that aspects of the legislation may change. While the transaction structure is designed to minimise the likelihood of the Issuer becoming insolvent and/or subject to pre-insolvency restructuring proceedings, no assurance can be given that any modification of the exceptions from the application of the new insolvency reforms referred to above will not be detrimental to the interests of the Noteholders and, there can be no assurance that (i) the Issuer will not become insolvent and/or the subject of insolvency or pre-insolvency restructuring proceedings; and/or (ii) the Noteholders would not be adversely affected by the application of insolvency laws (including English and, if applicable, Scottish insolvency laws or the laws affecting the rights of creditors generally).

In addition, it should be noted that, to the extent that the assets of the Issuer are subject only to a floating charge (including any fixed charge recharacterised by the courts as a floating charge), in certain circumstances under the provisions of Sections 174A, 176ZA and 176A of the Insolvency Act 1986, certain floating charge realisations which would otherwise be available to satisfy the claims of secured creditors under the Deed of Charge may be used to satisfy any expenses of the insolvency proceeding, claims of unsecured creditors or creditors who otherwise take priority over floating charge recoveries. While certain of the covenants given by the Issuer in the Transaction Documents are intended to ensure it has no significant creditors other than the secured creditors under the Deed of Charge, it will be a matter of fact as to whether the Issuer has any other such creditors at any time.

Any such reduction in floating charge realisations upon the enforcement of the Security could adversely affect Noteholders.

Fixed charges may take effect under English law as floating charges

The law in England and Wales relating to the characterisation of fixed charges is unsettled. There is a risk that a court could determine that the fixed charges purported to be granted by the Issuer take effect under English law as floating charges only, if, for example, it is determined that the Security Trustee does not exert sufficient control over the charged property for the security to be said to constitute fixed charges. If the charges take effect as floating charges instead of fixed charges (although it should be noted that there is no equivalent concept of recharacterisation of fixed security as floating charges under Scots law), then, as a

matter of law, certain claims would have priority over the claims of the Security Trustee in respect of the floating charge assets.

The interest of the Secured Creditors in property and assets over which there is a floating charge will rank behind the expenses of any administration or liquidator and the claims of certain preferential creditors on enforcement of the Security. Section 250 of the Enterprise Act 2002 abolishes Crown Preference in relation to all insolvencies (and thus reduces the categories of preferential debts that are to be paid in priority to debts due to the holder of a floating charge) but section 176A of the Insolvency Act 1986 requires a prescribed part (up to a maximum amount of £600,000) of the floating charge realisations available for distribution to be set aside to satisfy the claims of unsecured creditors. This means that the expenses of any administration, the claims of preferential creditors and the beneficiaries of the prescribed part will be paid out of the proceeds of enforcement of the floating charge ahead of amounts due to Noteholders. The prescribed part will not be relevant to property subject to a valid fixed security interest or to a situation in which there are no unsecured creditors.

If any claims have priority over the claims of the Security Trustee in respect of the floating charge assets, this could adversely affect Noteholders.

Liquidation expenses payable on floating charge realisation will reduce amounts available to satisfy the claims of secured creditors of the Issuer

On 6 April 2008, a provision in the Insolvency Act 1986 came into force which effectively reversed by statute the House of Lords' decision in the case of *Leyland Daf* in 2004. Accordingly, the costs and expenses of a liquidation (including certain tax charges) will be payable out of floating charge assets in priority to the claims of the floating charge-holder. In respect of certain litigation expenses of the liquidator only, this is subject to approval of the amount of such expenses by the floating charge-holder (or, in certain circumstances, the court) pursuant to provisions set out in the Insolvency (England and Wales) Rules 2016 (as amended).

As a result of the changes described above, upon the enforcement of the floating charge security granted by the Issuer, floating charge realisations which would otherwise be available to satisfy the claims of the Secured Creditors under the Deed of Charge will be reduced by at least a significant proportion of any liquidation expenses.

Any such reduction in floating charge realisations could adversely affect Noteholders.

Banking Act 2009

The Banking Act 2009 (the "**Banking Act**") includes provision for a special resolution regime pursuant to which specified UK authorities have extended tools to deal with the failure (or likely failure) of certain UK incorporated entities, including authorised deposit-taking institutions and investment firms, and powers to take certain resolution actions in respect of third country institutions. In addition, powers may be used in certain circumstances in respect of UK established banking group companies, where such companies are in the same group as a relevant UK or third country institution or in the same group as an EEA (which, for these purposes, includes the UK) credit institution or investment firm. The Swap Provider, the Issuer Account Bank and Collection Account Bank are relevant Transaction Parties for these purposes.

The tools available under the Banking Act include share and property transfer powers (including powers for partial property transfers), bail-in powers, certain ancillary powers (including powers to modify contractual arrangements in certain circumstances) and special insolvency procedures which may be commenced by the UK authorities. It is possible that the extended tools described above could be used prior to the point at which an application for insolvency proceedings with respect to a relevant entity could be made and, in certain circumstances, the UK authorities may exercise broad pre-resolution powers in respect of relevant entities with a view to removing impediments to the exercise of the stabilisation tools.

In general, the Banking Act requires the UK authorities to have regard to specified objectives in exercising the powers provided for by the Banking Act. One of the objectives (which is required to be balanced as appropriate with the other specified objectives) refers to the protection and enhancement of the stability of the financial system of the United Kingdom. The Banking Act includes provisions related to compensation in respect of instruments and orders made under it. In general, there is considerable uncertainty about the scope of the powers afforded to UK authorities under the Banking Act and how the authorities may choose to exercise them.

If an instrument or order were to be made under the provisions of the Banking Act currently in force in respect of a relevant entity as described above, such instrument or order may (amongst other things) affect the ability of such entity to satisfy its obligations under the Transaction Documents and/or result in the cancellation, modification or conversion of certain unsecured liabilities of such entity under the Transaction Documents or in other modifications to such documents. In particular, modifications may be made pursuant to powers permitting (i) certain trust arrangements to be removed or modified, (ii) contractual arrangements between relevant entities and other parties to be removed, modified or created where considered necessary to enable a transferee in the context of a property or share transfer to operate the transferred business effectively and (iii) in connection with the modification of an unsecured liability through use of the bail-in tool, the discharge of a relevant entity from further performance of its obligations under a contract. In addition, powers may apply to require a relevant instrument or order (and related events) to be disregarded in determining whether certain widely defined "default events" have occurred. As a result, the making of an instrument or order in respect of a relevant entity as described above may affect the ability of the Issuer to meet its obligations in respect of the Notes.

At present, the UK authorities have not made an instrument or order under the Banking Act in respect of the entities referred to above and there has been no indication that any such instrument or order will be made, but there can be no assurance that this will not change and/or that Noteholders will not be adversely affected by any such instrument or order if made. While there is provision for compensation in certain circumstances under the Banking Act, there can be no assurance that Noteholders would recover compensation promptly and equal to any loss actually incurred.

Lastly, as a result of the EU's Bank Recovery and Resolution Directive 2014/59/EU, which provides for the establishment of an EEA-wide (which, for these purposes, includes the United Kingdom) framework for the recovery and resolution of credit institutions and investment firms and any other relevant national implementing measures, it is possible that an institution with its head office located in an EEA state other than the UK and/or certain banking group companies could be subject to certain resolution actions in that other state. Once again, any such action may affect the ability of any relevant entity to satisfy its obligations under the Transaction Documents and there can be no assurance that Noteholders will not be adversely affected as a result.

Withholding Tax under the Notes

Provided that the Notes are and continue to be "listed on a recognised stock exchange" (within the meaning of Section 1005 of the Income Tax Act 2007), as at the date of this Prospectus no withholding or deduction for or on account of United Kingdom income tax will be required on payments of interest on the Notes. However, there can be no assurance that the law in this area will not change during the life of the Notes.

In the event that any withholding or deduction for or on account of any tax is imposed in respect of payments on the Notes, neither the Issuer nor any other person is obliged to gross up or otherwise compensate the Noteholders for such withholding or deduction. However, in such circumstances, the Issuer will, in accordance with Condition 8.4 (*Mandatory Redemption of the Notes for Taxation or Other Reasons*) of the Notes, use reasonable endeavours to prevent such an imposition.

The applicability of any withholding or deduction for or on account of United Kingdom tax on payments of interest on the Notes is discussed further under "*Taxation – United Kingdom Taxation*".

In the event that any withholding or deduction for or on account of any tax is imposed in respect of payments on the Notes, this could result in investors receiving less interest and/or principal than expected.

UK Taxation Position of the Issuer

The Issuer has been advised that it should fall within the permanent regime for the taxation of securitisation companies (as set out in the Taxation of Securitisation Companies Regulations 2006 (SI 2006/3296) (as amended) (the "**Tax Regulations**"), and as such should be taxed only on the amount of its "retained profit" (as that term is defined in the Tax Regulations) for so long as it satisfies the conditions of the Tax Regulations. However, if the Issuer does not in fact satisfy the conditions to be taxed in accordance with the Tax Regulations (or subsequently ceases to satisfy those conditions), then the Issuer may be subject to tax liabilities not contemplated in the cashflows for the transaction described in this Prospectus. Any such tax liabilities may reduce amounts available to the Issuer to meet its obligations under the Notes and may result in investors receiving less interest and/or principal than expected.

Effects of the Volcker Rule on the Issuer

The Issuer has been structured so as not to constitute a "covered fund" for the purposes of the Volcker Rule. In reaching this conclusion, although other statutory or regulatory exclusions and/or exemptions may be available, the parties have relied on the determination that the Issuer may rely on the loan securitization exclusion provided for by section 10(c)(8) of the Volcker Rule. The Volcker Rule generally prohibits "banking entities" (which is broadly defined to include U.S. banks and bank holding companies and many non-U.S. banking entities, together with their respective subsidiaries and other affiliates) from (i) engaging in proprietary trading, (ii) acquiring or retaining an ownership interest in or sponsoring a "covered fund" and (iii) entering into certain relationships with a "covered fund", subject to certain exceptions and exclusions.

Any prospective investor in the Notes, including a U.S. or foreign bank or a subsidiary or other affiliate thereof, should consult its own legal advisers regarding such matters and other effects of the Volcker Rule in respect of any investment in the Notes and should conduct its own analysis to determine whether the Issuer is a "covered fund" for its purposes.

The general effects of the Volcker Rule remain uncertain. There is limited interpretive guidance regarding the Volcker Rule, and implementation of the regulatory framework for the Volcker Rule is still evolving. Regulators in the United States may promulgate further regulatory changes. No assurance can be given as to the impact of such changes on the Notes and/or the Residual Certificates and prospective investors should be aware that the Volcker Rule's prohibitions and lack of interpretive guidance could negatively impact the liquidity and value of the Notes.

U.S. Risk Retention Requirements

Section 941 of the Dodd-Frank Act amended the Exchange Act to generally require the "securitizer" of a "securitization transaction" to retain at least 5 per cent. of the "credit risk" of "securitized assets", as such terms are defined for the purposes of that statute, and generally prohibit a securitizer from directly or indirectly eliminating or reducing its credit exposure by hedging or otherwise transferring the credit risk that the securitizer is required to retain. The U.S. Risk Retention Rules came into effect on 24 December 2016 with respect to all classes of asset-backed securitizations. The U.S. Risk Retention Rules provide that the securitizer of an asset backed securitization is its sponsor. The U.S. Risk Retention Rules also provide for certain exemptions from the risk retention obligation that they generally impose.

The Sellers, as sponsors under the U.S. Risk Retention Rules, do not intend to retain at least 5 per cent. of the credit risk of the securitized assets for purposes of compliance with the U.S. Risk Retention Rules, but rather intend to rely on an exemption provided for in Section 20 of the U.S. Risk Retention Rules regarding non-U.S. transactions. Such non-U.S. transactions must meet certain requirements, including that:

- (1) the transaction is not required to be and is not registered under the Securities Act;
- (2) no more than 10 per cent. of the dollar value (or equivalent amount in the currency in which the "ABS interests" (as defined in Section 2 of the U.S. Risk Retention Rules) (being in this case, collectively, the Notes and the Residual Certificates) are issued) of all classes of ABS interests issued in the securitization transaction are sold or transferred to, or for the account or benefit of, U.S. persons (as defined in the U.S. Risk Retention Rules, "**Risk Retention U.S. Persons**");
- (3) neither the sponsor nor the issuer of the securitization transaction is organised under U.S. law or is a branch located in the United States of a non-U.S. entity; and (4) no more than 25 per cent. of the underlying collateral was acquired from a majority-owned affiliate or branch of the sponsor or issuer organised or located in the United States.

The Portfolio will be comprised of mortgage loans and their related security, all of which are originated by the Sellers, companies incorporated in England. See the section entitled "*The Cash Administrator, the Sellers and the Servicers*".

Prior to any Notes which are offered and sold by the Issuer being purchased by, or for the account or benefit of, any Risk Retention U.S. Person, the purchaser of such Notes must first disclose to the Sellers and the Joint Lead Managers that it is a Risk Retention U.S. Person and obtain the written consent of the Sellers in the form of a U.S. Risk Retention Consent. Prospective investors should note that the definition of U.S. person in the U.S. Risk Retention Rules is substantially similar to, but not identical to, the definition of U.S. person under Regulation S, and that persons who are not "U.S. persons" under Regulation S may be U.S. persons under the U.S. Risk Retention Rules. The definition of U.S. person in the U.S. Risk Retention Rules is excerpted below. Particular attention should be paid to clauses (b) and (h)(i), which are different than comparable provisions from Regulation S.

Under the U.S. Risk Retention Rules, and subject to limited exceptions, "U.S. person" (and "Risk Retention U.S. Person" as used in this Prospectus) means any of the following:

- (a) any natural person resident in the United States;
- (b) any partnership, corporation, limited liability company, or other organisation or entity organised or incorporated under the laws of any State or of the United States;
- (c) any estate of which any executor or administrator is a U.S. person (as defined under any other clause of this definition);
- (d) any trust of which any trustee is a U.S. person (as defined under any other clause of this definition);
- (e) any agency or branch of a foreign entity located in the United States;
- (f) any non-discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary for the benefit or account of a U.S. person (as defined under any other clause of this definition);
- (g) any discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary organised, incorporated, or (if an individual) resident in the United States; and
- (h) any partnership, corporation, limited liability company, or other organisation or entity if:
 - (i) organised or incorporated under the laws of any foreign jurisdiction; and

- (ii) formed by a U.S. person (as defined under any other clause of this definition) principally for the purpose of investing in securities not registered under the Securities Act.

Each holder of a Note or a beneficial interest therein acquired on the Closing Date, by its acquisition of a Note or a beneficial interest therein, will be deemed to represent to the Issuer, the Sellers, the Co-Arrangers and the Joint Lead Managers that it (1) either (i) is not a Risk Retention U.S. Person or (ii) has obtained a U.S. Risk Retention Consent, (2) is acquiring such Note or a beneficial interest therein for its own account and not with a view to distribute such Note and (3) is not acquiring such Note or a beneficial interest therein as part of a scheme to evade the requirements of the U.S. Risk Retention Rules (including acquiring such Notes through a non-Risk Retention U.S. Person, rather than a Risk Retention U.S. Person, as part of a scheme to evade the 10 per cent. Risk Retention U.S. Person limitation in the exemption provided for in Section 20 of the U.S. Risk Retention Rules described herein).

The Sellers have advised the Issuer that they will not provide a U.S. Risk Retention Consent to any investor if such investor's purchase would result in more than 10 per cent. of the dollar value (or equivalent amount in the currency in which the securities are issued) (as determined by fair value under U.S. GAAP) of all Classes of Notes to be sold or transferred to Risk Retention U.S. Persons on the Closing Date.

There can be no assurance that the requirement to request the Sellers to give their prior written consent to any Notes or Residual Certificates which are offered and sold by the Issuer being purchased by, or for the account or benefit of, any Risk Retention U.S. Person will be complied with or will be made by such Risk Retention U.S. Persons.

There can be no assurance that the exemption provided to the U.S. Risk Retention Rules regarding non-U.S. transactions will be available or, if such exemption is available, that it shall remain available until the Maturity Date of the Notes. No assurance can be given as to whether a failure by the Sellers to comply with the U.S. Risk Retention Rules (regardless of the reason for such failure to comply) may give rise to regulatory action which may adversely affect the Notes, the Residual Certificates or the market value of the Notes and Residual Certificates. Furthermore, the impact of the U.S. Risk Retention Rules on the securitization market generally is uncertain, and a failure by the Sellers to comply with the U.S. Risk Retention Rules could therefore materially adversely affect the market value and secondary market liquidity of the Notes and the Residual Certificates.

None of the Issuer, the Sellers, the Co-Arrangers, the Joint Lead Managers, the Issuer Account Bank, the Security Trustee, the Note Trustee, the Principal Paying Agent, the Agent Bank, the Registrar or any of their respective affiliates makes any representation to any prospective investor or purchaser of the Notes as to whether the transactions described in this Prospectus comply as a matter of fact with the U.S. Risk Retention Rules on the Closing Date or at any time in the future. Investors should consult their own advisors as to the U.S. Risk Retention Rules.

Such matters could adversely affect Noteholders and no predictions can be made as to the precise effects of such matters on any investor or otherwise.

European Market Infrastructure Regulation

Impact of recent derivative reforms on the Swap Transaction

As noted above, the Notes will have the benefit of certain derivative instruments, namely the Swap Transaction. In this regard, it should be noted that the derivatives markets are subject to extensive regulation in a number of jurisdictions, including in Europe pursuant to Regulation (EU) No 648/2012 of the European Parliament and of the Council of 4 July 2012 on OTC derivatives, central counterparties and trade repositories ("**EMIR**") as amended and in the U.S. under the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010.

It is possible that such regulation will increase the costs of and restrict participation in the derivatives markets, thereby increasing the costs of engaging in hedging or other transactions and reducing liquidity and the use of the derivatives markets. If applicable in the context of the Swap Transaction, such additional requirements, corresponding increased costs and/or related limitations on the ability the Issuer to hedge certain risks may reduce amounts available to the Issuer to meet its obligations and may result in investors' receiving less interest or principal than expected.

With respect to the risks referred to above, see also "*Impact of EMIR on the Swap Transaction*" below for further details.

Impact of EMIR on the Swap Transaction

EMIR, as amended by Regulation (EU) No 2019/834 ("**EMIR Refit 2.1**") prescribes a number of regulatory requirements for counterparties to derivatives contracts including (i) a mandatory clearing obligation for certain classes of OTC derivatives contracts (the "**Clearing Obligation**"); (ii) collateral exchange, daily valuation and other risk mitigation requirements for OTC derivatives contracts not subject to clearing (the "**Risk Mitigation Requirements**"); and (iii) certain reporting requirements. In general, the application of such regulatory requirements in respect of the Swap Transaction will depend on the classification of the counterparties to such derivative transaction.

Pursuant to EMIR, counterparties can be classified as: (a) financial counterparties ("**FCs**") (which, following changes made by EMIR Refit 2.1, include a sub-category of small FCs ("**SFCs**")), and (b) non-financial counterparties ("**NFCs**"). The category of "NFC" is further split into: (i) non-financial counterparties whose trading exceeds the "clearing threshold" ("**NFC+s**"), and (ii) non-financial counterparties whose trading falls below the "clearing threshold" ("**NFC-s**"). Whereas FCs and NFC+ entities may be subject to the Clearing Obligation or, to the extent that the relevant derivatives transactions are not subject to clearing, to the collateral exchange obligation and the daily valuation obligation under the Risk Mitigation Requirements, such obligations do not apply in respect of NFC- entities.

The Issuer is currently an NFC-, although a change in its position cannot be ruled out. Should the status of the Issuer change to NFC+ or FC, this may result in the application of the Clearing Obligation or the collateral exchange obligation and the daily valuation obligation under the Risk Mitigation Requirements, although it seems unlikely that the Swap Transaction would be a relevant type of OTC derivative contract that would be subject to the Clearing Obligation under the relevant implementing measures made to date.

Prospective investors should note that there is some uncertainty with respect to the ability of the Issuer to comply with the Clearing Obligation and the collateral exchange obligation were they to be applicable, which may (i) lead to regulatory sanctions, (ii) adversely affect the ability of the Issuer to continue to be party to the Swap Transaction (possibly resulting in a restructuring or termination of the Swap Transaction) or to enter into the Swap Transactions and/or (iii) significantly increase the cost of such arrangements, thereby negatively affecting the ability of the Issuer to hedge certain risks.

As a result, the amounts available to the Issuer to meet its obligations may be reduced, which may in turn result in investors' receiving less interest or principal than expected.

The Issuer will be required to continually comply with EMIR while it is party to any interest rate swaps, including the Swap Transaction, including any additional provisions or technical standards which may come into force or become applicable after the Closing Date, and this may necessitate amendments to the Transaction Documents and/or to the terms and conditions applying to the Notes and the Residual Certificates and/or the entry into further agreements. It should be noted that, as described above under "*Risks related to changes to the structure and documents – Meetings of Noteholders and Certificateholders, Modifications and Waivers*", EMIR-related amendments may be made to the Transaction Documents and/or to the terms and conditions applying to the Notes and the Residual Certificates, subject to receipt by the Note Trustee and the Security Trustee of a certificate issued by (i) the Issuer or (ii) the Cash Administrator on

behalf of the Issuer certifying to the Note Trustee and the Security Trustee the requested amendments are to be made solely for the purpose of enabling the Issuer to satisfy its requirements under EMIR as amended and have been drafted solely to that effect, following which the Note Trustee shall be obliged, without further investigation, without liability to any person, and without any consent or sanction of the Noteholders, to concur with the Issuer in making any modification (other than in respect of a Basic Terms Modification), to concur with the Issuer in entering into any further agreements and/or making any modification to the Conditions or any other Transaction Document to which either the Note Trustee or the Security Trustee is a party in order to enable the Issuer to comply with any requirements which apply to it under EMIR, subject to the provisos and conditions described more fully in Condition 13.6 (*Additional Right of Modification*) and Residual Condition 12.6 (*Additional Right of Modification*).

In respect of any modifications, supplement, consent or waiver in respect of any of the Transaction Documents which would have the effect of altering (i) the Payment Priorities or the Swap Collateral Account Priority of Payments (in a manner that materially adversely affects the Swap Provider); (ii) the timing or amount of any payments or deliveries due from the Issuer to the Swap Provider; (iii) the Swap Provider's status as a Secured Creditor or the Swap Provider's rights in relation to any Security (howsoever described, and including as a result of changing the nature or the scope of, or releasing such Security granted by the Issuer in favour of the Security Trustee on behalf of the Secured Creditors); (iv) any requirement to obtain the Swap Provider's prior consent (written or otherwise) in respect of any matter; or (v) Condition 8 (Redemption) of the Conditions or including any additional redemption rights in respect of the Notes in a manner that would (in the opinion of the Swap Provider, acting in good faith and a commercially reasonable manner) prejudice the Swap Provider, (i) the prior written consent of the Swap Provider or (ii) written notification from the Issuer to the Note Trustee and the Security Trustee that Swap Provider consent is not needed, is also required prior to such modification, supplement, consent or waiver being made.

9. RISKS RELATING TO THE CHARACTERISTICS OF THE NOTES

The minimum denomination of the Notes may adversely affect payments on the Notes if issued in definitive form

The Notes have a denomination consisting of a minimum authorised denomination of £100,000 plus higher integral multiples of £1,000. Accordingly, it is possible that each of the Notes may be traded in amounts in excess of the minimum authorised denomination that are not integral multiples of such denomination. In such a case, if definitive Notes are required to be issued, a Noteholder who holds a principal amount less than the minimum authorised denomination at the relevant time may not receive a definitive Note in respect of such holding and may need to purchase a principal amount of Notes such that their holding amounts to the minimum authorised denomination (or another relevant denomination amount) being at least £100,000 and higher integral multiples of £1,000.

If definitive Notes are issued, Noteholders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum authorised denomination may be illiquid and difficult to trade.

Book-Entry Interests

Unless and until Registered Definitive Notes are issued in exchange for the Book-Entry Interests, holders and beneficial owners of Book-Entry Interests will not be considered the legal owners or holders of the Notes under the Trust Deed. After payment to the Principal Paying Agent, the Issuer will not have responsibility or liability for the payment of interest, principal or other amounts in respect of the Rated Notes to Euroclear or Clearstream, Luxembourg or to holders or beneficial owners of Book-Entry Interests.

A nominee for the common safekeeper for Clearstream, Luxembourg and Euroclear (the "**Common Safekeeper**") will be considered the registered holder of the Rated Notes as shown in the records of Euroclear and Clearstream, Luxembourg and will be the sole legal holder of the Global Note under the Trust

Deed while the Rated Notes are represented by the Global Note. Accordingly, each person owning a Book-Entry Interest must rely on the relevant procedures of Euroclear and Clearstream, Luxembourg and, if such person is not a participant in such entities, on the procedures of the participant through which such person owns its interest, to exercise any right of a Noteholder under the Trust Deed.

Except as noted in the previous paragraph, payments of principal and interest on, and other amounts due in respect of, the Global Note in respect of the Rated Notes will be made by the Principal Paying Agent to a nominee of the Common Safekeeper. Upon receipt of any payment from the Principal Paying Agent, Euroclear and Clearstream, Luxembourg, as applicable, will promptly credit participants' accounts with payment in amounts proportionate to their respective ownership of Book-Entry Interests as shown on their records. The Issuer expects that payments by participants or indirect payments to owners of Book-Entry Interests held through such participants or indirect participants will be governed by standing customer instructions and customary practices, as is now the case with the securities held for the accounts of customers registered in "street name", and will be the responsibility of such participants or indirect participants. None of the Issuer, the Note Trustee, the Security Trustee, any Paying Agent nor the Registrar will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, the Book-Entry Interests or for maintaining, supervising or reviewing any records relating to such Book-Entry Interests.

Unlike Noteholders, holders of the Book-Entry Interests will not have the right under the Trust Deed to act upon solicitations by or on behalf of the Issuer for consents or requests by or on behalf of the Issuer for waivers or other actions from Noteholders. Instead, a holder of Book-Entry Interests will be permitted to act only to the extent it has received appropriate proxies to do so from Euroclear or Clearstream, Luxembourg (as the case may be) and, if applicable, their participants. There can be no assurance that procedures implemented for the granting of such proxies will be sufficient to enable holders of Book-Entry Interests to vote on any requested actions on a timely basis. Similarly, upon the occurrence of an Event of Default under the Notes, holders of Book-Entry Interests will be restricted to acting through Euroclear and Clearstream, Luxembourg unless and until Registered Definitive Notes are issued in accordance with the relevant provisions described herein under "*Terms and Conditions of the Notes*". There can be no assurance that the procedures to be implemented by Euroclear and Clearstream, Luxembourg under such circumstances will be adequate to ensure the timely exercise of remedies under the Trust Deed.

Although Euroclear and Clearstream, Luxembourg have agreed to certain procedures to facilitate transfers of Book-Entry Interests among account holders of Euroclear and Clearstream, Luxembourg, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. None of the Issuer, the Note Trustee, the Security Trustee, any Paying Agent, the Registrar nor any of their agents will have any responsibility for the performance by Euroclear or Clearstream, Luxembourg or their respective participants or account holders of their respective obligations under the rules and procedures governing their operations.

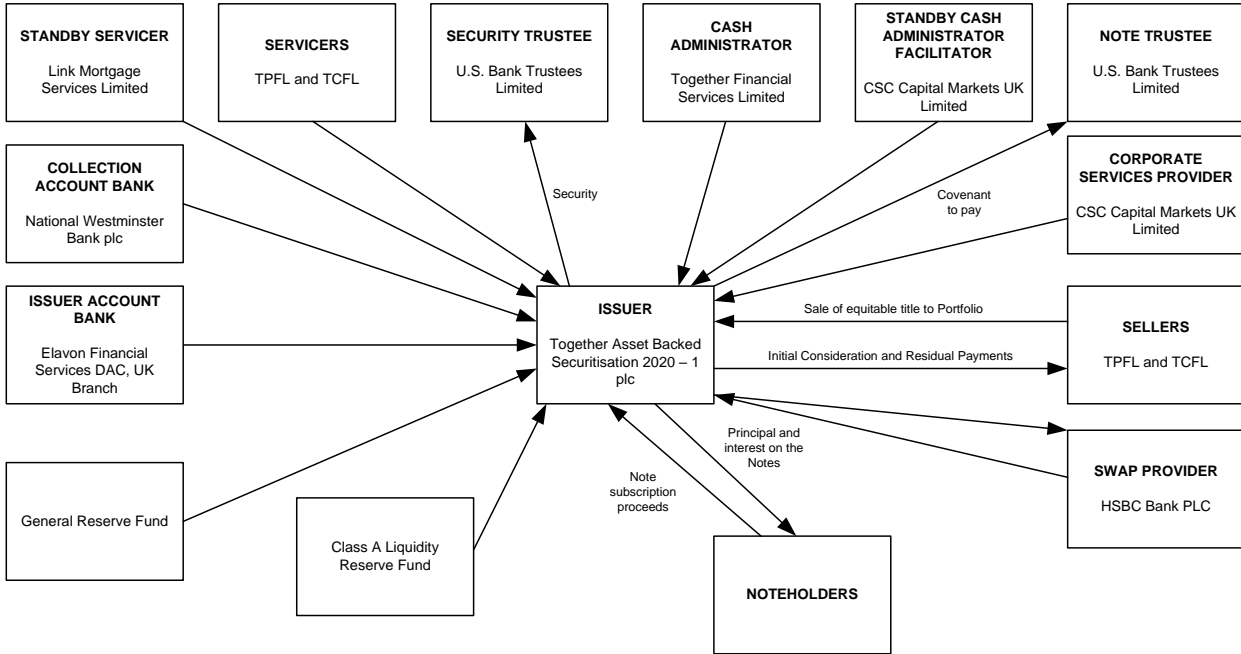

The lack of Notes in physical form could also make it difficult for a Noteholder to pledge such Notes if Notes in physical form are required by the party demanding the pledge and hinder the ability of the Noteholder to recall such Notes because some investors may be unwilling to buy Notes that are not in physical form.

Certain transfers of Notes or interests therein may only be effected in accordance with, and subject to, certain transfer restrictions and certification requirements.

Sale of Portfolio:

The Portfolio will consist of the Mortgage Loans and their Collateral Security which will be sold by the Sellers to the Issuer on the Closing Date pursuant to the Mortgage Sale Agreement.

The English Mortgage Loans and their Collateral Security are governed by English law and the Scottish Mortgage Loans and their Collateral Security are governed by Scots law.

The Mortgage Loans have been originated by the Sellers.

The sale by the Sellers to the Issuer of each English Mortgage Loan and its Collateral Security in the Portfolio will be given effect to by an equitable assignment.

The sale by each Seller to the Issuer of each Scottish Mortgage Loan and its Collateral Security in the Portfolio will be given effect by a declaration of trust by the relevant Seller in favour of the Issuer granted on the Closing Date (a "**Scottish Declaration of Trust**" which term shall also (where the context so permits) include any additional declaration of trust by the relevant Seller in favour of the Issuer granted after the Closing Date in respect of any Further Mortgage Advance or Substitute Mortgage Loan that is (or is in relation to) a Scottish Mortgage Loan under the terms of the Mortgage Sale Agreement).

The terms "**sale**", "**sell**" and "**sold**" when used in this Prospectus in connection with the Mortgage Loans and their Collateral Security shall be construed to mean each such creation of an equitable interest and such equitable assignment and the beneficial interest created under and pursuant to the Scottish Declaration of Trust, as applicable. The terms "**repurchase**" and "**repurchased**" when used in this Prospectus in connection with a Mortgage Loan and its Collateral Security shall be construed to include the repurchase of the equitable interest of the Issuer in respect of such Mortgage Loan and its Collateral Security (to the extent that it is an English Mortgage Loan) and the repurchase of the beneficial interest in respect of such Mortgage Loan and its Collateral Security (to the extent that it is a Scottish Mortgage Loan) under the Scottish Declaration of Trust and the release of such Mortgage Loan and its Collateral Security from the Scottish Declaration of Trust pursuant to the terms of the Mortgage Sale Agreement.

Prior to the occurrence of a Perfection Event, as set out below, notice of the sale of the Mortgage Loans and their Collateral Security comprising the Portfolio will not be given to the relevant individual or individuals or UK incorporated limited companies specified as borrowers in respect of a Mortgage Loan or the individual or individuals or UK incorporated limited

companies (if any) from time to time assuming an obligation to repay (under a guarantee or otherwise) such Mortgage Loan or any part of it (collectively, the "**Borrowers**" and each a "**Borrower**") and the Issuer will not apply to the Land Registry or the Registers of Scotland to register or record its equitable or beneficial interest in the English Mortgages or take any steps to complete or perfect its title to the Scottish Mortgages. Following a Perfection Event and notice of the transfer of the Mortgage Loans and their Collateral Security to the Issuer being sent to the relevant Borrowers, legal title to the Mortgage Loans and their Collateral Security (subject to appropriate registration or recording at the Land Registry or the Registers of Scotland (as appropriate)) will pass to the Issuer.

See the section entitled "*Summary of the Key Transaction Documents – Mortgage Sale Agreement – Repurchase price*" for further information.

Title and Perfection Events:

Prior to the completion of the transfer of legal title of the Mortgage Loans and their Collateral Security to the Issuer, legal title of the Mortgage Loans and their Collateral Security will remain with the relevant Seller and the Issuer will hold only the equitable title or, in relation to any Scottish Mortgage Loans and their Collateral Security, the beneficial interest in those Mortgage Loans and their Collateral Security pursuant to the Scottish Declaration of Trust and the Notes will therefore be subject to certain risks as set out in the risk factor entitled "*Each Seller to initially retain legal title to the Mortgage Loans and risks relating to set-off*" in the section entitled "*Risks relating to the underlying assets*".

Deferral: Interest due and payable on the Most Senior Class of Notes may not be deferred. Interest due and payable on the Notes (other than the Most Senior Class of Notes) may be deferred in accordance with Condition 17 (*Subordination by Deferral*).

The non-payment of any deferred interest on any Notes will not, if the Issuer has insufficient funds to make payment in full of such deferred interest, be an Event of Default unless such Notes are the Most Senior Class at the time of non-payment.

None of the Issuer or any Paying Agent or any other person will be obliged to gross-up if there is any withholding or deduction in respect of the Notes on account of taxes.

- mandatory redemption in part on any Interest Payment Date commencing on the first Interest Payment Date but prior to the service of an Enforcement Notice subject to availability of Available Principal Receipts (to the extent not applied to cover any Senior Expenses Deficit) which shall be applied:

Any Note redeemed pursuant to the above redemption provisions will be redeemed at an amount equal to its Principal Amount Outstanding together with

accrued (and unpaid) interest on its Principal Amount Outstanding up to (but excluding) the date of redemption.

Expected Average Lives of the Notes:

The actual average lives of the Notes cannot be stated, as the actual rate of repayment of the Mortgage Loans and redemption of the Mortgage Loans and a number of other relevant factors are unknown. However, calculations of the possible average lives of the Notes can be made based on certain assumptions as described under the section entitled "*Weighted Average Lives of the Notes*".

Event of Default:

As fully set out in Condition 11 (*Events of Default*) and Residual Certificates Condition 10 (*Events of Default*), which includes, amongst other events (where relevant, subject to the applicable grace period):

- in respect of the Notes only, subject to the deferral provisions in Condition 17 (*Subordination by Deferral*), non-payment of interest and/or principal and such non-payment continues for a period of three Business Days in the case of interest and five Business Days in the case of principal;
- in respect of the Residual Certificates only, failure to pay any amount due and the default continues for more than 14 Business Days from the due date for payment (provided that all of the Notes have been redeemed in full);
- breach of any other contractual obligations by the Issuer under the Transaction Documents if such breach is incapable of remedy or, if it is capable of remedy, has not been remedied within the applicable grace period;
- in respect of the Notes only, any material representation or warranty made by the Issuer (i) is incorrect on the date on which such material representation or warranty was given, where the matters giving rise to such misrepresentation is incapable of remedy or, (ii) where the matter is capable of remedy, is incorrect and has not been remedied within the applicable grace period;
- the Issuer ceasing or threatening to cease to carry on the whole or a substantial part of its business; and
- the occurrence of certain insolvency related events in relation to the Issuer.

Following the occurrence of an Event of Default, the Note Trustee may (or if so directed in writing by the holders of at least 25 per cent. in aggregate Principal Amount Outstanding of the Most Senior Class of Notes or, if the Notes have been redeemed in full, by the Certificateholders, shall) serve an Enforcement Notice on the Issuer that all Classes of Notes are immediately due and payable provided that the Note Trustee is indemnified and/or prefunded and/or secured to its satisfaction. Following service of an Enforcement Notice to the Issuer, the Security Trustee may enforce the Security.

Any condition, event, act or circumstance which would or could, with the giving of notice, lapse of time, the issuing of a certificate and/or fulfilment of any other requirement provided for in Condition 11 (*Events of Default*) or Residual Certificates Condition 10 (*Events of Default*), become an Event of Default shall

be a "**Potential Event of Default**".

Limited Recourse and Non-Petition:

The Notes are limited recourse obligations of the Issuer, and, if not repaid in full, amounts outstanding are subject to a final write-off, which is described in more detail in Condition 12.4 (*Limited Recourse*). In accordance with Condition 12.3 (*Limitations on Enforcement*), no Noteholder may proceed directly against the Issuer unless the Note Trustee or the Security Trustee, having become bound to do so, fails to do so within a reasonable period of time and such failure is continuing.

The Certificateholders are only entitled to funds which are available to the Issuer in accordance with the applicable Priority of Payments and therefore the Residual Certificates are limited recourse obligations of the Issuer.

Governing Law:

English law (other than any terms of the Transaction Documents which are particular to Scots law which will be construed in accordance with Scots law and each Scottish Declaration of Trust and each Scottish Trust Security which will be governed by Scots law).

**TRANSACTION OVERVIEW – RIGHTS OF NOTEHOLDERS AND CERTIFICATEHOLDERS

However, so long as no Event of Default has occurred and is continuing, neither the Noteholders nor the Certificateholders are entitled to instruct or direct the Issuer to take any actions, either directly or through the Note Trustee, without the consent of the Issuer and, if applicable, certain other Transaction Parties, unless the Issuer has an obligation to take such actions under the relevant Transaction Documents.

- to give any other authorisation or sanction which under the Trust Deed or any other Transaction Document is required to be given by Extraordinary Resolution.

**Relationship between
Classes of Noteholders
and
Certificateholders:**

Subject to the provisions governing a Basic Terms Modification, an Extraordinary Resolution of a relevant Class of Notes shall be binding on all other Classes of Notes which are subordinate to such Class of Notes in the Post-Enforcement Priority of Payments and on the Residual Certificates, irrespective of the effect upon them. No Extraordinary Resolution of any other Class of Noteholders or of the Certificateholders shall take effect for any purpose while the Most Senior Class of Notes remains outstanding unless it shall have been sanctioned by an Extraordinary Resolution of the holders of the Most Senior Class of Notes and, in the case of Residual Certificates, the holders of all Notes ranking in priority to the Residual Certificates in the applicable Priority of Payments, or the Note Trustee is of the opinion it would not be materially prejudicial to the interests of the holders of the Most Senior Class of Notes or, in the case of Residual Certificates, the holders of all Notes ranking in priority to the Residual Certificates in the applicable Priority of Payments.

The voting rights of the Certificateholders are limited to the extent that any Ordinary Resolution or Extraordinary Resolution of the Certificateholders is only effective if, while any Classes of Notes remain outstanding, such resolution has been sanctioned by an Ordinary Resolution or Extraordinary Resolution, respectively, of the Most Senior Class of Notes and all other Classes of Notes then outstanding, or the Note Trustee is of the opinion it would not be materially prejudicial to the interests of the holders of the Most Senior Class of Notes and all other Classes of Notes then outstanding.

A Basic Terms Modification requires an Extraordinary Resolution of the holders of the relevant affected Class or Classes of Notes and/or the Residual Certificates then in issue, as applicable.

Subject to the provisions governing a Basic Terms Modification and the foregoing paragraphs, a resolution which, in the opinion of the Note Trustee, affects the interests of the holders of:

- (a) (i) any Class of Notes of one class only or (ii) the Residual Certificates shall be deemed to have been duly passed if passed at a meeting (or by a resolution in writing or, in respect of the Rated Notes only, by a resolution passed by way of consents received through the relevant Clearing System(s)) of the holders of (x) that Class of Notes so affected or (y) the Residual Certificates;
- (b) any two or more Classes of Notes, but does not give rise to an actual or potential conflict of interest between the holders of such Classes of Notes,

shall be deemed to have been duly passed if passed at a single meeting (or by a single resolution in writing or, in respect of the Rated Notes, by a single resolution passed by way of electronic consents received through the relevant Clearing System(s)) of the holders of each such Class of Notes; and

- (c) one or more Classes of Notes and/or the Residual Certificates, but does not give rise to an actual or potential conflict of interest between the holders of such Classes of Notes and/or the Residual Certificates, shall be deemed to have been duly passed if passed at a single meeting (or by a single resolution in writing or, in respect of the Rated Notes only, by a single resolution passed by way of consents received through the relevant Clearing System(s)) of the holders of such Classes of Notes so affected and/or the Residual Certificates. Where such a resolution gives, or may give, rise to an actual or potential conflict of interest between the holders of such Classes of Notes and/or the Residual Certificates, it shall be deemed to have been duly passed only if passed at separate meetings (or by separate resolutions in writing or, in respect of the Rated Notes only, by separate resolutions passed by way of electronic consents received through the relevant Clearing System(s)) of the holders of each such Class of Notes so affected and/or Residual Certificates.

"Clearing System" means Euroclear and/or Clearstream, Luxembourg and includes in respect of any Rated Note any clearing system on behalf of which such Note is held or which is the holder or (directly or through a nominee) registered owner of a Rated Note, in either case whether alone or jointly with any other Clearing System(s).

Relationship between Noteholders and other Secured Creditors:

So long as any of the Notes are outstanding, neither the Security Trustee nor the Note Trustee shall have regard to the interests of the other Secured Creditors.

So long as the Notes are outstanding, the Note Trustee will have regard to the interests of each class of the Noteholders, but if in the Note Trustee's sole opinion there is a conflict between the interests of any Classes of Notes, it will have regard solely to the interests of the holders of the relevant affected Class of Notes ranking in priority to the other relevant Classes of Notes in the Post-Enforcement Priority of Payments and the holders of such subordinated Classes of Notes shall have no claim against the Note Trustee for so doing.

So long as any Notes are outstanding and there is a conflict between the interests of the Noteholders, the Certificateholders and the other Secured Creditors, the Security Trustee will take into account the interests of the Noteholders only in the exercise of its discretion. So long as the Notes have been redeemed in full but any Secured Obligations remain outstanding and there is a conflict between Certificateholders and the Secured Creditors (other than the Noteholders and the Certificateholders), the Security Trustee will take into account the interests of the Certificateholders (and not the other Secured Creditors) only in the exercise of its discretion.

"Secured Obligations" means any and all of the monies and liabilities which the Issuer covenants and undertakes to pay or discharge under the Issuer's covenant to pay as set out in the Deed of Charge.

For certain purposes, including the determination as to whether Notes are deemed outstanding or Residual Certificates are deemed in issue, for the purposes of convening a meeting of Noteholders or Certificateholders, those Notes or Residual Certificates (if any) which are for the time being held by or on behalf of or for the benefit of any member of the Together Group (each such entity a "**Relevant Person**"), in each case as beneficial owner, shall (unless and until ceasing to be so held) be deemed not to remain outstanding or in issue, except where all of the Notes of any Classes or all of the Residual Certificates are held by or on behalf of or for the benefit of one or more Relevant Persons, in which case such Classes of Notes (the "**Relevant Class of Notes**") and such Residual Certificates shall be deemed to remain outstanding or in issue (as the case may be), except that, if there is any other Class of Notes ranking *pari passu* with, or junior to, the Relevant Class of Notes and one or more Relevant Persons are not the beneficial owners of all the Notes of such Class, then the Relevant Class of Notes shall be deemed not to remain outstanding and provided that in relation to a matter relating to a Basic Terms Modification any Notes or the Residual Certificates which are for the time being held by or on behalf of or for the benefit of a Relevant Person, in each case as beneficial owner, shall be deemed to remain outstanding or in issue, as applicable.

Provision of Information to the Noteholders and Certificateholders:

The Cash Administrator on behalf of the Issuer will publish the monthly investor report containing information in relation to the Notes and Residual Certificates, including, but not limited to, loan level information on the underlying Portfolio, ratings of the Rated Notes, amounts paid by the Issuer pursuant to the relevant Priority of Payments in respect of the relevant period and required counterparty information (the "**Investor Report**"). Such Investor Reports will be published at www.usbank.com/abs on or around the Calculation Date.

The Cash Administrator, on behalf of the Sellers (as originators) will also publish the investor reports required under the Securitisation Regulation, as more fully set out under "*Summary of the Transaction Documents – Cash Management Agreement – Reporting under the Securitisation Regulation*".

Communication with Noteholders:

Any notice to be given by the Issuer or the Note Trustee to Noteholders shall be given in the following manner:

- (a) Subject to paragraph (d) below, any notice to Noteholders shall be validly given if published in the *Financial Times*, or, if such newspaper shall cease to be published or, if timely publication therein is not practicable, in such other English newspaper or newspapers as the Note Trustee shall approve in advance having a general circulation in the United Kingdom, provided that if, at any time, (i) the Issuer procures that the information concerned in such notice shall appear on a page of the Reuters screen, the Bloomberg screen or any other medium for electronic display of data as may be previously approved in writing by the Note Trustee and notified to Noteholders (in each case a "**Relevant Screen**"), or (ii) paragraph (c) below applies and the Issuer has so elected, publication in the newspaper set out above or such other newspaper or newspapers shall not be required with respect to such notice.
- (b) In respect of Notes in definitive form, notices to Noteholders will be sent to them by first class post (or its equivalent) or (if posted to an address outside the United Kingdom) by airmail at the respective addresses on the

Register. Any such notice will be deemed to have been given on the fourth day after the date of posting.

- (c) Whilst the Rated Notes are represented by Global Notes, notices to holders of the Rated Notes will be valid if published as described above, or, at the option of the Issuer, if submitted to Euroclear and/or Clearstream, Luxembourg for communication by them to holders of the Rated Notes. Any notice delivered to Euroclear and/or Clearstream, Luxembourg, as aforesaid shall be deemed to have been given on the day of such delivery.
- (d) So long as the relevant Notes are admitted to trading on, and listed on the official list of Euronext Dublin all notices to the Noteholders will be valid if published in a manner which complies with the rules and regulations of Euronext Dublin (which includes delivering a copy of such notice to Euronext Dublin) and any such notice will be deemed to have been given on the date sent to Euronext Dublin.

The Note Trustee shall be at liberty to sanction some other method where, in its sole opinion, the use of such other method would be reasonable having regard to market practice then prevailing and to the requirements of the stock exchanges, competent listing authorities and/or the quotation systems on or by which the Notes are then listed, quoted and/or traded and provided that advance notice of such other method is given to Noteholders in such manner as the Note Trustee shall require.

**Communication with
Certificateholders:**

The Note Trustee shall be at liberty to sanction any method of giving notice to the Certificateholders if, in its opinion, such method is reasonable having regard to market practice then prevailing and to the requirements of the quotation systems on or by which the Residual Certificates are then quoted and/or traded and provided that advance notice of such other method is given to the Certificateholders in such manner as the Note Trustee shall deem appropriate.

General Credit Structure:

The credit structure of the transaction includes the following elements:

- the availability of the General Reserve Fund to cover any shortfall of Available Revenue Receipts to pay senior expenses and interest on the Rated Notes (other than the Class X Notes) and to reduce any debit balance of the Principal Deficiency Sub-Ledgers relating to the Rated Notes. On each Interest Payment Date, an amount (if any) equal to the Reserve Fund Excess Amount will be debited from the General Reserve Fund and will be applied as Available Revenue Receipts on that Interest Payment Date.

See the section “*Credit Structure – General Reserve Fund and General Reserve Fund Ledger*”;

- the availability of the Class A Liquidity Reserve Fund to cover any shortfall of Available Revenue Receipts to pay senior expenses and interest on the Class A Notes. On each Interest Payment Date, an amount (if any) equal to the Class A Liquidity Reserve Fund Excess Amount will be debited from the Class A Liquidity Reserve Fund and will be applied as Available Revenue Receipts on that Interest Payment Date (after first having applied such Class A Liquidity Reserve Fund Excess Amount to replenish (if required) the General Reserve Fund Ledger up to the General Reserve Fund Required Amount).

See the section “*Credit Structure – Class A Liquidity Reserve*”

Fund and Class A Liquidity Reserve Fund Ledger”;

- a Principal Deficiency Ledger will be established to record as a debit any Losses on the Portfolio and Principal Addition Amounts and record as a credit Available Revenue Receipts applied as Available Principal Receipts (including any amounts in respect of Enhanced Amortisation Amounts) pursuant to the Pre-Enforcement Revenue Priority of Payments (if any). Investors should note that realised Losses in any period will be calculated after applying any recoveries following enforcement of a Mortgage Loan firstly to outstanding fees and interest amounts due and payable on the relevant Mortgage Loan. The Principal Deficiency Ledger will be credited by the amount of any Available Revenue Receipts applied as Available Principal Receipts in accordance with the relevant items of the Pre-Enforcement Revenue Priority of Payments.

See the section "*Credit Structure – Principal Deficiency Ledger*";

- on or after the Optional Redemption Date or on the Final Redemption Date, the availability of Enhanced Amortisation Amounts pursuant to item (u) of the Pre-Enforcement Revenue Priority of Payments, being any surplus Available Revenue Receipts having paid or provided for items of higher priority, which shall be applied as Available Principal Receipts in accordance with the Pre-Enforcement Principal Priority of Payments until the Notes have been redeemed in full. Any amount credited to the Principal Deficiency Ledger in respect of Enhanced Amortisation Amounts will be reduced to the extent of any future Losses arising in respect of the Portfolio; and
- the availability of Available Principal Receipts pursuant to item (a) of the Pre-Enforcement Principal Priority of Payments to cover any shortfall of Available Revenue Receipts, Class A Liquidity Reserve Fund Release Amounts or General Reserve Fund Release Amounts to pay senior expenses and interest on the Rated Notes (other than the Class X Notes). Any Available Principal Receipts applied as Principal Addition Amounts will be recorded as a debit to the Principal Deficiency Ledger.

See the section "*Credit Structure – Use of Available Principal Receipts to pay Senior Expenses Deficit*".

- the availability of interest provided by the Issuer Account Bank in respect of monies held in the Issuer Accounts and income from any Authorised Investments (other than any amount of interest and/or income received in respect of the Swap Collateral) (see the section "*Cashflows*" for further details); and
- availability of the interest rate swap provided by the Swap Provider to hedge against the possible variance between the rates of interest payable on the Fixed Rate Loans in the Portfolio and a rate of interest on the Notes calculated by

reference to Compounded Daily SONIA (see the section "*Credit Structure – Interest Rate Risk for the Notes*" for further details).

Bank Accounts and Cash Administration:

On the Closing Date the Issuer will enter into the Bank Account Agreement with the Issuer Account Bank in respect of the opening and maintenance of the Deposit Account and the Swap Collateral Account.

The Issuer will open a deposit account (the "**Deposit Account**") and a sterling cash collateral account (the "**Swap Sterling Cash Collateral Account**") pursuant to the Bank Account Agreement with the Issuer Account Bank on or prior to the Closing Date. The Issuer will open a swap sterling securities collateral account (the "**Swap Sterling Securities Collateral Account**") pursuant to the Custody Agreement with the Issuer Account Bank on or prior to the Closing Date. The Issuer may from time to time open additional or replacement accounts (including, if applicable, any securities accounts), pursuant to the Bank Account Agreement, the Custody Agreement and the Transaction Documents (such accounts, together with the Deposit Account and the Swap Collateral Accounts, the "**Issuer Accounts**").

On each Interest Payment Date, the Cash Administrator will transfer monies from the Deposit Account to be applied in accordance with the applicable Priority of Payments.

Swap Agreement:

Payments received by the Issuer under certain of the Mortgage Loans will be subject to fixed rates of interest for an initial period of time. The interest amounts payable by the Issuer in respect of the Rated Notes will be calculated by reference to Compounded Daily SONIA. To hedge against the potential variance between the fixed rates of interest received on certain of the Mortgage Loans in the Portfolio and the rate of interest payable on the Rated Notes, the Issuer will enter into the Swap Transaction with the Swap Provider under the Swap Agreement. (see the section "*Credit Structure – Interest Rate Risk for the Notes*" for further details).

Non-Rating Triggers Table

Perfection Events:

Prior to the completion of the transfer of legal title of the Mortgage Loans to the Issuer, the Issuer will be subject to certain risks as set out in the risk factor entitled "*Each Seller to initially retain legal title to the Mortgage Loans and risks relating to set-off*" in the section entitled "*Risks relating to the underlying assets*". Completion of transfer of the legal title of the Mortgage Loans by each Seller to the Issuer will be completed after the earliest to occur of the following:

- (a) the occurrence of an Insolvency Event in relation to a Seller;
- (b) a Seller being required to perfect legal title to the Mortgage Loans (i) by law; (ii) by an order of a court of competent jurisdiction; or (iii) by a regulatory authority which has jurisdiction over that Seller;
- (c) a Seller calling for perfection by serving notice in writing to that effect on the Issuer and the Security Trustee;
- (d) the occurrence of a Servicer Termination Event where:
 - (i) servicing has not been moved to another servicer within the Together Group following the expiry of all applicable grace periods; or
 - (ii) where no replacement servicer has been appointed in accordance with the Servicing Deed;
- (e) the security created under or pursuant to the Deed of Charge or any material part of that security being, in the opinion of the Security Trustee (acting reasonably), in jeopardy;
- (f) the delivery of an Enforcement Notice by the Note Trustee on the Issuer; or
- (g) it becoming unlawful in any applicable jurisdiction for a Seller to hold legal title in respect of any Mortgage Loan or its Collateral Security in the Portfolio.

If the Mortgage Loans and their Collateral Security are sold pursuant to the exercise of the Call Option, the Issuer or (if at the time the Call Option is exercised the Issuer does not hold the Whole Legal Title) each Seller, upon receipt of a direction from the Issuer and at the sole cost and expense of the Issuer, shall promptly transfer the Whole Legal Title in the Mortgage Loans and their Collateral Security comprising the Portfolio to the Legal Title Transferee(s).

Following a Perfection Event, legal title may be transferred to the Issuer (or as it may direct) and formal notice of a legal transfer, assignment, conveyance or assignation (as the case may require) of each Mortgage Loan and its Collateral Security will be given to each relevant Borrower.

Servicer Termination Events:

The Issuer (with the written consent of the Security Trustee) and/or (after the delivery of an Enforcement Notice) the Security Trustee itself may, at once or at any time thereafter while such event continues, by notice in writing to each of the Servicers (with a copy to the Standby Servicer and (if applicable) the Security Trustee), terminate each of the Servicers' appointments under the Servicing Deed if any of the following events (each a "**Servicer Termination Event**") occurs and is continuing:

- (a) any Servicer defaults in the payment on the due date of any payment due and payable by it under the Servicing Deed and such default continues unremedied:
 - (i) where the failure to pay has arisen other than as a result of a Disruption Event, for a period of 5 Business Days after the earlier of that Servicer becoming aware of the relevant default or the receipt by such Servicer (with a copy to the Standby Servicer) of written notice from the Issuer or (after the delivery of an Enforcement Notice) the Security Trustee, as the case may be, requiring the same to be remedied; or
 - (ii) where the failure to pay has arisen as a result of a Disruption Event, following the cessation of the Disruption Event or, if earlier, 30 Business Days following that Servicer becoming aware of the relevant default and receipt by such Servicer (with a copy to the Standby Servicer) of written notice from the Issuer or (after the delivery of an Enforcement Notice) the Security Trustee (with a copy to the Standby Servicer) requiring the same to be remedied;
- (b) any Servicer defaults in the performance or observance of any of its other covenants and obligations under the Servicing Deed, which failure in the reasonable opinion of the Issuer (prior to the delivery of an Enforcement Notice) or the opinion of the Note Trustee (after the delivery of an Enforcement Notice) as notified to the Security Trustee, is materially prejudicial to the interests of the Noteholders, and the relevant Servicer does not remedy that failure within 30 Business Days after the earlier of such Servicer becoming aware of the failure or of receipt by such Servicer of written notice from the Issuer or (after the delivery of an Enforcement Notice) the Security Trustee (with a copy to the Standby Servicer) requiring such Servicer's non-compliance to be remedied; or
- (c) an Insolvency Event occurs in relation to any Servicer;
- (d) any Servicer ceasing to carry on the whole of its business or ceases to carry on the whole or substantially the whole of its residential mortgage servicing business; or
- (e) it becomes unlawful in any applicable jurisdiction for any Servicer to perform any of its obligations as contemplated by the

Servicing Deed provided that this does not result or arise from compliance by such Servicer with any instruction from the Issuer or the Security Trustee.

Any Servicer may also resign upon giving not less than three months' written notice to the Issuer, the Security Trustee and the Standby Servicer provided that, *inter alia* (i) (if the Rated Notes remain outstanding) such resignation has no adverse effect on the then current ratings of the Rated Notes unless the Security Trustee or the holders of the Rated Notes, (the holders of the Rated Notes acting by way of Extraordinary Resolution) agree otherwise; (ii) each of the other Servicers resign at the same time; and (iii) a substitute servicer has been appointed in respect of each Servicer by the Issuer, subject to the prior written consent of the Security Trustee and such appointment to be effective not later than the date of such termination.

The resignation of a Servicer is conditional on, *inter alia* a substitute servicer assuming and performing all the material duties and obligations of that Servicer.

See "*Summary of the Key Transaction Documents – Servicing Deed*".

CERTAIN REGULATORY REQUIREMENTS

Securitisation Regulation

In this Prospectus:

- (a) “**Securitisation Regulation**” means Regulation (EU) 2017/2402, as amended, varied or substituted from time to time including the Securitisation Rules applicable from time to time; and
- (b) “**Securitisation Rules**” means: (i) applicable regulatory and/or implementing technical standards or delegated regulation made under the Securitisation Regulation (including any applicable transitional provisions); and/or (ii) any relevant guidance and policy statements relating to the application of the Securitisation Regulation published by the EBA, the ESMA, the EIOPA (or their successor), collectively, the European Supervisory Authorities or (“**ESAs**”), including any applicable guidance and policy statements issued by the Joint Committee of ESAs and/or the European Commission; and/or (iii) any applicable laws, regulations, rules, guidance or other implementing measures of the FCA, PRA or other relevant UK regulator (or their successor) relating to the application of the Securitisation Regulation regime in the UK including, the applicable successor laws, regulations, rules and other relevant measures, in each case, case as amended, supplemented, superseded or modified from time to time.

EU Risk Retention

The Sellers, as originators for the purposes of the Securitisation Regulation, will retain a material net economic interest of not less than 5 per cent. in the securitisation (the “**Retained Exposures**”) as required by Article 6(1) of the Securitisation Regulation (not taking into account any relevant national measures) (the “**Retention Requirements**”). As at the Closing Date, such interest will comprise the Sellers holding an interest in the first loss tranche and other tranches having the same or a more severe risk profile than those transferred or sold to investors, represented in this case by the retention by each Seller of an interest in the Class Z Notes in proportion to the total securitised exposures for which each Seller is the originator, in accordance with the text of Article 6(3)(d) of the Securitisation Regulation.

Any change to the manner in which the Retained Exposures are held will be notified to Noteholders in accordance with the Conditions and Residual Certificates Conditions (as applicable) and the requirements of the Securitisation Regulation. The Retained Exposures will be confirmed through disclosure in the Investor Reports.

Each Seller will undertake to the Issuer and the Note Trustee in the Mortgage Sale Agreement that for so long as any Rated Notes remain outstanding:

- (a) it will retain on an ongoing basis the Retained Exposures as required by the Retention Requirements;
- (b) disclose (or procure to be disclosed) in the Quarterly Investor Reports (or in such other manner as the Sellers may determine in compliance with the Securitisation Regulation, with the consent of the Note Trustee), such retained interest and the manner in which it is held as contemplated by the Securitisation Regulation;
- (c) not to change the manner in which it retains such net economic interest from the Closing Date, except to the extent permitted in accordance with the Retention Requirements and any such change will be promptly notified to the Security Trustee (on behalf of the Noteholders);

- (d) not to enter into any credit risk mitigation, short position or any other hedge or sale with respect to the Retained Exposures, except to the extent permitted in accordance with the Retention Requirements; and
- (e) to promptly notify the Issuer and the Note Trustee (on behalf of the Noteholders) if for any reason it ceases to hold the Retained Exposures in accordance with the Retention Requirements or otherwise fails to comply with its undertakings in these sub-paragraphs (a) – (e).

Transparency and reporting

Designation of the Reporting Entity

For the purposes of Article 7(2) of the Securitisation Regulation, Together Personal Finance Limited, as originator, has been designated as the entity responsible for compliance with the requirements of Article 7 of the Securitisation Regulation (the “**Reporting Entity**”) and has accepted such appointment. The Reporting Entity will either fulfil such requirements itself or shall procure that such requirements are fulfilled on its behalf. See the section entitled “*General Information*” for further information.

Reporting under the Securitisation Regulation

The Reporting Entity confirms that it has made available, prior to pricing, information required by Article 7(1)(b) of the Securitisation Regulation to the extent such information has been requested by a potential investor.

Each Seller will undertake in the Mortgage Sale Agreement to provide (or procure the provision of) any information which is required to be made available by it pursuant to, and at the times and in the manner required by, articles 7(1)(a), (b), (e), (f) and (g) of the Securitisation Regulation, subject to the provisions of article 43(8) of the Securitisation Regulation, provided that each Seller will not be in breach of such undertaking if it fails to so comply due to events, actions and/or circumstances beyond its control.

As to the information made available to prospective investors, reference is made to the information set out herein and forming part of this Prospectus and to the other documents and information which will be made available to prospective investors upon request in accordance with the Securitisation Regulation including the Investor Reports provided to the Noteholders pursuant to the Cash Administration Agreement and published by the Cash Administrator on www.usbank.com/abs and to the Quarterly Investor Reports and loan level information published by EuroABS on the following website: www.euroabs.com. The websites at www.usbank.com/abs and www.euroabs.com and the contents thereof do not form part of this Prospectus. See section entitled “*General Information*” for further details.

Credit granting standards

Each Seller has represented that in respect of the Mortgage Loans (i) the criteria applied by it in the credit-granting for the Mortgage Loans were as sound and well-defined as the criteria applied to mortgage loans advanced by it but not securitised and the same clearly established processes for approving and, where relevant, amending, renewing and refinancing the Mortgage Loans have been and will be applied; and (ii) it has effective systems in place to apply those criteria and processes to ensure that (in the manner described in the next paragraph below) the Mortgage Loans have been granted based on a thorough assessment of each Borrower’s creditworthiness (taking appropriate account of factors relevant to verifying the prospect of the Borrower meeting his/her obligations under each relevant Mortgage Loan Agreement), all as contemplated by Article 9(1) of the Securitisation Regulation.

For these purposes, ‘*thorough assessment of each obligor’s creditworthiness*’ refers to the assessment and verification by the relevant Seller (acting in accordance with the standards of a Prudent Mortgage Lender) of the prospect of the relevant Borrower meeting his/her obligations under the relevant Mortgage Loan, being in

relation to the payment of any amounts due under the relevant Mortgage Loan, an assessment of the Borrower's income, expenditure (where applicable) and credit history and carrying out relevant security checks and a Dow Jones review, Equifax credit search and CIFAS review, in each case, solely to the extent required by and in accordance with the relevant Seller's lending standards at the relevant time.

No self-certified Mortgage Loans

The Securitisation Regulation provides for a ban on the securitisation of residential mortgage loans made after 20 March 2014, which had been marketed and underwritten on the premise that the loan applicant or, where applicable, intermediaries were made aware that the information provided by the loan applicant might not be verified by the lender. Each Seller has represented that none of the Mortgage Loans in the Portfolio are Self-Certified Mortgage Loans (as defined below).

Adverse selection

Mortgage Loans have not been selected to be sold to the Issuer with the aim of rendering losses on the Mortgage Loans sold to the Issuer, measured over a period of four years, higher than the losses over the same period on comparable assets held on the balance sheet of the Sellers.

Notes are not part of a re-securitisation

The Notes are not part of a securitisation of one or more exposures where at least one of the underlying exposures is a securitisation position.

Article 5 Information Requests

Subject to the next paragraphs below, the Sellers or the Cash Administrator will procure the provision to Noteholders of any reasonable and relevant additional data and information referred to in Article 5 of the Securitisation Regulation (subject to all applicable laws).

The Trust Deed requires the Note Trustee to forward any Article 5 Information Request received by it from Noteholders to the Issuer, the Sellers, the Reporting Entity and the Cash Administrator on a weekly basis.

The Cash Administration Agreement contains provisions, upon receipt of an Article 5 Information Request by the Sellers, the Reporting Entity and the Cash Administrator:

- (a) which provides that, in considering the Article 5 Information Request, the Sellers, the Reporting Entity and/or the Cash Administrator may, at its option:
 - (i) request further clarification or information from the relevant Noteholder that the Sellers, the Reporting Entity and/or the Cash Administrator reasonably considers necessary or desirable for the purposes of determining the nature of the Article 5 Information requested or making any evaluation referred to in paragraph (b) below; and
 - (ii) request that the Noteholder undertake to pre-fund or indemnify the relevant Seller, the Reporting Entity or the Cash Administrator in respect of any reasonable and duly documented costs or expenses that it incurs in the course of obtaining the requested Article 5 Information or making any evaluation referred to in paragraph (b) below;
- (b) which requires the Sellers, the Reporting Entity and the Cash Administrator, as soon as reasonably practicable after receiving an Article 5 Information Request or, if later, receiving the response from the relevant Noteholder, to either (i) provide the Article 5 Information requested; or (ii) provide an explanation as to why, in the view of the relevant Seller, the Reporting Entity or Cash Administrator

(in each case, acting reasonably and in good faith), the provision of such Article 5 Information is not necessary or is not possible at such time (as applicable); and

- (c) which provides that the obligation of the relevant Seller, the Reporting Entity and/or the Cash Administrator (as applicable) to provide Article 5 Information is subject to the following:
- (i) any requirement of law regarding the provision of such information;
 - (ii) any breach of such obligation shall be deemed not to have occurred if the relevant Seller, the Reporting Entity and/or the Cash Administrator (as applicable) fails to so comply due to events, actions or circumstances beyond its control; and
 - (iii) the relevant Seller, the Reporting Entity and/or the Cash Administrator (as applicable) having been pre-funded or indemnified in accordance with paragraph (a)(ii) above.

“**Article 5 Information**” means such information that a Noteholder (acting reasonably and in good faith) requests (i) as being necessary to be obtained by it in order for such Noteholder to comply with its obligations under Article 5 of the Securitisation Regulation and (ii) is not available to it having reviewed information made available to it by the Issuer, the Sellers, the Servicers, the Reporting Entity and/or the Cash Administrator.

“**Article 5 Information Request**” means a written notice received by the Note Trustee from any Noteholder requesting the Sellers to provide such Article 5 Information as specified therein, together with (to the satisfaction of the Note Trustee) (a) a proof of the Noteholder’s holding of Notes; (b) an email address through which the Noteholder may be contacted for the purposes of the Sellers and the Cash Administrator providing a response to such Article 5 Information Request; and (c) a confirmation from the Noteholder that the information requested in the Article 5 Information Request is Article 5 Information.

Investors to assess compliance

Each prospective investor is required to independently assess and determine the sufficiency of the information described above and in this Prospectus generally for the purposes of complying with Article 5 of the Securitisation Regulation. None of the Issuer, the Sellers, the Co-Arrangers, the Joint Lead Managers or any of the other Transaction Parties makes any representation that the information described above or elsewhere in this Prospectus is sufficient in all circumstances for such purposes.

STS designation impacts on regulatory treatment of the Notes

The Securitisation Regulation (and the associated Regulation (EU) 2017/2401, which amends certain provisions of Regulation (EU) No 575/2013 as it relates to securitisation (**CRR Amendment Regulation**)) also includes provisions intended to implement the revised securitisation framework developed by BCBS (with adjustments) and provides, among other things, for harmonised foundation criteria and procedures applicable to securitisations seeking designation as a simple, transparent and standardised transaction (a **STS Securitisation**).

The STS securitisation designation impacts on the potential ability of the Notes to achieve better or more flexible regulatory treatment under various EU regimes that were amended (or will be amended in due course) to take into account the STS framework (such as Type 1 securitisation under Solvency II, as amended; regulatory capital treatment under the securitisation framework of the Capital Requirements Regulation, as amended by the CRR Amendment Regulation; Type 2B securitisation under the LCR Regulation, as amended).

The Notes are not intended to be, and will not be, designated as an STS Securitisation.

Prospective investors in the Notes are themselves responsible for analysing their own regulatory position, and should consult their own advisers in this respect and should consider (and where appropriate, take independent advice on) the regulatory consequences of the Notes not being considered an STS Securitisation, including (but not limited to) that the lack of such designation may negatively affect the regulatory position of, and the capital charges on, the Notes and, in addition, the negative effect on the price and liquidity of the Notes in the secondary market.

Please refer to the Risk Factors entitled "*Regulatory initiatives may have an adverse impact on the regulatory treatment of the Notes*" and "*Securitisation Regulation regime applies to the Notes and non-compliance with this regime may have an adverse impact on the regulatory treatment of Notes and/or decrease liquidity of the Notes*" for further information on the implications of the Securitisation Regulation and certain other related matters.

CRA Regulations

Prospective investors are responsible for ensuring that an investment in the Notes or Certificates is compliant with all applicable investment guidelines and requirements and in particular any requirements relating to ratings. In this context, prospective investors should note the provisions of Regulation 462/2013 (EU) which amends Regulation (EC) 1060/2009 on Credit Rating Agencies (together, "**CRA Regulation**") which became effective on 20 June 2013. CRA may require, among other things, issuers or related third parties intending to solicit a credit rating of a structured finance instrument to appoint at least two credit rating agencies to provide credit ratings independently of each other. Additionally, CRA requires certain additional disclosure to be made in respect of structured finance transactions.

In general, European regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended), subject to transitional provisions that apply in certain circumstances whilst the registration application is pending. Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended).

The credit ratings included or referred to in this Prospectus have been issued by Moody's and S&P, each of which is established in the European Union and is registered under the CRA Regulation.

Legal considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or to review or regulation by certain authorities. Each prospective investor should consult its legal advisers to determine whether and to what extent (a) the Notes or Residual Certificates are legal investments for it, (b) the Notes or Residual Certificates can be used as collateral for various types of borrowing and (c) other restrictions apply to its purchase or pledge of any Notes or Residual Certificates. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes or Residual Certificates under any applicable risk-based capital or similar rules.

WEIGHTED AVERAGE LIVES OF THE NOTES

The term "**weighted average life**" (or "**WALs**") refers to the average amount of time that will elapse from the date of issuance of a security to the date of distribution to the relevant investor of amounts sufficient to fully repay principal in respect of such security (assuming no losses on the Mortgage Loans and weighted by the principal amortisation of the Notes on each Interest Payment Date). The weighted average lives of the Notes will be influenced by, among other things, the actual rate of repayment of the Mortgage Loans in the Portfolio. In addition, the weighted average lives of the Notes, should they not be called on or after the Optional Redemption Date, will be influenced by, *inter alia*, the amount of Available Revenue Receipts used as Enhanced Amortisation Amounts in accordance with item (u) of the Pre-Enforcement Revenue Priority of Payments.

The actual weighted average lives of the Notes cannot be stated, as the ultimate rate of prepayment of the Mortgage Loans and a number of other relevant factors are unknown. However, calculations of the possible average lives of the Notes can be made based on certain assumptions.

The following tables were prepared based on the characteristics of the mortgage loans included in the Provisional Portfolio, the provisions of the Conditions and Residual Certificates Conditions (as applicable), and the following additional assumptions (the "Modelling Assumptions"). The Class X Notes, the Class R Notes and the Class Z Notes will be repaid in accordance with the relevant Priority of Payments.

Modelling Assumptions:

- (a) the Issuer exercises its option to redeem the Notes on the Optional Redemption Date, in the first scenario, or the Issuer does not exercise its option to redeem the Notes on or after the Optional Redemption Date, in the second scenario;
- (b) the Mortgage Loans are assumed to amortise in accordance with the assumed prepayment rate of between 0 per cent. and 30 per cent. per annum (for the avoidance of doubt, excluding scheduled payments) indicated in the table below;
- (c) the Notes are issued on 31 July 2020 and all payments on the Notes are received on the 15th day of each calendar month in each year (or, if such day is not a Business Day, on the immediately succeeding Business Day unless it would thereby fall into the next calendar month in which event it shall be bought forward to the immediately preceding Business Day), with the first Interest Payment Date falling on 15 September 2020;
- (d) the Principal Amount Outstanding of the Notes as at the Closing Date is, in respect of the Class A Notes 79.5 per cent. and, in respect of the Class B Notes 6.5 per cent and, in respect of the Class C Notes 4.0 per cent and, in respect of the Class D Notes 2.5 per cent, in respect of the Class E Notes 2.5 per cent and in respect of the Class X Notes 3.5 per cent and, in respect of the Class Z Notes 5.0 per cent, of the aggregate Principal Balance of the Mortgage Loans on the Closing Date;
- (e) the Call Option is exercised once the aggregate Principal Balance of the Mortgage Loans is equal to or less than 10 per cent. of the aggregate Principal Amount Outstanding of the Notes on the Closing Date;
- (f) no interest accrues on the Deposit Account;
- (g) Compounded Daily SONIA is equal to 0.0619 per cent. (as of 30 June 2020) and the Bank of England base rate is equal to 0.10 per cent.;

The actual characteristics and performance of the Mortgage Loans are likely to differ from the Modelling Assumptions. The following tables are hypothetical in nature and are provided only to give a general sense of how the principal cash flows might behave under various prepayment scenarios. For example, the Issuer does not expect that the Mortgage Loans will prepay at a constant rate until maturity, or that there will be no defaults or delinquencies on the Mortgage Loans. Any difference between the Modelling Assumptions and, *inter alia*, the actual prepayment or loss experience on the Mortgage Loans will affect the redemption profile

of the Notes and cause the weighted average lives of the Rated Notes to differ (which difference could be material) from the corresponding information in the tables for each indicated CPR.

"CPR" means, on any Calculation Date, the annualised principal prepayment rate of all the Mortgage Loans during the previous Collection Period calculated as follows:

$$1 - ((1-R) ^ {12})$$

where R equals the result (expressed as a percentage) of the total principal prepayments received by the Issuer during the immediately preceding Collection Period divided by the aggregate outstanding principal balance of the Mortgage Loans as at the first day of that Collection Period.

WALs displayed below may differ slightly from other public modelling conducted based solely on original contractual repayment.

EARLY REDEMPTION OF THE NOTES

The Option Holder may exercise the Call Option granted by the Issuer pursuant to the terms of the Mortgage Sale Agreement, requiring the Issuer to sell the Portfolio on the immediately following Interest Payment Date. The Issuer is not permitted to dispose of the Portfolio in any other circumstances (other than in relation to an enforcement of the Security or the repurchase of a Mortgage Loan and its Collateral Security by a Seller pursuant to the Mortgage Sale Agreement).

Pursuant, and subject, to the terms of the Mortgage Sale Agreement, the Issuer will grant to the Option Holder the following rights (collectively, the "**Call Option**"), which may be exercised at any time on or after the Optional Purchase Commencement Date:

- (a) the right to require the Issuer to sell and transfer the beneficial title to all (but not some) of the Mortgage Loans and their Collateral Security comprising the Portfolio (the "**Whole Beneficial Title**") in consideration for the Optional Purchase Price to the Option Holder (and/or one or more nominee(s) thereof) and/or one or more Third Party Purchaser(s) (as identified in the Exercise Notice, the "**Beneficial Title Transferee(s)**"); and
- (b) the right to require the Issuer to transfer the legal title to all (but not some) of the Mortgage Loans and their Collateral Security comprising the Portfolio (the "**Whole Legal Title**"), or if, at the time the Call Option is exercised, the Issuer does not hold legal title, the right to require the Issuer to procure that each Seller transfers legal title, to the Option Holder (and/or one or more nominee(s) thereof) and/or one or more Third Party Purchaser(s) specified as such in the Exercise Notice (as identified in the Exercise Notice, the "**Legal Title Transferee(s)**").

The Call Option may be exercised at any time after the Optional Purchase Commencement Date (as defined herein) by notice from the Option Holder to the Issuer, with a copy to the Security Trustee and each of the Sellers and the Rating Agencies, (such notice, an "**Exercise Notice**") that the Option Holder wishes to exercise the Call Option, to be effected on an Interest Payment Date following the service of the Exercise Notice (the Interest Payment Date identified as the date on which the purchase by the Beneficial Title Transferee(s) of the Whole Beneficial Title and (if applicable) the transfer of the Whole Legal Title to the Legal Title Transferee(s) is expected to be completed pursuant to the terms of the Mortgage Sale Agreement being the "**Optional Purchase Completion Date**").

The sale of the Whole Beneficial Title and (if applicable) the transfer of the Whole Legal Title pursuant to the Call Option shall also be subject to the following conditions:

- (a) either:
 - (i) the Beneficial Title Transferee(s) and (if applicable) the Legal Title Transferee(s) are each resident for tax purposes in the United Kingdom; or
 - (ii) the Issuer, having received tax advice from an appropriately qualified and experienced United Kingdom tax adviser in the form and substance satisfactory to it (acting reasonably), or such other comfort as may reasonably be required by it (including, without limitation, any clearance or other confirmation granted by HM Revenue and Customs) ("**Tax Advice**"), is satisfied that sale of the Whole Beneficial Title and (if applicable) transfer of the Whole Legal Title will not create or increase any liabilities of the Issuer to United Kingdom tax or any tax imposed by the jurisdiction of the Beneficial Title Transferee(s) and (if applicable) the Legal Title Transferee(s). The costs relating to such Tax Advice shall be borne by the Option Holder;

- (b) either:
- (i) the Legal Title Transferee(s) has all the appropriate licences, approvals, authorisations, consents, permissions and registrations (including any approvals, authorisations, consents, permissions and registrations required to be maintained under the FSMA and any rules and regulations of the FCA) required to administer residential mortgage loans such as the Mortgage Loans and their Collateral Security comprising the Portfolio (the "**Relevant Authorisations**"); or
 - (ii) the Beneficial Title Transferee(s) has appointed a servicer who has the Relevant Authorisations and that each Seller has confirmed in writing that it will hold legal title to the Mortgage Loans and their Collateral Security comprising the Portfolio on trust for the Beneficial Title Transferee(s); and
- (c) the Beneficial Title Transferee(s) shall not be permitted to transfer the beneficial interest in any of the Mortgage Loans and their Collateral Security comprising the Portfolio to a further purchaser until the transfer of the Whole Legal Title is perfected unless such transfer of beneficial interest is made to an entity which is within the charge to UK corporation tax.

Optional Purchase Price

- (b) without double counting, the greater of:
 - (i) zero; and
 - (ii) the amount required by the Issuer to pay in full all amounts payable under items (a) to (s) (inclusive) of the Pre-Enforcement Revenue Priority of Payments and items (a) to (k) (inclusive) of the Pre-Enforcement Principal Priority of Payments, in each case on the immediately following Interest Payment Date, less any Available Revenue Receipts and Available Principal Receipts otherwise available to the Issuer,

in each case, plus (without double-counting) (A) the Issuer's costs and expenses associated with transferring its interests in the Mortgage Loans and the related Collateral Security to the Option Holder or its nominee (if any) and (B) an amount agreed between the Issuer and the Option Holder in respect of costs anticipated to be incurred by the Issuer after the Optional Purchase Completion Date (the "**Optional Purchase Price**").

In connection with the exercise of the Call Option, the Beneficial Title Transferee(s) will agree with the Issuer to (i) deposit an amount equal to the Optional Purchase Price in either an escrow account in the name of the Beneficial Title Transferee(s) or in any other account as may be agreed between the Issuer and the Beneficial Title Transferee(s); or (ii) provide irrevocable payment instructions for an amount to be transferred equal to the Optional Purchase Price for value on the Optional Purchase Completion Date to the Deposit Account or such other account as may be agreed between the Issuer and Beneficial Title Transferee(s), provided that such amount referred to in (i) above shall be made or the irrevocable payment instructions referred to in (ii) above shall be given no later than (x) two Business Days prior to the Optional Purchase Completion Date or (y) such other date as the Issuer, at its sole discretion and the Beneficial Title Transferee(s) may agree, provided further that the Optional Purchase Price or irrevocable payment instructions (as applicable) must be received by the Issuer in sufficient time to enable the Issuer to provide notice of redemption of the Notes to the Noteholders pursuant to Condition 8.3 (*Mandatory Redemption of*

the Notes in Full) or Condition 8.4 (*Mandatory Redemption of the Notes for Taxation or Other Reasons*) (as applicable); and/or (iii) take any other action as may be agreed by the Beneficial Title Transferee(s), the Issuer and the Security Trustee in relation to the payment of the Optional Purchase Price.

At the cost of the Option Holder, the Issuer shall serve or, if at the time the Call Option is exercised, the Issuer does not hold the Whole Legal Title, direct each of the Sellers to serve all relevant notices and take all steps (including carrying out requisite registrations and recordings) in order to effectively vest the Whole Legal Title in the Legal Title Transferee(s), in each case subject to the terms of the Mortgage Sale Agreement, such notices to be given promptly after the Optional Purchase Completion Date.

Redemption of the Notes and the cancellation of the Residual Certificates

On the Optional Purchase Completion Date, the Optional Purchase Price will be applied as Available Revenue Receipts in accordance with the Pre-Enforcement Revenue Priority of Payments and will result in the Notes being redeemed in full.

Any Revenue Receipts or Principal Receipts received by the Issuer from and including the Collection Period Start Date immediately prior to the Optional Purchase Completion Date to and including the Optional Purchase Completion Date (such amounts being "**Optional Purchase Collections**") will be payable to or for the account of the Beneficial Title Transferee(s) and the Issuer shall transfer all such amounts to or for the account of the Beneficial Title Transferee(s) on the Optional Purchase Completion Date, after the payment of which the Residual Certificates will be cancelled.

THE MORTGAGE LOANS

The Portfolio

Introduction

The following is a description of some of the characteristics of the Mortgage Loans including details of Mortgage Loan types and selected statistical information.

An initial portfolio of mortgage loans was initially selected on 12 June 2020 from a pool of the relevant Seller's Mortgage Loans using a system containing defined data on each of the qualifying loans (the "**Preliminary Portfolio**"). This system allows the setting of exclusion criteria among others corresponding to relevant Loan Warranties that each Seller will make in the Mortgage Sale Agreement in relation to the relevant Mortgage Loans. Once the criteria have been determined, the system identifies all mortgage loans owned by each Seller that are consistent with the criteria.

The information in the section headed "*Characteristics of the Provisional Portfolio*" has been extracted from the systems of each of the Sellers as at 12 June 2020 (the "**Portfolio Reference Date**"), reflecting the Principal Balance of the Mortgage Loans on 10 June 2020 and comprises the Preliminary Portfolio less any mortgage loans that are no longer eligible or have been redeemed in full as at the Portfolio Reference Date (the "**Provisional Portfolio**"). As at the Portfolio Reference Date, the Provisional Portfolio comprised 4,143 Mortgage Loans with an aggregate Principal Balance of £372,339,059. Having removed any mortgage loans that are no longer eligible or have been redeemed in full as at the Closing Date, each Seller will then randomly select a pool from the Provisional Portfolio that will comprise the Portfolio to be sold to the Issuer on the Closing Date.

Unless otherwise indicated, the description that follows relates to types of mortgage loans that could be sold to the Issuer as part of the Portfolio as at the Closing Date.

The Portfolio

The Portfolio from time to time after the Closing Date will comprise Mortgage Loans advanced to the Borrowers upon the security of residential property situated in England, Wales or Scotland, such Mortgage Loans acquired pursuant to the Mortgage Sale Agreement, other than Mortgage Loans which have been repaid or which have been purchased from the Issuer pursuant to the Mortgage Sale Agreement.

The Portfolio includes first and second ranking owner occupied FCA regulated mortgage loans, which may include some right to buy and shared ownership loans. Additionally, the Portfolio includes unregulated Buy-To-Let Mortgage Loans and Consumer Buy-To-Let Mortgage Loans.

Origination of the Portfolio

The Portfolio comprises of Mortgage Loans originated by TCFL and TPFL. The Sellers originate mortgage loans through a number of channels including an extensive broker network, packagers and directly to borrowers.

Security

All of the Mortgage Loans are secured by either a first ranking mortgage or standard security or a second ranking mortgage or standard security.

Interest Rate Types

The Portfolio consists of Mortgage Loans which have (currently or after an initial specific period) a variable interest rate set by the relevant Seller, including:

- (i) Mortgage Loans where the variable interest rate continues for the life of the mortgage; and
- (ii) Mortgage Loans where the interest rate applicable to that Mortgage Loan is a fixed rate of interest for a specific period that reverts to a variable interest rate (the "**Fixed Rate Loans**").

As at the date of this Prospectus, interest charged on the Mortgage Loans is calculated on a monthly basis. However, each of the Sellers and the Servicers may, in the future, change the basis on which interest is calculated from a monthly to daily basis. Such a change is not expected to have any material adverse effect on the Issuer's ability to make payments under the Notes.

Characteristics of the Mortgage Loans

Repayment Terms

Mortgage Loans may combine one or more of the features listed in this section. Overpayments are allowed on all products, within certain limits. See "*Overpayments and Early Repayment Charges*" below.

Mortgage Loans are typically repayable on one of the following bases:

- "**Repayment Mortgage Loan**": the Borrower is required to make monthly payments of both interest and principal so that, when the Mortgage Loan matures, the entire outstanding amount of the principal of the Mortgage Loan will have been repaid; or
- "**Interest-only Mortgage Loan**": the Borrower is required to make monthly payments of interest but not of principal so that, when the Mortgage Loan matures, the entire outstanding principal amount of the Mortgage Loan is payable in one lump sum.

The required monthly payment in respect of the Mortgage Loans may alter from month to month as a result of, *inter alia*, a variation in interest rates and a rescheduling of the mortgage loan following the receipt of principal prepayment.

For Interest-only Mortgage Loans, because the outstanding principal is repaid in a lump sum at the maturity of the Mortgage Loan, the Borrower is required to demonstrate a repayment strategy. Acceptable repayment strategies, verified by the relevant Seller in a manner that would be acceptable to a Prudent Mortgage Lender include, *inter alia*, the sale of a property and/or the sale of a second UK property where there are sufficient funds from the proceeds of such sale to repay the principal at the end of the term, in each case, subject to MCOB rules for regulated mortgage contracts.

Early repayments of principal may be made in whole or in part at any time during the term of a Mortgage Loan, subject in certain circumstances to the payment of any early repayment charges (as described in "*Overpayments and Early Repayment Charges*" below). An early repayment of the entire outstanding balance of a Mortgage Loan discharges the Mortgage. Any early repayment of the principal amount of the Mortgage Loan in full must be made together with all accrued interest, arrears of interest, any unpaid fees and charges and any applicable repayment fee(s).

Borrowers are required to complete a direct debit mandate at the beginning of the term of the Mortgage Loan but various payments methods are available to Borrowers during the term of a Mortgage Loan, including:

- standing order from a bank or building society account; or

- credit or debit card payments.

Product switches and further mortgage advances

A Borrower may request or, for so long as the relevant Mortgage Loan is serviced by a member of the Together Group, the relevant Servicer may offer a Borrower, a Product Switch or Further Mortgage Advance from time to time. Provided the conditions described in the section entitled "*Further Mortgage Advances, Product Switches and Substitute Mortgage Loans*" in the "*Summary of the Key Transaction Documents – Mortgage Sale Agreement*" are satisfied, the relevant Mortgage Loan subject to a Product Switch will remain in the Portfolio and any relevant Further Mortgage Advance shall be sold to the Issuer on the relevant Advance Date. The Mortgage Conditions and the Mortgage Loan Agreements in respect of the Mortgage Loans comprising the Portfolio contain no obligations on the part of the Sellers to make any further advances or grant a product switch.

Forbearance

In certain circumstances following payment shortfalls on the Mortgage Loan of a relevant Borrower (which may include a Vulnerable Borrower (as defined herein)) such Borrower may be offered some degree of forbearance arrangement on the Mortgage Loan for a period of time, provided that such arrangement is in accordance with the FCA's rules and guidance. Forbearance is an arrangement to manage satisfactory repayment of a Mortgage Loan, which will differ from the originally scheduled repayment profile and the means by which any forbearance may be offered are referred to as "forbearance tools".

The relevant Servicer shall assess and provide any forbearance in accordance with its forbearance policy applicable at such time. As at the date of this Prospectus, the forbearance policy in respect of regulated Mortgage Loans contains a number of measures dependent on the circumstances of the relevant Borrower (as ascertained in a "fact find conversation"). The forbearance can be broken down into three time-related categories – "short term", "medium term" and "long term" and the various forbearance tools which may be offered pursuant to these time-related categories are as set out below:

- (a) "short term" – where the relevant Borrower experiences issues in the short term with their ability to make payments on the Mortgage Loan which could typically impact such Borrower's ability to make repayments on the Mortgage Loan for up to 12 months. The forbearance tools which may be employed in the "short term" category include the following:
 - (i) informal payment plan;
 - (ii) reduced informal payment plan;
 - (iii) interest rate reduction or a freeze on interest; and
 - (iv) a payment break of 1 month.

- (b) "medium term" – where the Borrower experiences issues in their ability to make payments on the Mortgage Loan and such issues are likely to take longer than 12 months to resolve. In such a scenario, in order to reach the best outcome for the Borrower, certain forbearance tools may be selected and offered to such Borrower. In this scenario the Borrower's ability to make repayments on the Mortgage Loan may be impacted from between 1 to 3 years. The forbearance tools which may be employed in the "medium term" category include the following:
 - (i) informal payment plan; and
 - (ii) interest rate reduction or a freeze on interest.

- (c) “long term” – where Borrowers are not able to realign their accounts without a greater level of intervention and support and who are not able to maintain their original repayment schedule in respect of the Mortgage Loan. In this scenario the Borrower’s ability to make repayments on the Mortgage Loan is expected to be impacted for more than 3 years and any forbearance offered will likely necessitate a review of the conditions of the Mortgage Loan. The forbearance tools which may be employed in the “long term” category include the following:
- (i) informal payment plan;
 - (ii) interest rate reduction or a freeze on interest;
 - (iii) a product switch;
 - (iv) an extension of the term of the Mortgage Loan (either non-contractual or contractual);
 - (v) an assisted voluntary sale of the security; and
 - (vi) a capitalisation of the arrears.

As at the date of this Prospectus, in respect of unregulated Mortgage Loans, the following forbearance measures are available to support a Borrower who experiences financial difficulty:

- (i) reduced payments;
- (ii) a reduction in the rate of interest applicable to the Mortgage Loan;
- (iii) a balance freeze; and
- (iv) a reduction in the redemption figure of the Mortgage Loan.

It should be noted that the resulting forbearance measure(s) which may be provided to the relevant Borrower will depend on the individual circumstances of such Borrower. In addition, should the relevant Borrower experience long term financial difficulties resulting in an inability to make repayments in the long term and expresses a wish to sell the property an assisted sale programme may be offered whereby the Servicer may assist in the sale of the property, provided that certain conditions are met, such as evidence that the property is already placed on the market for sale, that the Servicer has the authority to liaise with the estate agent and that a repayment plan has been agreed with the Borrower prior to any sale taking place.

The relevant Servicer may update its Forbearance policy from time to time in accordance with the standards of a Prudent Mortgage Lender. In so doing the relevant Servicer shall adhere to the then current regulatory requirements imposed by and/or guidance issued by, without limitation, the FCA and FSMA. See the section entitled "*Risk Factors – Originator risks– Consumer Protection from Unfair Trading Regulations 2008*" for further details. See also the section "*Mortgages and coronavirus: FCA guidance for firms*".

“**Vulnerable Borrower**” means a Borrower who, in accordance with the Servicer’s policies and procedures, is identified as “vulnerable” due to their personal circumstances and is especially susceptible to detriment.

Overpayments and Early Repayment Charges

"**Overpayments**" – Overpayments are allowed on all products (although, Early Repayment Charges may be payable, as to which see below). Borrowers may either increase their regular monthly payments above the normal monthly payment then applicable or make lump sum payments at any time. There is no limit to the amount of Overpayments that a Borrower can make.

For the Mortgage Loans in the Portfolio, if Borrowers pay more than the scheduled monthly payment then such Overpayment will be applied towards any monthly payment arrears first and then any balance will be applied as a capital reduction.

"Early repayment charges" – In respect of certain Mortgage Loans which are unregulated Buy-to-Let Mortgage Loans and in respect of certain regulated interest-only and repayment Mortgage Loans, the Borrower will be required to pay an early repayment charge and a repayment administration fee if certain events occur during the predetermined product period and the relevant Servicer has not waived or revised its policy with regards the payment of early repayment charges. These events include a full or partial unscheduled repayment of principal within any agreed product period. If all or part of the principal owed by the Borrower, other than the scheduled monthly payments, is repaid before the end of the product period, the Borrower will be liable to pay to the Sellers a repayment fee based on the amount prepaid.

Amounts of principal may be repaid early in full or in part on any Business Day.

Payment Holidays

Following government guidance, as at the Portfolio Reference Date approximately 23.9 per cent. of the Provisional Portfolio by aggregate Principal Balance are Mortgage Loans that are COVID-19 Payment Holiday Mortgage Loans – this breaks down to 795 of Mortgage Loans.

Title to the Portfolio

Pursuant to and under the terms of the Mortgage Sale Agreement, the Sellers will transfer to the Issuer the equitable or (in respect of the Scottish Mortgage Loans) beneficial title to the Mortgage Loans and their Collateral Security. The Sellers have agreed to transfer legal title to the Mortgage Loans and their Collateral Security to the Issuer, and the Issuer has undertaken to seek the transfer of legal title, only following the occurrence of a Perfection Event (as set out below).

None of the above-mentioned transfers to the Issuer is to be completed by registration at the Land Registry or the Registers of Scotland (as the case may be) or notice given to the relevant Borrowers or (in relation to Scottish Mortgage Loans in the Portfolio and their Collateral Security) execution and delivery of assignments of such Mortgage Loans and Collateral Security until the occurrence of one of the events set out below. The English Mortgage Loans in the Portfolio and their Collateral Security are accordingly owned in equity only by the Issuer pending such registration and notification and the Scottish Mortgage Loans in the Portfolio and their Collateral Security are accordingly held on trust for the Issuer under the Scottish Declaration of Trust pending execution and delivery of such assignments and such registration and notification. Legal title in the Mortgage Loans and their Collateral Security will continue to be vested in the Sellers until the occurrence of a Perfection Event. In the case of the Mortgage Loans secured over registered land in England or Wales or registered or recorded land in Scotland which will be transferred to the Issuer on the Closing Date, the Sellers have agreed to remain on the Land Registry or the Registers of Scotland, as applicable, as the legal mortgagee or as heritable creditor, as applicable. Following the occurrence of a Perfection Event, the Sellers have agreed, in the Mortgage Sale Agreement, to transfer legal title to the Issuer, which transfer will be perfected by steps including filing forms and assignments of standard securities at the Land Registry or the Registers of Scotland and notifying the Borrower of such transfer, as applicable, to the Issuer.

The Issuer will grant a first fixed charge in favour of the Security Trustee over its interest in the Mortgage Loans (being, in respect of the Scottish Mortgage Loans, an assignment in security of its interest in and to the Scottish Declaration of Trust and the trust constituted thereunder).

Save as mentioned below, the Security Trustee has undertaken not to effect any registration at the Land Registry or the Registers of Scotland (as the case may be) to protect the sale of the Mortgage Loans to the Issuer or the granting of security over the Mortgage Loans by the Issuer in favour of the Security Trustee

nor, save as mentioned below, to obtain possession of Title Deeds to the properties the subject of the Mortgage Loans.

Notices of the equitable assignments or declarations of trust in favour of the Issuer and the security in favour of the Security Trustee will not, save as mentioned below, be given to the Borrowers under the Mortgage Loans.

As noted above, until the occurrence of a Perfection Event, the Issuer and the Security Trustee will not take actions to effect a transfer of legal title to the Mortgage Loans and their Collateral Security to the Issuer. The following events constitute Perfection Events:

- (a) the occurrence of an Insolvency Event occurring in relation to a Seller; or
- (b) a Seller being required to perfect legal title to the Mortgage Loans (i) by law; (ii) by an order of a court of competent jurisdiction; or (iii) by a regulatory authority which has jurisdiction over a Seller; or
- (c) a Seller calling for perfection by serving notice in writing to that effect on the Issuer and the Security Trustee; or
- (d) the occurrence of a Servicer Termination Event where:
 - (i) servicing has not been moved within the Together Group following the expiry of all applicable grace periods; or
 - (ii) no replacement servicer has been appointed in accordance with the provisions of the Servicing Deed; or
- (e) the security created under or pursuant to the Deed of Charge or any material part of that security being, in the opinion of the Security Trustee (acting reasonably), in jeopardy; or
- (f) the delivery of an Enforcement Notice by the Note Trustee on the Issuer; or
- (g) it becoming unlawful in any applicable jurisdiction for a Seller to hold legal title in respect of any Mortgage Loan or its Collateral Security in the Portfolio.

Following the occurrence of a Perfection Event, the Issuer and the Security Trustee will each be entitled to take all necessary steps to perfect legal title to its interests in the Mortgage Loans and their Collateral Security, including the carrying out of any necessary registrations, recordings and notifications. In furtherance of these rights, each Seller has granted the Issuer and the Security Trustee an irrevocable power of attorney to take certain action in the name of the relevant Seller (including action required to perfect a legal transfer of the Mortgage Loans and their Collateral Security).

Warranties and Breach of Warranties in relation to the Mortgage Loans

The Mortgage Sale Agreement contains certain representations and warranties given by the Sellers in favour of the Issuer in relation to the Mortgage Loans in the Portfolio and their Collateral Security sold to the Issuer pursuant to the Mortgage Sale Agreement.

No searches, enquiries or independent investigation of title of the type which a prudent purchaser or mortgagee would normally be expected to carry out have been or will be made by the Issuer. The Issuer will rely entirely on the benefit of the representations and warranties given to it by the Sellers under the Mortgage Sale Agreement.

If there is an unremedied material breach of any of the Loan Warranties given under the Mortgage Sale Agreement then the relevant Seller will be required to repurchase the relevant Mortgage Loan pursuant to the Mortgage Sale Agreement for consideration in either a cash payment and/or Substitute Mortgage Loans such that the aggregate Principal Balance of the Substitute Mortgage Loan(s) (if any) and the cost payment amount (if any) is equal to the Principal Balance of the relevant Mortgage Loans as per the last day of the calendar month immediately preceding the repurchase date, but increased with accrued but unpaid interest from the prior month and up to the repurchase date, together with an amount equal to all other non-interest amounts due and unpaid (but not capitalised) under such Mortgage Loans.

Lending Criteria

As at the date of this Prospectus, the Together Group offers a number of different products, including first ranking mortgage loans, second ranking mortgage loans, buy-to-let mortgage loans (both unregulated and consumer buy-to-let loans), shared ownership mortgage loans and right to buy mortgage loans.

The Mortgage Loans comprised in the Portfolio will all consist of Mortgage Loans secured by (in the case of English Mortgage Loans) a first or second charge or (in the case of Scottish Mortgage Loans) a first or second ranking standard security against residential properties located in England or Wales (in the case of English Mortgage Loans) or Scotland (in the case of Scottish Mortgage Loans). All relevant Borrowers are required to have (in respect of an English Mortgage Loan) good and marketable title or (in respect of a Scottish Mortgage Loan) valid and marketable heritable or long lease title to the relevant Property free from any encumbrance (except the relevant Mortgage or, in the case of Second Mortgage Loans, the relevant first ranking charge or security or, in the case of Right to Buy Loans, any statutory charge or standard security) which would adversely affect such title.

All types of property structures in England, Wales and Scotland are considered as security. Right-to-buy properties located in Scotland are accepted as security by referral only. Any leasehold property must have a leasehold term at least equal to the minimum term of the Mortgage Loan plus 50 years to be considered as acceptable security.

Together lends to both individuals and to companies. It is a requirement to verify identification and residency for every customer (including company directors, shareholders, beneficial owners and authorised signatories of companies/trusts). Whilst Together does not lend internationally, customers may be nationals of non-UK countries and/or reside in other countries. Together undertakes a country-based risk assessment which considers information from a variety of sources, *inter alia*, HM Treasury and Financial Action Task Force ("FATF") publications. Together does not conduct any business with persons or entities listed on international sanctions lists (unless by express permission of the relevant supervisory body such as HM Treasury in the UK). Such sanctions lists include, *inter alia*, HM Treasury, the European Union, the Office of Foreign Assets and Controls ("OFAC") and the United Nations ("UN").

The maximum loan amount permitted by Together is £1,000,000 where the Mortgage Loan is a residential First Mortgage Loan, £2,000,000 where the Mortgage Loan is a buy-to-let First Mortgage Loan, £1,000,000 where the Mortgage Loan is a residential Second Mortgage Loan, £500,000 where the Mortgage Loan is a buy-to-let Second Mortgage Loan, and £250,000 where the Mortgage Loan is a shared ownership Mortgage Loan (in each case, higher amounts considered by referral). The maximum term is not more than (i) 40 years in respect of Mortgage Loans originated by TPFL or (ii) 30 years in respect of Mortgage Loans originated by TCFL. The minimum age of borrowers at the time of application is 18.

For regulated Mortgage Loans, the "Lending into Retirement" policy applies if the term of the mortgage exceeds the applicant's intended retirement age or the age of 70, whichever is the earliest. The maximum age of borrowers at the maturity of the Mortgage Loan will not exceed 85 in the case of First Mortgage Loans and 80 in the case of Second Mortgage Loans. Together may lend beyond the applicant's retirement age where such applicant is greater than or ten years from the agreed retirement age provided that the applicant signs a declaration confirming that they are aware that the loan extends past their retirement age and stating

how post-retirement payments will be funded. Where pension income is intended to be used post-retirement then Together require evidence of contribution to the pension plan or a copy of the current pension statement. If the applicant is within 10 years of their stated retirement age or the applicant is over 55 (whether or not they are within 10 years from retirement), then Together will proceed on a referral basis only and will undertake an assessment of affordability post retirement based on the expected income post retirement and expenditure may be adjusted to reflect known changes in lifestyle. For unregulated Mortgage Loans there is no maximum age restriction. In the case of Buy-to-Let Mortgage Loans and Consumer Buy-to-Let Mortgage Loans only, employed or self-employed income is not required to evidence affordability, where it has been demonstrated the loan repayments can be serviced by rental income. Conversely, rental income is not fundamental to evidencing affordability, where it has been demonstrated that the loan repayments can be serviced by employed or self-employed income.

The loan to value is calculated by dividing the current customer balance (plus any amounts standing under a prior charge) by the open market value, determined by the valuation of the property. The maximum loan to value is 75 per cent. for residential First Mortgage Loans and Buy-to-Let Mortgage Loans, 77.5 per cent. for residential Second Mortgage Loans (inclusive of any amounts added to the Mortgage Loan in respect of fees) (in each case, higher amounts considered by referral). Valuations are carried out in accordance with a valuation methodology as would be acceptable to a Prudent Mortgage Lender.

Underwriting

For regulated Mortgage Loans, the underwriting stage in relation to both Consumer Buy-to-Let Mortgage Loan and owner occupied Mortgage Loan applications consists of a detailed individualised credit, affordability and repayment assessment, which the Sellers believe provides them with a thorough understanding of each loan application. In the case of Buy-to-Let Mortgage Loans and Consumer Buy-to-Let Mortgage Loans only, employed or self-employed income is not required to evidence affordability, where it has been demonstrated the loan repayments can be serviced by rental income. Conversely, in the case of Buy-to-Let Mortgage Loans and Consumer Buy-to-Let Mortgage Loans only, rental income is not fundamental to evidencing affordability, where it has been demonstrated that the loan repayments can be serviced by employed or self-employed income. In the underwriting process, the Sellers primarily focus on affordability and sustainability, being the ability of the loan applicant to service and repay the requested loan through its term, the repayment strategy where the loan will not be repaid from instalments and security (being the adequacy of the property which will serve as security for the loan). In relation to interest only loans, an assessment is also made with respect to the customers' exit strategy.

To ensure strict compliance with the Sellers' underwriting guidelines, each Seller has in place mandate and authorisation controls, a staff training and competency program as well as quality assurance sampling procedures. Traditionally, lenders have applied income multiples to determine the maximum amount a loan applicant can borrow. Rather than relying on income multiples, the Sellers calculate the loan amount that an applicant can afford on the basis of an assessment of the main components of income and expenditure, including a contingency for unexpected expenditure and a buffer for increases in interest rates. Proof of income, typically in the form of payslips, an employer reference or, in the case of self-employed applicants, an accountant's certificate or tax calculation, is required. Income and expected expenditure are assessed for both plausibility and sustainability. The relevant Seller's determination of the adequacy of proposed security is based on a valuation of the property. For additional information on the Sellers' approach to the valuation of properties, see the section entitled "*Valuations*" below.

Unlike many lenders who principally rely on scorecard or other automated processes in making their lending decisions, the Sellers primarily rely on a detailed and personalized underwriting process, which includes an in-depth assessment of a borrower's individual financial circumstances. Each loan application is individually reviewed by an underwriter, who is overseen by a team leader. Each underwriter is provided with comprehensive training, which is overseen by a dedicated training and competency Supervisor. The Sellers, as lender of record in respect of the Mortgage Loans and Collateral Security and the Servicers may vary the relevant Underwriting Policy in a manner as would be acceptable to a Prudent Mortgage Lender.

Valuations

In respect of regulated Mortgage Loans, valuers should typically be based within a 15 mile radius of the property and valuations should typically be dated within the last three months. All valuations must be original valuations and if amendments have been made to a valuation, then the Sellers would require such amendments to be subject to credit committee approval. All valuations of £1,000,000 or more are strictly subject to underwriter approval. Audit valuations may be required if the property value exceeds £500,000.

In respect of unregulated Mortgage Loans, all valuers should typically be based within a 25 mile radius of the property and valuations should typically be dated within the last three months otherwise additional due diligence is required. All valuations must be original valuations and if amendments have been made to a valuation, then the Sellers would require such amendments to be subject to credit committee approval. All valuations which exceed £1,000,000 are subject to underwriter approval and additional audit valuations may be required where properties have a value which exceeds £1,500,000.

Assessment of Rental Income

Proof of income is required for all applicants. Where applicants are using rental income (or agent assessed rental income), the total rental income must be at least equal to the Minimum Amount (as defined below). Any calculation of rental income must be net of ground rent and service charges. Where rental income is verified by an assured shorthold tenancy agreement, 100 per cent. of the rental income must cover the Minimum Amount; where rental income has been verified by an estate or letting agent's rental projection, 90 per cent. of the rental income must cover the Minimum Amount. If rental income is less than the relevant Minimum Amount then use of additional income is acceptable. In this paragraph, "**Minimum Amount**" means:

- (a) if the applicant is a basic rate tax payer, 125 per cent. of the total secured lending repayments;
- (b) if the applicant is a higher rate tax payer, 145 per cent. of the total secured lending repayments;
- (c) if the applicant is an additional rate tax payer, 165 per cent. of the total secured lending repayments;
and
- (d) if the applicant is a limited company, 125 per cent. of the total secured lending repayments.

Servicing of the Portfolio

The Servicers will be required from the Closing Date to service the Portfolio as an agent of the Issuer and the Security Trustee under and in accordance with the terms of the Servicing Deed. The duties of the Servicers will include, amongst other things:

- operating the Collection Accounts and ensuring that payments are made into and from the Collection Accounts in accordance with the Servicing Deed;
- notifying the Borrowers of any change in their monthly payments;
- arranging payments required to be made by the Servicers in accordance with the Transaction Documents;
- keeping records and books of account on behalf of the Issuer in relation to the Mortgage Loans and their related Mortgages and other Collateral Security;
- providing a redemption statement upon the request of a Borrower or the Borrower's solicitor or licensed or qualified conveyancer;

- taking all reasonable steps to recover all sums due to the Issuer, including by the institution of proceedings and/or the enforcement of any Mortgage or any Collateral Security; and
- taking all action and doing all such things as would be reasonable to expect a Prudent Mortgage Lender to do in administering its mortgages.

Enforcement Procedures

The Servicers have established procedures for managing Mortgage Loans which are in arrears, including early contact with Borrowers in order to understand the reason and to find a solution to any financial difficulties they may be experiencing. These procedures may vary, from time to time, in accordance with the practice of a Prudent Mortgage Lender, to comply with law, regulation or guidance or with the consent of, *inter alia*, the Issuer and the Security Trustee. The procedures are required to be used by the Servicers in respect of arrears arising on the Mortgage Loans. For information relating to the servicing of the loans contained in the Portfolio, and the enforcement procedures carried out in relation thereto, see further the section entitled "*Summary of the Key Transaction Documents – Servicing Deed*".

In order to realise its security in respect of a Property, the relevant mortgagee or, as applicable, heritable creditor (be it the legal owner (the Sellers), the equitable or, as the case may be, the beneficial owner (the Issuer), the Security Trustee or its appointee (if the Security Trustee has taken enforcement action against the Issuer)) will need to obtain possession. Possession is taken by following the applicable court proceedings and obtaining a court order.

If a mortgagee or, as applicable, heritable creditor takes physical possession, it will, as mortgagee or, as applicable, heritable creditor in possession, have an obligation to account to the Borrower for the income obtained from the Property, be liable for any damage to the Property, have a limited liability to repair the Property and, in certain circumstances, may be obliged to make improvements.

Actions for possession are regulated by statute and the courts have certain powers to adjourn possession proceedings, to stay any possession order or postpone the date for delivery of possession. The court will exercise such powers in favour of a Borrower, broadly, where it appears to the court that such Borrower is likely to be able, within a reasonable period, to pay any sums due under the Mortgage Loan or to remedy any default consisting of a breach of any other obligation arising under or by virtue of the Mortgage Loan and/or Mortgage. It is also possible that legislative and/or regulatory direction or guidance may be issued to suspend repossessions or direct the way in which repossessions should take place (such as the actions taken during the COVID-19 pandemic) and the Servicer will, where required, be obliged to comply with and take into account such legislative and/or regulatory direction or guidance where applicable.

The court has a very wide discretion and may adopt a sympathetic attitude towards a Borrower faced with eviction. If a possession order or decree in favour of the relevant mortgagee or, as applicable, heritable creditor is granted, it may be suspended to allow the Borrower more time to pay. Once possession of the Property has been obtained, the relevant mortgagee or, as applicable, heritable creditor has a duty to the Borrower to take reasonable care to obtain a proper and fair price for the Property. Any failure to do so will put the relevant mortgagee or, as applicable, heritable creditor at risk of an action for breach of such duty by the Borrower, although it is for the Borrower to prove breach of such duty. There is also a risk that a Borrower may also take court action to force the relevant mortgagee or, as applicable, heritable creditor to sell the Property within a reasonable time.

Investors should note that pursuant to the FCA COVID-19 Guidance (as described in the section entitled '*Mortgages and coronavirus: FCA guidance for firms*' below) mortgage lenders/administrators should not commence or continue repossession proceedings against customers before 31 October 2020, irrespective of the stage that repossession proceedings have reached and to any step taken in pursuit of repossession.

In respect of Buy-to-Let Mortgage Loans which are unregulated or regulated, the servicer may elect to appoint an LPA receiver (except in respect of Scottish Mortgage Loans as it is not possible to appoint an LPA receiver in Scotland). An LPA receivership is typically used to exercise security over a property that is used for commercial purposes and enables the lender to sell the property or divert income streams (rental income) from properties directly to the lender, which may not lead to an eventual sale process if the borrower is able to recover their position.

A Servicer may vary the Collections and Arrears Policy (as defined herein) from time to time in a manner as would be acceptable to a Prudent Mortgage Lender.

Insurance Contracts

Buildings Insurance

Buildings insurance at the date of completion of the relevant Mortgage Loan is confirmed by way of receipt of the policy. After the date of completion of the relevant Mortgage Loan, to the extent that a Borrower does not maintain buildings insurance, the Sellers maintain the following forms of contingency insurance cover:

- **"Properties in Possession Cover"**, being the block properties in possession insurance policy of the Sellers, written by Zurich Insurance PLC, for any repossessed Properties;
- **"Lender Interest Only Cover"**, being a policy of the Sellers written by Zurich Insurance PLC, whereby the Sellers place the Borrowers on such Lender Interest Only Cover when the Servicer is made aware that the Borrower's own insurance in respect of the Property referable to its Mortgage Loan has expired or lapsed. The premium of the Lender Interest Only Cover is charged back to the Borrower on an annual basis (pro rated); and
- **"Failure to Insure Cover"**, being a policy of the Sellers, written by Zurich Insurance PLC, covering all Mortgage Loans originated by the Sellers. The Failure to Insure Cover would pay out if a Borrower's own policy has been cancelled but the relevant Servicer has not been notified of such an event and so Lender Interest Only Cover has not been put in place.

Credit Risk Mitigation

Each Seller has internal policies and procedures in relation to the granting of credit, administration of credit-risk bearing portfolios and risk mitigation.

The policies and procedures of the Sellers in this regard broadly include the following:

- (a) criteria for the granting of credit and the process for approving, amending, renewing and re-financing credits (as to which, in relation to the Mortgage Loans, please see the information set out in this Prospectus headed "*The Mortgage Loans – Lending Criteria*", "*Summary of the Key Transaction Documents – Servicing Deed*" and "*Certain Regulatory Requirements*");
- (b) systems in place to administer and monitor the various credit-risk bearing portfolios and exposures (as to which it should be noted that the Portfolio will be serviced in line with the servicing procedures of the Sellers and the Servicers – please see further the section of this Prospectus headed "*Summary of the Key Transaction Documents – Servicing Deed*");
- (c) diversification of credit portfolios taking into account the Seller's target market and overall credit strategy (as to which, in relation to the Portfolio, please see the section of this Prospectus headed "*Characteristics of the Provisional Portfolio*"); and

- (d) policies and procedures in relation to risk mitigation techniques (as to which, please see further the section of this Prospectus headed "*The Mortgage Loans – Lending Criteria*" and "*Summary of the Key Transaction Documents – Servicing Deed*").

Governing Law

Each of the English Mortgage Loans and any non-contractual obligations arising out of or in connection with them are governed by English law. Each of the Scottish Mortgage Loans and any non-contractual obligations arising out of or in connection with them are governed by Scots law.

CHARACTERISTICS OF THE PROVISIONAL PORTFOLIO

The statistical and other information contained in this Prospectus (including the tables below) have been compiled by reference to loans originated by each Seller in a provisional portfolio (the "**Provisional Portfolio**") and extracted from the systems of such Seller as at the Portfolio Reference Date and reflecting the Principal Balance of the Mortgage Loans on 10 June 2020.

As at the Portfolio Reference Date, the Provisional Portfolio comprised of 4,143 loans originated by the Sellers between October 2017 and January 2020 and secured over properties located in England, Wales and Scotland. The aggregate Principal Balance of the loans in the Provisional Portfolio as at the Portfolio Reference Date was £372,339,059. The Properties over which the loans in the Provisional Portfolio are secured have not been revalued for the purposes of the issue of the Notes. Having removed any mortgage loans that are no longer eligible or have been redeemed in full as at the Closing Date, each Seller will then randomly select a pool from the Provisional Portfolio that will comprise the Portfolio to be sold to the Issuer on the Closing Date.

The characteristics of the Portfolio will differ from those set out below as a result of, among other things, repayments and redemptions of loans in the Provisional Portfolio from the Portfolio Reference Date to the Closing Date and removal of any mortgage loans that do not comply with the Loan Warranties as at the Closing Date. If loans selected for the Portfolio are repaid in full or in part between the Cut-Off Date and the Closing Date, the principal recoveries from that loan will form part of Available Principal Receipts. Except as otherwise indicated, these tables have been prepared using the Principal Balance of each loan in the Provisional Portfolio as at the Portfolio Reference Date, which includes all principal and accrued interest arising thereafter for the loans in the Provisional Portfolio. Columns may not add up to 100 per cent. due to rounding.

CHARACTERISTICS OF THE UNITED KINGDOM RESIDENTIAL MORTGAGE MARKET

The UK housing market is primarily one of owner-occupied housing, with the remainder in some form of public, private landlord or social ownership. The mortgage market, whereby loans are provided for the purchase of a property and secured on that property, is the primary source of household borrowings in the United Kingdom.

Set out in the following tables are certain characteristics of the United Kingdom mortgage market. No assurance can be given that the Mortgage Loans in the Portfolio are or will be representative of the information set out in the tables or generally to the performance of the UK housing market. For information relating to the Mortgage Loans contained in the Provisional Portfolio, see further the section entitled "*Characteristics of the Provisional Portfolio*".

Industry CPR rates

In the following tables, quarterly industry constant prepayment rate ("**industry CPR**") data was calculated by dividing the amount of scheduled and unscheduled early repayments of mortgages made by banks, building societies and other specialist mortgage lenders in a quarter by the quarterly balance of mortgages outstanding for banks, building societies and other specialist mortgage lenders in the United Kingdom. These quarterly prepayment rates were then annualised using standard methodology.

House Price to Earnings Ratio

The following table shows the ratio for each year of the average annual value of houses compared to the average annual salary in the United Kingdom. The average annual earnings figures are constructed using the annual survey of hours and earnings figures published by the Office for National Statistics referring to weekly earnings in April of each year for those male employees whose earnings were not affected by their absence from work. While this is indicative of housing affordability, it does not take into account the fact that the majority of households have more than one income to support a mortgage loan.

House Price Index

UK residential property prices can be measured by, among other indexes, the non-seasonally adjusted Nationwide House Price Index (a national house price index that is derived from Nationwide lending data for properties at the post survey approval stage). Nationwide is a UK building society.

The UK housing market has been through various economic cycles in the recent past, with year-to-year increases in the Nationwide House Price Index occurring in the late 1990s to the late 2000s and decreases occurring in the early 1990s and from 2008 to 2012.

INFORMATION RELATING TO THE REGULATION OF MORTGAGES IN THE UK

Regulated Mortgage Contracts

In the United Kingdom, regulation of residential mortgage business under the Financial Services and Markets Act 2000 ("**FSMA**") came into force on 31 October 2004 (the "**Regulation Effective Date**"). Residential mortgage lending under the FSMA is regulated by the FCA (and prior to 1 April 2013, was regulated by its predecessor, the FSA). Subject to certain exemptions, each of the following are regulated activities under the FSMA and the Financial Services and Markets Act 2000 (Regulated Activities) Order 2001 (SI 2001/544) (as amended) (the "**RAO**") requiring authorisation and permission from the FCA: (a) entering into a Regulated Mortgage Contract (as defined in the RAO) as lender; (b) administering a Regulated Mortgage Contract (administering in this context broadly means notifying borrowers of changes in interest rates, mortgage payments or other matters which the contract requires the borrower to be notified of and/or collecting payments due under the mortgage loan); (c) advising in respect of Regulated Mortgage Contracts; and (d) arranging Regulated Mortgage Contracts. Agreeing to carry on any of these activities is also a regulated activity.

The original definition of a Regulated Mortgage Contract was such that if a mortgage contract was entered into on or after the Regulation Effective Date but prior to 21 March 2016, it was a Regulated Mortgage Contract under the RAO if: (i) the lender provided credit to an individual or to trustees; and (ii) the obligation of the borrower to repay was secured by a first legal mortgage on land (other than timeshare accommodation) in the United Kingdom, at least 40% of which was used, or was intended to be used, as or in connection with a dwelling by the borrower or (in the case of credit provided to trustees) by an individual who was a beneficiary of the trust, or by a related person. There have been incremental changes to the definition of Regulated Mortgage Contract over time, including, from 21 March 2016, the removal of the requirement for the security to be first ranking and the extension of the territorial scope to cover property in the EEA rather than just the UK. The current definition of a Regulated Mortgage Contract is such that if a mortgage contract is entered into on or after 21 March 2016, it will be a Regulated Mortgage Contract if it meets the following conditions (read in conjunction with and subject to certain exclusions and qualifications, such as the relevant exclusions for buy-to-let loans): (a) the borrower is an individual or trustee; and (b) the obligation of the borrower to repay is secured by a mortgage on land in the EEA (which, for these purposes, includes the UK), at least 40% of which is used, or is intended to be used: (i) in the case of credit provided to an individual, as or in connection with a dwelling; or (ii) in the case of credit provided to a trustee which is not an individual, as or in connection with a dwelling by an individual who is a beneficiary of the trust, or by a related person. A related person (in relation to a Borrower, or in the case of credit provided to trustees, a beneficiary of the trust) is broadly the person's spouse or civil partner, near relative or a person with whom the borrower (or in the case of credit provided to trustees, a beneficiary of the trust) has a relationship which is characteristic of a spouse.

If requirements as to the authorisation of lenders and brokers involved in the origination of a Regulated Mortgage Contract are not complied with, a Regulated Mortgage Contract will be unenforceable against the borrower except with the approval of a court and the unauthorised person may commit a criminal offence. An unauthorised person who carries on the regulated mortgage activity of administering a Regulated Mortgage Contract that has been validly entered into may commit an offence, although this will not render the contract unenforceable against the borrower.

Together Personal Finance Limited holds authorisation and permission to enter into and to administer Regulated Mortgage Contracts. Subject to certain exemptions, brokers will be required to hold authorisation and permission to arrange and, where applicable, to advise in respect of Regulated Mortgage Contracts. The Issuer is not, and does not propose to be, an authorised person under the FSMA. Under article 62 of the RAO, the Issuer does not require authorisation in order to acquire legal or beneficial title to a Regulated Mortgage Contract. The Issuer does not carry on the regulated activity of administering Regulated Mortgage

Contracts by having them administered by Together Personal Finance Limited which has the required FSMA authorisations and permissions.

Prior to the occurrence of a Perfection Event, the Issuer will only hold beneficial title to the Mortgage Loans. In the event that legal title is transferred to the Issuer following the occurrence of a Perfection Event, the Issuer must arrange for a servicer to administer these Mortgage Loans and is not expected to enter into any new Regulated Mortgage Contracts as lender under article 61(1) of the RAO. However, in the event that a mortgage is varied, such that a new contract is entered into and that contract constitutes a Regulated Mortgage Contract, then the arrangement of, advice on, administration of, and entering into of such variation, would need to be carried out by an appropriately authorised entity.

The regime under the FSMA regulating financial promotions covers the content and manner of the promotion of agreements relating to qualifying credit and by whom such promotions can be issued or approved. In this respect, the FSMA regime not only covers financial promotions of Regulated Mortgage Contracts but also promotions of certain other types of secured credit agreements under which the lender is a person (such as Together Personal Finance Limited) who carries on the regulated activity of entering into a Regulated Mortgage Contract. Failure to comply with the financial promotion regime (as regards who can issue or approve financial promotions) is a criminal offence and will render the Regulated Mortgage Contract or other secured credit agreement in question unenforceable against the borrower except with the approval of a court. There is a risk that failure by a relevant entity to comply with the financial promotion regime may render the Mortgage Loans unenforceable and may adversely affect the Issuer's ability to make payments on the Notes.

The FCA's Mortgages and Home Finance: Conduct of Business sourcebook (MCOB), which sets out the FCA's rules for regulated mortgage activities, came into force on 31 October 2004. These rules cover, inter alia, certain pre-origination matters such as financial promotion and pre-application illustrations, pre-contract and start-of-contract and post-contract disclosure, contract changes, charges and arrears and repossessions. Further rules for prudential and authorisation requirements for mortgage firms, and for extending the appointed representatives regime to mortgages, came into force on 31 October 2004.

A borrower who is a private person may be entitled to claim damages for loss suffered as a result of any contravention by an authorised person of the FCA or PRA rules, and may set off the amount of the claim against the amount owing by the borrower under the mortgage loan or any other mortgage loan that the borrower has taken with the lender. There is a risk that any such set-off may adversely affect the Issuer's ability to make payments on the Notes.

Changes to mortgage regulation and to the regulatory structure in the United Kingdom may adversely affect payments on the Notes

In December 2011, the FSA published a consultation paper that consolidates proposals arising out of its wide-ranging mortgage market review, which was launched in October 2009 to consider strengthening rules and guidance on, inter alia, affordability assessments, product regulation, arrears charges and responsible lending. The FSA's aim was to ensure the continued provision of mortgage credit for the majority of borrowers who can afford the financial commitment of a mortgage, while preventing a re-emergence of poor lending practices as the supply of mortgage credit in the market recovered. In October 2012, the FSA published a feedback statement and final rules (that generally came into force on 26 April 2014). These rules have, for example, imposed more stringent requirements on lenders to assess the affordability of a mortgage loan made to a borrower and to verify the income of a borrower.

The FCA started to track firms' progress towards implementation of the mortgage market review from the second quarter of 2013 and: (i) published a report following a thematic review concerning the quality and suitability of mortgage advice provided by firms; and (ii) began a further thematic review on responsible lending in April 2015, on which it reported in May 2016. In December 2016, the FCA launched a market study focusing on consumers' ability to make effective choices in the first charge residential mortgage

market, on which it produced an interim report in May 2018 and a final report in March 2019 (see "*Mortgage Prisoners*" below). This is in addition to regulatory reforms being made as a result of the implementation of the European Mortgage Credit Directive (2014/17/EU) ("**Mortgage Credit Directive**") from 21 March 2016. It is possible that further changes may be made to the FCA's MCOB rules as a result of these reviews and other related regulatory reforms.

To the extent that the new rules do apply to any of the Mortgage Loans, failure to comply with these rules may entitle a Borrower to claim damages for loss suffered or to set-off the amount of the claim against the amount owing under the Mortgage Loan. There is a risk that any such claim or set-off may reduce the amounts available to meet the payments due in respect of the Notes.

Under the Financial Services Act 2012: (a) the carrying on of servicing activities in certain circumstances by a person exercising the rights of the lender without FCA permission to do so renders the credit agreement unenforceable, except with FCA approval; and (b) the FCA has the power to make rules to render unenforceable contracts made in contravention of its rules on cost and duration of credit agreements or in contravention of its product intervention rules. It also provides for formalised co operation to exist between the FCA and the Financial Ombudsman Service (as described below), particularly where issues identified potentially have wider implications, with a view to the FCA requiring affected firms to operate consumer redress schemes.

There is a risk that any further changes to the FCA's MCOB rules arising from the FCA's mortgage market review, or to MCOB or the FSMA arising from HM Treasury's proposals to change mortgage regulation or changes in the regulatory structure or the Financial Services Act 2012, may adversely affect the Mortgage Loans, the Sellers, the Issuer, the Servicers and their respective businesses and operations.

Regulation of buy-to-let mortgages

The Mortgage Credit Directive requires EU member states to develop a 'national framework' for buy-to-let lending if they choose to exercise discretion afforded by the Mortgage Credit Directive to not apply the Mortgage Credit Directive to their buy-to-let mortgage markets. The UK government announced that it would use the option to implement a national framework for buy-to-let lending to consumers called 'Consumer buy-to-let' ("**CBTL**") in order to put in place the minimum requirements to meet the UK's legal obligations, as it has stated it is not persuaded of the case for full conduct regulation of buy-to-let mortgage lending. The CBTL framework was implemented on 21 March 2016 and is only applicable to consumer borrowers, the majority of buy-to-let lending in the UK being to non-consumers.

The legislative framework is set out in the Mortgage Credit Directive Order 2015. The Mortgage Credit Directive Order 2015 defines a CBTL mortgage contract as: "a buy-to-let mortgage contract which is not entered into by the borrower wholly or predominantly for the purposes of business carried on, or intended to be carried on, by the borrower". It provides that a firm that advises on, arranges, lends or administers CBTL mortgages must be registered to do so. In a HM Treasury consultation published in January 2015 (*Implementation of the EU Mortgage Credit Directive: summary of responses*), in response to a consultation on how many transactions the UK Government expected to be subject to an appropriate framework for buy-to-let mortgage lending to consumers, HM Treasury provided that the relevant impact assessment led HM Treasury to a central estimate for the proportion of the buy-to-let market affected of 11%, which equates to around 18,000 transactions a year.

If a buy-to-let mortgage is secured on a property occupied by a related person to the borrower (broadly the borrower's spouse, near relative or a person with whom the borrower has a relationship which is characteristic of a spouse) then it will be a Regulated Mortgage Contract. Otherwise, each Buy-to-Let Mortgage Loan forming a part of the Portfolio will either be regulated by the CBTL regime or, where relevant, will be unregulated.

The Servicers do not have permission for the regulated activities of debt administration and debt collection which are necessary in respect of servicing unregulated loans or, where relevant, CBTL loans, however as legal title holders of the relevant Mortgage Loans, the Servicers are excluded from the regulated activities of debt administration and debt collection in respect of any unregulated loans or, where relevant, CBTL loans for which they each hold legal title, as these would be activities carried on by the lender (a person who exercises, or has the right to exercise, the rights and duties of a person who provided credit under the loan agreement). The Issuer is excluded as lender from the regulated activities of debt administration and debt collection in respect of any unregulated loans or, where relevant, CBTL loans.

Together Personal Finance Limited is registered as a Consumer buy-to-let lender, a Consumer buy-to-let administrator, a Consumer buy-to-let arranger and a Consumer buy-to-let advisor.

Unfair relationships

Under the Consumer Credit Act, the "extortionate credit" regime was replaced by an "unfair relationship" test. The "unfair relationship" test applies to all existing and new credit agreements, except Regulated Mortgage Contracts under the FSMA. If a court makes a determination that the relationship between a lender and a borrower is unfair, then it may make an order, among other things, requiring the relevant Seller, or any assignee such as the Issuer, to repay amounts received from such borrower. In applying the "unfair relationship" test, the courts are able to consider a wider range of circumstances surrounding the transaction, including the creditor's and the lender's conduct (or anyone acting on behalf of the creditor) before and after making the agreement. There is no statutory definition of the word "unfair" in the CCA as the intention is for the test to be flexible and subject to judicial discretion and it is therefore difficult to predict whether a court would find a relationship "unfair". However, the word "unfair" is not an unfamiliar term in UK legislation due to the UTCCR and the CRA (each as defined below). The courts may, but are not obliged to, look solely to the CCA 2006 for guidance. The principle of "treating customers fairly" under the FSMA, and guidance published by the FSA and, as of 1 April 2013, the FCA on that principle and former guidance by the OFT on the unfair relationship test, may also be relevant. Under the CCA, once the debtor alleges that an "unfair relationship" exists, the burden of proof is on the creditor to prove the contrary.

Plevin v Paragon Personal Finance Limited [2014] UKSC 61 ("**Plevin**"), a Supreme Court judgment, has clarified that compliance with the relevant regulatory rules by the creditor (or a person acting on behalf of the creditor) does not preclude a finding of unfairness, as a wider range of considerations may be relevant to the fairness of the relationship than those which would be relevant to the application of the rules.

If a court determined that there was an unfair relationship between the lender and the borrowers in respect of the Mortgage Loans and ordered that financial redress was made in respect of such Mortgage Loans, there is a risk that such redress may adversely affect the ultimate amount received by the Issuer in respect of the relevant Mortgage Loans, and the realisable value of the Portfolio and/or the ability of the Issuer to make payment in full on the Notes when due.

Mortgage Prisoners

The FCA are aware that there are some consumers who cannot switch to a more affordable mortgage despite being up to date with their mortgage payments. This includes those who can't switch because of changes to lending practices during and after the 2008 financial crisis and subsequent regulation that tightened lending standards – often called 'mortgage prisoners'.

Under Policy Statement PS19/27 which came into effect on 28 October 2019, the FCA have amended their responsible lending rules and guidance to help remove potential barriers to consumers switching to a more affordable mortgage and to reduce the time and costs of switching for all relevant consumers. The changes will mean that mortgage lenders can choose to carry out a modified affordability assessment where a consumer has a current mortgage, is up-to-date with their mortgage payments (and has been for the last 12 months), does not want to borrow more, other than to finance any relevant product, arrangement or

intermediary fee for that mortgage and is looking to switch to a new mortgage deal on their current property. Further, inactive lenders and administrators acting for unregulated entities (such as the Issuer), must review their customer books and develop and implement a communication strategy for contacting relevant consumers to tell them it could be simpler for them to remortgage. The communication exercise must be completed by 1 December 2020.

The modification of the responsible lending rules should make it easier for a borrower who is a mortgage prisoner to switch to a new lender and this, together with the proposed notification obligations, could increase redemption rates where there are a significant number of mortgage prisoners held by a lender.

COVID-19 has had a significant impact on the mortgage market. Lenders have reported that they will be unable to offer a range of switching options or support re-mortgaging for mortgage prisoners as quickly as initially anticipated.

The FCA's rules based on pre-COVID-19 conditions require firms to write to those who may be eligible informing them that they may be able to switch their mortgage. However, given the general inability of lenders to offer new switching options to mortgage prisoners, the FCA believes that it is not right to require letters to be sent to consumers at this time. The FCA has therefore decided to extend the window during which it expects firms to contact consumers about switching options.

There is a risk that increased redemption rates in respect of the Mortgage Loans comprising the Portfolio could, in certain circumstances, adversely affect the yield to maturity of the Notes by increasing voluntary prepayment rates above those anticipated (see "*Yield to maturity and the Issuer's ability to redeem the Notes on their scheduled redemption dates or their final maturity dates may be affected by the rate of prepayment on the loans*").

Distance Marketing

In the United Kingdom, the Financial Services (Distance Marketing) Regulations 2004 (the "**Distance Marketing Regulations**") apply to credit agreements entered into on or after 31 October 2004 by a "consumer" within the meaning of the regulations and by means of distance communication (i.e. without any substantive simultaneous physical presence of the originator and the borrower).

The Distance Marketing Regulations (and MCOB in respect of activities related to regulated mortgage contracts) require suppliers of financial services by way of distance communication to provide certain information to consumers. This information generally has to be provided before the consumer is bound by a distance contract for the supply of the financial services in question and includes, but is not limited to, general information in respect of the supplier and the financial service, contractual terms and conditions, and whether or not there is a right of cancellation.

A regulated mortgage contract under the FSMA, if originated by a United Kingdom lender from an establishment in the United Kingdom, will not be cancellable under these regulations, but will be subject to related pre-contract disclosure requirements in MCOB. Certain other credit agreements will be cancellable under these regulations if the borrower does not receive prescribed information at the prescribed time, or in any event for certain unsecured lending. Where the credit agreement is cancellable under these regulations, the borrower may send notice of cancellation at any time before the end of the 14th day after the day on which the cancellable agreement is made, where all the prescribed information has been received or, if later, the borrower receives the last of the prescribed information.

Compliance with the Distance Marketing Regulations may be secured by way of injunction (interdict in Scotland), granted on such terms as the court thinks fit to ensure such compliance, and certain breaches of the Distance Marketing Regulations may render the supplier or intermediaries (and their respective relevant officers) liable to a fine. Failure to comply with MCOB rules could result in, inter alia, disciplinary action by the FCA and possible claims under Section 138D of FSMA for breach of FCA rules. If the borrower cancels

the credit agreement under these regulations, then: (a) the borrower is liable to repay the principal and any other sums paid by the originator to the borrower under or in relation to the cancelled agreement within 30 calendar days beginning with the day of the borrower sending notice of cancellation or, if later, the lender receiving notice of cancellation; (b) the borrower is liable to pay interest or any early repayment charge or other charge for credit under the cancelled agreement, only if the borrower received certain prescribed information at the prescribed time and if other conditions are met; and (c) any security provided in relation to the contract is to be treated as never having had effect for the cancelled agreement. If a significant portion of the Mortgage Loans are characterised as being cancellable under these regulations, then there is a risk that there could be an adverse effect on the Issuer's receipts in respect of the Mortgage Loans, affecting the Issuer's ability to make payments in full on the Notes when due.

The Consumer Rights Act 2015

The main provisions of the Consumer Rights Act 2015 (the “**CRA**”) came into force on 1 October 2015 and applies to agreements made on or after that date. The CRA significantly reforms and consolidates consumer law in the UK. The CRA involves the creation of a single regime out of the Unfair Contract Terms Act 1977 (which essentially deals with attempts to limit liability for breach of contract) and the UTCCR for contracts entered into on or after 1 October 2015. The CRA has revoked the Unfair Terms in Consumer Contracts Regulations 1994 and 1999 (the “**UTCCR**”) in respect of contracts made on or after 1 October 2015 and introduced a new regime for dealing with unfair contractual terms as follows:

- Under Part 2 of the CRA an unfair term of a consumer contract (a contract between a trader and a consumer) is not binding on a consumer (an individual acting for purposes that are wholly or mainly outside that individual's trade, business, craft or profession). Additionally, an unfair notice is not binding on a consumer, although a consumer may rely on the term or notice if the consumer chooses to do so. A term will be unfair where, contrary to the requirement of good faith, it causes significant imbalance in the parties' rights and obligations under the contract to the detriment of the consumer. In determining whether a term is fair it is necessary to: (i) take into account the nature of the subject matter of the contract; (ii) refer to all the circumstances existing when the term was agreed; and (iii) refer to all of the other terms of the contract or any other contract on which it depends.
- Schedule 2 of the CRA contains an indicative and non-exhaustive "grey list" of terms of consumer contracts that may be regarded as unfair. Terms falling within the “grey list” may be assessed for fairness whether or not they relate to the main subject matter of the contract or the adequacy of consideration. Further, a term will not escape assessment for fairness on the basis that it has been individually negotiated. Notably, paragraph 11 of Schedule 2 lists "a term which has the object or effect of enabling the trader to alter the terms of the contract unilaterally without a valid reason which is specified in the contract”, although paragraph 22 of Schedule 2 provides that this does not include a term by which a supplier of financial services reserves the right to alter the rate of interest payable by or due to the consumer, or the amount of other charges for financial services without notice where there is a valid reason if the supplier is required to inform the consumer of the alteration at the earliest opportunity and the consumer is free to dissolve the contract immediately.
- A term of a consumer contract which is not on the "grey list" may not be assessed for fairness to the extent that (i) it specifies the main subject matter of the contract; and/or (ii) the assessment is of the appropriateness of the price payable under the contract by comparison with the goods, digital content or services supplied under it, provided it is transparent and prominent.

Where a term of a consumer contract (a contact between a trader and a consumer) is "unfair" under the CRA it will not bind the consumer (being an individual acting for purposes that are wholly or mainly outside that individual's trade, business, craft or profession). However, the remainder of the contract will, so far as practicable, continue to have effect in every other respect. Where a term in a consumer contract is susceptible of multiple different meanings, the meaning most favourable to the consumer will prevail. It is

the duty of the court to consider the fairness of any given term. This can be done even where neither of the parties to proceedings have explicitly raised the issue of fairness.

On 19 December 2018, the FCA published finalised guidance: "Fairness of variation terms in financial services consumer contracts under the Consumer Rights Act 2015" (FG18/7), outlining factors the FCA consider firms should have regard to when drafting and reviewing variation terms in consumer contracts. This follows developments in case law, including at the Court of Justice of the EU. The finalised guidance relates to all financial services consumer contracts entered into since 1 July 1995. The FCA stated that firms should consider both this guidance and any other rules that apply when they draft and use variation terms in their consumer contracts. The FCA stated that the finalised guidance will apply to FCA authorised persons and their appointed representative in relation to any consumer contracts which contain variation terms.

The provisions in the CRA governing unfair contractual terms came into force on 1 October 2015 and the CMA published guidance on the unfair terms provisions in the CRA on 31 July 2015 (the "**CMA Guidance**"). The CMA indicated in the CMA Guidance that the fairness and transparency provisions of the CRA are regarded to be "effectively the same as those of the UTCCR" (save in applying the consumer notices and negotiated terms). The document further notes that "the extent of continuity in unfair terms legislation means that existing case law generally, and that of the Court of Justice of the European Union particularly, is for the most part as relevant to the Act as it was the UTCCRs". In general, the reported case law on the UTCCR and/or the CRA and the interpretation of each is open to some doubt. The extremely broad and general wording of the CRA makes any assessment of the fairness of terms largely subjective and makes it difficult to predict whether or not a term would be held by a court to be unfair. It is therefore possible that any Mortgage Loans which have been made to Borrowers covered by the CRA may contain unfair terms which may result in the possible unenforceability of the terms of the underlying mortgage loans (including in relation to early repayment charges). If any term of the Mortgage Loans entered into on or after 1 October 2015 is found to be unfair for the purpose of the CRA, there is a risk that this may reduce the amounts available to meet the payments due in respect of the Notes. No assurance can be given that any changes in legislation, guidance or case law on unfair terms will not have a material adverse effect on the Sellers, the Issuer and/or the Servicers and their respective businesses and operations. There can be no assurance that any such changes (including changes in regulators' responsibilities) will not affect the Mortgage Loans.

Decisions of the Ombudsman could lead to some terms of the Mortgage Loans being varied, which may adversely affect payments on the Notes

Under the FSMA, the Financial Ombudsman Service (the "**Ombudsman**") is required to make decisions on certain complaints relating to the activities and transactions under its jurisdiction on the basis of what, in the Ombudsman's opinion, would be fair and reasonable in all circumstances of the case, taking into account law and guidance. Complaints properly brought before the Ombudsman for consideration must be decided on a case-by-case basis, with reference to the particular facts of any individual case. Each case would first be adjudicated by an adjudicator. Either party to the case may appeal against the adjudication. In the event of an appeal, the case proceeds to a final decision by the Ombudsman.

As the Ombudsman is required to make decisions on the basis of, among other things, the principles of fairness, and may order a monetary award to the borrower, it is not possible to predict how any future decision of the Ombudsman would affect the ability of the Issuer to make payments to Noteholders.

Consumer Protection from Unfair Trading Regulations 2008

On 11 May 2005, the European Parliament and the Council adopted a Directive on unfair business-to-consumer commercial practices (the "**Unfair Practices Directive**"). Generally the Unfair Practices Directive applies full harmonisation, which means that Member States may not impose more stringent provisions in the fields to which full harmonisation applies. By way of exception, the Unfair

Practices Directive permits Member States to impose more stringent provisions in the fields of financial services and immovable property, such as mortgage loans.

The Unfair Practices Directive provides that enforcement bodies may take administrative action or legal proceedings against a commercial practice on the basis that it is "unfair" within the Unfair Practices Directive. The Unfair Practices Directive is intended to protect only collective interests of consumers, and so is not intended to give any claim, defence or right of set-off to an individual consumer.

The Unfair Practices Directive is implemented in the UK by the Consumer Protection from Unfair Trading Regulations 2008 (the "CPUTR"), which came into force on 26 May 2008. The CPUTR prohibit certain practices which are deemed "unfair" within the terms of the CPUTR. Breach of the CPUTR does not (of itself) render an agreement void or unenforceable, but the possible liabilities for misrepresentation or breach of contract in relation to the underlying credit agreement may result in irrecoverable losses on amounts to which such agreements apply. Breach of certain CPUTR provisions is a criminal offence. Further, the Consumer Protection (Amendment) Regulations 2014 amended the CPUTR with effect from 1 October 2014 and in certain circumstances these amendments give consumers a right to redress for prohibited practices, including a right to unwind agreements.

In addition, the Unfair Practices Directive is taken into account in reviewing rules under the FSMA. For example, MCOB rules for regulated mortgage contracts from 25 June 2010 (formerly these were matters of non-binding guidance) prevent the lender from: (a) repossessing the property unless all other reasonable attempts to resolve the position have failed, which include considering whether it is appropriate to offer an extension of term, or a change in the product type, and (b) automatically capitalising a payment shortfall.

In March 2013, the European Commission published a report on the application of the Unfair Practices Directive, which indicated (amongst other things) that there is no case for further harmonisation in the fields of financial services and immovable property. No assurance can be given that the implementation of the Unfair Practices Directive into UK law and any further harmonisation will not have a material adverse effect on the Mortgage Loans or the manner in which they are serviced and accordingly on the ability of the Issuer to make payments to Noteholders.

Mortgage repossession

A protocol for mortgage repossession cases in England and Wales came into force on 19 November 2008, which sets out the steps that judges will expect any lender to take before starting a claim. A number of mortgage lenders, including TPFL, have confirmed that they will delay the initiation of repossession action for at least three months after a borrower, who is an owner-occupier, is in arrears. The application of such a moratorium may be subject to the wishes of the relevant borrower and may not apply in cases of fraud. In addition, MCOB rules prevent, in relation to the Regulated Mortgage Contracts, repossessing the mortgaged property unless all other reasonable attempts to resolve the position have failed and must not automatically capitalise a payment shortfall where the impact would be material. The Mortgage Repossessions (Protection of Tenants etc.) Act 2010 came into force on 1 October 2010. This Act gives courts in England and Wales the same power to postpone and suspend repossession for up to two months on application by an unauthorised tenant (i.e. a tenant in possession without the lender's consent) as generally exists on application by an authorised tenant. The lender has to serve notice at the property before enforcing a possession order.

Part I of the Home Owner and Debtor Protection (Scotland) Act 2010 came into force on 30 September 2010 and imposes additional requirements on heritable creditors (the Scottish equivalent of a mortgagee) in relation to the enforcement of standard securities over residential property in Scotland. Under Part I of the Act, the heritable creditor, which may be the relevant Seller or, in the event of it taking legal title to the Scottish Mortgage Loans and their Collateral Security, the Issuer, has to obtain a court order to exercise its power of sale (in addition to initiating the enforcement process by the service of a two-month "calling up" notice), unless the borrower and any other occupiers have surrendered the property voluntarily. In applying

for the court order, the heritable creditor also has to demonstrate that it has taken various preliminary steps to attempt to resolve the borrower's position, and comply with further procedural requirements.

This protocol and these Acts may have adverse effects in markets experiencing above average levels of repossession claims. There is a risk that delays in the initiation of responsive action in respect of the Mortgage Loans may result in lower recoveries and may adversely affect the ability of the Issuer to make payments on the Notes.

Investors should note, as at the date of this Prospectus, the FCA's guidance to firms, as described below in the section entitled "*Mortgages and coronavirus: FCA guidance for firms*" in response to the COVID-19 outbreak in the UK, that firms should not commence or continue repossession proceedings against customers before 31 October 2020. This applies irrespective of the stage that repossession proceedings have reached and to any step taken in pursuit of repossession. Where a possession order has already been obtained, firms should refrain from enforcing it. The FCA makes clear in the guidance that it expects lenders of both owner-occupied and buy-to-let mortgage loans to act in a manner consistent with these requirements.

Mortgages and coronavirus: FCA guidance for firms

On 20 March 2020, the FCA published guidance for, inter alia, mortgage lenders and administrators entitled 'Mortgages and coronavirus: our guidance for firms', in connection with the on-going outbreak of COVID-19 in the UK. This guidance was updated on 4 June 2020 and again on 16 June 2020 (the **FCA COVID-19 Guidance**). The updated guidance uses the term "payment deferrals" as opposed to "payment holidays" (however, note that the FCA's guidance to consumers on this subject still uses the term "payment holiday"). Amongst other things, this guidance provides that UK mortgage lenders are required, where a customer is experiencing or may reasonably expect to experience payment difficulties as a result of circumstances relating to coronavirus, and wishes to receive a payment holiday, to grant a customer a full or partial payment holiday for up to 3 monthly payments, unless it can demonstrate it is obviously not in a customer's best interests. A request for a full or partial payment holiday for 3 monthly payments may be made by a customer at any time until 31 October 2020 when the current guidance expires.

Where the FCA guidance has not expired and a customer (whether they were given a payment holiday under the original 20 March 2020 guidance or the guidance effective 4 June 2020 (which was updated on 16 June 2020)) indicates that they cannot immediately resume full payments at the end of that initial payment holiday, mortgage lenders are required to offer them a further full or partial payment holiday (where the mortgage lender permits the customer to make reduced payments of any amount) for up to (a further) 3 monthly payments, based on what the customer considers they can then afford to repay, provided that such request for an extension is made prior to 31 October 2020 and further provided that no such payment holiday or extension to any initial payment holiday granted pursuant to the FCA guidance extends beyond 31 January 2021. A mortgage lender may not depart from this unless it can demonstrate that such a payment holiday is obviously not in the customer's best interests and a different option is more appropriate. The effect of this is that mortgage lenders could be required to give certain customers payment holidays of up to 6 monthly payments.

Interest will continue to accrue on the sum temporarily unpaid as the result of a payment holiday, however no additional fee or charge may be levied. Any such sums which are temporarily unpaid as a result of such payment holidays will not constitute arrears and will not be reported as such to Noteholders.

In addition, the FCA's guidance provides that firms should not commence or continue repossession proceedings against customers before 31 October 2020, irrespective of the stage that repossession proceedings have reached and of any step taken in pursuit of repossession. Where a possession order has already been obtained, the FCA COVID-19 Guidance states that firms should refrain from enforcing it. The only exception to delaying proceedings is where a customer has specifically requested that the repossession proceedings continue.

The FCA makes clear in the FCA COVID-19 Guidance that it expects lenders of both owner-occupied and buy to let mortgage loans to act in a manner consistent with the guidance.

Increased levels of payment holidays and enforcement moratoriums may result in a reduction of funds available to the Issuer to meet its obligations under the Notes. In this regard, the Provisional Portfolio contains 795 COVID-19 Payment Holiday Mortgage Loans, which, as of the Portfolio Reference Date, is approximately 23.9 per cent. of all Mortgage Loans by value in the Provisional Portfolio, however the total number of additional Borrowers who may seek to take up COVID-19 Payment Holidays, and therefore the impact of the FCA COVID-19 Guidance on the performance of the Mortgage Loans, is not known as at the date of this Prospectus. Nor can there be any assurance that the FCA, or other UK government or regulatory bodies, may not take further steps in response to the COVID-19 outbreak in the UK which may impact the performance of the Mortgage Loans, including further amending and extending the scope of the above guidance.

The Renting Homes (Wales) Act 2016

The Renting Homes (Wales) Act 2016 (the "**Renting Homes Act**") received royal assent on 18 January 2016 but has not yet been brought fully into force. This Act will convert the majority of residential tenancies in Wales into a "standard contract" with retrospective effect when it has been brought into force, however some tenancies will not be converted with retrospective effect (including those which have protection under the Rent Act 1977 and tenancies for more than 21 years).

The Renting Homes Act (which only has effect in Wales) does not contain an equivalent mandatory ground for possession that a lender had under the Housing Act 1988 where a property was subject to a mortgage granted before the beginning of the tenancy and the lender required possession in order to dispose of the property with vacant possession.

There is a risk that the Renting Homes Act may result in lower recoveries in relation to buy-to-let mortgages over Properties in Wales and may affect the ability of the Issuer to make payments to Noteholders.

Private Housing (Tenancies) (Scotland) Act 2016 and Proposals in England

The Private Housing (Tenancies) (Scotland) Act 2016 (the "**2016 Act**") came into force on 1 December 2017. One of the changes made by this legislation is to introduce a new form of tenancy in Scotland known as a "private residential tenancy" which is intended (except in a very limited number of exceptions) to provide tenants with security of tenure by restricting a landlord's ability to regain possession of the property to a number of specific eviction grounds.

Accordingly, a lender or security-holder may not be able to obtain vacant possession if it wishes to enforce its security unless one of the specific eviction grounds under the legislation applies. It should be noted though that one of the grounds on which an eviction order can be sought is that a lender or security-holder intends to sell the property and requires the tenant to leave the property in order to dispose of it with vacant possession. The effect of this legislative change will primarily be restricted to any buy-to-let loans secured over Scottish Property.

There is a risk that the 2016 Act may result in lower recoveries in relation to buy-to-let mortgages over Properties in Scotland and may affect the ability of the Issuer to make payments to Noteholders.

The UK Government announced in April 2019 plans to consult on similar legislation in relation to English property which may similarly impact buy-to-let loans secured over English property.

Energy Efficiency Regulations 2015

From 1 April 2018, landlords of relevant domestic properties in England and Wales may not grant a tenancy to new or existing tenants if their property has an EPC rating of band F or G (as shown on a valid Energy Performance Certificate for the property) and from 1 April 2020, landlords must not continue letting a relevant domestic property which is already let if that property has an EPC rating of band F or G (as shown on a valid Energy Performance Certificate for the property). In both cases described above, this is referred to in the Energy Efficiency (Private Rented Property) (England and Wales) Regulations 2015 (the Energy Efficiency Regulations 2015) as the prohibition on letting substandard property. Where a landlord wishes to continue letting property which is currently substandard, landlords will need to ensure that energy efficiency improvements are made which raise the EPC rating to a minimum of E. In certain circumstances landlords may be able to claim an exemption from this prohibition on letting sub-standard property; this includes situations where the landlord is unable to obtain funding to cover the cost of making improvements, or where all improvements which can be made have been made, and the property remains below an EPC rating of Band E. Local authorities will enforce compliance with the domestic minimum level of energy efficiency. Local authorities may check whether a property meets the minimum level of energy efficiency, and may issue a compliance notice requesting information where it appears to the local authorities that a property has been let in breach of the Energy Efficiency Regulations 2015 (or an invalid exemption has been registered in respect of it). Where a local authority is satisfied that a property has been let in breach of the Energy Efficiency Regulations 2015 it may serve a notice on the landlord imposing financial penalties.

There is a risk that the Energy Efficiency Regulations 2015 may result in lower recoveries in relation to buy-to-let mortgages over Properties in England and Wales and may affect the ability of the Issuer to make payments to Noteholders.

Similar requirements are due to apply to landlords of domestic properties in Scotland from October 2020 under the Energy Efficiency (Domestic Private Rented Property) (Scotland) Regulations 2020. It should be noted that, whilst it is anticipated that these regulations will come into force on 1 October 2020, the Scottish Government has indicated that it may delay this timetable due to the global coronavirus pandemic.

Land Registration Reform in Scotland

The Land Registration etc. (Scotland) Act 2012 (the "**2012 Act**") came into force in Scotland on 8 December 2014. One of the policy aims of the 2012 Act is to encourage the transfer of property titles recorded in the historic General Register of Sasines to the more recently established Land Register of Scotland with the aim of eventually closing the General Register of Sasines.

Previously, title to a residential property that was recorded in the General Register of Sasines would usually only be required to be moved to the Land Register of Scotland (a process known as "first registration") when that property was sold or if the owner decided voluntarily to commence first registration. However, the 2012 Act sets out in provisions which are being brought into effect in stages, additional circumstances which will trigger first registration of properties recorded in the General Register of Sasines, including (i) the recording of a standard security (which would extend to any standard security granted by the Issuer in favour of the Security Trustee over Scottish Mortgages in the Portfolio recorded in the General Register of Sasines, pursuant to the terms of the Deed of Charge following a Perfection Event (a "**Scottish Sasine Sub-Security**")) or (ii) the recording of an assignation of a standard security (which, in the latter case, would extend to any assignation granted by the relevant Seller in favour of the Issuer in respect of Scottish Mortgages in the Portfolio recorded in the General Register of Sasines, pursuant to the terms of the Mortgage Sale Agreement following a Perfection Event (a "**Scottish Sasine Transfer**")).

The relevant provisions of the 2012 Act relating to the recording of standard securities came into force on 1 April 2016. As the transaction contemplated by the Transaction Documents involves the sale of a relatively static pool of mortgages and standard securities, these changes should not have any immediate effect in relation to the Scottish Mortgages contained in the Portfolio at the Closing Date. As of the date of this

Prospectus, the General Register of Sasines is now closed to the recording of standard securities. Notwithstanding the provisions of the 2012 Act mentioned above, for the time being, other deeds such as assignments of standard securities (including Scottish Sasine Transfers) will continue to be accepted in the General Register of Sasines indefinitely (although the Registers of Scotland have reserved the right to consult further on this issue in the future).

If the General Register of Sasines becomes closed to assignments of standard securities at any time after the date of this Prospectus, then this would also have an impact on the registration of Scottish Sasine Transfers in addition to impacting on the registration of Scottish Sasine Sub-Security executed following a Perfection Event, with the probability of higher legal costs and a longer period required to complete registration than would currently be the case.

As noted above, such events will only occur following a Perfection Event and given that the proportion of residential properties in Scotland which remain recorded in the General Register of Sasines continues to decline (the Registers of Scotland estimate that, in April 2019 around 67 per cent. of property titles in Scotland were registered in the Land Register of Scotland), it is likely that, in relation to the Provisional Portfolio, where, as at the Portfolio Reference Date, 3.6 per cent. (by Principal Balance) of the Properties are located in Scotland, only a minority of the Scottish Mortgages will be recorded in the General Register of Sasines.

Right to Buy Mortgage Loans

3.6 per cent. of the Provisional Portfolio by aggregate Principal Balance comprises Mortgage Loans that are right to buy mortgage loans ("**Right to Buy Mortgage Loans**"). Properties sold under the Right to Buy scheme of the Housing Act 1985 or Housing (Scotland) Act 1987 (as amended), as applicable, are sold by the landlord at a discount to market value calculated in accordance with the Housing Act 1985 or Housing (Scotland) Act 1987 (as amended) (as applicable). A purchaser under the scheme of the Housing Act 1985 must repay the whole of the discount if he or she disposes of the property within one year of acquiring it from the landlord, four-fifths if he or she does so within two years, three-fifths if within three years, two-fifths if within four years and one-fifth if within five years, unless the offeror's offer for the disposal of the house was accepted before 18 January 2005, in which case the purchaser must repay the whole of the discount if he or she sells the property within one year, two-thirds if he or she does so within two years and one-third if within three years. A purchaser under the scheme of the Housing (Scotland) Act 1987 (as amended), must repay the whole of the discount if he or she sells the property within one year, two-thirds if he or she does so within two years and one third if within three years. The landlord obtains (in England and Wales) a statutory charge or (in Scotland) a standard security over the property in respect of the contingent liability of the purchaser under the scheme to repay the discount. Under the Housing Act 1985 or Housing (Scotland) Act 1987 (as amended), (as applicable), such statutory charge or standard security ranks in priority to other charges including that of any mortgage lenders except in certain circumstances. Such statutory charge or standard security shall automatically rank behind any charge on the related property in relation to (in England and Wales) monies advanced by an approved lending institution to the extent they are advanced for the purpose of enabling the purchaser to exercise his or her right to buy and (in Scotland) monies advanced for the purchase or improvement of the property. In England and Wales, unless the offeror's offer for the disposal of the house was accepted before 18 January 2005, the purchaser is required, before a sale or disposal of the property within 10 years of the date of purchase, to offer the property to the landlord or another social landlord at full market value and to allow up to eight weeks for acceptance of the offer. A mortgage lender selling the property as a mortgagee in possession in such circumstances will also be obliged to grant such right of first refusal to the landlord or other social landlord.

In relation to each Right to Buy Mortgage Loan, as far as the relevant Seller is aware, either (a) (i) the relevant Seller was, at the time of the origination of the Mortgage Loan, an approved lending institution or, in Scotland, a recognised lending institution under the relevant legislation or had adequate title insurance to protect against such risk (Right to Buy Insurance), (ii) the Right to Buy Mortgage Loan was made to the person exercising the right to buy, and (iii) the Right to Buy Mortgage Loan was made for the purposes of

enabling the Borrower to purchase or refinance the relevant Property, or (b) the relevant Seller has the benefit of Right to Buy Insurance in respect of such Right to Buy Mortgage Loan.

The right to buy scheme in Scotland ended for all council and housing association tenants in Scotland on 1 August 2016. Tenants with a right to buy could submit their application up to 31 July 2016 with their application then being considered in the normal way. Any applications made after 31 July 2016 will not be accepted.

Other changes to the regulatory regime

No assurance can be given that changes will not be made to the regulatory regime and developments described above in respect of the mortgage market in the United Kingdom generally, the relevant Seller's particular sector in that market or specifically in relation to that Seller. Any such action or developments, in particular, but not limited to, the cost of compliance, may have a material adverse effect on the Sellers, the Issuer, the Servicers and their respective businesses and operations. There is a risk that this may adversely affect the Issuer's ability to make payments in full on the Notes when due.

SUMMARY OF THE KEY TRANSACTION DOCUMENTS

Mortgage Sale Agreement

Portfolio

Under a mortgage sale agreement entered into on or around the Closing Date between, amongst others, the Sellers, the Issuer, the Security Trustee and each Servicer (the "**Mortgage Sale Agreement**"), each of the Sellers shall (in consideration for payment of the Initial Purchase Price and the issuance and payment under the Residual Certificates as detailed below):

- (a) sell, assign or otherwise transfer to the Issuer pursuant to the Mortgage Sale Agreement a portfolio of English and Welsh residential mortgage loans each secured by an English Mortgage and, where applicable, other Collateral Security (the "**English Mortgage Loans**"); and
- (b) sell to the Issuer pursuant to the Mortgage Sale Agreement and hold the portfolio of Scottish residential mortgage loans each secured by a Scottish Mortgage and, where applicable, other Collateral Security (the "**Scottish Mortgage Loans**") on trust under a Scottish Declaration of Trust for the benefit of the Issuer.

The English Mortgage Loans and their Collateral Security comprising the Portfolio will be assigned by way of equitable assignment to the Issuer, while the Scottish Mortgage Loans and their Collateral Security comprising the Portfolio will be held on trust for the Issuer under the Scottish Declaration of Trust dated the Closing Date. The Mortgage Loans and Collateral Security and all monies derived therefrom from time to time are referred to herein as the "**Portfolio**".

The consideration due to each of the Sellers in respect of the sale of the Portfolio shall be:

- (a) the Initial Purchase Price, which is due and payable on the Closing Date; and
- (b) the deferred consideration consisting of the Residual Payments payable pursuant to the applicable Payment Priorities, the right to such Residual Payments being represented by Residual Certificates to be issued by the Issuer and delivered to, or at the direction of, each of the Sellers on the Closing Date.

Any Residual Payments payable pursuant to the Residual Certificates will be paid in accordance with the priority of payments set out in the sections headed "*Cashflows – Application of Available Revenue Receipts prior to the service of an Enforcement Notice on the Issuer*" and "*Cashflows – Distributions following the service of an Enforcement Notice on the Issuer*".

Each Seller shall transfer to the Issuer within two Business Days of the Closing Date an amount equal to all collections received on the Mortgage Loans and their Collateral Security comprised in the Portfolio from (but excluding) the Cut-Off Date to (but excluding) the Closing Date.

Title to the Mortgages, Registration and Notifications

The completion of the transfer or, in the case of Scottish Mortgage Loans and their Collateral Security, assignation, of the Mortgage Loans and their Collateral Security (and, where appropriate, their registration or recording) to the Issuer is, save in the limited circumstances referred to below, deferred. Legal title to the Mortgage Loans and their Collateral Security therefore remains with each relevant Seller until the occurrence of a Perfection Event. Notice of the sale of the Mortgage Loans and their Collateral Security to the Issuer will not be given to any Borrower until the occurrence of a Perfection Event.

The transfers to the Issuer will be completed by or on behalf of each relevant Seller after any of the following Perfection Events occurs:

- (a) the occurrence of an Insolvency Event occurring in relation to a Seller; or
- (b) a Seller being required to perfect legal title to the Mortgage Loans (i) by law; (ii) by an order of a court of competent jurisdiction; or (iii) by a regulatory authority which has jurisdiction over a Seller; or
- (c) a Seller calling for perfection by serving notice in writing to that effect on the Issuer and the Security Trustee; or
- (d) the occurrence of a Servicer Termination Event where:
 - (i) servicing has not been moved within the Together Group following the expiry of all applicable grace periods; or
 - (ii) no replacement servicer has been appointed in accordance with the provisions of the Servicing Deed; or
- (e) the security created under or pursuant to the Deed of Charge or any material part of that security being, in the opinion of the Security Trustee (acting reasonably), in jeopardy;
- (f) the delivery of an Enforcement Notice by the Note Trustee on the Issuer; or
- (g) it becoming unlawful in any applicable jurisdiction for a Seller to hold legal title in respect of any Mortgage Loan or its Collateral Security in the Portfolio,

(each of the events set out in paragraphs (a) to (g) above inclusive being a "**Perfection Event**").

Following a Perfection Event, notice of the legal assignments and assignments will be given to the Borrowers and the Issuer will take steps to register and record such legal assignments and assignments at the Land Registry and Registers of Scotland (as applicable).

None of the Note Trustee, the Security Trustee or the Issuer has made or has caused to be made on its behalf any enquiries, searches or investigations, but each is relying entirely on the representations and warranties made by the Sellers contained in the Mortgage Sale Agreement.

Conditions to Sale

The sale of Mortgage Loans and their Collateral Security to the Issuer will be subject to various conditions precedent being satisfied on the Closing Date.

Representations and Warranties

On the Closing Date, the Loan Warranties (described below in this "*Representations and Warranties*" section) will be given by each Seller in respect of the Mortgage Loans and their Collateral Security originated by that Seller to the Issuer on that day.

The Loan Warranties (described below in this "*Representations and Warranties*" section) will also be given by the relevant Seller to the Issuer in respect of a Mortgage Loan which is the subject of a Further Mortgage Advance or Product Switch, or which constitutes a Substitute Mortgage Loan on the relevant Advance Date, Switch Date or Substitution Date, as applicable,

The warranties that will be given to the Issuer and the Security Trustee by each Seller pursuant to the Mortgage Sale Agreement (the "**Loan Warranties**") include:

1. Each Mortgage Loan and the related Collateral Security and Assigned Rights are originated in the name of the relevant Seller in its ordinary course of business who is the holder of legal and beneficial title to the same, subject in each case only to the Mortgage Sale Agreement, the Borrowers' equity of redemption and subject to registration or recording at the Land Registry or the Registers of Scotland (as the case may be) of the relevant Seller as proprietor or heritable creditor of the relevant Mortgage.
2. Each Scottish Mortgage Loan is secured by a valid and subsisting first ranking Standard Security or a second ranking Standard Security over the Property to which such Scottish Mortgage Loan relates (subject to completion of any registration or recording with the Registers of Scotland and (in those cases) there is nothing to prevent that registration or recording from being effected).
3. Each English Mortgage Loan is secured by either:
 - (a) (in the case of First Mortgage Loans) a valid and subsisting first ranking legal mortgage; or
 - (b) (in the case of Second Mortgage Loans) a valid and subsisting second ranking legal mortgage,subject to completion of any registration or recording with the Land Registry and there is nothing to prevent that registration or recording from being effected over the Property to which such English Mortgage Loan relates.
4. Each Property is a residential property situated in England, Wales or Scotland.
5. Each Mortgage Loan and its related Mortgage and Collateral Security constitutes legal, valid, binding and enforceable obligations of the Borrower in accordance with its terms, except that:
 - (a) no warranty is given that any Mortgage Loan or its related Mortgage is legal, valid, binding or enforceable to the extent legality, validity, the binding effect or enforceability may be limited by:
 - (i) bankruptcy, insolvency or other similar laws of general applicability affecting the enforcement of creditors' rights generally and the courts' discretion in relation to equitable remedies; or

"**Receiver**" means a manager, a receiver and manager and an administrative receiver appointed under the relevant Deed of Charge, pursuant to statutory powers or otherwise, and includes more than one such Receiver and any substituted Receiver.

The floating charge created by the Deed of Charge may "crystallise" and become a fixed charge over the relevant class of assets owned by the Issuer at the time of crystallisation. Crystallisation will occur automatically (subject to applicable law) following the occurrence of specific events set out in the Deed of Charge, including, among other events, service of an Enforcement Notice, except in relation to the Issuer's Scottish assets, where crystallisation will occur on the appointment of an administrative receiver or receiver or upon commencement of the winding-up of the Issuer. A crystallised floating charge will rank ahead of the claims of unsecured creditors which are in excess of the prescribed part but will rank behind the expenses of any administration or liquidator, the claims of preferential creditors and the beneficiaries of the prescribed part on enforcement of the Security.

Pre-Enforcement Revenue Priority of Payments and Pre-Enforcement Principal Priority of Payments

Prior to the Note Trustee serving an Enforcement Notice on the Issuer pursuant to Condition 11 (*Events of Default*) of the Notes or Residual Certificates Condition 10 (*Events of Default*), declaring the Notes to be immediately due and payable or any Residual Payments pursuant to the Residual Certificates to be immediately due and payable, as the case may be, the Cash Administrator (on behalf of the Issuer) shall apply monies standing to the credit of the Deposit Account as described in "*Cashflows – Application of Available Revenue Receipts prior to the service of an Enforcement Notice on the Issuer*" and "*Cashflows – Application of Available Principal Receipts prior to the service of an Enforcement Notice on the Issuer*" and apply monies and securities standing to the credit of each Swap Collateral Account as described in "*Cashflows – Swap Collateral*".

Post-Enforcement Priority of Payments

After the Note Trustee has served an Enforcement Notice on the Issuer pursuant to Condition 11 (*Events of Default*) of the Notes, declaring the Notes to be immediately due and payable or if no Notes remain outstanding, pursuant to Residual Certificates Condition 10 (*Events of Default*) declaring that any Residual Payments pursuant to the Residual Certificates are immediately due and payable, the Security Trustee (or the Cash Administrator on its behalf) or any Receiver appointed by it shall apply the monies standing to the credit of the Deposit Account in accordance with the Post-Enforcement Priority of Payments defined in "*Cashflows – Distributions following the service of an Enforcement Notice on the Issuer*" and apply the monies standing to the credit of each Swap Collateral Account in accordance with the Swap Collateral Account Priority of Payments defined in "*Cashflows – Swap Collateral*" below.

The Security will become enforceable after an Enforcement Notice has been served on the Issuer pursuant to Condition 11 (*Events of Default*) of the Notes or if no Notes remain outstanding, pursuant to Residual Certificates Condition 10 (*Events of Default*) declaring that any Residual Payments pursuant to the Residual Certificates are immediately due and payable provided that, if the Security has become enforceable otherwise

than by reason of a default in payment of any amount due on the Notes and/or the Residual Certificates, the Security Trustee will not be entitled to dispose of the assets comprised in the Security or any part thereof unless the Security Trustee has received certification from (i) the Cash Administrator; and/or (ii) any financial adviser or other professional adviser that the Security Trustee may appoint for the giving of such certification (or shall appoint if so directed by the holders of at least 25 per cent in aggregate of the Principal Amount Outstanding of the Most Senior Class of Notes or, if no Notes remain outstanding at that time, holders of at least 25 per cent. in aggregate of the number of Residual Certificates then in issue) that either (a) either a sufficient amount would be realised to allow discharge in full on a *pro rata* and *pari passu* basis of all amounts owing to the Noteholders (and all persons ranking in priority to the Noteholders as set out in the Post-Enforcement Priority of Payments) or (b) Principal Receipts and Revenue Receipts to be received by the Issuer will be sufficient, having regard to any other relevant actual, contingent or prospective liabilities of the Issuer, to discharge in full in due course all amounts owing: (i) to the Noteholders (and all persons ranking in priority to the Noteholders in the order of priority set out in the Post-Enforcement Priority of Payments); and (ii) once all the Noteholders (and all such prior ranking persons) have been repaid, to the remaining Secured Creditors (other than the Certificateholders) in the order of priority set out in the Post-Enforcement Priority of Payments; and (iii) once all the Noteholders and the Secured Creditors (other than the Certificateholders) have been repaid, to the Certificateholders, which certification shall be binding on the Secured Creditors.

The fees and expenses of the aforementioned financial adviser or other professional adviser selected by the Security Trustee shall be paid by the Issuer in accordance with the applicable Priority of Payments. The Security Trustee shall be entitled to rely upon any financial or other professional advice referred to above without further enquiry and shall incur no liability to any person for so doing.

Governing Law

The Deed of Charge and any non-contractual obligations arising out of or in connection with it will be governed by English law, aspects relating to Scottish Mortgage Loans and their Collateral Security shall be construed in accordance with Scots Law and each Scottish Trust Security entered into pursuant thereto will be governed by Scots law.

Trust Deed

On or about the Closing Date, the Issuer will enter into the Trust Deed with, *inter alios*, the Security Trustee and the Note Trustee pursuant to which the Issuer and the Note Trustee will agree that the Notes and the Residual Certificates are subject to the provisions in the Trust Deed. The Conditions and the Residual Certificates Conditions and the forms of each class of Notes and the Residual Certificates are each constituted by, and set out in, the Trust Deed.

The Note Trustee will agree to hold the benefit of the Issuer's covenant to pay amounts due in respect of the Notes and the Residual Certificates on trust for the Noteholders and the Certificateholders.

In accordance with the terms of the Trust Deed, the Issuer will pay a fee to the Note Trustee for its services under the Trust Deed at the rate and times agreed between the Issuer and the Note Trustee (exclusive of VAT) together with payment of any liabilities incurred by the Note Trustee in relation to the Note Trustee's performance of its obligations under or in connection with the Trust Deed and the other Transaction Documents.

Retirement of Note Trustee

The Note Trustee may retire at any time upon giving not less than 60 calendar days' notice in writing to the Issuer without giving any reason therefor and without being responsible for any liabilities occasioned by such retirement. The holders of the Most Senior Class of Notes or (if no Notes remain outstanding) the Residual Certificates may, by Extraordinary Resolution, remove all trustees (but not some only) for the time

being who are acting pursuant to the Trust Deed and the Deed of Charge. The retirement or removal of the Note Trustee shall not become effective unless there remains a trust corporation entitled by rules made under the Public Trustee Act 1906 to carry out the functions of a custodian trustee (a "**Trust Corporation**") in office after such retirement or removal by Extraordinary Resolution. The Issuer will agree in the Trust Deed that, in the event of the sole trustee or the only trustee under the Trust Deed giving notice of its retirement, it shall use its best endeavours to procure a new trustee to be appointed as soon as practicable thereafter and if, upon the expiry of such notice or after 60 calendar days from the date the Note Trustee gives its notice of retirement or the applicable Extraordinary Resolution of the holders of the Most Senior Class of Notes, the Issuer is not able to find such replacement, the Note Trustee will be entitled to appoint a new Trust Corporation as trustee under the Trust Deed.

Governing Law

The Trust Deed and any non-contractual obligations arising out of or in connection with it will be governed by English law.

Agency Agreement

Pursuant to an agency agreement (the "**Agency Agreement**") dated on or prior to the Closing Date and made between the Issuer, the Note Trustee and the Security Trustee, the Principal Paying Agent, the Registrar and the Agent Bank, provision is made for, *inter alia*, the payment of principal and interest in respect of the Notes.

Governing Law

Cash Administrator and Directions from the Security Trustee

The Cash Administrator will act upon the direction of the Security Trustee (given in accordance with the terms and provisions of the Cash Administration Agreement and Deed of Charge) following receipt by the Cash Administrator of a copy of an Enforcement Notice served by the Note Trustee on the Issuer.

Remuneration of Cash Administrator

The Cash Administrator will be paid a cash administration fee for its cash administration services under the Cash Administration Agreement. Such fees will be determined under a separate fee letter between the Issuer and the Cash Administrator. Any sum (or other consideration) payable (or provided) by the Issuer to the Cash Administrator in respect of that fee shall be deemed to be exclusive of VAT, if any, chargeable on any supply for which the cash administration fee is the consideration (in whole or in part) for VAT purposes. The cash administration fee is payable monthly in arrear on each Interest Payment Date in the manner contemplated by and in accordance with the provisions of the Pre-Enforcement Revenue Priority of Payments or, as the case may be, the Post-Enforcement Priority of Payments.

Termination of Appointment and Replacement of Cash Administrator

If any of the following events (the "**Cash Administrator Termination Events**") shall occur:

- (a) default is made by the Cash Administrator in the payment, on the due date, of any payment due and payable by it under the Cash Administration Agreement and such default continues unremedied for a period of three Business Days after the earlier of the Cash Administrator becoming aware of such default and receipt by the Cash Administrator of written notice from the Issuer or (following the service of an Enforcement Notice) the Security Trustee, as the case may be (with a copy to the Standby Cash Administrator Facilitator), requiring the same to be remedied; or
- (b) default is made by the Cash Administrator in the performance or observance of any of its other covenants and obligations under the Cash Administration Agreement, which in the opinion of the Note Trustee as notified to the Security Trustee is materially prejudicial to the interests of the Noteholders, and such default continues unremedied for a period of 30 Business Days after the earlier of the Cash Administrator becoming aware of such default and receipt by the Cash Administrator of written notice from the Issuer or (following the service of an Enforcement Notice) the Security Trustee, as the case may be (with a copy to the Standby Cash Administrator Facilitator), requiring the same to be remedied; or

- (c) any material representation or warranty made by the Cash Administrator is incorrect when given and is unremedied for a period of 30 Business Days after the earlier of the Cash Administrator becoming aware of such breach and receipt by the Cash Administrator of written notice from the Issuer or (following the service of an Enforcement Notice) the Security Trustee, as the case may be (with a copy to the Standby Cash Administrator Facilitator), requiring the same to be remedied; or
- (d) an Insolvency Event occurs in respect of the Cash Administrator; or
- (e) it becomes unlawful for the Cash Administrator to perform its obligations under the Cash Administration Agreement or under any other Transaction Document,

then prior to the delivery of an Enforcement Notice, the Issuer (with the written consent of the Security Trustee), or following the delivery of an Enforcement Notice, the Security Trustee, may, at once or at any time thereafter while such default continues, by notice in writing to the Cash Administrator (with a copy to the Standby Cash Administrator Facilitator and (if such notice is delivered by the Issuer) the Security Trustee), terminate its appointment as Cash Administrator under the Cash Administration Agreement with effect from a date (not earlier than the date of the notice) specified in such notice. In determining whether to give or withhold consent to the termination of the Cash Administrator by the Issuer, the Security Trustee will have regard to factors including, *inter alia*, the availability of a substitute cash administrator. Upon termination of the appointment of the Cash Administrator, the Issuer shall use reasonable endeavours to appoint a substitute cash administrator that satisfies the conditions set out below.

Any substitute cash administrator:

- (a) must agree to enter into an agreement with the Issuer on terms commercially acceptable in the market, pursuant to which the substitute cash administrator agrees to assume and perform all material duties and obligations of the Cash Administrator under the Cash Administration Agreement;
- (b) must be a party that the Rating Agencies have previously confirmed to the Issuer in writing (provided that the Issuer confirms in writing (including by email) to the Security Trustee that such confirmation has been obtained) the appointment of which will not cause the then current ratings of the Rated Notes to be adversely affected; and
- (c) will be subject to the prior written approval of the Security Trustee (acting reasonably).

For the avoidance of doubt, upon termination of the appointment of the Cash Administrator, if the Issuer is unable to find a suitable third party willing to act as a substitute cash administrator, this shall not constitute any breach of the provisions of the Cash Administration Agreement.

Resignation of the Cash Administrator

The Cash Administrator may resign on giving not less than 45 calendar days' written notice (or such shorter time as may be agreed between the Cash Administrator, the Issuer, the Servicers and the Security Trustee) of its resignation to the Issuer, the Servicers, the Standby Cash Administrator Facilitator and the Security Trustee without providing any reason therefor and without being responsible for any Liability incurred by reason thereof unless such liability arises as a result of its own gross negligence, wilful default or fraud or that of its officers, directors, employees or any of its sub-contractors or delegates, provided that:

- (a) a substitute cash administrator shall be appointed, such appointment to be effective not later than the date of such termination;
- (b) such substitute cash administrator has the requisite cash administration experience to perform the functions to be given to it under the Cash Administration Agreement and is approved in writing by the Security Trustee in consultation with the Issuer as is appropriate in the circumstances;

- (c) such substitute cash administrator enters into a cash administration agreement with the Issuer on terms commercially acceptable in the market, pursuant to which the substitute cash administrator agrees to assume and perform all material duties and obligations of the Cash Administrator under the Cash Administration Agreement; and
- (d) such substitute cash administrator must be a party that the Rating Agencies have previously confirmed to the Issuer in writing (provided that the Issuer confirms in writing (including by email) to the Security Trustee that such confirmation has been obtained) the appointment of which will not cause the then current ratings of the Rated Notes to be adversely affected.

Standby Cash Administrator Facilitator

The Issuer will appoint the Standby Cash Administrator Facilitator in accordance with the Cash Administration Agreement. If the Cash Administrator appointment is terminated, the Standby Cash Administrator Facilitator shall use reasonable efforts to identify, on behalf of the Issuer, and assist the Issuer in the appointment of a suitable successor cash administrator within 15 calendar days of receiving such written notice, in accordance with the Cash Administration Agreement.

Governing Law

The Cash Administration Agreement and any non-contractual obligations arising out of or in connection with it will be governed by English law.

The Bank Account Agreement

Pursuant to the terms of a bank account agreement entered into on or about the Closing Date between the Issuer, the Issuer Account Bank, the Cash Administrator and the Security Trustee (the "**Bank Account Agreement**"), the Issuer will maintain with the Issuer Account Bank the Deposit Account and the Swap Sterling Cash Collateral Account which will be operated in accordance with the Bank Account Agreement, Cash Administration Agreement, the Deed of Charge and, in relation to the Swap Sterling Cash Collateral Account, the Swap Agreement. The Issuer Account Bank is required to have the Account Bank Rating.

Interest

The interest rate payable on balances standing to the credit of the Deposit Account and the Swap Sterling Cash Collateral Account is not subject to a minimum floor of zero per cent. A negative interest rate would result in a charge payable by the Issuer to the Issuer Account Bank and will be paid using Available Revenue Receipts subject to and in accordance with the applicable Priority of Payments.

Governing Law

The Bank Account Agreement and any non-contractual obligations arising out of or in connection with it will be governed by English law.

The Custody Agreement

Pursuant to the terms of a custody agreement entered into on or about the Closing Date between the Issuer, the Issuer Account Bank and the Security Trustee (the "**Custody Agreement**"), the Issuer will maintain with the Issuer Account Bank the Swap Sterling Securities Collateral Account which will be operated in accordance with the Custody Agreement, Cash Administration Agreement, the Deed of Charge and the Swap Agreement. The Issuer Account Bank is required to have the Account Bank Rating.

Governing Law

The Custody Agreement and any non-contractual obligations arising out of or in connection with it will be governed by English law.

The Corporate Services Agreement

On or prior to the Closing Date, the Issuer, the Corporate Services Provider, the Share Trustee, Holdings and the Security Trustee will enter into a corporate services agreement (the "**Corporate Services Agreement**") pursuant to which the Corporate Services Provider will provide the Issuer and Holdings with certain corporate and administrative functions against the payment of a fee. Such services include, *inter alia*, the performance of all general book-keeping, secretarial, registrar and company administration services for the Issuer and Holdings (including the provision of directors), providing the directors with information in connection with the Issuer and Holdings, and the arrangement for the convening of shareholders' and directors' meetings.

Governing Law

The Corporate Services Agreement and any non-contractual obligations arising out of or in connection with it will be governed by English law.

The Collection Accounts Declaration of Trust

The Sellers have, pursuant to the terms of a collection accounts declaration of trust (the "**Collection Accounts Declaration of Trust**"), agreed to hold all amounts standing to the credit of the Collection Accounts on trust for, amongst others, the Issuer and itself absolutely (the "**Collection Accounts Trust**"). The Issuer's share of the Collection Accounts Trust at any relevant time shall equal all amounts credited to the Collection Accounts at such time in respect of the Mortgage Loans and their Collateral Security taking into account any amounts previously paid to the Issuer in respect of the Mortgage Loans and their Collateral Security.

Governing Law

The Collection Accounts Declaration of Trust and any non-contractual obligations arising out of or in connection with it will be governed by English law.

Other Agreements

For a description of the Swap Agreement, see "*Credit Structure*" below.

CREDIT STRUCTURE

The Notes are obligations of the Issuer only. The Notes are not obligations of, or the responsibility of, or guaranteed by, any person other than the Issuer. In particular, the Notes are not obligations of, or the responsibility of, or guaranteed by, any of the Relevant Parties. No liability whatsoever in respect of any failure by the Issuer to pay any amount due under the Notes shall be accepted by any of the Relevant Parties or by any other person other than the Issuer.

The structure of the credit support arrangements may be summarised as follows:

1. **Liquidity Support for the Notes provided by Available Revenue Receipts**

It is anticipated that, during the life of the Notes, the interest payable by Borrowers on the Mortgage Loans will, assuming that all of the Mortgage Loans are fully performing (with a constant prepayment rate of zero per cent. on their Current Balances), be sufficient so that the Available Revenue Receipts will be sufficient to pay the amounts payable under items (a) to (z) (inclusive) of the Pre-Enforcement Revenue Priority of Payments. The actual amount of any excess payable to the Certificateholders under item (aa) of the Pre-Enforcement Revenue Priority of Payments will vary during the life of the Notes. Two of the key factors determining such variation are the interest rates applicable to the Mortgage Loans in the Portfolio relative to the interest rates on the Notes (taking into account in respect of the Fixed Rate Loans amounts due to the Issuer, if any, pursuant to the terms of the Swap Agreement) (as to which, see "*Interest Rate Risk for the Notes*" below) and the performance of the Portfolio.

Available Revenue Receipts will be applied (after making payments ranking higher in the Pre-Enforcement Revenue Priority of Payments) on each Interest Payment Date in accordance with the Pre-Enforcement Revenue Priority of Payments, towards reducing any Principal Deficiency Ledger entries which may arise from Losses on the Portfolio and from the application of Available Principal Receipts as Principal Addition Amounts to cure any Senior Expenses Deficit in accordance with item (a) of the Pre-Enforcement Principal Priority of Payments.

To the extent that the amount of Available Revenue Receipts on each Interest Payment Date up to but excluding the Class A Redemption Date exceeds the aggregate of the payments required to be met under items (a) to (f) (inclusive) of the Pre-Enforcement Revenue Priority of Payments, such excess is available to replenish the Class A Liquidity Reserve Fund up to an amount equal to the Class A Liquidity Reserve Fund Required Amount.

To the extent that the amount of Available Revenue Receipts on each Interest Payment Date exceeds the aggregate of the payments required to be met under items (a) to (p) (inclusive) of the Pre-Enforcement Revenue Priority of Payments, such excess is available to replenish the General Reserve Fund up to an amount equal to the General Reserve Fund Required Amount.

On the Final Redemption Date or on each Interest Payment Date from and including the Optional Redemption Date, to the extent that the amount of Available Revenue Receipts exceeds the aggregate of the payments required to be met under items (a) to (s) (inclusive) of the Pre-Enforcement Revenue Priority of Payments, an amount equal to the lesser of (i) all remaining amounts (if any); and (ii) the amount required by the Issuer to pay in full all amounts payable under items (a) to (k) (inclusive) of the Pre-Enforcement Principal Priority of Payments, less any Available Principal Receipts (other than item (c) of the definition thereof) otherwise available to the Issuer, is available as Enhanced Amortisation Amounts to be applied as Available Principal Receipts in accordance with the Pre-Enforcement Principal Priority of Payments.

"Final Redemption Date" means the Interest Payment Date in respect of which the Cash Administrator determines on the immediately preceding Calculation Date that, following the application on such Interest Payment Date of (i) Available Revenue Receipts in accordance with the Pre-Enforcement Revenue Priority of Payments, (ii) any Class A Liquidity Reserve Fund Release Amounts in meeting any Class A Liquidity Deficit against the relevant items in the Pre-Enforcement Revenue Priority of Payments in the order that they appear in the Pre-Enforcement Revenue Priority of Payments, (iii) any General Reserve Fund Release Amounts in meeting any Revenue Deficit against the relevant items in the Pre-Enforcement Revenue Priority of Payments in the order that they appear in the Pre-Enforcement Revenue Priority of Payments, (iv) the sum of the Available Principal Receipts (other than item (c) of the definition thereof), (v) all amounts standing to the credit of the General Reserve Fund Ledger, (vi) all amounts standing to the credit of the Class A Liquidity Reserve Fund Ledger and (vii) all amounts which (but for the occurrence of the Final Redemption Date) would have been available for application pursuant to items (v) to (aa) (inclusive) of the Pre-Enforcement Revenue Priority of Payments, such amounts would be sufficient to redeem in full the Rated Notes on such Interest Payment Date, including, as the case may be, as a result of the mandatory redemption of the Notes pursuant to Condition 8.3 (*Mandatory Redemption of the Notes in Full*) or Condition 8.4 (*Mandatory Redemption of the Notes for Taxation or Other Reasons*).

2. **General Reserve Fund and General Reserve Fund Ledger**

On the Closing Date, the Cash Administrator on behalf of the Issuer will establish a fund which will be credited with the General Reserve Fund Required Amount from part of the proceeds of the Class R Noteholder's subscription for the Class R Notes on the Closing Date (the "**General Reserve Fund**") to provide liquidity support and credit enhancement for the Rated Notes (other than the Class X Notes). The General Reserve Fund will be deposited in the Deposit Account (with a corresponding credit being made to the General Reserve Fund Ledger). The Issuer may invest the amounts standing to the credit of the General Reserve Fund from time to time in Authorised Investments.

The Cash Administrator will maintain the General Reserve Fund Ledger pursuant to the Cash Administration Agreement to record the balance from time to time of the General Reserve Fund.

After the Closing Date, on each Interest Payment Date up to but excluding the Final Redemption Date, the General Reserve Fund will be replenished up to the General Reserve Fund Required Amount from *firstly*, the Class A Liquidity Reserve Fund Excess Amount and *secondly*, Available Revenue Receipts (to the extent available) in accordance with the provisions of the Pre-Enforcement Revenue Priority of Payments.

On any Calculation Date up to and including the Calculation Date immediately preceding the Final Redemption Date (prior to the service of an Enforcement Notice), if the Cash Administrator determines that there would be a Revenue Deficit on the immediately following Interest Payment Date, the Cash Administrator will apply (after the application of Available Revenue Receipts and any Class A Liquidity Reserve Fund Release Amounts but prior to the application of any Principal Addition Amounts) on such Interest Payment Date an amount from the General Reserve Fund equal to the lesser of:

- (a) the amount standing to the credit of the General Reserve Fund Ledger on such Interest Payment Date; and
- (b) the amount of such Revenue Deficit,

(such amount being the "**General Reserve Fund Release Amount**") in meeting such Revenue Deficit against the relevant items in the Pre-Enforcement Revenue Priority of Payments in the order

that such items appear in the Pre-Enforcement Revenue Priority of Payments (any such amount to be debited from the General Reserve Fund Ledger immediately after the application of Available Revenue Receipts and any Class A Liquidity Reserve Fund Release Amounts pursuant to the Pre-Enforcement Revenue Priority of Payments on such Interest Payment Date).

On the Final Redemption Date only, all amounts standing to the credit of the General Reserve Fund Ledger (after first having applied any Class A Liquidity Reserve Fund Release Amounts to meet any Class A Liquidity Deficit and then any General Reserve Fund Release Amount to meet any Revenue Deficit against the relevant items in the Pre-Enforcement Revenue Priority of Payments in the order they appear in the Pre-Enforcement Revenue Priority of Payments, and debiting such amounts from the Class A Liquidity Reserve Fund Ledger and/or the General Reserve Fund Ledger in accordance with the Pre-Enforcement Revenue Priority of Payments, in each case on such Final Redemption Date) will be applied as Available Revenue Receipts in accordance with the Pre-Enforcement Revenue Priority of Payments.

As used in this Prospectus:

“General Reserve Fund Ledger” means the ledger on the Deposit Account maintained by the Cash Administrator on behalf of the Issuer which records amounts credited to, and debited from, the General Reserve Fund;

“General Reserve Fund Required Amount” means (a) on the Closing Date and on any Interest Payment Date up to and excluding the Final Redemption Date, the sum of the Standard Reserve Fund Required Amount and the COVID-19 Reserve Fund Required Amount and (b) on each Interest Payment Date on and from the Final Redemption Date, zero;

“Revenue Deficit” means, on any Interest Payment Date, a shortfall in the amounts available to pay items (a) to (p) of the Pre-Enforcement Revenue Priority of Payments after the application of Available Revenue Receipts and any Class A Liquidity Reserve Fund Release Amount (towards any Class A Liquidity Deficit), but prior to the application of any Principal Addition Amounts; and

“Standard Reserve Fund Required Amount” means (a) on the Closing Date and on any Interest Payment Date up to and excluding the Final Redemption Date, an amount equal to 2.5 per cent. of the aggregate current Principal Amount Outstanding of the Rated Notes (other than the Class X Notes) on the Closing Date minus the Class A Liquidity Reserve Fund Required Amount and (b) on each Interest Payment Date on and from the Final Redemption Date, zero;.

3. Class A Liquidity Reserve Fund and Class A Liquidity Reserve Fund Ledger

On the Closing Date, the Cash Administrator on behalf of the Issuer will establish a fund which will be credited with the Class A Liquidity Reserve Fund Required Amount from part of the proceeds of the Class R Noteholder's subscription for the Class R Notes on the Closing Date (the **“Class A Liquidity Reserve Fund”**) to provide liquidity support (and ultimately, credit enhancement) for the Class A Notes. The Class A Liquidity Reserve Fund will be deposited in the Deposit Account (with a corresponding credit being made to the Class A Liquidity Reserve Fund Ledger). The Issuer may invest the amounts standing to the credit of the Class A Liquidity Reserve Fund from time to time in Authorised Investments.

The Cash Administrator will maintain the Class A Liquidity Reserve Fund Ledger pursuant to the Cash Administration Agreement to record the balance from time to time of the Class A Liquidity Reserve Fund.

After the Closing Date, on each Interest Payment Date up to but excluding the Final Redemption Date, the Class A Liquidity Reserve Fund will be replenished up to the Class A Liquidity Reserve Fund Required Amount from Available Revenue Receipts (to the extent available) in accordance with the provisions of the Pre-Enforcement Revenue Priority of Payments.

Following the determination by the Cash Administrator on each Calculation Date (up to and including the Calculation Date immediately preceding the Class A Redemption Date) of the Class A Liquidity Reserve Fund Required Amount in respect of the immediately following Interest Payment Date, the Cash Administrator shall determine the Class A Liquidity Reserve Fund Excess Amount for application as Available Revenue Receipts on the immediately following Interest Payment Date (if any) after first having applied such Class A Liquidity Reserve Fund Excess Amount to replenish (if required) the General Reserve Fund Ledger up to the General Reserve Fund Required Amount. On each Interest Payment Date up to and including the Class A Redemption Date, the Cash Administrator will apply as Available Revenue Receipts the Class A Liquidity Reserve Fund Excess Amount (as determined on the immediately preceding Calculation Date) after first having applied such Class A Liquidity Reserve Fund Excess Amount to replenish (if required) the General Reserve Fund Ledger up to the General Reserve Fund Required Amount.

On any Calculation Date up to but excluding the Calculation Date immediately preceding the Class A Redemption Date (prior to the service of an Enforcement Notice), if the Cash Administrator determines that on the immediately following Interest Payment Date, there would be a Class A Liquidity Deficit (after the application of Available Revenue Receipts but prior to the application of any amounts from the General Reserve Fund and any Principal Addition Amounts), the Cash Administrator will apply on such Interest Payment Date an amount from the Class A Liquidity Reserve Fund equal to the lesser of:

- (a) the amount standing to the credit of the Class A Liquidity Reserve Fund Ledger on such Interest Payment Date; and
- (b) the amount of such Class A Liquidity Deficit,

(such amount being the “**Class A Liquidity Reserve Fund Release Amount**”), in meeting such Class A Liquidity Deficit against the relevant items in the Pre-Enforcement Revenue Priority of Payments in the order that they appear in the Pre-Enforcement Revenue Priority of Payments (any such amount to be debited from the Class A Liquidity Reserve Fund Ledger immediately after the application of any Available Revenue Receipts pursuant to the Pre-Enforcement Revenue Priority of Payments on such Interest Payment Date).

On the Class A Redemption Date, all amounts standing to the credit of the Class A Liquidity Reserve Fund (after first having applied any Available Revenue Receipts and then any Class A Liquidity Reserve Fund Release Amount in meeting any Class A Liquidity Deficit against the relevant items in the Pre-Enforcement Revenue Priority of Payments in the order they appear in the Pre-Enforcement Revenue Priority of Payments and debiting such amount from the Revenue Ledger and the Class A Liquidity Reserve Fund Ledger) will be applied *firstly*, to replenish (if required) the General Reserve Fund up to the General Reserve Fund Required Amount and *secondly*, as Available Revenue Receipts in accordance with the Pre-Enforcement Revenue Priority of Payments.

As used in this Prospectus:

“Class A Liquidity Deficit” means, on any Interest Payment Date, an amount equal to any shortfall in Available Revenue Receipts to pay items (a) to (f) (inclusive) of the Pre-Enforcement Revenue Priority of Payments, as determined by the Cash Administrator on the immediately preceding Calculation Date;

“Class A Liquidity Reserve Fund Excess Amount” means on any Interest Payment Date an amount equal to the greater of:

- (a) zero; and
- (b) the amount standing to the credit of the Class A Liquidity Reserve Fund Ledger on such Interest Payment Date, less the Class A Liquidity Reserve Fund Required Amount on such Interest Payment Date;

“Class A Liquidity Reserve Fund Ledger” means the ledger on the Deposit Account maintained by the Cash Administrator on behalf of the Issuer which records amounts credited to, and debited from, the Class A Liquidity Reserve Fund;

“Class A Liquidity Reserve Fund Required Amount” means:

- (a) on the Closing Date, an amount equal to 1.5 per cent. of the aggregate Principal Amount Outstanding of the Class A Notes on the Closing Date;
- (b) on any Interest Payment Date, subject to a minimum floor of one per cent. of the aggregate Principal Amount Outstanding of the Class A Notes on the Closing Date:
 - (i) if a Class A Liquidity Reserve Fund Amortising Trigger Event has not occurred prior to the Calculation Date immediately preceding such Interest Payment Date, an amount equal to 1.5 per cent. of the aggregate current Principal Amount Outstanding of the Class A Notes prior to the application of Available Principal Receipts on such Interest Payment Date; or
 - (ii) if a Class A Liquidity Reserve Fund Amortising Trigger Event has occurred prior to the Calculation Date immediately preceding such Interest Payment Date, an amount equal to 1.5 per cent. of the aggregate current Principal Amount Outstanding of the Class A Notes on the Interest Payment Date immediately preceding the date on which the Class A Liquidity Reserve Fund Amortising Trigger Event occurred (following the application of Available Principal Receipts on such Interest Payment Date); and
- (c) on each Interest Payment Date on and from the Class A Redemption Date, zero;

A **“Class A Liquidity Reserve Fund Amortising Trigger Event”** occurs if:

- (a) the Class A Notes are not redeemed in full on the Optional Redemption Date; or
- (b) Cumulative Defaults in respect of the Mortgage Loans comprising the Portfolio are greater than 5 per cent. of the aggregate Principal Balance of the Mortgage Loans comprised in the Portfolio as at the Cut-Off Date;

“Class A Redemption Date” means the Interest Payment Date in respect of which the Cash Administrator determines on the immediately preceding Calculation Date that, following the application on such Interest Payment Date of (i) Available Revenue Receipts in accordance with the Pre-Enforcement Revenue Priority of Payments and (ii) any Class A Liquidity Reserve Fund Release

Amounts in meeting any Class A Liquidity Deficit against the relevant items in the Pre-Enforcement Revenue Priority of Payments in the order that they appear in the Pre-Enforcement Revenue Priority of Payments, (iii) any General Reserve Fund Release Amounts in meeting any Revenue Deficit against the relevant items in the Pre-Enforcement Revenue Priority of Payments in the order that they appear in the Pre-Enforcement Revenue Priority of Payments, the sum of the Available Principal Receipts would be sufficient to redeem in full the Class A Notes on such Interest Payment Date; and

“**Cumulative Defaults**” means, at any time, the Principal Balance of all Mortgage Loans in respect of which the underlying Property has been repossessed calculated at the point when the relevant Property was repossessed.

4. Use of Available Principal Receipts to pay Senior Expenses Deficit

On each Calculation Date prior to the service of an Enforcement Notice, and with reference to the immediately following Interest Payment Date, the Cash Administrator will calculate whether there will be a shortfall of Available Revenue Receipts, Class A Liquidity Reserve Fund Release Amounts and General Reserve Fund Release Amounts to pay:

- (a) items (a) to (f) of the Pre-Enforcement Revenue Priority of Payments;
- (b) item (i) of the Pre-Enforcement Revenue Priority of Payments (if the Class B Notes are the Most Senior Class of Notes);
- (c) item (k) of the Pre-Enforcement Revenue Priority of Payments (if the Class C Notes are the Most Senior Class of Notes);
- (d) item (m) of the Pre-Enforcement Revenue Priority of Payments (if the Class D Notes are the Most Senior Class of Notes); and
- (e) item (o) of the Pre-Enforcement Revenue Priority of Payments (if the Class E Notes are the Most Senior Class of Notes),

on such Interest Payment Date.

If the Cash Administrator determines that there will be a shortfall (such shortfall being a "**Senior Expenses Deficit**"), then pursuant to item (a) of the Pre-Enforcement Principal Priority of Payments, the Cash Administrator on behalf of the Issuer shall apply (after the application of Available Revenue Receipts, any Class A Liquidity Reserve Fund Release Amounts and any General Reserve Fund Release Amounts) an amount of Available Principal Receipts equal to the lesser of:

- (i) the amount of Available Principal Receipts available for application pursuant to the Pre-Enforcement Principal Priority of Payments on such Interest Payment Date; and
- (ii) the amount of such Senior Expenses Deficit,

(such amount being the "**Principal Addition Amount**"), in meeting such Senior Expenses Deficit against the relevant items in the Pre-Enforcement Revenue Priority of Payments in the order that they appear in the Pre-Enforcement Revenue Priority of Payments.

Any Available Principal Receipts applied as Principal Addition Amounts will be recorded as a debit on the Principal Deficiency Ledger (as further described below).

5. Principal Deficiency Ledger

A Principal Deficiency Ledger will be established to record any Losses affecting the Mortgage Loans in the Portfolio and/or any Principal Addition Amounts. The Principal Deficiency Ledger will comprise the following sub-ledgers:

- (a) the Principal Deficiency Ledger relating to the Class A Notes (the "**Class A Principal Deficiency Sub-Ledger**");
- (b) the Principal Deficiency Ledger relating to the Class B Notes (the "**Class B Principal Deficiency Sub-Ledger**");
- (c) the Principal Deficiency Ledger relating to the Class C Notes (the "**Class C Principal Deficiency Sub-Ledger**");
- (d) the Principal Deficiency Ledger relating to the Class D Notes (the "**Class D Principal Deficiency Sub-Ledger**");
- (e) the Principal Deficiency Ledger relating to the Class E Notes (the "**Class E Principal Deficiency Sub-Ledger**"); and
- (f) the Principal Deficiency Ledger relating to the Class Z Notes (the "**Class Z Principal Deficiency Sub-Ledger**"),

(each a "**Principal Deficiency Sub-Ledger**").

Any Losses on the Portfolio and/or any Principal Addition Amounts will be recorded as a debit (on the date that the Cash Administrator is informed of such Losses by the relevant Servicer or such Principal Addition Amounts are determined by the Cash Administrator (as applicable)):

- (i) first, to the Class Z Principal Deficiency Sub-Ledger up to a maximum amount equal to the Principal Amount Outstanding of the Class Z Notes;
- (ii) second, to the Class E Principal Deficiency Sub-Ledger up to a maximum amount equal to the Principal Amount Outstanding of the Class E Notes;
- (iii) third, to the Class D Principal Deficiency Sub-Ledger up to a maximum amount equal to the Principal Amount Outstanding of the Class D Notes;
- (iv) fourth, to the Class C Principal Deficiency Sub-Ledger up to a maximum amount equal to the Principal Amount Outstanding of the Class C Notes;
- (v) fifth, to the Class B Principal Deficiency Sub-Ledger up to a maximum amount equal to the Principal Amount Outstanding of the Class B Notes; and
- (vi) sixth, to the Class A Principal Deficiency Sub-Ledger up to a maximum amount equal to the Principal Amount Outstanding of the Class A Notes.

Investors should note that realised Losses in any period will be calculated after applying any recoveries following enforcement of a Mortgage Loan to outstanding fees and interest amounts due and payable on the relevant Mortgage Loan.

The Cash Administrator will record as a credit to the Principal Deficiency Ledger (i) Available Revenue Receipts applied pursuant to items (h), (j), (l), (n), (p) and (r) of the Pre-Enforcement Revenue Priority of Payments (if any) (which amounts shall, for the avoidance of doubt, thereupon

become Available Principal Receipts) and (ii) Enhanced Amortisation Amounts applied in accordance with item (u) of the Pre-Enforcement Revenue Priority of Payments (which amounts shall, for the avoidance of doubt, thereupon become Available Principal Receipts).

Any amount credited to the Principal Deficiency Ledger in respect of Enhanced Amortisation Amounts will be reduced to the extent of any future Losses arising in respect of the Portfolio.

"**Losses**" means the aggregate of (a) all realised losses on the Mortgage Loans comprising the Portfolio which are not recovered from the proceeds following the sale of the Property to which such Mortgage Loan relates or any losses realised by the Issuer on the Mortgage Loans comprised in the Portfolio as a result of the failure of the Collection Account Bank to remit funds to the Issuer and (b) any loss to the Issuer as a result of an exercise of any set off by any Borrower in respect of a Mortgage Loan comprising the Portfolio.

6. Available Revenue Receipts and Available Principal Receipts

Available Revenue Receipts and Available Principal Receipts shall be applied on each Interest Payment Date in accordance with the Pre-Enforcement Revenue Priority of Payments and the Pre-Enforcement Principal Priority of Payments, respectively. Other than amounts which the Issuer expects to generate in each accounting period as its profit in respect of the business of the Issuer, amounts standing to the credit of the Issuer Profit Ledger, the General Reserve Fund Ledger (other than any amounts representing General Reserve Fund Release Amounts) or the Class A Liquidity Reserve Fund Ledger (other than any amounts representing Class A Liquidity Reserve Fund Release Amounts or Class A Liquidity Reserve Fund Excess Amounts) and the Swap Collateral Ledger (if any), it is not intended that any surplus will be accumulated in the Issuer.

If, on any Interest Payment Date while there are Rated Notes outstanding, the Issuer has insufficient Available Revenue Receipts, Class A Liquidity Reserve Fund Release Amounts, General Reserve Fund Release Amounts and Principal Addition Amounts to pay the interest that would otherwise be payable absent the deferral provisions in respect of the Notes other than in respect of the Most Senior Class of Notes, then the Issuer will be entitled under Condition 17 (*Subordination by Deferral*) to defer payment of that amount (to the extent of the insufficiency) until the following Interest Payment Date. Any such deferral in accordance with the deferral provisions contained in the Conditions will not constitute a Potential Event of Default or an Event of Default. However, failure to pay interest on the Most Senior Class of Notes within any applicable grace period in accordance with the Conditions shall constitute an Event of Default under the Notes which may result in the Security Trustee enforcing the Security.

7. Interest Rate Risk for the Notes

Swap Agreement

On or about the Closing Date, the Issuer and the Swap Provider will enter into the ISDA Master Agreement, schedule, credit support annex and confirmation (as amended or supplemented from time to time) relating to the Swap Transaction (the "**Swap Agreement**").

"**ISDA Master Agreement**" means the 2002 ISDA Master Agreement, as published by the International Swaps and Derivatives Association.

Swap Transaction

Some of the Mortgage Loans in the Portfolio pay or will pay a fixed rate of interest for a period of time. However, the Issuer's liabilities under the Notes are based on Compounded Daily SONIA for the relevant period.

To provide a hedge against the possible variance between:

- (a) the fixed rates of interest payable on the Fixed Rate Loans in the Portfolio (but, for the avoidance of doubt, excluding Fixed Rate Loans from the date on which the interest rate applicable in respect thereof becomes a variable interest rate); and
- (b) the floating rate of interest payable on the Notes,

the Issuer will enter into the Swap Transaction with the Swap Provider under the Swap Agreement on the Closing Date.

Under the Swap Transaction, for each Swap Calculation Period falling prior to the termination date of the Swap Transaction, the following amounts will be calculated:

- (a) the amount produced by applying Compounded Daily SONIA to the Notional Amount (as defined below) of the Swap Transaction for the relevant Swap Calculation Period and multiplying the resulting amount by the Day Count Fraction (as defined below) (the "**Swap Provider Swap Amount**"); and
- (b) the amount produced by applying a Fixed Rate (as defined in the Swap Agreement) to the Notional Amount of the Swap Transaction for the relevant Swap Calculation Period and multiplying the resulting amount by the Day Count Fraction (the "**Issuer Swap Amount**").

After these two amounts are calculated in relation to a Swap Payment Date, the following payments will be made on that Swap Payment Date:

- (a) if the Swap Provider Swap Amount for that Swap Payment Date is greater than the Issuer Swap Amount for that Swap Payment Date, then the Swap Provider will pay an amount equal to the excess to the Issuer;
- (b) if the Issuer Swap Amount for that Swap Payment Date is greater than the Swap Provider Swap Amount for that Swap Payment Date, then the Issuer will pay an amount equal to the excess to the Swap Provider; and
- (c) if the two amounts are equal, neither party will make a payment to the other.

For the purposes of calculating both the Issuer Swap Amount and Swap Provider Swap Amount in respect of a Swap Calculation Period, the notional amount of the Swap Transaction (the "**Notional Amount**") will be set out in a pre-agreed table as set out in the confirmation evidencing the Swap Transaction and based on the expected repayment profile of the Fixed Rate Loans assuming a constant prepayment rate of zero per cent. on the Current Balance of the Fixed Rate Loans in the Portfolio as at the Cut-Off Date.

In the event that the relevant rating(s) of the Swap Provider is or are, as applicable, downgraded by a Rating Agency below the Required Swap Ratings, the Swap Provider will, in accordance with the Swap Agreement, be required to take certain remedial measures within the timeframe stipulated in the Swap Agreement and at its own cost which may include (i) the provision of collateral for its obligations under the Swap Agreement in accordance with the terms of the Credit Support Annex thereto, or (ii) arranging for its obligations under the Swap Agreement to be transferred to an entity with the Required Swap Ratings, or (iii) procuring another entity with at least the Required Swap Ratings to become a guarantor in respect of its obligations under the Swap Agreement, or (iv) taking such other action as it may agree with the relevant Rating Agency as will result in the ratings of the then outstanding Class of Notes with the highest rating by the relevant Rating Agency being restored to or maintained at the level they were at immediately prior to the downgrade. A failure to take such

steps, subject to certain conditions, will give the Issuer the right to terminate the Swap Agreement. (for further description of rating triggers see the section: "*Transaction Overview – Triggers Tables*").

The Swap Agreement may also be terminated in certain other circumstances that may include, without limitation, the following: (i) with the exception of any mandatory redemption in whole or in part pursuant to Condition 8.1 (*Redemption at Maturity*) or Condition 8.2 (*Mandatory Redemption prior to the service of an Enforcement Notice or on the Call Option Redemption Date*), if the Notes are redeemed pursuant to Condition 8 (*Redemption*) or otherwise cancelled, redeemed or repaid in whole (but not in part) for any reason; (ii) if the Note Trustee serves an Enforcement Notice on the Issuer; (iii) if certain insolvency events occur (which shall be an event of default under the Swap Agreement); (iv) if a change in law results in the obligations of one of the parties becoming illegal; (v) in certain circumstances, if a deduction or withholding for or on account of taxes is imposed on payments under the Swap Transaction due to a change in law; or (vi) as a result of a force majeure event or act of state the Issuer or the Swap Provider is prevented from performing any payment or delivery obligation, prevented from receiving any payment or delivery, prevented from complying with any other material obligation or any such performance, receipt or compliance becomes impossible.

The Swap Agreement may also be terminated by the Swap Provider in the event that a modification, supplement, waiver or consent is made to any of the Transaction Documents that would have the effect of altering:

- (a) the Payment Priorities or the Swap Collateral Account Priority of Payments (in a manner that materially adversely affects the Swap Provider);
- (b) the timing or amount of any payments or deliveries due from the Issuer to the Swap Provider;
- (c) the Swap Provider's status as a Secured Creditor or the Swap Provider's rights in relation to any Security (howsoever described, and including as a result of changing the nature or the scope of, or releasing such Security granted by the Issuer in favour of the Security Trustee on behalf of the Secured Creditors);
- (d) any requirement to obtain the Swap Provider's prior consent (written or otherwise) in respect of any matter; or
- (e) Condition 8 (*Redemption*) of the Conditions or including any additional redemption rights in respect of the Notes in a manner that would (in the opinion of the Swap Provider, acting in good faith and a commercially reasonable manner) prejudice the Swap Provider,

and such modification, supplement, waiver or consent (i) is made without the prior written consent of the Swap Provider, and (ii) has (in the reasonable opinion of the Swap Provider) a material adverse effect on the rights and/or obligations of the Swap Provider under, or in respect of, the Swap Agreement. For the avoidance of doubt, such an event will not give rise to an event of default under the Swap Agreement, the Conditions or a breach under any other Transaction Document.

Under the terms of the Swap Agreement, upon an early termination of the Swap Transaction, depending on the type of Early Termination Event (as defined in the Swap Agreement) and the circumstances prevailing at the time of termination, the Issuer or the Swap Provider may be liable to make a termination payment to the other. This termination payment will be calculated and made in Sterling. The amount of any termination payment may reflect, among other things, the cost of entering into a replacement transaction at the time, third party market data such as rates, prices, yields and yield curves, or similar information derived from internal sources of the party making the

determination and will include any unpaid amounts that became due and payable on or prior to the date of termination.

Depending on the terms of the Swap Transaction and the circumstances prevailing at the time of termination, any such termination payment could be substantial and may affect the funds available for paying amounts due to the Noteholders.

The Issuer will use its reasonable endeavours, upon termination of the Swap Agreement, to find a replacement Swap Provider although no guarantees that such replacement will be found can be given.

The Swap Provider will generally be obliged to gross up payments made by it to the Issuer if a withholding or deduction for or on account of tax is imposed on payments made by it under the Swap Agreement. However, if the Swap Provider is required to gross up a payment under the Swap Agreement due to a change in law, the Swap Provider may terminate the Swap Agreement.

The Issuer is not obliged to gross up payments made by it to the Swap Provider if a withholding or deduction for or on account of taxes is imposed on payments made by it under the Swap Agreement.

The Swap Agreement and any non-contractual obligations arising out of or in connection with it will be governed by English law.

"Day Count Fraction" means in respect of any Swap Calculation Period, the number of calendar days in that Swap Calculation Period divided by 365.

"Required Swap Ratings" means, with respect to the Swap Provider or a replacement or guarantor in respect thereof, the minimum relevant rating(s) required by each Rating Agency as more particularly described in the "*Transaction Overview – Triggers Tables*" section.

"Swap Calculation Period" means (other than the first Swap Calculation Period), each period that commences on (and includes) a Swap Payment Date and ends on (but excludes) the immediately following Swap Payment Date and in respect of the first Swap Calculation Period, means the period commencing on (and including) the Closing Date and ending on (but excluding) the first Swap Payment Date.

- (a) to pay an amount equal to any Swap Tax Credits received by the Issuer to the relevant Swap Provider;

 - (i) *first*, in or towards payment of a Replacement Swap Premium (if any) payable by the Issuer to a replacement swap provider in order to enter into a Replacement Swap Agreement with the Issuer with respect to the Swap Agreement being terminated;

 - (i) *first*, in or towards payment of any termination payment due to the outgoing Swap Provider;
 - (ii) *second*, in or towards payment of a Replacement Swap Premium (if any) payable by the Issuer to a replacement swap provider in order to enter into a Replacement Swap Agreement with the Issuer with respect to the Swap Agreement being terminated; and
 - (iii) *third*, any surplus on such day to be transferred to the Deposit Account to be applied as Available Revenue Receipts or (following the service of an Enforcement Notice) in accordance with clause 7.2 (Post-Enforcement Priority of Payments) of the Deed of Charge;

- (f) following payments of amounts due pursuant to item (e) above, if monies and/or securities (as applicable) remain standing to the credit of a Swap Collateral Account, such monies and/or securities may be applied only in accordance with the following provisions:
- (i) *first*, in or towards payment of a Replacement Swap Premium (if any) payable by the Issuer to a replacement swap provider in order to enter into a Replacement Swap Agreement with the Issuer with respect to the Swap Agreement; and
 - (ii) *second*, any surplus remaining after payment of such Replacement Swap Premium to be transferred to the Deposit Account to be applied as Available Revenue Receipts or (following the service of an Enforcement Notice) in accordance with clause 7.2 (Post-Enforcement Priority of Payments) of the Deed of Charge,

provided that for so long as the Issuer does not enter into a Replacement Swap Agreement, on each Swap Payment Date, the Issuer (or the Cash Administrator on its behalf) will be permitted to withdraw an amount from the Swap Collateral Accounts (which shall be debited to the Swap Collateral Ledger), equal to the excess of the Swap Provider Swap Amount over the Issuer Swap Amount which would have been paid by the Swap Provider to the Issuer on such Swap Payment Date but for the designation of an Early Termination Date under the Swap Agreement, such surplus to be transferred to the Deposit Account to be applied as Available Revenue Receipts; and

provided further that for so long as the Issuer does not enter into a Replacement Swap Agreement on or prior to the earlier of:

- (A) the Calculation Date immediately before the Interest Payment Date on which the Principal Amount Outstanding of all Rated Notes would be reduced to zero (taking into account any Swap Collateral Account Surplus to be applied as Available Revenue Receipts on such Interest Payment Date); or
- (B) the day on which an Enforcement Notice is given pursuant to Condition 11 (*Events of Default*); or
- (C) the date on which the Principal Balance of the Fixed Rate Loans (excluding any Mortgage Loans in respect of which enforcement procedures have been completed) is reduced to zero,

then the amount standing to the credit of such Swap Collateral Account on such day shall be transferred to the Deposit Account to be applied as Available Revenue Receipts as soon as reasonably practicable thereafter.

DESCRIPTION OF THE GLOBAL NOTES AND THE NON-RATED NOTES

General

Each Class of Rated Notes as at the Closing Date will each be represented by a Global Note. All capitalised terms not defined in this paragraph shall be as defined in the Conditions of the Notes.

The Global Notes representing the Rated Notes will be registered in the name of the nominee for the Common Safekeeper for both Euroclear and Clearstream, Luxembourg. The Registrar will maintain a register in which it will register the nominee for the Common Safekeeper as the owner of the Global Note.

The Non-Rated Notes will be in dematerialised registered form and will not be cleared. The Registrar will maintain a register in which it will register the names of the holders of the Non-Rated Notes.

Upon confirmation by the Common Safekeeper that it has custody of the Global Notes, Euroclear or Clearstream, Luxembourg, as the case may be, will record in book-entry form interests representing beneficial interests in the Global Note attributable thereto ("**Book-Entry Interests**").

Book-Entry Interests in respect of each Global Note will be recorded in denominations of £100,000 and higher integral multiples of £1,000 (an "**Authorised Denomination**"). Ownership of Book-Entry Interests is limited to persons that have accounts with Euroclear or Clearstream, Luxembourg ("**Participants**") or persons that hold interests in the Book-Entry Interests through Participants or through other Indirect Participants ("**Indirect Participants**"), including, as applicable, banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with Euroclear or Clearstream, Luxembourg, either directly or indirectly. Book-Entry Interests will not be held in definitive form. Instead, Euroclear and Clearstream, Luxembourg, as applicable, will credit the Participants' accounts with the respective Book-Entry Interests beneficially owned by such Participants on each of their respective book-entry registration and transfer systems. The accounts initially credited will be designated (in respect of the Rated Notes) by the Joint Lead Managers. Ownership of Book-Entry Interests will be shown on, and transfers of Book-Entry Interests or the interests therein will be effected only through, records maintained by Euroclear or Clearstream, Luxembourg (with respect to the interests of their Participants) and on the records of Participants or Indirect Participants (with respect to the interests of Indirect Participants). The laws of some jurisdictions or other applicable rules may require that certain purchasers of securities take physical delivery of such securities in definitive form. The foregoing limitations may therefore impair the ability to own, transfer or pledge Book-Entry Interests.

So long as a nominee for the Common Safekeeper is the registered holder of the Global Note underlying the Book-Entry Interests, the nominee for the Common Safekeeper will be considered the sole Noteholder of the Global Notes representing the Rated Notes for all purposes under the Trust Deed. Except as set out under "*Issuance of Registered Definitive Notes*" below, Participants or Indirect Participants will not be entitled to have Rated Notes registered in their names, will not receive or be entitled to receive physical delivery of Rated Notes in definitive registered form and will not be considered the holders thereof under the Trust Deed. Accordingly, each person holding a Book-Entry Interest must rely on the rules and procedures of Euroclear or Clearstream, Luxembourg, as the case may be, and Indirect Participants must rely on the procedures of the Participants or Indirect Participants through which such person owns its interest in the relevant Book-Entry Interests, to exercise any rights and obligations of a holder of Rated Notes under the Trust Deed. See "*Action in respect of the Global Notes and the Book-Entry Interests*", below.

Unlike legal owners or holders of the Rated Notes, holders of the Book-Entry Interests will not have the right under the Trust Deed to act upon solicitations by the Issuer or consents or requests by the Issuer for waivers or other actions from holders of the Rated Notes. Instead, a holder of Book-Entry Interests will be permitted to act only to the extent it has received appropriate proxies to do so from Euroclear or Clearstream, Luxembourg, as the case may be, and, if applicable, their Participants. There can be no assurance that

procedures implemented for the granting of such proxies will be sufficient to enable holders of Book-Entry Interests to vote on any requested actions on a timely basis. Similarly, upon the occurrence of an Event of Default under the Global Note, holders of Book-Entry Interests will be restricted to acting through Euroclear or Clearstream, Luxembourg unless and until Registered Definitive Notes are issued in accordance with the Conditions. There can be no assurance that the procedures to be implemented by Euroclear and Clearstream, Luxembourg under such circumstances will be adequate to ensure the timely exercise of remedies under the Trust Deed.

In the case of a Global Note, unless and until Book-Entry Interests are exchanged for Registered Definitive Notes, the Global Note held by the Common Safekeeper may not be transferred except as a whole by the Common Safekeeper to a successor of the Common Safekeeper.

Purchasers of Book-Entry Interests in a Global Note will hold Book-Entry Interests in the Global Note relating thereto. Investors may hold their Book-Entry Interests in respect of a Global Note directly through Euroclear or Clearstream, Luxembourg (in accordance with the provisions set out under "*Transfers and Transfer Restrictions*" below), if they are account holders in such systems, or indirectly through organisations which are account holders in such systems. Euroclear and Clearstream, Luxembourg will hold Book-Entry Interests in the Global Note on behalf of their account holders through securities accounts in the respective account holders' names on Euroclear's and Clearstream, Luxembourg's respective book-entry registration and transfer systems.

Although Euroclear and Clearstream, Luxembourg have agreed to certain procedures to facilitate transfers of Book-Entry Interests among account holders of Euroclear and Clearstream, Luxembourg, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. None of the Issuer, the Co-Arrangers, the Joint Lead Managers, the Note Trustee, the Security Trustee or any of their respective agents will have any responsibility for the performance by Euroclear or Clearstream, Luxembourg or their respective Participants or account holders of their respective obligations under the rules and procedures governing their operations.

Payments on the Global Notes

Payment of principal and interest on, and any other amount due in respect of, the Global Notes will be made in Sterling by or to the order of Elavon Financial Services DAC, UK Branch (the "**Principal Paying Agent**"), on behalf of the Issuer to the order of the Common Safekeeper or its nominee as the registered holder thereof with respect to the Global Notes. Each holder of Book-Entry Interests must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for its share of any amounts paid by or on behalf of the Issuer to the order of the Common Safekeeper or their nominees in respect of those Book-Entry Interests. All such payments will be distributed without deduction or withholding for or on account of any taxes, duties, assessments or other governmental charges of whatever nature except as may be required by law. If any such deduction or withholding is required to be made, then neither the Issuer, the Paying Agents nor any other person will be obliged to pay additional amounts in respect thereof.

In accordance with the rules and procedures for the time being of Euroclear or, as the case may be, Clearstream, Luxembourg, after receipt of any payment from the Principal Paying Agent to the order of the Common Safekeeper, the respective systems will promptly credit their Participants' accounts with payments in amounts proportionate to their respective ownership of Book-Entry Interests as shown in the records of Euroclear or Clearstream, Luxembourg. On each Record Date Euroclear and Clearstream, Luxembourg will determine the identity of the holders of the Rated Notes for the purposes of making payments to the holders of the Rated Notes. The "**Record Date**" in respect of the Rated Notes (i) where the Rated Notes are in global registered form, shall be at the close of the Business Day (being for this purpose a day on which Euroclear and Clearstream, Luxembourg are open for business) prior to the relevant Interest Payment Date and (ii) where the Rated Notes are in definitive registered form, shall be the date falling 15 calendar days prior to the relevant Interest Payment Date. The Issuer expects that payments by Participants to owners of interests in Book-Entry Interests held through such Participants or Indirect Participants will be governed by standing

customer instructions and customary practices, as is now the case with the securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such Participants or Indirect Participants. None of the Issuer, any agent of the Issuer, the Co-Arrangers, the Joint Lead Managers, the Note Trustee or the Security Trustee will have any responsibility or liability for any aspect of the records relating to or payments made on account of a Participant's ownership of Book-Entry Interests or for maintaining, supervising or reviewing any records relating to a Participant's ownership of Book-Entry Interests.

Information Regarding Euroclear and Clearstream, Luxembourg

Euroclear and Clearstream, Luxembourg have advised the Issuer as follows:

Euroclear and Clearstream, Luxembourg each hold securities for their account holders and facilitate the clearance and settlement of securities transactions by electronic book-entry transfer between their respective account holders, thereby eliminating the need for physical movements of certificates and any risk from lack of simultaneous transfers of securities.

Euroclear and Clearstream, Luxembourg each provide various services including safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Euroclear and Clearstream, Luxembourg each also deal with domestic securities markets in several countries through established depository and custodial relationships. The respective systems of Euroclear and of Clearstream, Luxembourg have established an electronic bridge between their two systems across which their respective account holders may settle trades with each other.

Account holders in both Euroclear and Clearstream, Luxembourg are worldwide financial institutions including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations. Indirect access to both Euroclear and Clearstream, Luxembourg is available to other institutions that clear through or maintain a custodial relationship with an account holder of either system.

An account holder's overall contractual relations with either Euroclear or Clearstream, Luxembourg are governed by the respective rules and operating procedures of Euroclear or Clearstream, Luxembourg and any applicable laws. Both Euroclear and Clearstream, Luxembourg act under such rules and operating procedures only on behalf of their respective account holders, and have no record of or relationship with persons holding through their respective account holders.

The Issuer understands that under existing industry practices, if any of the Issuer, the Note Trustee or the Security Trustee requests any action of owners of Book-Entry Interests or if an owner of a Book-Entry Interest desires to give instructions or take any action that a holder is entitled to give or take under the Trust Deed or the Deed of Charge, Euroclear or Clearstream, Luxembourg as the case may be, would authorise the Participants owning the relevant Book-Entry Interests to give instructions or take such action, and such Participants would authorise Indirect Participants to give or take such action or would otherwise act upon the instructions of such Indirect Participants.

Redemption

In the event that a Global Note (or portion thereof) is redeemed, the Principal Paying Agent will deliver all amounts received by it in respect of the redemption of such Global Note to the order of the Common Safekeeper and, upon final payment, the Common Safekeeper will surrender such Global Note (or portion thereof) to or to the order of the Principal Paying Agent for cancellation. Appropriate entries will be made in the Register. The redemption price payable in connection with the redemption of Book-Entry Interests will be equal to the amount received by the Principal Paying Agent in connection with the redemption of the Global Note (or portion thereof) relating thereto. For any redemptions of the Global Note in part, selection of the relevant Book-Entry Interest relating thereto to be redeemed will be made by Euroclear or Clearstream, Luxembourg, as the case may be, on a *pro rata* basis (or on such basis as Euroclear or

Clearstream, Luxembourg, as the case may be, deems fair and appropriate). Upon any redemption in part, the Principal Paying Agent will mark down the schedule to such Global Note by the principal amount so redeemed.

Cancellation

Cancellation of any Rated Note represented by a Global Note and required by the Conditions to be cancelled following its redemption will be effected by endorsement by or on behalf of the Principal Paying Agent of the reduction in the principal amount of the relevant Global Note on the relevant schedule thereto and the corresponding entry on the Register.

Transfers and Transfer Restrictions

All transfers of Book-Entry Interests will be recorded in accordance with the book-entry systems maintained by Euroclear or Clearstream, Luxembourg, as applicable, pursuant to customary procedures established by each respective system and its Participants. See "*General*" above.

Issuance of Registered Definitive Notes

Holders of Book-Entry Interests in the Global Note will be entitled to receive Rated Notes in definitive registered form (such as exchanged Global Notes in definitive registered form, "**Registered Definitive Notes**") in exchange for their respective holdings of Book-Entry Interests if (a) both Euroclear and Clearstream, Luxembourg are closed for business for a continuous period of 14 calendar days (other than by reason of holiday, statutory or otherwise) or announce an intention permanently to cease business or to cease to make book-entry systems available for settlement of beneficial interests in such Global Notes and do in fact do either of those things and no alternative clearing system satisfactory to the Note Trustee is available or (b) as a result of any amendment to, or change in, the laws or regulations of the United Kingdom (or of any political subdivision thereof) or of any authority therein or thereof having power to tax or in the interpretation or administration by a revenue authority or a court or in the administration of such laws or regulations which becomes effective on or after the Closing Date, the Issuer or any Paying Agent is or will be required to make any deduction or withholding from any payment in respect of the Notes which would not be required were the Rated Notes in definitive registered form. Any Registered Definitive Notes issued in exchange for Book-Entry Interests in the Global Note will be registered by the Registrar in such name or names as the Issuer shall instruct the Principal Paying Agent based on the instructions of Euroclear or Clearstream, Luxembourg, as the case may be. It is expected that such instructions will be based upon directions received by Euroclear or Clearstream, Luxembourg from their Participants with respect to ownership of the relevant Book-Entry Interests. Holders of Registered Definitive Notes issued in exchange for Book-Entry Interests in the Global Note will not be entitled to exchange such Registered Definitive Notes for Book-Entry Interests in such Global Note. Any Rated Notes issued in definitive form will be issued in registered form only and will be subject to the provisions set out under "*Transfers and Transfer Restrictions*" above and provided that no transfer shall be registered for a period of 15 calendar days immediately preceding any due date for payment in respect of the Note or, as the case may be, the due date for redemption. Registered Definitive Notes will be issued in a denomination that is an integral multiple of the minimum Authorised Denomination. See "*Risk Factors – Risks relating to the Characteristics of the Note – The minimum denomination of the Notes may adversely affect payments on the Notes if issued in definitive form*".

Action in respect of the Global Notes and the Book-Entry Interests

Not later than 10 calendar days after receipt by the Issuer of any notices in respect of a Global Note or any notice of solicitation of consents or requests for a waiver or other action by the holder of such Global Note, the Issuer will deliver to Euroclear and Clearstream, Luxembourg a notice containing (a) such information as is contained in such notice, (b) a statement that at the close of business on a specified record date Euroclear and Clearstream, Luxembourg will be entitled to instruct the Issuer as to the consent, waiver or other action,

if any, pertaining to the Book-Entry Interests or the Global Note and (c) a statement as to the manner in which such instructions may be given. Upon the written request of Euroclear or Clearstream, Luxembourg, as applicable, the Issuer shall endeavour insofar as practicable to take such action regarding the requested consent, waiver or other action in respect of the Book-Entry Interests or the Global Note in accordance with any instructions set out in such request. Euroclear or Clearstream, Luxembourg are expected to follow the procedures described under "*General*" above with respect to soliciting instructions from their respective Participants. The Registrar will not exercise any discretion in the granting of consents or waivers or the taking of any other action in respect of the Book-Entry Interests or the Global Notes.

Notices

Whilst the Rated Notes are represented by Global Notes the Issuer may, at its option, send to Euroclear and Clearstream, Luxembourg a copy of any notices addressed to Noteholders for communication by Euroclear and Clearstream, Luxembourg to the Noteholders. Alternatively, such notices regarding the Rated Notes may instead be published in the *Financial Times* or, if such newspaper shall cease to be published or if timely publication therein is not practicable, in such other English newspaper or newspapers as the Note Trustee shall approve in advance having a general circulation in the United Kingdom; provided that if, at any time, the Issuer procures that the information contained in such notice shall appear on a page of the Reuters screen, the Bloomberg screen or any other medium for electronic display of data as may be previously approved in writing by the Note Trustee and notified to Noteholders, publication in such newspaper shall not be required with respect to such information so long as the rules of Euronext Dublin allow. The Issuer may elect not to publish any notice in a newspaper for so long as the Rated Notes are held in global form and notice is given to Euroclear and Clearstream, Luxembourg. The Note Trustee may, in accordance with Condition 16.2 (*Note Trustee's Discretion to Select Alternative Method*) sanction other methods of giving notice to all or some of the Noteholders if such method is reasonable having regard to, among other things, the market practice then prevailing and the requirements of the relevant stock exchange. See also Condition 16 (*Notice to Noteholders*) of the Notes.

New Safekeeping Structure and Eurosystem Eligibility

The Rated Notes are intended to be held in a new safekeeping structure ("NSS") and in a manner which would allow Eurosystem eligibility and will be deposited with one of the International Central Securities Depositories (an "ICSD") as common safekeeper. However, the deposit of the Rated Notes with one of the ICSDs as common safekeeper upon issuance or otherwise does not necessarily mean that the Rated Notes will be recognised as eligible collateral for Eurosystem monetary policy and intraday credit operations by the Eurosystem at issuance or at any time during their life. Such recognition will depend upon the European Central Bank being satisfied that Eurosystem eligibility criteria have been met.

Issuer-ICSDs Agreement

Prior to the issuance of the Notes, the Issuer will enter into an Issuer-ICSDs Agreement with the ICSDs in respect of the Rated Notes. The Issuer-ICSDs Agreement provides that the ICSDs will, in respect of any of the Rated Notes (while being held in the NSS), maintain their respective portion of the issue outstanding amount through their records. The Issuer-ICSDs Agreement will be governed by English law.

Non-Rated Notes

The Non-Rated Notes will be issued in dematerialised registered form and no certificate evidencing entitlement to the Non-Rated Notes will be issued. The Issuer will also maintain a register, to be kept on the Issuer's behalf by the Registrar, in which the Non-Rated Notes will each be registered in the name of the relevant Noteholders. Transfers of the Non-Rated Notes may be made only through the register maintained by the Issuer and are subject to the transfer restrictions set out in Condition 3.2 (*Title*).

TERMS AND CONDITIONS OF THE NOTES

The following are the terms and conditions of the Notes in the form (subject to amendment) in which they will be set out in the Trust Deed (as defined below).

Any reference in these terms and conditions (the "**Conditions**") to a "**Class**" of Notes or of Noteholders shall be a reference to the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes, the Class X Notes, the Class R Notes or the Class Z Notes, as the case may be, or to the respective holders thereof. Any reference in these Conditions to the Noteholders means the registered holders for the time being of the Notes, or if preceded by a particular Class designation of Notes, the registered holders for the time being of such Class of Notes. The security for the Notes is constituted by and pursuant to a deed of charge and assignment (the "**Deed of Charge**") dated on or about the Closing Date and made between, among others, the Issuer and U.S. Bank Trustees Limited as trustee for the Secured Creditors (in such capacity, the "**Security Trustee**").

Pursuant to an agency agreement (the "**Agency Agreement**") dated on or prior to the Closing Date and made between the Issuer, the Note Trustee, the Security Trustee, Elavon Financial Services DAC, UK Branch as principal paying agent (in such capacity, the "**Principal Paying Agent**" and, together with any further or other paying agent appointed under the Agency Agreement, the "**Paying Agents**"), Elavon Financial Services DAC as registrar (in such capacity, the "**Registrar**") and Elavon Financial Services DAC, UK Branch as agent bank (in such capacity, the "**Agent Bank**"), provision is made for, *inter alia*, the payment of principal and interest in respect of the Notes.

Physical copies of the Trust Deed, the Deed of Charge, the Agency Agreement, the Master Definitions and Construction Schedule and the other Transaction Documents are available for inspection during normal business hours at the specified office for the time being of each of the Paying Agents. The Noteholders are entitled to the benefit of, are bound by, and are deemed to have notice of, all the provisions of the Transaction Documents applicable to them.

On the Closing Date, certain certificates (the "**Residual Certificates**") will also be issued by the Issuer and constituted by the Trust Deed. The Residual Certificates constitute direct, secured and (subject to the limited recourse provision in Residual Certificates Condition 11.4 (*Limited*

Recourse)) unconditional obligations of the Issuer, and represent the Issuer's obligation to pay deferred consideration for its purchase of the Portfolio, consisting of the Residual Payments. The Residual Certificates rank *pro rata* and *pari passu* without preference or priority among themselves in relation to the Residual Payments and are fully subordinate to the interests of the Notes.

The Trust Deed and the Deed of Charge contain provisions requiring the Note Trustee and the Security Trustee, respectively, not to have regard to the interests of the Certificateholders equally with the rights of the Noteholders as regards all rights, powers, trusts, authorities, duties and discretions of the Note Trustee and the Security Trustee (except where expressly provided otherwise) and instead requiring the Note Trustee and the Security Trustee in any such case to have regard (except as expressly provided otherwise) to the interests of the Noteholders for so long as there are any Notes outstanding.

2. INTERPRETATION

2.1 Definitions

Capitalised terms not otherwise defined in these Conditions shall bear the meanings given to them in the Master Definitions and Construction Schedule.

2.2 Interpretation

These Conditions shall be construed in accordance with the principles of construction set out in the Master Definitions and Construction Schedule.

3. FORM, DENOMINATION AND TITLE

3.1 Form and Denomination

Each Class of Rated Notes will initially be represented by a global note certificate in registered form (a "**Global Note**").

For so long as any of the Rated Notes are represented by a Global Note, transfers and exchanges of beneficial interests in such Global Note and entitlement to payments thereunder will be effected subject to and in accordance with the rules and procedures from time to time of Euroclear Bank SA/NV ("**Euroclear**") or Clearstream Banking, S.A. ("**Clearstream, Luxembourg**"), as appropriate. Each Global Note will be deposited with and registered in the name of a common safekeeper (or a nominee thereof) for Euroclear and Clearstream, Luxembourg.

For so long as the Rated Notes are represented by Global Notes, and for so long as Euroclear and Clearstream, Luxembourg so permit, the Rated Notes shall be tradable only in the minimum nominal amount of £100,000 and higher integral multiples of £1,000, notwithstanding that no Registered Definitive Notes (as defined below) will be issued with a denomination above £199,000. A Global Note will be exchanged for the relevant Rated Note in definitive registered form (such exchanged Global Notes in definitive registered form, the "**Registered Definitive Notes**") only if either of the following applies:

- (a) both Euroclear and Clearstream, Luxembourg:
 - (i) are closed for business for a continuous period of 14 calendar days (other than by reason of holiday, statutory or otherwise); or

- (ii) announce an intention permanently to cease business or to cease to make book-entry systems available for settlement of beneficial interests in such Global Notes and do in fact do either of those things,

and in either case no alternative clearing system satisfactory to the Note Trustee is available;
or

- (b) as a result of any amendment to, or change in, the laws or regulations of the United Kingdom (or of any political subdivision thereof) or of any authority therein or thereof having power to tax, or in the interpretation or administration by a revenue authority or a court or in the application of such laws or regulations, which becomes effective on or after the Closing Date, the Issuer or any Paying Agent is or will be required to make any deduction or withholding for or on account of tax from any payment in respect of the Notes which would not be required were the relevant Notes in definitive registered form.

If Registered Definitive Notes are issued in respect of Rated Notes originally represented by a Global Note, the beneficial interests represented by such Global Note shall be exchanged by the Issuer for the relevant Rated Notes in registered definitive form. The aggregate principal amount of the Registered Definitive Notes shall be equal to the Principal Amount Outstanding of the Rated Notes at the date on which notice of exchange is given of the Global Note, subject to and in accordance with the detailed provisions of these Conditions, the Agency Agreement, the Trust Deed and the relevant Global Note.

Registered Definitive Notes (which, if issued, will be in the denomination set out below) will be serially numbered and will be issued in registered form only.

The minimum denomination of the Rated Notes in global and (if issued and printed) definitive form will be £100,000.

The Class Z Notes and the Class R Notes (together the "**Non-Rated Notes**") will be issued in dematerialised registered form and will not be cleared. Each Class of Non-Rated Notes has a minimum denomination of £100,000 and higher integral multiples of £1,000. No certificates evidencing entitlement to the Non-Rated Notes will be issued. The holders of Non-Rated Notes recorded in the Register shall be entitled to payments in respect thereof.

References to "**Notes**" in these Conditions shall include the Global Notes and the Registered Definitive Notes.

3.2 Title

Title to the Global Notes shall pass by and upon registration in the register (the "**Register**") which the Issuer shall procure to be kept by the Registrar. The registered holder of a Global Note may (to the fullest extent permitted by applicable laws) be deemed and treated at all times, by all persons and for all purposes (including the making of any payments), as the absolute owner of such Global Note regardless of any notice of ownership, theft or loss or any trust or other interest therein or of any writing thereon (other than the endorsed form of transfer).

Title to a Non-Rated Note and a Registered Definitive Note shall only pass by and upon registration of the transfer in the Register, provided that no transferee shall be registered as a new holder of Non-Rated Notes unless that new Noteholder has acceded to the terms of the Trust Deed as if that new Noteholder had been an original party thereto. Any such transfer shall be in an amount equal to or greater than the minimum denominations specified in Condition 3.1 (*Form and Denomination*). All transfers of Non-Rated Notes are subject to the detailed regulations concerning transfers in the Agency Agreement.

Registered Definitive Notes may be transferred upon the surrender of the relevant Registered Definitive Note, with the form of transfer endorsed on it duly completed and executed, at the specified office of the Registrar. Such transfers shall be subject to the minimum denominations specified in Condition 3.1 (*Form and Denomination*). All transfers of Registered Definitive Notes are subject to any restrictions on transfer set out on the Registered Definitive Notes and the detailed regulations concerning transfers in the Agency Agreement.

Each new Registered Definitive Note to be issued upon transfer of such Registered Definitive Note will, within five Business Days of receipt and surrender of such Registered Definitive Note (duly completed and executed) for transfer, be available for delivery at the specified office of the Registrar or be mailed at the risk of the transferee entitled to such Registered Definitive Note to such address as may be specified in the relevant form of transfer.

Registration of a Non-Rated Note or a Registered Definitive Note on transfer will be effected without charge by the Registrar, but subject to payment of (or the giving of such indemnity as the Registrar may require for) any tax, stamp duty or other government charges which may be imposed in relation to it.

Accordingly, the interests of the persons who for the time being are registered in the Register as holders of the Class Z Notes (the "**Class Z Noteholders**") will be subordinated to the interests of the holders of the Rated Notes and the Class R Notes (so long as any Rated Notes and any Class R Notes remain outstanding).
- (i) The Trust Deed and the Deed of Charge contain provisions requiring the Note Trustee and the Security Trustee, respectively, to have regard to the interests of holders of each Class of the Notes as regards all rights, powers, trusts, authorities, duties and discretions of the Note Trustee and the Security Trustee (except where expressly provided otherwise) but requiring the Note Trustee and the Security Trustee where there is a conflict of interests between one or more classes of Notes and/or the Residual Certificates in any such case to have regard (except as expressly provided otherwise) to the interests of the holders of the Class of Notes ranking in priority to the other relevant Classes of Notes in the Post-Enforcement Priority of Payments or if there are no Notes then outstanding to the Certificateholders.

- (j) The Trust Deed also contains provisions limiting the powers of any Class of Noteholders to (i) request or direct the Note Trustee to take any action or (ii) pass an effective Extraordinary Resolution according to the effect thereof on the interests of the holders of the Most Senior Class of Notes. Except in certain circumstances described in Condition 13 (*Meetings of Noteholders, Modification, Waiver and Substitution*), the Trust Deed contains no such limitation on the powers of the holders of the Most Senior Class of Notes, the exercise of which will be binding (save in respect of a Basic Terms Modification) on the holders of all other Classes of Notes and the Certificateholders in each case irrespective of the effect thereof on their respective interests.

As long as any Notes are outstanding but subject to Condition 13.5 (*Modification to the Transaction Documents*), the Security Trustee shall not have regard to the interests of the other Secured Creditors.

4.2 Security

- (a) The security constituted by or pursuant to the Deed of Charge is granted to the Security Trustee for it to hold on trust for the Noteholders and the other Secured Creditors, upon and subject to the terms and conditions of the Deed of Charge.
- (b) The Noteholders and the other Secured Creditors will share in the benefit of the security constituted by or pursuant to the Deed of Charge, upon and subject to the terms and conditions of the Deed of Charge.

5. COVENANTS

Save with the prior written consent of the Note Trustee or unless otherwise permitted under these Conditions or any of the Transaction Documents, the Issuer shall not, so long as any Note remains outstanding:

- (b) **Restrictions on activities:** (i) engage in any activity whatsoever which is not incidental to or necessary in connection with any of the activities in which the Transaction Documents provide or envisage that the Issuer will engage or (ii) have any subsidiaries, any subsidiary undertaking (as defined in the Companies Act 1985 and the Companies Act 2006 (as applicable)) or any employees (but shall procure that, at all times, it shall retain at least one independent director) or premises;
- (c) **Disposal of assets:** assign, transfer, sell, lend, lease, part with or otherwise dispose of, or deal with, or grant any option or present or future right to acquire all or any of its assets or undertakings or any interest, estate, right, title or benefit therein or attempt or purport to do any of the foregoing;

- (e) **Dividends or distributions:** pay any dividend or make any other distribution to its shareholders except out of amounts of profit retained by the Issuer in accordance with the applicable Priority of Payments which are available for distribution in accordance with the Issuer's memorandum and articles of association and with applicable laws or issue any further shares;

- (f) **Indebtedness:** incur any financial indebtedness in respect of borrowed money whatsoever or give any guarantee or indemnity in respect of any indebtedness or of any other obligation of any person;
- (g) **Merger:** consolidate or merge with any other person or convey or transfer substantially all of its properties or assets to any other person;
- (h) **No modification or waiver:** permit any of the Transaction Documents to which it is a party to become invalid or ineffective or permit the priority of the security interests created or evidenced thereby or pursuant thereto to be varied, modified, terminated, postponed, waived or agree to any modification of, or grant any consent, approval, authorisation or waiver pursuant to, or in connection with, any of the Transaction Documents to which it is a party or permit any party to any of the Transaction Documents to which it is a party to be released from its obligations or exercise any right to terminate any of the Transaction Documents to which it is a party;
- (i) **Bank accounts:** have an interest in any bank account other than the Issuer Accounts, unless such account or interest therein is charged to the Security Trustee on terms acceptable to the Security Trustee;
- (j) **Purchase Notes:** purchase or otherwise acquire any Notes; or
- (k) **U.S. activities:** engage in any activities in the United States (directly or through agents), or derive any income from United States sources as determined under United States income tax principles, or hold any property if doing so would cause it to be engaged in a trade or business within the United States as determined under United States income tax principles.

6. INTEREST

6.1 Accrual of interest

Each Note bears interest on its Principal Amount Outstanding from (and including) the Closing Date. Each Note (or, in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest from and including the due date for redemption unless, upon due presentation in accordance with Condition 7 (*Payments*), payment of the principal in respect of the Note is improperly withheld or refused or default is otherwise made in respect of the payment, in which event interest shall continue to accrue as provided in the Trust Deed.

6.2 Interest Payment Dates

The first Interest Payment Date will be the Interest Payment Date falling in September 2020.

Interest will be payable in arrear on each Interest Payment Date, for all classes of Notes.

"**Interest Payment Date**" means the 15th day of each calendar month or, if such day is not a Business Day, the immediately following Business Day unless it would thereby fall into the next calendar month in which event it shall be brought forward to the immediately preceding Business Day.

Interest shall accrue:

- (a) in the case of a Class of the Rated Notes, from (and including) an Interest Payment Date (except in the case of the first Interest Period, which shall commence on (and include) the Closing Date) to (but excluding) the next following Interest Payment Date; and

- (b) in the case of the Class R Notes and the Class Z Notes, from (and including) a Fixed Rate Accrual Date (except in the case of the first Interest Period, which shall commence on (and include) the Closing Date) to (but excluding) the next following Fixed Rate Accrual Date

(each such period above, an "**Interest Period**").

"**Fixed Rate Accrual Date**" means the 15th day of each calendar month or, if such day is not a Business Day, on the immediately succeeding Business Day unless it would thereby fall into the next calendar month in which event it shall be bought forward to the immediately preceding Business Day, with the first Interest Payment Date being in September 2020.

6.3 Rate of Interest

- (a) The rate of interest payable from time to time in respect of each class or sub-class of the Notes (each a "**Rate of Interest**" and together the "**Rates of Interest**") will be:

- (i) in respect of the Rated Notes and any Interest Period, determined on the basis of the following provisions:

- (A) The Agent Bank will determine the Compounded Daily SONIA as at the Interest Determination Date (as defined below) in question.

- (B) The Rates of Interest for the relevant Interest Period will be the rate for the Compounded Daily SONIA determined as at the related Interest Determination Date plus: (I) from and including the Closing Date to (but excluding) the Optional Redemption Date, the Relevant Margin or (II) from (and including) the Optional Redemption Date, the Relevant Step-Up Margin.

- (C) If the Rate of Interest is less than zero per cent., the Rate of Interest shall be deemed to be zero per cent. There will be no maximum Rate of Interest.

- (D) Notwithstanding the provisions of these Conditions, in the event the Bank of England publishes guidance as to (i) how the SONIA Reference Rate is to be determined or (ii) any rate that is to replace the SONIA Reference Rate, the Agent Bank shall, to the extent that it is reasonably practicable, follow such guidance in order to determine SONIA for the purpose of the Notes for so long as the SONIA Reference Rate is not available or has not been published by the authorised distributors.

- (E) If the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Agent Bank, the Rate of Interest shall be (i) that determined as at the last preceding Interest Determination Date (though substituting, where a different Relevant Margin or Relevant Step-Up Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Relevant Margin or Relevant Step-Up Margin relating to the relevant Interest Period in place of the Relevant Margin or Relevant Step-Up Margin relating to that last preceding Interest Period) or (ii) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to the relevant Class of Notes for the first Interest Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Period but ending on (and excluding) that first Interest Payment Date (but applying the Relevant Margin applicable to the first Interest Period).

- (ii) in respect of the Class R Notes and any Interest Period, 0 per cent. per annum; and

(iii) in respect of the Class Z Notes and any Interest Period, 0 per cent. per annum.

(b) In these Conditions (except where otherwise defined), the expression:

(i) "**Business Day**" means a day (other than a Saturday or Sunday or a public holiday) on which banks are generally open for business in London;

(ii) "**Compounded Daily SONIA**" means, with respect to an Interest Period, the rate of return of a daily compound interest investment (with the daily Sterling overnight reference rate as reference rate for the calculation of interest) and will be calculated by the Agent Bank as at the Interest Determination Date in question, as follows, and the resulting percentage will be rounded if necessary to the fourth decimal place, with 0.00005 per cent. being rounded upwards:

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{SONIA_{i-5LBD} \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

Where:

"**d**" is the number of calendar days in the relevant Interest Period;

"**d₀**" is the number of Business Days in the relevant Interest Period;

"**i**" is a series of whole numbers from one to **d₀**, each representing the relevant Business Day in chronological order from, and including, the first Business Day in the relevant Interest Period to, but excluding, the last Business Day in such Interest Period;

(iii) "**Interest Determination Date**" means the fifth Business Day before the Interest Payment Date for which the relevant Rate of Interest will apply;

(iv) "**Observation Period**" means the period from and including the date falling five Business Days prior to the first day of the relevant Interest Period (and the first Interest Period shall begin on and include the Closing Date) and ending on, but excluding, the date falling five Business Days prior to the Interest Payment Date for such Interest Period (or, if applicable, the date falling five Business Days prior to any other date on which a payment of interest is to be made in respect of the Notes);

(v) "**Relevant Margin**" means:

(A) in respect of the Class A Notes, 1.45 per cent. per annum;

If, in respect of any Business Day in the relevant Observation Period, the Agent Bank determines that the SONIA Reference Rate is not available on the Reuters Screen SONIA Page or has not otherwise been published by the relevant authorised distributors, such SONIA Reference Rate shall be: (i) the Bank of England's Bank Rate (the "**Bank Rate**") prevailing at close of business on the relevant Business Day; plus (ii) the mean of the spread of the SONIA Reference Rate to the Bank Rate over the previous five calendar days on which a SONIA Reference Rate has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads) to the Bank Rate.

6.4 Determination of Rates of Interest and Interest Amounts

The Agent Bank shall, as soon as practicable after 11.00 a.m. (London time) on each Interest Determination Date falling in such Interest Period, but in no event later than the third Business Day thereafter, determine the Sterling amount (the "**Interest Amounts**") payable in respect of interest on the Principal Amount Outstanding of each Class of the Notes for the relevant Interest Period.

The Interest Amounts shall, in respect of a Class of Rated Notes, be determined by applying the relevant Rate of Interest to the Principal Amount Outstanding of such Class of Rated Notes and

multiplying the sum by the actual number of calendar days in the Interest Period concerned divided by 365 and rounding the figure downwards to the nearest penny.

The Interest Amounts shall, in the case of the Class R Notes and the Class Z Notes, be calculated by applying the relevant Rate of Interest to the Principal Amount Outstanding of such Notes on the basis of a 360-day year consisting of 12 months of 30 days each and, in the case of an incomplete month, the number of days elapsed on the basis of a month of 30 days.

If the Agent Bank defaults at any time in its obligation to determine the Rates of Interest and the Interest Amounts in accordance with this Condition 6.4, the Issuer may, at the expense of the Issuer, engage an expert to make such determination and any such determination shall be deemed to be determinations made by the Agent Bank.

6.5 Publication of Rates of Interest and Interest Amounts

The Agent Bank shall as soon as reasonably practicable after determining the Rate of Interest and the Interest Amounts for each Class of Notes in respect of each Interest Period and each Interest Payment Date (as applicable) pursuant to these Conditions (and in any event, no later than two Business Days prior to the immediately succeeding Interest Payment Date), cause the relevant Rate of Interest and Interest Amount to be notified to the Issuer, the Cash Administrator, the Note Trustee, the Paying Agents and the Registrar and to be published in accordance with Condition 16 (*Notice to Noteholders*), and the Issuer shall notify any stock exchange or other relevant authority on which the Notes are at the relevant time listed as soon as reasonably practicable after their determination and in no event later than two Business Days prior to the immediately succeeding Interest Payment Date. The Interest Amounts and Interest Payment Date may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period.

6.6 Notifications to be Final

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 6, whether by the Agent Bank or the Cash Administrator, will (in the absence of wilful default, gross negligence, fraud or manifest error) be binding on the Issuer, the Cash Administrator, the Note Trustee, the Agent Bank, the Paying Agents and all Noteholders and (in the absence of wilful default, gross negligence or fraud) no liability to the Issuer or the Noteholders shall attach to the Cash Administrator or the Agent Bank in connection with the exercise or non-exercise by any of them of their powers, duties and discretions under this Condition 6.

6.7 Agent Bank

The Issuer shall procure that, so long as any of the Notes remain outstanding, there is at all times an agent bank for the purposes of the Notes. The Issuer may, subject to the prior written approval of the Note Trustee, terminate the appointment of the Agent Bank and shall, in the event of the appointed office of any bank being unable or unwilling to continue to act as the agent bank or failing duly to determine the Rate of Interest or the Interest Amounts in respect of any Class of Notes for any Interest Period, subject to the prior written approval of the Note Trustee, appoint another major bank engaged in the relevant interbank market to act in its place. The Agent Bank may not resign its duties or be removed without a successor having been appointed on terms commercially acceptable in the market and such successor having acquired and become subject to such rights and obligations as if it had entered into an agency agreement in a form commercially acceptable in the market.

6.8 Determinations and Reconciliation

- (a) In the event that the Cash Administrator does not receive Portfolio Information with respect to a Collection Period (each such period, a "**Determination Period**"), then the Cash Administrator shall be required to estimate the amount of Principal Receipts and Revenue Receipts for such Determination Period based on the Portfolio Information received for the three most recent Collection Periods in which Portfolio Information was received or, where there are not at least three previous Collection Periods in which Portfolio Information had been received, any previous Portfolio Information for the purposes of calculating the amounts available to the Issuer to make payments, as set out in Condition 6.8(b). When the Cash Administrator receives the Portfolio Information relating to the Determination Period, it will make the reconciliation calculations and reconciliation payments as set out in Condition 6.8(c). Any (i) calculations properly made on the basis of such estimates in accordance with Conditions 6.8(b) and/or 6.8(c); (ii) payments made under any of the Notes and Transaction Documents in accordance with such calculations; and (iii) reconciliation calculations and reconciliation payments made as a result of such reconciliation calculations, each in accordance with Conditions 6.8(b) and/or 6.8(c), shall be deemed to be made in accordance with the provisions of the Transaction Documents and will in themselves not lead to a Potential Event of Default or an Event of Default and no liability will attach to the Cash Administrator in connection with the exercise by it of its powers, duties and discretion for such purposes.
- (b) In respect of any Determination Period the Cash Administrator shall on the Calculation Date immediately following the Determination Period:
- (i) determine the Interest Determination Ratio (as defined above) by reference to the Portfolio Information received for the three most recent Collection Periods in which Portfolio Information was received (or, where there are not at least three previous Collection Periods in which Portfolio Information had been received, any previous Portfolio Information) received in the preceding Collection Periods;
 - (ii) calculate the Revenue Receipts for such Determination Period as the product of (A) the Interest Determination Ratio and (B) all collections received by the Issuer during such Determination Period (the "**Calculated Revenue Receipts**"); and
 - (iii) calculate the Principal Receipts for such Determination Period as the product of (A) 1 minus the Interest Determination Ratio and (B) all collections received by the Issuer during such Determination Period (the "**Calculated Principal Receipts**").
- (c) Following the end of any Determination Period, upon receipt by the Cash Administrator of the Portfolio Information in respect of such Determination Period, the Cash Administrator shall reconcile the calculations made in accordance with Condition 6.8(b) to the actual collections set out in the Portfolio Information by allocating the Reconciliation Amount (as defined above) as follows:
- (i) if the Reconciliation Amount is a positive number, the Cash Administrator shall apply an amount equal to the lesser of (A) the absolute value of the Reconciliation Amount and (B) the amount standing to the credit of the Revenue Ledger, as Available Principal Receipts (with a corresponding debit of the Revenue Ledger); and
 - (ii) if the Reconciliation Amount is a negative number, the Cash Administrator shall apply an amount equal to the lesser of (A) the absolute value of the Reconciliation Amount and (B) the amount standing to the credit of the Principal Ledger, as Available Revenue Receipts (with a corresponding debit of the Principal Ledger),

provided that the Cash Administrator shall apply such Reconciliation Amount in determining Available Revenue Receipts and Available Principal Receipts for such Collection Period in accordance with the terms of the Cash Administration Agreement and the Cash Administrator shall promptly notify the Issuer, the Note Trustee and the Security Trustee of such Reconciliation Amount.

- (d) In these Conditions (except where otherwise defined), the expression:
- (i) "**Interest Determination Ratio**" means, on any Interest Payment Date, (A) the aggregate Revenue Receipts calculated on the basis of the Portfolio Information received for the three most recent Collection Periods in which Portfolio Information was received (or, where there are not at least three previous Collection Periods in which Portfolio Information had been received, any previous Portfolio Information) divided by (B) the aggregate of all Revenue Receipts and all Principal Receipts calculated on the basis of such Portfolio Information; and
 - (ii) "**Reconciliation Amount**" means in respect of any Collection Period (A) the actual Principal Receipts as determined on the basis of the available Portfolio Information, less (B) the Calculated Principal Receipts in respect of such Collection Period, plus (C) any Reconciliation Amount not applied in previous Collection Periods.

7. PAYMENTS

7.1 Payment of Interest and Principal

Payments in respect of principal and interest in respect of any Global Note will be made only against presentation of such Global Note to or to the order of the Principal Paying Agent or such other Paying Agent as shall have been notified to the Noteholders in accordance with Condition 16 (*Notice to Noteholders*) for such purpose. Each payment of principal or interest made in respect of a Global Note will be recorded by the Clearing Systems in their records (which records are the records each relevant Clearing System holds for its customers and reflect such customers' interest in the Rated Notes) and such records shall be *prima facie* evidence that the payment in question has been made. No person appearing from time to time in the records of either of the Clearing Systems as the holder of a Rated Note shall have any claim directly against the Issuer in respect of payments due on such Rated Note whilst such Rated Note is represented by a Global Note and the Issuer shall be discharged by payment of the relevant amount to the bearer of the relevant Global Note. The Issuer shall procure that each payment shall be entered pro rata in the records of the relevant Clearing System but any failure to make such entries shall not affect the discharge referred to above.

Payments in respect of the Non-Rated Notes shall be made by transfer to the account specified by the holders of the Non-Rated Notes to the Registrar in accordance with the terms of the Agency Agreement.

7.2 Laws and Regulations

Payments of any amount in respect of a Note including principal and interest in respect of the Notes are subject, in all cases, to (i) any fiscal or other laws and regulations applicable thereto and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the "**Code**") or otherwise imposed pursuant to Sections 1471 to 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof or any law implementing an intergovernmental approach thereto. Noteholders will not be charged commissions or expenses on payments.

7.3 Payment of Interest following a Failure to pay Principal

If payment of principal is improperly withheld or refused on or in respect of any Note or part thereof, the interest which continues to accrue in respect of such Note in accordance with Condition 6.1 (*Accrual of interest*) and Condition 6.3 (*Rate of Interest*) will be paid in accordance with this Condition 7.

7.4 Change of Paying Agents

The Issuer reserves the right, subject to the prior written approval of the Note Trustee, at any time to vary or terminate the appointment of the Principal Paying Agent or the Registrar and to appoint additional or other agents provided that there will at all times be a person appointed to perform the obligations of the Principal Paying Agent with a specified office in London and the Registrar with a specified office in Ireland or in London.

Except where otherwise provided in the Trust Deed or the Agency Agreement, the Issuer will cause notice of no more than 30 calendar days and no less than 15 calendar days of any change in or addition to the Paying Agents or the Registrar or their specified offices to be given to the Noteholders in accordance with Condition 16 (*Notice to Noteholders*) and will notify the Rating Agencies of such change or addition.

7.5 No Payment on non-Business Day

If the date for payment of any amount in respect of a Note is not a Presentation Date, Noteholders shall not be entitled to payment until the next following Presentation Date and shall not be entitled to further interest or other payment in respect of such delay. In this Condition 7.5, the expression "**Presentation Date**" means a day which is (a) a Business Day and (b) a day on which banks are generally open for business in the relevant place.

7.6 Partial Payment

If a Paying Agent makes a partial payment in respect of any Note, the Registrar will, in respect of the relevant Note, annotate the Register indicating the amount and date of such payment.

7.7 Payment of Interest

If interest is not paid in respect of a Note of any Class on the date when due and payable (other than because the due date is not a Presentation Date (as defined in Condition 7.5 (*No Payment on non-Business Day*)) or by reason of non-compliance by the Noteholder with Condition 7.1 (*Payment of Interest and Principal*)), then such unpaid interest shall itself bear interest at the Rate of Interest applicable from time to time to such Note until such interest and interest thereon are available for payment and notice thereof has been duly given in accordance with Condition 16 (*Notice to Noteholders*).

8. REDEMPTION

8.1 Redemption at Maturity

Unless previously redeemed in full or purchased and cancelled as provided below, the Issuer will redeem the Notes at their respective Principal Amount Outstanding on the Interest Payment Date falling in December 2061 (the "**Final Maturity Date**").

8.2 Mandatory Redemption prior to the service of an Enforcement Notice or on the Call Option Redemption Date

- (a) On each Interest Payment Date prior to the service of an Enforcement Notice, each Class of Notes shall be redeemed in an amount equal to the Available Principal Receipts available for such purpose in accordance with the Pre-Enforcement Principal Priority of Payments which shall be applied in the following order of priority:
- (i) to repay the Class A Notes until they are each repaid in full; and thereafter to be applied
 - (ii) to repay the Class B Notes until they are each repaid in full; and thereafter to be applied
 - (iii) to repay the Class C Notes until they are each repaid in full; and thereafter to be applied
 - (iv) to repay the Class D Notes until they are each repaid in full; and thereafter to be applied
 - (v) to repay the Class E Notes until they are each repaid in full; and thereafter to be applied
 - (vi) to repay the Class X Notes until they are each repaid in full; and thereafter to be applied
 - (vii) to repay the Class R Notes until they are each repaid in full; and thereafter to be applied
 - (viii) to repay the Class Z Notes until they are each repaid in full.
- (b) The Principal Amount Outstanding of each Class of Notes shall be redeemed on each Interest Payment Date in accordance with the relevant Priority of Payments. The principal amount to be redeemed in respect of a Note of a particular Class (the "**Note Principal Payment**") on any Interest Payment Date prior to the service of an Enforcement Notice shall be the Available Principal Receipts available for such purpose on such Interest Payment Date in accordance with the Pre-Enforcement Principal Priority of Payments, as calculated on the Calculation Date immediately preceding such Interest Payment Date multiplied by the relevant Pool Factor. With respect to each Note of a particular Class on (or as soon as practicable after) each Calculation Date, the Issuer shall determine (or cause the Cash Administrator to determine) (i) the amount of any Note Principal Payment due on the Interest Payment Date next following such Calculation Date, (ii) the Principal Amount Outstanding of each such Note and (iii) the fraction expressed as a decimal to the sixth decimal point (the "**Pool Factor**"), of which the numerator is the Principal Amount Outstanding of that Note (as referred to in paragraph (b)(ii) above) and the denominator is the Principal Amount Outstanding of the relevant Class of Notes. Each determination by or on behalf of the Issuer of any principal repayment, the Principal Amount Outstanding of a Note and the Pool Factor shall in each case (in the absence of wilful default, gross negligence, fraud or manifest error) be final and binding on all persons.
- (c) The Issuer will cause each determination of a principal repayment, Principal Amount Outstanding and Pool Factor to be notified by not less than two Business Days prior to the relevant Interest Payment Date to the Note Trustee, the Paying Agents, the Agent Bank, the Swap Provider and (for so long as the Notes are listed on the Official List of Euronext Dublin and admitted to trading on its Regulated Market) the Euronext Dublin, and will immediately cause notice of each such determination to be given in accordance with Condition 16 (*Notice to Noteholders*) not later than two Business Days prior to the relevant Interest Payment Date. If no principal repayment is due to be made on the Notes on any Interest Payment Date a notice to this effect will be given to the holders of the Notes.

8.3 Mandatory Redemption of the Notes in Full

(a) On or after the Optional Redemption Date

On giving not more than 60 calendar days' nor fewer than two Business Days' notice to the Noteholders in accordance with Condition 16 (*Notice to Noteholders*) and the Note Trustee, on any Interest Payment Date on or after the Optional Redemption Date upon the occurrence of a sale of the Mortgage Loans and their Collateral Security comprising the Portfolio in accordance with the provisions of the Mortgage Sale Agreement, the Optional Purchase Price received by the Issuer will be applied as Available Revenue Receipts in accordance with the Pre-Enforcement Revenue Priority of Payments with the result that the Notes will be redeemed in full in accordance with Condition 8.2 (*Mandatory Redemption prior to the service of an Enforcement Notice or on the Call Option Redemption Date*) together with any accrued (and unpaid) interest up to (but excluding) the date of redemption, and any other amounts due to the Noteholders.

(b) Ten per cent. clean-up call

On giving not more than 60 calendar days' nor fewer than 14 Business Days' notice to the Noteholders in accordance with Condition 16 (*Notice to Noteholders*) and the Note Trustee, on any Interest Payment Date upon the occurrence of a sale of the Mortgage Loans and their Collateral Security comprising the Portfolio in accordance with the provisions of the Mortgage Sale Agreement where the aggregate Principal Balance of the Mortgage Loans was equal to or less than 10 per cent. of the aggregate Principal Amount Outstanding of the Notes on the Closing Date, the Optional Purchase Price received by the Issuer will be applied as Available Revenue Receipts in accordance with the Pre-Enforcement Revenue Priority of Payments with the result that the Notes will be redeemed in full on such Interest Payment Date in accordance with Condition 8.2 (*Mandatory Redemption prior to the service of an Enforcement Notice or on the Call Option Redemption Date*) together with any accrued (and unpaid) interest up to (but excluding) the date of redemption, and any other amounts due to the Noteholders.

8.4 Mandatory Redemption of the Notes for Taxation or Other Reasons

If:

- (a) by reason of a change in tax law (or the application or official interpretation thereof), which change becomes effective on or after the Closing Date, on or before the next Interest Payment Date the Issuer or the Paying Agents would be required to deduct or withhold from any payment of principal or interest on any Notes (other than because the relevant holder has some connection with the United Kingdom other than the holding of such Notes) any amount for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of the United Kingdom or any political sub-division thereof or any authority thereof or therein having power to tax; or
- (b) by reason of a change in law (or the application or official interpretation thereof), which change becomes effective on or after the Closing Date, it has become or will become unlawful for the Issuer to make, fund or allow to remain outstanding all or any of the Notes; or
- (c) by reason of a change in law (or the application or official interpretation thereof), which change becomes effective on or after the Closing Date, on or before the next Interest Payment Date the Issuer or the Swap Provider would be required to deduct or withhold from any payment under the Swap Agreement any amount for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature,

then the Issuer shall, if the same would avoid the effect of such relevant event described in Condition 8.4(a), 8.4(b) or 8.4(c), appoint a Paying Agent in another jurisdiction or use its reasonable endeavours to arrange the substitution of a company incorporated and/or tax resident in another jurisdiction approved in writing by the Note Trustee as principal debtor under the Notes and the Trust Deed, provided that:

- (i) the Note Trustee is satisfied that such substitution will not be materially prejudicial to the interests of the holders of the Rated Notes (and in making such determination, the Note Trustee may rely, without further investigation or inquiry, on (A) any confirmation made orally to the Issuer (in which case the Cash Administrator on behalf of the Issuer shall confirm the same in writing to the Note Trustee) or in writing from each of the Rating Agencies that the then current ratings of the Rated Notes would not be adversely affected by such substitution or (B) if no such confirmation from the Rating Agencies is forthcoming and the Cash Administrator on behalf of the Issuer has certified the same in writing to the Cash Administrator and the Note Trustee (an "**Issuer Certificate**"), a written certification from the Cash Administrator to the Note Trustee and the Security Trustee (a "**Cash Administrator Certificate**") that such proposed action (i) (while any Rated Notes remain outstanding) has been notified to the Rating Agencies, (ii) would not have an adverse impact on the Issuer's ability to make payment when due in respect of the Notes, (iii) would not affect the legality, validity and enforceability of any of the Transaction Documents or any Security and (iv) (while any of the Rated Notes remain outstanding) would not have an adverse effect on the rating of the Rated Notes) (upon which confirmation or certificate the Note Trustee and the Security Trustee shall be entitled to rely absolutely without liability to any person for so doing); and
- (ii) such substitution would not require registration of any new security under U.S. securities laws or materially increase the disclosure requirements under U.S. law.

A "**Redemption Event**" shall occur if the Issuer satisfies the Note Trustee immediately before giving the notice referred to below that one or more of the events described in Condition 8.4(a), 8.4(b) or 8.4(c) is continuing and that the appointment of a Paying Agent or a substitution as referred to above would not avoid the effect of the relevant event or that, having used its reasonable endeavours, the Issuer is unable to arrange such appointment or substitution.

On any Interest Payment Date on which the Mortgage Loans and their Collateral Security comprising the Portfolio are sold pursuant to the Mortgage Sale Agreement following the occurrence of a Redemption Event, the Optional Purchase Price received by the Issuer will be applied as Available Revenue Receipts in accordance with the Pre-Enforcement Revenue Priority of Payments with the result that the Notes will be redeemed in full in accordance with Condition 8.2 (*Mandatory Redemption prior to the service of an Enforcement Notice or on the Call Option Redemption Date*) together with any accrued (and unpaid) interest up to (but excluding) the date of redemption, and any other amounts due to the Noteholders. 8.6 Notice of Redemption

Any such notice as is referred to in Condition 8.3 (*Mandatory Redemption of the Notes in Full*) or Condition 8.4 (*Mandatory Redemption of the Notes for Taxation or Other Reasons*) shall be irrevocable and, upon the expiry of such notice, the Issuer shall be bound to redeem the relevant Notes at the applicable amounts specified above. Any certificate or legal opinion given by or on behalf of the Issuer pursuant to the Mortgage Sale Agreement in connection with the exercise of the Call Option may be relied on by the Note Trustee without further investigation and, if so relied on, shall be conclusive and binding on the Noteholders.

8.7 No Purchase by the Issuer

In that event, subject to Condition 8.4 (*Mandatory Redemption of the Notes for Taxation or Other Reasons*), the Issuer or, as the case may be, the Paying Agent shall make such payment after the withholding or deduction has been made and shall account to the relevant authorities for the amount required to be withheld or deducted. 12. ENFORCEMENT

12.1 General

Each of the Note Trustee and the Security Trustee may, at any time, at its discretion and without notice, take such proceedings, actions or steps against the Issuer or any other party to any of the Transaction Documents as it may think fit to enforce the provisions of (in the case of the Note Trustee) the Notes, the Residual Certificates or the Trust Deed (including these Conditions or the Residual Certificates Conditions) or (in the case of the Security Trustee) the Deed of Charge or (in either case) any of the other Transaction Documents to which it is a party and, at any time after the service of an Enforcement Notice, the Security Trustee may, at its discretion and without notice, take such proceedings, actions or steps as it may think fit to enforce the Security, but neither of them shall be bound to take any such proceedings, action or steps unless:

- (a) it shall have been so directed by an Extraordinary Resolution of the holders of the Most Senior Class of Notes then outstanding or directed in writing by the holders of at least 25 per cent. in aggregate of the Principal Amount Outstanding of the Most Senior Class of Notes; and
- (b) in all cases, it shall have been indemnified and/or prefunded and/or secured to its satisfaction.

12.2 Preservation of Assets

If the Security has become enforceable otherwise than by reason of a default in payment of any amount due on the Notes or the Residual Certificates, the Security Trustee will not be entitled to dispose of any of the Charged Assets or any part thereof unless the Security Trustee has received certification from (i) the Cash Administrator and/or (ii) any financial adviser or other professional adviser that the Security Trustee may appoint for the giving of such certification (or shall appoint if so directed by the holders of at least 25 per cent in aggregate of the Principal Amount Outstanding of the Most Senior Class of Notes or, if no Notes remain outstanding at that time, holders of at least 25 per cent. in aggregate of the number of Residual Certificates then in issue), which shall be binding on the Secured Creditors, that either (a) a sufficient amount would be realised to allow discharge in full on a *pro rata* and *pari passu* basis of all amounts owing to the holders of the Notes (and all persons ranking in priority to the holders of the Notes), or (b) Principal Receipts and Revenue Receipts to be received by the Issuer will be sufficient, having regard to any other relevant actual, contingent or prospective liabilities of the Issuer, to discharge in full in due course all amounts owing: (i) to the Noteholders (and all persons ranking in priority to the Noteholders as set out in the order of priority set out in the Post-Enforcement Priority of Payments); and (ii) once all the Noteholders (and all such higher ranking persons) have been repaid, to the remaining Secured Creditors (other than the Certificateholders) in the order of priority set out in the Post-Enforcement Priority of Payments; and (iii) once all the Noteholders and the Secured Creditors (other than the

Certificateholders) have been repaid, to the Certificateholders. The fees and expenses of the aforementioned financial adviser or other professional adviser appointed by the Security Trustee shall be paid by the Issuer in accordance with the Post-Enforcement Priority of Payments. provided that (in the case of each of sub-paragraphs (i) – (viii) above):

and **provided further that:**

- (x) other than in the case of a modification pursuant to Condition 13.6(a)(i)(B), either:
 - (aa) the Issuer, the Relevant Party or the Cash Administrator (on behalf of the Issuer) obtains from each of the Rating Agencies a Rating Agency Confirmation that such modification would not result in (x) a downgrade, withdrawal or suspension of the then current ratings assigned to any Class of the Notes by such Rating Agency or (y) such Rating Agency placing any Notes on rating watch negative (or equivalent) and delivers each such confirmation to the Issuer (in the case of the Relevant Party or the Cash Administrator), the Note Trustee and the Security Trustee; or

- (y) the Issuer certifies in writing to the Note Trustee and the Security Trustee that (X) the Issuer has provided at least 30 calendar days' notice to the Noteholders of each Class of the proposed modification in accordance with Condition 16 (*Notice to Noteholders*) and by publication on Bloomberg on the "Company News" screen relating to the Notes, and (Y) Noteholders representing at least 10 per cent. of the aggregate Principal Amount Outstanding of the Most Senior Class of Notes then outstanding have not contacted the Issuer and the Note Trustee in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which any Rated Notes may be held) within such notification period notifying the Issuer and the Note Trustee that such Noteholders do not consent to the modification.

If Noteholders representing at least 10 per cent. of the aggregate Principal Amount Outstanding of the Most Senior Class of Notes then outstanding have notified the Issuer and the Note Trustee in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which any Rated Notes may be held) within the notification period referred to above that they do not consent to the modification, then such modification will not be made unless an Extraordinary Resolution of the holders of the Most Senior Class of Notes then outstanding is passed in favour of such modification in accordance with this Condition 13.

Objections made in writing other than, in respect of the Rated Notes, through the applicable clearing system must be accompanied by evidence to the Issuer's and the Note Trustee's satisfaction (having regard to prevailing market practices) of the relevant Noteholder's holding of the Notes.

- (b) Other than where specifically provided in this Condition 13.6 or any Transaction Document:

- (i) when implementing any modification pursuant to this Condition 13.6 (save to the extent the Note Trustee considers that the proposed modification would constitute a Basic Terms Modification), neither the Note Trustee nor the Security Trustee shall consider the interests of the Noteholders, any other Secured Creditor or any other person but may act and rely solely and without further investigation on any certificate or evidence provided to it by the Issuer or any of the Servicers (as the case may be), the Cash Administrator or the Relevant Party or Party, as the case may be, pursuant to this Condition 13.6 and shall not be liable to the Noteholders, the Certificateholders or any other Secured Creditor for so acting or relying, irrespective of whether any such modification is or may be materially prejudicial to the interests of any such person; and
 - (ii) neither the Note Trustee nor the Security Trustee shall be obliged to agree to any modification which, in the opinion of the Note Trustee and/or the Security Trustee would have the effect of (A) exposing the Note Trustee and/or the Security Trustee to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction or (B) increasing the obligations or duties, or decreasing the rights or protection, of the Note Trustee and/or the Security Trustee in the Transaction Documents and/or these Conditions and/or the Residual Certificates Conditions.
- (c) Any such modification shall be binding on all Noteholders and Certificateholders and shall be notified by the Issuer as soon as reasonably practicable to:
- (i) so long as any of the Notes rated by the Rating Agencies remains outstanding, each Rating Agency;
 - (ii) the Secured Creditors; and
 - (iii) the Noteholders in accordance with Condition 16 (*Notice to Noteholders*).

The Note Trustee and/or the Security Trustee (acting on the direction of the Note Trustee), as applicable, may, without the consent or sanction of the Noteholders, the Certificateholders or the other Secured Creditors and without prejudice to its rights in respect of any further or other breach, from time to time and at any time, on such terms and conditions (if any) as shall seem expedient to it determine that a Potential Event of Default or an Event of Default shall not, or shall not subject to any specified conditions, be treated as such or authorise or waive any proposed or actual breach of any of the covenants or provisions contained in or arising pursuant to these Conditions, the Residual Certificates Conditions or any of the Transaction Documents by any party thereto but only if (x) in the Note Trustee's sole opinion the interests of the holders of the Most Senior Class of Notes or, if no Notes are outstanding, the Certificateholders will not be materially prejudiced thereby or (y) if there are no Notes then outstanding and no Residual Certificates then in issue, in the sole opinion of the Security Trustee, the interests of all the Secured Creditors will not be materially prejudiced thereby, provided that the Note Trustee shall not exercise any powers conferred on it by this Condition 13.7 in contravention of any express direction given by Extraordinary Resolution of the holders of the Most Senior Class of Notes or by a direction under Condition 11 (*Events of Default*) but so that no such direction or request shall affect any waiver, authorisation or determination previously given or made.

13.8 Notification of modifications, waivers, authorisations or determinations

Any such modification, waiver, authorisation or determination by the Note Trustee and/or the Security Trustee, as applicable, in accordance with these Conditions, the Residual Certificates Conditions or the Transaction Documents shall be binding on the Noteholders, the Certificateholders

and the Secured Creditors and shall be notified by the Issuer to the Noteholders in accordance with Condition 16 (*Notice to Noteholders*), the Rating Agencies (while any Rated Notes remain outstanding) and the Secured Creditors as soon as practicable thereafter.

- (a) In connection with any such substitution of principal debtor referred to in Condition 8.4 (*Mandatory Redemption of the Notes for Taxation or Other Reasons*), the Note Trustee and the Security Trustee may also agree, without the consent of the Noteholders or the other Secured Creditors, to a change of the laws governing the Notes, these Conditions and/or any of the Transaction Documents, provided that such change would not, in the opinion of the Note Trustee or, as the case may be, the Security Trustee, be materially prejudicial to the interests of the Noteholders or the other Secured Creditors.
- (b) In determining whether a proposed action will not be materially prejudicial to the Noteholders or any Class thereof, the Note Trustee and the Security Trustee may, among other things, have regard to whether the Rating Agencies have confirmed in writing to the Issuer or any other party to the Transaction Documents that any proposed action will not result in the withdrawal or reduction of, or entail any other adverse action with respect to, the then current ratings of the Rated Notes. It is agreed and acknowledged by the Note Trustee and the Security Trustee that, notwithstanding the foregoing, a credit rating is an assessment of credit and does not address other matters that may be of relevance to the Noteholders. In being entitled to take into account that each of the Rating Agencies has confirmed that the then current ratings of the Notes would not be adversely affected, it is agreed and acknowledged by the Note Trustee and the Security Trustee this does not impose or extend any actual or contingent liability for each of the Rating Agencies to the Security Trustee, the Note Trustee, the Noteholders or any other person, or create any legal relations between each of the Rating Agencies and the Security Trustee, the Note Trustee, the Noteholders or any other person, whether by way of contract or otherwise.
- (c) Where, in connection with the exercise or performance by each of them of any right, power, trust, authority, duty or discretion under or in relation to these Conditions or any of the Transaction Documents (including in relation to any modification, waiver, authorisation, determination, substitution or change of laws as referred to above), the Note Trustee or the Security Trustee is required to have regard to the interests of the Noteholders of any Class or Classes, it shall (i) have regard to the general interests of the Noteholders of such Class or Classes but shall not have regard to any interests arising from circumstances particular to individual Noteholders (whatever their number) and, in particular but without limitation, shall not have regard to the consequences of any such exercise or performance for individual Noteholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political sub-division thereof, and the Note Trustee or, as the case may be, the Security Trustee shall not be entitled to require, nor shall any Noteholder be entitled to claim, from the Issuer, the Note Trustee or the Security Trustee or any other person any indemnification or payment in respect of any tax consequences of any such exercise upon individual Noteholders and (ii) subject to the more detailed provisions of the Trust Deed and the Deed of Charge, as applicable, have regard to the interests of holders of each Class of Notes (except where expressly provided otherwise) but requiring the Note Trustee and the Security Trustee where there is a conflict of interests between one or more Classes of Notes and/or the Residual Certificates in any such case to have regard (except as expressly provided otherwise) to the interests of the holders of the Class or Classes of Notes ranking in priority to the other relevant Classes of Notes.

14. INDEMNIFICATION AND EXONERATION OF THE NOTE TRUSTEE AND THE SECURITY TRUSTEE

The Trust Deed and the Deed of Charge contain provisions governing the responsibility (and relief from responsibility) of the Note Trustee and the Security Trustee respectively and providing for their indemnification in certain circumstances, including provisions relieving them from taking any steps, actions or proceedings or, in the case of the Security Trustee, enforcing the Security, unless indemnified and/or prefunded and/or secured to their satisfaction.

The Trust Deed and the Deed of Charge also contain provisions pursuant to which the Note Trustee and the Security Trustee are entitled, *inter alia*, (a) to enter into business transactions with the Issuer and/or any other party to any of the Transaction Documents and to act as trustee for the holders of any other securities issued or guaranteed by, or relating to, the Issuer and/or any other party to any of the Transaction Documents, (b) to exercise and enforce its rights, comply with its obligations and

15. REPLACEMENT OF NOTES

If any Note is mutilated, defaced, lost, stolen or destroyed, it may be replaced at the specified office of the Registrar subject to all applicable laws and stock exchange requirements. Replacement of any mutilated, defaced, lost, stolen or destroyed Note will only be made on payment of such costs as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. A mutilated or defaced Note must be surrendered before a new one will be issued.

16. NOTICE TO NOTEHOLDERS

16.1 Publication of Notice

- (a) Subject to Condition 16.1(d), any notice to Noteholders shall be validly given if published in the *Financial Times* or, if such newspaper shall cease to be published or if timely publication therein is not practicable, in such other English newspaper or newspapers as the Note Trustee shall approve in advance having a general circulation in the United Kingdom, provided that if, at any time, (i) the Issuer procures that the information concerned in such notice shall appear on a page of the Reuters screen, the Bloomberg screen or any other medium for electronic display of data as may be previously approved in writing by the Note Trustee and notified to Noteholders (in each case a "**Relevant Screen**"), or (ii) Condition 16.1(c) applies and the Issuer has so elected, publication in the newspaper set out above or such other newspaper or newspapers shall not be required with respect to such notice. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the first date on which publication shall have been made in the newspaper or newspapers in which (or on the Relevant Screen) publication is required.
- (b) In respect of Notes in definitive form, notices to Noteholders will be sent to them by first class post (or its equivalent) or (if posted to an address outside the United Kingdom) by airmail at the respective addresses on the Register. Any such notice will be deemed to have been given on the fourth day after the date of posting.
- (c) While the Rated Notes are represented by Global Note, notices to holders of the Rated Notes will be valid if published as described above or, at the option of the Issuer, if submitted to Euroclear and/or Clearstream, Luxembourg for communication by them to Noteholders. Any notice delivered to Euroclear and/or Clearstream, Luxembourg, as aforesaid shall be deemed to have been given on the day of such delivery.
- (d) So long as the relevant Notes are admitted to trading on, and listed on the official list of, Euronext Dublin all notices to the Noteholders will be valid if published in a manner which complies with the rules and regulations of Euronext Dublin (which includes delivering a copy of such notice to Euronext Dublin) and any such notice will be deemed to have been given on the date sent to Euronext Dublin.
- (e) The Note Trustee shall be at liberty to sanction any method of giving notice to the holders of the Non-Rated Notes, in its opinion, such method is reasonable having regard to market practice then prevailing and provided that advance notice of such other method is given to the holders of the Non-Rated Notes in such manner as the Note Trustee shall deem appropriate.

16.2 Note Trustee's Discretion to Select Alternative Method

The Note Trustee shall be at liberty to sanction some other method of giving notice to the Noteholders or category of them if, in its sole opinion, such other method is reasonable having regard to market practice then prevailing and to the requirements of the stock exchanges, competent listing authorities and/or quotation systems on or by which the Notes are then listed, quoted and/or traded and provided that advance notice of such other method is given to the Noteholders in such manner as the Note Trustee shall require.

17. SUBORDINATION BY DEFERRAL

17.2 General

Any amounts of Deferred Interest in respect of a Class of Notes shall accrue interest ("**Additional Interest**") at the same rate and on the same basis as scheduled interest in respect of the corresponding Class of Notes, but shall not be capitalised. Such Deferred Interest and Additional Interest shall, in any event, become payable on the next Interest Payment Date (unless and to the extent that Condition 17.1 (*Interest*) applies) or on such earlier date as the relevant Class of Notes becomes due and payable in full in accordance with these Conditions.

17.3 Notification

As soon as practicable after becoming aware that any part of a payment of interest on a Class of Notes will be deferred or that a payment previously deferred will be made in accordance with this Condition 17, the Issuer will give notice thereof to the relevant Class of Noteholders, as appropriate, in accordance with Condition 16 (*Notice to Noteholders*). Any deferral of interest in accordance with this Condition 17 will not constitute a Potential Event of Default or an Event of Default. The provisions of this Condition 17 shall cease to apply on the Final Maturity Date, or any earlier date on which the Notes are redeemed in full or, are required to be redeemed in full, at which time all deferred interest and accrued interest thereon shall become due and payable.

18. NON-RESPONSIVE RATING AGENCY

18.1 In respect of the exercise of any power, duty, trust, authority or discretion as contemplated hereunder or in relation to the Rated Notes and any of the Transaction Documents, the Note Trustee and the Security Trustee shall be entitled but not obliged to take into account any written confirmation or affirmation (in any form acceptable to the Note Trustee and the Security Trustee) from the relevant Rating Agencies that the then current ratings of the Rated Notes will not be reduced, qualified, adversely affected or withdrawn thereby (a "**Rating Agency Confirmation**").

18.2 If a Rating Agency Confirmation or other response by a Rating Agency is a condition to any action or step under any Transaction Document and a written request for such Rating Agency Confirmation

or response is delivered to each Rating Agency by or on behalf of the Issuer (copied to the Note Trustee and the Security Trustee, as applicable) and:

- (a) (A) one Rating Agency (such Rating Agency, a "**Non-Responsive Rating Agency**") indicates that it does not consider such Rating Agency Confirmation or response necessary in the circumstances or that it does not, as a matter of practice or policy, provide such Rating Agency Confirmation or response or (B) within 30 calendar days of delivery of such request, no Rating Agency Confirmation or response is received and/or such request elicits no statement by such Rating Agency that such Rating Agency Confirmation or response could not be given; and
- (b) one Rating Agency gives such Rating Agency Confirmation or response based on the same facts,

then such condition to receive a Rating Agency Confirmation or response from each Rating Agency shall be modified so that there shall be no requirement for the Rating Agency Confirmation or response from the Non-Responsive Rating Agency if the Issuer provides to the Note Trustee and the Security Trustee a certificate signed by two directors certifying and confirming that each of the events in Condition 18.2(a)(A) or 18.2(a)(B) and 18.2(b) has occurred. If no such Rating Agency Confirmation is forthcoming and two directors of the Issuer have certified the same in writing to the Note Trustee and the Security Trustee (an "**Issuer Certificate**"), the Note Trustee and Security Trustee shall be entitled (but not obliged) to assume from a written certificate of the Cash Administrator to the Note Trustee and Security Trustee (a "**Cash Administrator Certificate**") that such proposed action:

- (i) (while any of the Rated Notes remain outstanding) has been notified to the Rating Agencies;
- (ii) would not adversely impact on the Issuer's ability to make payment when due in respect of the Notes;
- (iii) would not affect the legality, validity and enforceability of any of the Transaction Documents or any Security; and
- (iv) (while any of the Notes remain outstanding) the then current rating of the Rated Notes would not be reduced, qualified, adversely affected or withdrawn,

upon which confirmation from the Rating Agencies, Issuer Certificate and/or Cash Administrator Certificate, the Note Trustee and the Security Trustee shall be entitled to rely absolutely without liability to any person for so doing. In being entitled to take into account any such confirmation from the Rating Agencies, it is agreed and acknowledged by the Note Trustee and the Security Trustee that this does not impose or extend any actual or contingent liability for each of the Rating Agencies to the Security Trustee, the Note Trustee, the Noteholders or any other person or create any legal relations between each of the Rating Agencies and the Security Trustee, the Note Trustee, the Noteholders or any other person whether by way of contract or otherwise.

19. JURISDICTION AND GOVERNING LAW

- 19.1 The Courts of England (the "**Courts**") are to have exclusive jurisdiction to settle any disputes that may arise out of or in connection with the Notes and the Transaction Documents (including a dispute relating to non-contractual obligations or a dispute regarding the existence, validity or termination of any of the Notes or the Transaction Documents or the consequences of their nullity) and accordingly any legal action or proceedings arising out of or in connection with the Notes and/or the Transaction Documents may be brought in such Courts.

19.2 The Transaction Documents, the Notes and these Conditions (and any non-contractual obligations arising out of or in connection with them) are governed by, and shall be construed in accordance with, English law except that, to the extent that the provisions of the Mortgage Sale Agreement, the Deed of Charge and any security documents supplemental thereto relate to the Scottish Mortgage Loans, such provisions and documents shall be construed in accordance with and (in certain cases) governed by Scots law.

20. RIGHTS OF THIRD PARTIES

No rights are conferred on any person under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of the Notes or these Conditions, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

TERMS AND CONDITIONS OF THE RESIDUAL CERTIFICATES

The following are the terms and conditions of the Residual Certificates in the form (subject to amendment) in which they will be set out in the Trust Deed (as defined below)

1. GENERAL

The 366,030,905 residual certificates (the "**Residual Certificates**") of Together Asset Backed Securitisation 2020 – 1 PLC (the "**Issuer**") are constituted by a trust deed (the "**Trust Deed**") dated on or about 23 July 2020 (the "**Closing Date**") and made between, among others, the Issuer and U.S. Bank Trustees Limited as trustee for the registered holders for the time being of the Residual Certificates (the "**Certificateholders**") (in such capacity, the "**Note Trustee**"). Any reference in these residual certificates terms and conditions (the "**Residual Certificates Conditions**") to a "**Class**" of Notes or of Noteholders shall be a reference to the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes, the Class X Notes, the Class R Notes or the Class Z Notes, as the case may be, or to the respective holders thereof. The security for the Residual Certificates is constituted by and pursuant to a deed of charge and assignment (the "**Deed of Charge**") dated on the Closing Date and made between, among others, the Issuer and U.S. Bank Trustees Limited as trustee for the Secured Creditors (in such capacity, the "**Security Trustee**").

Pursuant to an agency agreement (the "**Agency Agreement**") dated on or prior to the Closing Date and made between the Issuer, the Note Trustee, the Security Trustee, Elavon Financial Services DAC, UK Branch as principal paying agent (in such capacity, the "**Principal Paying Agent**" and, together with any further or other paying agent appointed under the Agency Agreement, the "**Paying Agents**"), Elavon Financial Services DAC as registrar (in such capacity, the "**Registrar**") and Elavon Financial Services DAC, UK Branch as agent bank (in such capacity, the "**Agent Bank**"), provision is made for, *inter alia*, the payment of amounts in respect of the Residual Certificates.

The statements in these Residual Certificates Conditions include summaries of, and are subject to, the detailed provisions of the Trust Deed, the Deed of Charge, the Agency Agreement and a master definitions and construction schedule (the "**Master Definitions and Construction Schedule**") dated the Closing Date and the other Transaction Documents (as defined therein).

Physical copies of the Trust Deed, the Deed of Charge, the Agency Agreement, the Master Definitions and Construction Schedule and the other Transaction Documents are available for inspection during normal business hours at the specified office for the time being of each of the Paying Agents. The Certificateholders are entitled to the benefit of, are bound by, and are deemed to have notice of, all the provisions of the Transaction Documents applicable to them.

The Trust Deed and the Deed of Charge contain provisions requiring the Note Trustee and the Security Trustee, respectively, not to have regard to the interests of the Certificateholders equally with the rights of the Noteholders as regards all rights, powers, trusts, authorities, duties and discretions of the Note Trustee and the Security Trustee (except where expressly provided otherwise) and instead requiring the Note Trustee and the Security Trustee in any such case to have regard (except as expressly provided otherwise) to the interests of the Noteholders for so long as there are any Notes outstanding.

2. INTERPRETATION

2.1 Definitions

Capitalised terms not otherwise defined in these Residual Certificates Conditions shall bear the meanings given to them in the Master Definitions and Construction Schedule available as described above.

2.2 Interpretation

These Residual Certificates Conditions shall be construed in accordance with the principles of construction set out in the Master Definitions and Construction Schedule.

3. FORM AND TITLE

3.1 Form and Denomination

The Residual Certificates will be issued in dematerialised registered form and will not be cleared. No certificates evidencing entitlement to the Residual Certificates will be issued. The Certificateholders recorded in the Register shall be entitled to payments in respect thereof.

3.2 Title

Title to the Residual Certificates shall pass by and upon registration in the register (the "**Register**") which the Issuer shall procure to be kept by the Registrar, provided that no transferee shall be registered as a new Certificateholder unless that new Certificateholder has acceded to the terms of the Trust Deed as if that new Noteholder had been an original party thereto. All transfers of Non-Rated Notes are subject to the detailed regulations concerning transfers in the Agency Agreement. The registered holders of the Residual Certificates may (to the fullest extent permitted by applicable laws) be deemed and treated at all times, by all persons and for all purposes (including the making of any payments), as the absolute owner of such Residual Certificates regardless of any notice of ownership, theft or loss or any trust or other interest therein or of any writing thereon (other than the endorsed form of transfer).

4. STATUS AND SECURITY

4.1 Status of the Residual Certificates

These Residual Certificates constitute direct, secured and (subject to the limited recourse provision in Residual Certificates Condition 11.4 (*Limited Recourse*)) unconditional obligations of the Issuer, and represent the Issuer's obligation to pay deferred consideration for its purchase of the Portfolio, consisting of the Residual Payments. The Residual Certificates rank *pro rata* and *pari passu* without preference or priority among themselves in relation to the Residual Payments. Residual Payments will be made subject to and in accordance with the Pre-Enforcement Revenue Priority of Payments and the Post-Enforcement Priority of Payments.

The Trust Deed and the Deed of Charge contain provisions requiring the Note Trustee and the Security Trustee, respectively, to have regard to the interests of the Certificateholders equally as regards all rights, powers, trusts, authorities, duties and discretions of the Note Trustee and the Security Trustee (except where expressly provided otherwise) but requiring the Note Trustee and the Security Trustee in any such case to have regard (except as expressly provided otherwise) to the interests of the Noteholders for so long as there are any Notes outstanding.

4.2 Security

The security constituted by or pursuant to the Deed of Charge is granted to the Security Trustee for it to hold on trust for the Certificateholders and the other Secured Creditors, upon and subject to the terms and conditions of the Deed of Charge.

The Certificateholders and the other Secured Creditors will share in the benefit of the security constituted by or pursuant to the Deed of Charge, upon and subject to the terms and conditions of the Deed of Charge.

5. ISSUER COVENANTS

Save with the prior written consent of the Note Trustee or unless otherwise permitted under any of these Residual Certificates Conditions or any of the Transaction Documents, the Issuer shall not, so long as any Residual Certificate remains outstanding:

- (a) **Negative pledge:** create or permit to subsist any encumbrance (unless arising by operation of law) or other security interest whatsoever over any of its assets or undertaking;
- (b) **Restrictions on activities:** (i) engage in any activity whatsoever which is not incidental to or necessary in connection with any of the activities in which the Transaction Documents provide or envisage that the Issuer will engage or (ii) have any subsidiaries, any subsidiary undertaking (as defined in the Companies Act 1985 and the Companies Act 2006 (as applicable)) or any employees (but shall procure that, at all times, it shall retain at least one independent director) or premises;
- (c) **Disposal of assets:** assign, transfer, sell, lend, lease, part with or otherwise dispose of, or deal with, or grant any option or present or future right to acquire all or any of, its assets or undertakings or any interest, estate, right, title or benefit therein or attempt or purport to do any of the foregoing;
- (d) **Equitable and Beneficial Interest:** permit any person, other than itself and the Security Trustee, to have any equitable or beneficial interest in any of its assets or undertakings or any interest, estate, right, title or benefit therein;
- (e) **Dividends or distributions:** pay any dividend or make any other distribution to its shareholders except out of amounts of profit retained by the Issuer in accordance with the applicable Priority of Payments which are available for distribution in accordance with the Issuer's memorandum and articles of association and with applicable laws or issue any further shares;
- (f) **Indebtedness:** incur any financial indebtedness in respect of borrowed money whatsoever or give any guarantee or indemnity in respect of any indebtedness or of any other obligation of any person;
- (g) **Merger:** consolidate or merge with any other person or convey or transfer substantially all of its properties or assets to any other person;
- (h) **No modification or waiver:** permit any of the Transaction Documents to which it is a party to become invalid or ineffective or permit the priority of the security interests created or evidenced thereby or pursuant thereto to be varied, modified, terminated, postponed, waived or agree to any modification of, or grant any consent, approval, authorisation or waiver pursuant to, or in connection with, any of the Transaction Documents to which it is a party or permit any party to any of the Transaction Documents to which it is a party to be released

from its obligations or exercise any right to terminate any of the Transaction Documents to which it is a party;

- (i) **Bank accounts:** have an interest in any bank account other than the Issuer Accounts, unless such account or interest therein is charged to the Security Trustee on terms acceptable to the Security Trustee;
- (j) **Purchase Residual Certificates:** purchase or otherwise acquire any Residual Certificates; or
- (k) **U.S. activities:** engage in any activities in the United States (directly or through agents), or derive any income from United States sources as determined under United States income tax principles, or hold any property if doing so would cause it to be engaged in a trade or business within the United States as determined under United States income tax principles.

6. RESIDUAL PAYMENTS

6.1 Right to Residual Payments

Each Residual Certificate represents a *pro rata* entitlement to receive Residual Payments by way of deferred consideration for the purchase by the Issuer of the Portfolio.

6.2 Payment

A Residual Payment may be payable in respect of the Residual Certificates on each Interest Payment Date, other than an Interest Payment Date falling within a Determination Period (in accordance with the Pre-Enforcement Priority of Payments), and each date on which amounts are to be applied in accordance with the Post-Enforcement Priority of Payments.

- (a) "**Determination Period**" has the meaning set out in Condition 6.8 (*Determinations and Reconciliation*).
- (b) "**Interest Payment Date**" means each date determined as an Interest Payment Date in accordance with the Conditions of the Notes.
- (c) "**Residual Payment**" means payment, by way of deferred consideration for the Issuer's purchase of the Portfolio, of an amount equal to:
 - (i) prior to the delivery of an Enforcement Notice, in respect of each Interest Payment Date, the sum of the amount (if any) by which Available Revenue Receipts exceeds the amounts required to satisfy items (a) to (z) of the Pre-Enforcement Revenue Priority of Payments on that Interest Payment Date; and
 - (ii) following the delivery of an Enforcement Notice, in respect of each date on which amounts are to be applied in accordance with the Post-Enforcement Priority of Payments, the amount by which amounts available for payment in accordance with the Post-Enforcement Priority of Payments exceeds the amounts required to satisfy items (a) to (n) of the Post-Enforcement Priority of Payments on that date.
- (d) "**Residual Payment Amount**" means, for a Residual Certificate on any date on which amounts are to be applied in accordance with the applicable Priority of Payments, the Residual Payment for that date, divided by the number of Residual Certificates then in issue.

6.3 Determination of Residual Payment

The Cash Administrator shall on each Calculation Date determine the Residual Payment payable on the immediately following Interest Payment Date and the Residual Payment Amount payable in respect of each Residual Certificate on such Interest Payment Date.

6.4 Publication of Residual Payment and Residual Payment Amount

The Cash Administrator shall cause the Residual Payment and Residual Payment Amount (if any) for each Interest Payment Date to be notified to the Issuer, the Cash Administrator, the Note Trustee, the Registrar and the Paying Agents (as applicable) and to be published in accordance with Residual Certificates Condition 14 (*Notice to Certificateholders*) as soon as possible after their determination and in no event later than two Business Days prior to the immediately succeeding Interest Payment Date.

6.5 Notifications to be Final

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Residual Certificates Condition 6 by the Cash Administrator will (in the absence of wilful default, gross negligence, fraud or manifest error) be binding on the Issuer, the Cash Administrator, the Note Trustee, the Registrar, the Paying Agents and all Certificateholders and (in the absence of wilful default, gross negligence or fraud) no liability to the Issuer or the Certificateholders shall attach to the Cash Administrator in connection with the exercise or non-exercise by any of them of their powers, duties and discretions under this Residual Certificates Condition 6.

6.6 Termination of Payments

- (a) Following the redemption in full of the Notes, the realisation of the Charged Assets and payment of the proceeds of realisation in accordance with the applicable Priority of Payments, no more Residual Payments will be made by the Issuer and the Residual Certificates shall be cancelled.
- (b) Following the exercise of the Call Option, the application of the Optional Purchase Price as Available Revenue Receipts and payment of the Optional Purchase Collections to the Beneficial Title Transferee(s) pursuant to the Mortgage Sale Agreement, no more Residual Payments will be made by the Issuer and the Residual Certificates shall be cancelled.

7. PAYMENTS

7.1 Payment of Residual Payment Amounts

Payments in respect of the Residual Certificates shall be made by transfer to the account specified by the Certificateholders to the Registrar in accordance with the terms of the Agency Agreement.

7.2 Laws and Regulations

Payments of any Residual Payment Amounts are subject, in all cases, to (i) any fiscal or other laws and regulations applicable thereto and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the "**Code**") or otherwise imposed pursuant to Sections 1471 to 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof or any law implementing an intergovernmental approach thereto. Certificateholders will not be charged commissions or expenses on payments.

7.3 Change of Paying Agents

The Issuer reserves the right, subject to the prior written approval of the Note Trustee, at any time to vary or terminate the appointment of the Principal Paying Agent or the Registrar and to appoint additional or other agents, provided that there will at all times be a person appointed to perform the obligations of the Principal Paying Agent with a specified office in London, and a person appointed to perform the obligations of the Registrar with a specified office in Ireland or in London.

Except where otherwise provided in the Trust Deed or the Agency Agreement, the Issuer will cause notice of no more than 30 calendar days and no less than 15 calendar days of any change in or addition to the Paying Agents or the Registrar or their specified offices to be given to the Certificateholders in accordance with Residual Certificates Condition 14 (*Notice to Certificateholders*) and will notify the Rating Agencies of such change or addition.

7.4 No Payment on non-Business Day

If the date for payment of any amount in respect of a Residual Certificate is not a Presentation Date, Certificateholders shall not be entitled to payment until the next following Presentation Date and shall not be entitled to interest or other payment in respect of such delay. In this Residual Certificates Condition 7.4, the expression "**Presentation Date**" means a day which is (a) a Business Day and (b) a day on which banks are generally open for business in the relevant place.

8. TAXATION

All payments of Residual Payment Amounts by or on behalf of the Issuer shall be made without withholding or deduction for, or on account of, all present and future taxes, levies, imports, duties, fees, deductions, withholding or charges of any nature whatsoever and wheresoever imposed, including income tax, corporation tax, value added tax or other tax in respect of added value and any franchise, transfer, sales, gross receipts, use, business, occupation, excise, personal property, real property or other tax imposed by any national, local or supranational taxing or fiscal authority or agency together with any penalties, fines or interest thereon ("**Taxes**"), unless the withholding or deduction of the Taxes is required by applicable law. In that event, the Issuer or, as the case may be, the Paying Agent shall make such payment after the withholding or deduction has been made and shall account to the relevant authorities for the amount required to be withheld or deducted. Neither the Issuer nor any Paying Agent nor any other person shall be obliged to make any additional payments to Certificateholders in respect of such withholding or deduction.

9. PRESCRIPTION

Claims in respect of Residual Payment Amounts will be prescribed after ten years from the Relevant Date in respect of the relevant payment.

In this Residual Certificates Condition 9, the "**Relevant Date**", in respect of a payment, is the date on which such payment first becomes due or (if the full amount of the monies payable on that date has not been duly received by the Principal Paying Agent or the Note Trustee on or prior to such date) the date on which, the full amount of such monies having been received, notice to that effect is duly given to the relevant Certificateholders in accordance with Residual Certificates Condition 14 (*Notice to Certificateholders*).

10. EVENTS OF DEFAULT

10.1 Residual Certificates

The Note Trustee at its absolute discretion may, and, provided all of the Notes have been redeemed in full, if so directed in writing by the holders of at least 25 per cent. of the Residual Certificates in number or if so directed by an Extraordinary Resolution of the Certificateholders shall (subject to being indemnified and/or prefunded and/or secured to its satisfaction as more particularly described in the Trust Deed), give a notice (an "**Enforcement Notice**") to the Issuer (with a copy to the Cash Administrator, the Security Trustee, the Servicers, the Sellers, the Swap Provider and the Issuer Account Bank) that any Residual Payments pursuant to the Residual Certificates are immediately due and payable, if any of the following events (each, an "**Event of Default**") occur:

- (a) if default is made in the payment of any amount due in respect of the Residual Certificates and the default continues for a period of 14 Business Days from the due date for payment (provided that all of the Notes have been redeemed in full); or
- (b) if the Issuer fails to perform or observe any of its other obligations under these Residual Certificates Conditions or any Transaction Document to which it is a party and the failure continues for a period of 30 calendar days (or such longer period as the Note Trustee may permit) following the service by the Note Trustee on the Issuer of notice requiring the same to be remedied (except in any case where the Note Trustee considers the failure to be incapable of remedy, in which case no continuation or notice as is aforementioned will be required); or
- (c) if any order is made by any competent court or any resolution is passed for the winding up or dissolution of the Issuer, save for the purposes of reorganisation on terms approved in writing by the Note Trustee or by Extraordinary Resolution of the Certificateholders; or
- (d) if (i) the Issuer ceases or threatens to cease to carry on the whole or a substantial part of its business, save for the purposes of reorganisation on terms approved in writing by the Note Trustee or by Extraordinary Resolution of the Certificateholders, or (ii) the Issuer stops or threatens to stop payment of, or is unable to, or admits inability to, pay its debts (or any class of its debts) as they fall due or the value of its assets falls to less than the amount of its liabilities (taking into account its contingent and prospective liabilities) or (iii) the Issuer is deemed unable to pay its debts pursuant to or for the purposes of any applicable law or is adjudicated or found bankrupt or insolvent; or
- (e) if proceedings are initiated against the Issuer under any applicable liquidation, insolvency, composition, reorganisation or other similar laws or an application is made (or documents filed with a court) for the appointment of an administrative or other receiver, manager, administrator or other similar official, or an administrative or other receiver, manager, administrator or other similar official is appointed, in relation to the Issuer or, as the case may be, in relation to the whole or any part of the undertaking or assets of the Issuer, and in any such case (other than the appointment of an administrator or an administrative receiver appointed following presentation of a petition for an administration order) unless initiated by the Issuer, is not discharged or within 30 calendar days; or
- (f) if the Issuer (or its directors or shareholders) initiates or consents to judicial proceedings relating to itself under any applicable liquidation, insolvency, composition, reorganisation or other similar laws or makes a conveyance or assignment for the benefit of, or enters into any composition or other arrangement with, its creditors generally (or any class of its creditors) or takes steps with a view to obtaining a moratorium in respect of any of its indebtedness or

any meeting is convened to consider a proposal for an arrangement or composition with its creditors generally (or any class of its creditors).

10.2 General

Upon the service of an Enforcement Notice by the Note Trustee in accordance with Residual Certificates Condition 10.1 (*Residual Certificates*), any Residual Payments pursuant to the Residual Certificates shall thereby immediately become due and payable.

11. ENFORCEMENT

11.1 General

Each of the Note Trustee and the Security Trustee may, at any time, at its discretion and without notice, take such proceedings, actions or steps against the Issuer or any other party to any of the Transaction Documents as it may think fit to enforce the provisions of (in the case of the Note Trustee) the Residual Certificates or the Trust Deed (including these Residual Certificates Conditions) or (in the case of the Security Trustee) the Deed of Charge or (in either case) any of the other Transaction Documents to which it is a party and, at any time after the service of an Enforcement Notice, the Security Trustee may, at its discretion and without notice, take such proceedings, actions or steps as it may think fit to enforce the Security, but neither of them shall be bound to take any such proceedings, action or steps unless, if no Notes remain outstanding at that time:

- (a) it shall have been so directed by an Extraordinary Resolution of the holders of the Certificateholders or directed in writing by the holders of at least 25 per cent. of the number of Residual Certificates then in issue; and
- (b) in all cases, it shall have been indemnified and/or prefunded and/or secured to its satisfaction.

11.2 Preservation of Assets

If the Security has become enforceable otherwise than by reason of a default in payment of any amount due on the Notes or the Residual Certificates, the Security Trustee will not be entitled to dispose of any of the Charged Assets or any part thereof unless the Security Trustee has received certification from (i) the Cash Administrator and/or (ii) any financial adviser or other professional adviser that the Security Trustee may appoint for the giving of such certification (or shall appoint if so directed by the holders of at least 25 per cent in aggregate of the Principal Amount Outstanding of the Most Senior Class of Notes or, if no Notes remain outstanding at that time, holders of at least 25 per cent. in aggregate of the number of Residual Certificates then in issue), which shall be binding on the Secured Creditors, that either (a) a sufficient amount would be realised to allow discharge in full on a *pro rata* and *pari passu* basis of all amounts owing to the holders of the Notes (and all persons ranking in priority to the holders of the Notes), or (b) Principal Receipts and Revenue Receipts to be received by the Issuer will be sufficient, having regard to any other relevant actual, contingent or prospective liabilities of the Issuer, to discharge in full in due course all amounts owing: (i) to the Noteholders (and all persons ranking in priority to the Noteholders as set out in the order of priority set out in the Post-Enforcement Priority of Payments); and (ii) once all the Noteholders (and all such higher ranking persons) have been repaid, to the remaining Secured Creditors (other than the Certificateholders) in the order of priority set out in the Post-Enforcement Priority of Payments; and (iii) once all the Noteholders and the Secured Creditors (other than the Certificateholders) have been repaid, to the Certificateholders. The fees and expenses of the aforementioned financial adviser or other professional adviser appointed by the Security Trustee shall be paid by the Issuer. The Security Trustee shall be entitled to rely upon any certification

referred to in this Residual Certificates Condition 11.2 without further enquiry and shall incur no liability to any person for so doing.

11.3 Limitations on Enforcement

No Certificateholder shall be entitled to proceed directly against the Issuer or any other party to any of the Transaction Documents to enforce the performance of any of these Residual Certificates Conditions or any of the provisions of the Transaction Documents and/or to take any other proceedings (including lodging an appeal in any proceedings) in respect of or concerning the Issuer unless the Note Trustee or, as the case may be, the Security Trustee, having become bound so to do, fails to do so within a reasonable period and such failure shall be continuing, provided that no Certificateholder shall be entitled to take any steps or proceedings to procure the winding up, administration or liquidation of the Issuer.

11.4 Limited Recourse

Notwithstanding any other Residual Certificates Condition or any provision of any Transaction Document, all obligations of the Issuer to the Certificateholders are limited in recourse to the property, assets and undertakings of the Issuer the subject of any security created under and pursuant to the Deed of Charge (the "**Charged Assets**"). If:

- (a) there are no Charged Assets remaining which are capable of being realised or otherwise converted into cash;
- (b) all amounts available from the Charged Assets have been applied to meet or provide for the relevant obligations specified in, and in accordance with, the provisions of the Deed of Charge; and
- (c) there are insufficient amounts available from the Charged Assets to pay, in accordance with the provisions of the Deed of Charge, any further amounts under the Residual Certificates (including payments of Residual Payment Amounts),

then the Certificateholders shall have no further claim against the Issuer in respect of any further amounts due or to be paid in respect of the Residual Certificates (including, for the avoidance of doubt, payments of Residual Payment Amounts in respect of the Residual Certificates) and the Issuer shall be deemed to be discharged from making any further payments in respect of the Residual Certificates and any further payment rights shall be extinguished.

12. MEETINGS OF CERTIFICATEHOLDERS, MODIFICATION, WAIVER AND SUBSTITUTION

12.1 The Trust Deed contains provisions for convening meetings of the Noteholders of each Class and, in certain cases, more than one Class and the Certificateholders, to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of these Residual Certificates Conditions, the Conditions or the provisions of any of the Transaction Documents.

12.2 For the purposes of these Residual Certificates Conditions, "**Most Senior Class of Notes**" means the Class A Notes or, if there are no Class A Notes then outstanding, the Class B Notes or, if there are no Class A Notes or Class B Notes then outstanding, the Class C Notes or, if there are no Class A Notes, Class B Notes or Class C Notes then outstanding, the Class D Notes or, if there are no Class A Notes, Class B Notes, Class C Notes or Class D Notes then outstanding, the Class E Notes or, if there are no Class A Notes, Class B Notes, Class C Notes, Class D Notes or Class E Notes then outstanding, the Class X Notes or, if there are no Rated Notes then outstanding, the Class R Notes or, if there are no Rated Notes or Class R Notes then outstanding, the Class Z Notes.

12.3 Most Senior Class of Notes and Limitations on other Noteholders and Certificateholders

- (a) Other than in relation to a Basic Terms Modification, which additionally require an Extraordinary Resolution of the holders of the relevant affected Class or Classes of Notes and/or Residual Certificates then in issue, as applicable:
- (i) subject to Residual Certificates Conditions 12.3(a)(ii) and 12.3(a)(iii), an Extraordinary Resolution passed at any meeting of the holders of the Most Senior Class of Notes shall be binding on all other Classes of Noteholders and the Certificateholders irrespective of the effect it has upon them;
 - (ii) subject to Residual Certificates Condition 12.3(a)(iii), an Extraordinary Resolution passed at any meeting of a relevant Class of Noteholders shall be binding on (A) all other Classes of Noteholders ranking junior to such Class of Noteholders in the Post-Enforcement Priority of Payments in each case and (B) the Certificateholders, irrespective of the effect it has upon them;
 - (iii) no Extraordinary Resolution of any Class of Noteholders or the Certificateholders shall take effect for any purpose while any of the Most Senior Class of Notes remain outstanding (or in the case of the Residual Certificates, any of the Notes remain outstanding) unless it shall have been sanctioned by an Extraordinary Resolution of the holders of the Most Senior Class of Notes or, in the case of an Extraordinary Resolution of the Certificateholders, all Notes then outstanding or the Note Trustee of the opinion that it would not be materially prejudicial to the interests of the holders of the Most Senior Class of Notes or, in the case an Extraordinary Resolution of the Certificateholders, the holders of all Notes then outstanding; and
 - (iv) no Ordinary Resolution that is passed by the holders of any Class of Noteholders or the Certificateholders shall take effect for any purpose while any of the Most Senior Class of Notes remain outstanding or (in the case of the Residual Certificates, any of the Notes remain outstanding) unless it shall have been sanctioned by an Ordinary Resolution of the holders of the Most Senior Class of Notes or, in the case of an Ordinary Resolution of the Certificateholders, the holders of all Notes then outstanding, or the Note Trustee is of the opinion that it would not be materially prejudicial to the interests of the holders of the Most Senior Class of Notes or, in the case of an Ordinary Resolution of the Certificateholders, the holders of all Notes then outstanding;

provided that, in respect of any Extraordinary Resolution of a Class or Classes of Noteholders and/or Residual Certificates relating to any modifications, supplement, consent or waiver of any of the Transaction Documents which would have the effect of altering (i) the Payment Priorities or the Swap Collateral Account Priority of Payments (in a manner that materially adversely affects the Swap Provider); (ii) the timing or amount of any payments or deliveries due from the Issuer to the Swap Provider; or (iii) the Swap Provider's status as a Secured Creditor or the Swap Provider's rights in relation to any Security (howsoever described, and including as a result of changing the nature or the scope of, or releasing such Security granted by the Issuer in favour of the Security Trustee on behalf of the Secured Creditors); (iv) any requirement to obtain the Swap Provider's prior consent (written or otherwise) in respect of any matter or (v) Condition 8 (Redemption) of the Conditions or including any additional redemption rights in respect of the Notes in a manner that would (in the opinion of the Swap Provider, acting in good faith and a commercially reasonable manner) prejudice the Swap Provider, (x) the prior written consent of the Swap Provider or (y) written notification from the Issuer to the Note Trustee and the Security Trustee that Swap Provider consent is not needed, is also required prior to such modification, supplement, consent or waiver being made.

- (b) Other than in relation to Basic Terms Modifications and subject as provided in Residual Certificates Conditions 12.3(a) and 12.4 (*Quorum*), a resolution which, in the opinion of the Note Trustee, affects the interests of the holders of:
- (i) (A) any Class of Notes of one class only or (B) the Residual Certificates shall be deemed to have been duly passed if passed at a meeting (or by a resolution in writing or, in respect of the Rated Notes only, by a resolution passed by way of consents received through the relevant Clearing System(s)) of the holders of (x) that Class of Notes so affected or (y) the Residual Certificates;

- (d) No Ordinary Resolution that is passed by the holders of the Residual Certificates shall take effect for any purpose while any of the Notes remain outstanding unless it shall have been sanctioned by an Ordinary Resolution of the holders of the Most Senior Class of Notes and all other Classes of Notes then outstanding, or the Note Trustee is of the opinion that it would not be materially prejudicial to the interests of the holders of the Most Senior Class of Notes or any other Classes of Notes then outstanding.

 - (bb) the Issuer, the Relevant Party or the Cash Administrator (on behalf of the Issuer) certifies in writing to the Note Trustee and the Security Trustee that the Rating Agencies have been informed of the proposed modification and none of the Rating Agencies has indicated within 30 calendar days that such modification would result in (x) a downgrade, withdrawal or suspension of the then current ratings assigned to any Class of the Notes by such Rating Agency or (y) such Rating Agency placing any Notes on rating watch negative (or equivalent) and, if requested by the Note Trustee or the Security Trustee, procures that an Issuer Certificate and/or a Cash Administrator Certificate are provided to the Note Trustee and the Security Trustee in accordance with Condition 18 (*Non-Responsive Rating Agency*); and

- (vi) for the purpose of changing the base rate that then applies in respect of the Swap Agreement to an alternative base rate as is necessary or advisable in the commercially reasonable judgment of the Issuer (or the Cash Administrator on its behalf) and the Swap Provider solely as a consequence of a Base Rate Modification and solely for the purpose of aligning the base rate of the Swap Agreement to the base rate of the Notes following such Base Rate Modification and making any associated amendment (a "**Swap Rate Modification**"), provided that the Cash Administrator, on behalf of the Issuer, certifies to the Note Trustee and the Security Trustee in writing that such modification is required solely for such purpose and it has been drafted solely to such effect (such certificate being a "**Swap Rate Modification Certificate**");

and provided further that:

- (x) other than in the case of a modification pursuant to Residual Certificates Condition 12.6(a)(i)(B), either:
 - (aa) the Issuer, the Relevant Party or the Cash Administrator (on behalf of the Issuer) obtains from each of the Rating Agencies a Rating Agency Confirmation that such modification would not result in (x) a downgrade, withdrawal or suspension of the then current ratings assigned to any Class of the Notes by such Rating Agency or (y) such Rating Agency placing any Notes on rating watch negative (or equivalent) and delivers a copy of each such confirmation to the Issuer (in the case of the Relevant Party or the Cash Administrator), the Note Trustee and the Security Trustee; or
 - (bb) the Issuer, the Relevant Party or the Cash Administrator (on behalf of the Issuer) certifies in the Modification Certificate or Swap Rate Modification Certificate that it has informed the Rating Agencies of the proposed modification and none of the Rating Agencies has indicated within 30 calendar days that such modification would result in (x) a downgrade, withdrawal or suspension of the then current ratings assigned to any Class of the Notes by such Rating Agency or (y) such Rating Agency placing any Notes on rating watch negative (or equivalent) and, if requested by the Note Trustee or the Security Trustee, procures that an Issuer Certificate and/or a Cash Administrator Certificate are provided to the Note Trustee and the Security Trustee in accordance with Condition 18 (*Non-Responsive Rating Agency*); and
- (y) the Issuer certifies in writing to the Note Trustee and the Security Trustee that (X) the Issuer has provided at least 30 calendar days' notice to the Noteholders of each Class of the proposed modification in accordance with Condition 16 (*Notice to Noteholders*) and by publication on Bloomberg on the "Company News" screen relating to the Notes, and (Y) Noteholders representing at least 10 per cent. of the aggregate Principal Amount Outstanding of the Most Senior Class of Notes then outstanding have not contacted the Issuer and the Note Trustee in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which any Rated Notes may be held) within such notification period notifying the Issuer and the Note Trustee that such Noteholders do not consent to the modification.

If Noteholders representing at least 10 per cent. of the aggregate Principal Amount Outstanding of the Most Senior Class of Notes then outstanding have notified the Issuer and the Note Trustee in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which any Rated Notes may be held) within the

notification period referred to above that they do not consent to the modification, then such modification will not be made unless an Extraordinary Resolution of the holders of the Most Senior Class of Notes then outstanding is passed in favour of such modification in accordance with Condition 13 (*Meetings of Noteholders, Modification, Waiver and Substitution*).

Objections made in writing other than, in respect of the Rated Notes, through the applicable clearing system must be accompanied by evidence to the Issuer's and the Note Trustee's satisfaction (having regard to prevailing market practices) of the relevant Noteholder's holding of the Notes.

- (b) Other than where specifically provided in this Residual Certificates Condition 12.6 or any Transaction Document:
 - (i) when implementing any modification pursuant to this Residual Certificates Condition 12.6 (save to the extent the Note Trustee considers that the proposed modification would constitute a Basic Terms Modification), neither the Note Trustee nor the Security Trustee shall consider the interests of the Certificateholders, any other Secured Creditor or any other person but may act and rely solely and without further investigation on any certificate or evidence provided to it by the Issuer or any of the Servicers (as the case may be), the Cash Administrator or the Relevant Party or Party, as the case may be, pursuant to this Residual Certificates Condition 12.6 and shall not be liable to the Noteholders, or the Certificateholders or any other Secured Creditor for so acting or relying, irrespective of whether any such modification is or may be materially prejudicial to the interests of any such person; and
 - (ii) neither the Note Trustee nor the Security Trustee shall be obliged to agree to any modification which, in the opinion of the Note Trustee and/or the Security Trustee would have the effect of (A) exposing the Note Trustee and/or the Security Trustee to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction or (B) increasing the obligations or duties, or decreasing the rights or protection, of the Note Trustee and/or the Security Trustee in the Transaction Documents, the Conditions and/or these Residual Certificates Conditions.
- (c) Any such modification shall be binding on all Certificateholders and shall be notified by the Issuer as soon as reasonably practicable to:
 - (i) so long as any of the Notes rated by the Rating Agencies remains outstanding, each Rating Agency;
 - (ii) the Secured Creditors; and
 - (iii) the Certificateholders in accordance with Residual Certificates Condition 14 (*Notice to Certificateholders*).

12.7 Authorisation or Waiver of Breach

The Note Trustee and/or the Security Trustee (acting on the direction of the Note Trustee),, as applicable, may, without the consent or sanction of the Noteholders, the Certificateholders or the other Secured Creditors and without prejudice to its rights in respect of any further or other breach, from time to time and at any time, on such terms and conditions (if any) as shall seem expedient to it, determine that a Potential Event of Default or an Event of Default shall not, or shall not subject to any specified conditions, be treated as such or authorise or waive any proposed or actual breach of any of the covenants or provisions contained in or arising pursuant to the Conditions, these Residual

Certificates Conditions or any of the Transaction Documents by any party thereto but only if (x) in the Note Trustee's sole opinion the interests of the holders of the Most Senior Class of Notes or, if no Notes are outstanding, the Certificateholders will not be materially prejudiced thereby or (y) if there are no Notes then outstanding and no Residual Certificates then in issue, in the sole opinion of the Security Trustee, the interests of all the Secured Creditors will not be materially prejudiced thereby. The Note Trustee shall not exercise any powers conferred on it by this Residual Certificates Condition 12.7 in contravention of any express direction given by Extraordinary Resolution of the holders of the Most Senior Class of Notes or by a direction under Residual Certificates Condition 10 (*Events of Default*) but so that no such direction or request shall affect any waiver, authorisation or determination previously given or made.

12.8 Notification of modifications, waivers, authorisations or determinations

Any such modification, waiver, authorisation or determination by the Note Trustee and/or the Security Trustee, as applicable, in accordance with the Conditions, these Residual Certificates Conditions or the Transaction Documents shall be binding on the Certificateholders and the Secured Creditors shall be notified by the Issuer to the Certificateholders in accordance with Residual Certificates Condition 14 (*Notice to Certificateholders*), the Rating Agencies (while any Rated Notes remain outstanding) and the Secured Creditors as soon as practicable thereafter.

- (a) In connection with any such substitution of principal debtor referred to in Condition 8.4 (*Mandatory Redemption of the Notes for Taxation or Other Reasons*), the Note Trustee and the Security Trustee may also agree, without the consent of the Certificateholders or the other Secured Creditors, to a change of the laws governing the Residual Certificates, these Residual Certificates Conditions and/or any of the Transaction Documents, provided that such change would not, in the opinion of the Note Trustee or, as the case may be, the Security Trustee be materially prejudicial to the interests of the Certificateholders or the other Secured Creditors.
- (b) Where, in connection with the exercise or performance by each of them of any right, power, trust, authority, duty or discretion under or in relation to these Residual Certificates Conditions or any of the Transaction Documents (including in relation to any modification, waiver, authorisation, determination, substitution or change of laws as referred to above), the Note Trustee or the Security Trustee is required to have regard to the interests of the Certificateholders, it shall have regard to the general interests of the Certificateholders but shall not have regard to any interests arising from circumstances particular to individual Certificateholders (whatever their number) and, in particular but without limitation, shall not have regard to the consequences of any such exercise or performance for individual Certificateholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political sub-division thereof, and the Note Trustee or, as the case may be, the Security Trustee shall not be entitled to require, nor shall any Certificateholders be entitled to claim from the Issuer, the Note Trustee or the Security Trustee or any other person, any indemnification or payment in respect of any tax consequences of any such exercise upon individual Certificateholders.
- (c) Other than in respect of any matter requiring an Extraordinary Resolution, Certificateholders are required to vote by way of an Ordinary Resolution.
- (d) "**Ordinary Resolution**" means, in respect of the holders of the Residual Certificates:
 - (i) a resolution passed at a meeting duly convened and held in accordance with the Trust Deed and these Residual Certificates Conditions by a clear majority of the

Certificateholders voting thereat on a show of hands or, if a poll is duly demanded, by a clear majority of the votes cast on such poll; or

- (ii) a resolution in writing signed by or on behalf of the Certificateholders of not less than a clear majority in number of the Residual Certificates then in issue which resolution may be contained in one document or in several documents in like form each signed by or on behalf of one or more of the Certificateholders.
- (e) "**Extraordinary Resolution**" means, in respect of the holders of the Residual Certificates:
- (i) a resolution passed at a meeting of Certificateholders duly convened and held in accordance with the Trust Deed and these Residual Certificates Conditions by a majority consisting of not less than three-quarters of the Certificateholders voting at such meeting upon a show of hands or, if a poll is duly demanded, by a majority consisting of not less than three quarters of the votes cast on such poll; or
 - (ii) a resolution in writing signed by or on behalf of the Certificateholders of not less than three quarters in number of the Residual Certificates then in issue which resolution may be contained in one document or in several documents in like form each signed by or on behalf of one or more of the Certificateholders.
- (f) Details of any Extraordinary Resolution and any Ordinary Resolution passed in accordance with the provisions of the Trust Deed shall be notified to each of the Rating Agencies by the Issuer.

12.9 Issuer Substitution Condition

The Note Trustee and Security Trustee may agree, subject to such amendment of these Residual Certificates Conditions and of any of the Transaction Documents, and to such other conditions as the Note Trustee and Security Trustee may require and subject to the terms of the Trust Deed, but without the consent of the Certificateholders, to the substitution of another body corporate in place of the Issuer as principal debtor under the Trust Deed, the Notes and the Residual Certificates and in respect of the other Secured Obligations, provided that the conditions set out in the Trust Deed are satisfied including, *inter alia*, that the Residual Certificates are unconditionally and irrevocably guaranteed by the Issuer (unless all of the assets of the Issuer are transferred to such body corporate) and that such body corporate is a single purpose vehicle and undertakes itself to be bound by provisions corresponding to those set out in Residual Certificates Condition 5 (*Issuer Covenants*) (the "**Issuer Substitution Condition**"). In the case of a substitution pursuant to this Residual Certificates Condition 12.9, the Note Trustee and Security Trustee may in their absolute discretion agree, without the consent of the Certificateholders, to a change in law governing the Residual Certificates and/or any of the Transaction Documents unless such change would, in the opinion of the Note Trustee and Security Trustee, be materially prejudicial to the interests of the Certificateholders.

13. INDEMNIFICATION AND EXONERATION OF THE NOTE TRUSTEE AND THE SECURITY TRUSTEE

The Trust Deed and the Deed of Charge contain provisions governing the responsibility (and relief from responsibility) of the Note Trustee and the Security Trustee respectively and providing for their indemnification in certain circumstances, including provisions relieving them from taking steps, proceedings or actions or, in the case of the Security Trustee, enforcing the Security, unless indemnified and/or prefunded and/or secured to their satisfaction.

The Trust Deed and the Deed of Charge also contain provisions pursuant to which the Note Trustee and the Security Trustee are entitled, *inter alia*, (a) to enter into business transactions with the Issuer and/or any other party to any of the Transaction Documents and to act as trustee for the holders of any other securities issued or guaranteed by, or relating to, the Issuer and/or any other party to any of the Transaction Documents, (b) to exercise and enforce its rights, comply with its obligations and perform its duties under or in relation to any such transactions or, as the case may be, any such trusteeship without regard to the interests of, or consequences for, individual Certificateholders and (c) to retain and not be liable to account for any profit made or any other amount or benefit received thereby or in connection therewith.

14. NOTICE TO CERTIFICATEHOLDERS

14.1 Publication of Notice

Any notice to a Certificateholder shall be validly given if sent to the email address of such Certificateholder as notified in writing to the Issuer from time to time.

15. JURISDICTION AND GOVERNING LAW

15.1 The Courts of England (the "**Courts**") are to have exclusive jurisdiction to settle any disputes that may arise out of or in connection with the Residual Certificates and the Transaction Documents (including a dispute relating to non-contractual obligations or a dispute regarding the existence, validity or termination of any of the Residual Certificates or the Transaction Documents or the consequences of their nullity) and accordingly any legal action or proceedings arising out of or in connection with the Residual Certificates and/or the Transaction Documents may be brought in such Courts.

15.2 The Transaction Documents, the Residual Certificates and these Residual Certificates Conditions (and any non-contractual obligations arising out of or in connection with them) are governed by, and shall be construed in accordance with, English law except that, to the extent that the provisions of the Mortgage Sale Agreement, the Deed of Charge and any security documents supplemental thereto relate to the Scottish Mortgage Loans, such provisions and documents shall be construed in accordance with and (in certain cases) governed by Scots law.

16. RIGHTS OF THIRD PARTIES

No rights are conferred on any person under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of the Residual Certificates or these Residual Certificates Conditions, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

TAXATION

United Kingdom Taxation

The following two paragraphs apply only to persons who are the beneficial owners of the Notes and is a summary of the Issuer's understanding of current United Kingdom law and published HM Revenue & Customs ("HMRC") practice relating only to the United Kingdom withholding tax treatment of payments of interest (as that term is understood for United Kingdom tax purposes) in respect of the Notes. They do not deal with any other United Kingdom taxation implications of acquiring, holding or disposing of the Notes. The United Kingdom tax treatment of prospective Noteholders depends on their individual circumstances and may be subject to change in the future (possibly with retrospective effect). Prospective Noteholders who may be subject to tax in a jurisdiction other than the United Kingdom or who may be unsure as to their tax position should seek professional advice. The Residual Certificates are not considered in the following two paragraphs.

Payments of interest on the Notes may be made without deduction of or withholding on account of United Kingdom income tax provided that the Notes carry a right to interest and the Notes are and continue to be listed on a "recognised stock exchange" within the meaning of Section 1005 of the Income Tax Act 2007. Euronext Dublin is a recognised stock exchange for such purposes. The Notes will satisfy this requirement if they are officially listed in Ireland in accordance with provisions corresponding to those generally applicable in Member States of the European Economic Area and are admitted to trading on the regulated market of Euronext Dublin. Provided, therefore, that the Notes carry a right to interest and are and remain so listed on a "recognised stock exchange", interest on the Notes will be payable without withholding of or deduction on account of United Kingdom income tax.

In other cases, an amount must generally be withheld from payments of interest on the Notes that has a United Kingdom source on account of United Kingdom income tax at the basic rate (currently 20 per cent.), subject to any available exemptions or reliefs. However, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a Noteholder, HMRC can issue a notice to the Issuer to pay interest to the Noteholder without deduction of tax (or for interest to be paid with tax deducted at the rate provided for in the relevant double tax treaty).

Foreign Account Tax Compliance Act

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a "**foreign financial institution**" (as defined by FATCA) may be required to withhold on certain payments it makes ("**foreign passthru payments**") to persons that fail to meet certain certification, reporting or related requirements. The Issuer may be a foreign financial institution for these purposes. A number of jurisdictions (including the United Kingdom) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA ("**IGAs**"), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of FATCA provisions and IGAs to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, such withholding would not apply prior to the date that is two years after the date on which final regulations defining foreign passthru payments are published in the U.S. Federal Register and Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued on or prior to the date that is six months after the date on which final regulations defining foreign passthru payments are filed with the U.S. Federal Register generally would be grandfathered for purposes of FATCA withholding unless any such Note is materially modified after such date (including by reason of a substitution of the Issuer). Prospective Noteholders should consult their own

tax advisers regarding how these rules may apply to their investment in the Notes. In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Notes, no person will be required to pay additional amounts as a result of the withholding.

EU financial transactions tax proposals may give rise to tax liabilities

On 14 February 2013, the European Commission issued proposals, including a draft Directive (the "**Commission's proposal**") for a financial transaction tax ("**FTT**") to be adopted in certain participating Member States (including Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia, although Estonia has since stated that it will not participate). If the Commission's proposal was adopted, the FTT would be a tax primarily on "financial institutions" (which would include the Issuer) in relation to "financial transactions" (which would include the conclusion or modification of derivative contracts and the purchase and sale of financial instruments).

Under the Commission's proposal, the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the financial transaction is issued in a participating Member State.

The FTT may give rise to tax liabilities for the Issuer with respect to certain transactions (including concluding any derivative contracts, including but not limited to any swap or interest rate swap transactions and/or purchases or sales of securities (such as authorised investments)) if the conditions for a charge to arise are satisfied and the FTT is adopted based on the Commission's proposal. Any such tax liabilities may reduce amounts available to the Issuer to meet its obligations under the Notes and may result in investors receiving less interest and/or principal than expected. To the extent that such liabilities may arise at a time when winding up proceedings have been commenced in respect of the Issuer, such liabilities may be regarded as an expense of the liquidation and, as such, be payable out of the floating charge assets of the Issuer (and its general estate) in priority to the claims of Noteholders and other secured creditors. It should also be noted that the FTT could be payable in relation to relevant transactions by investors in respect of the Notes (including secondary market transactions) if the conditions for a charge to arise are satisfied and the FTT is adopted based on the Commission's proposal. Primary market transactions referred to in Article 5(c) of Regulation (EC) No 1287/2006 are expected to be exempt but no assurance can be given that this will be the case.

However, the FTT proposal remains subject to negotiation between certain participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional Member States may decide to participate.

Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

The Issuer has agreed to indemnify the Sellers, the Co-Arrangers, the Joint Lead Managers and the Sellers have agreed to indemnify the Co-Arrangers, the Joint Lead Managers, against certain liabilities in connection with the issue of the Notes and the Residual Certificates.

Except with the prior written consent of the Sellers in the form of a U.S. Risk Retention Consent and as permitted by the exemption provided under Section 20 of the U.S. Risk Retention Rules, the Notes sold on the Closing Date may not be purchased by, or for the account or benefit of Risk Retention U.S. Persons. Prospective investors should note that, although the definition of "U.S. persons" in the U.S. Risk Retention Rules is very similar to the definition of "U.S. person" in Regulation S, the definitions are not identical and that persons who are not "U.S. Persons" under Regulation S may be "U.S. Persons" under the U.S. Risk Retention Rules. Each purchaser of Notes, including beneficial interests therein, will, by its acquisition of a Note or beneficial interest therein, be deemed to have made certain representations and agreements, including that it (1) either (i) is not a Risk Retention U.S. Person or (ii) has obtained a U.S. Risk Retention Consent from the Sellers, (2) is acquiring such Note or a beneficial interest therein for its own account and

not with a view to distribute such Note; and (3) is not acquiring such Note or a beneficial interest therein as part of a scheme to evade the requirements of the U.S. Risk Retention Rules (including acquiring such Note through a non-Risk Retention U.S. Person, rather than a Risk Retention U.S. Person, as part of a scheme to evade the 10 per cent. Risk Retention U.S. Person limitation in the exemption provided for in Section 20 of the U.S. Risk Retention Rules described herein). Any Risk Retention U.S. Person wishing to purchase Notes must inform the Sellers and the Joint Lead Managers that it is a Risk Retention U.S. Person.

This Prospectus does not constitute, and may not be used for the purpose of, an offer or a solicitation by anyone to subscribe for or purchase any of the Notes in or from any country or jurisdiction where such an offer or solicitation is not authorised or is unlawful.

United States

The Notes have not been and will not be registered under the Securities Act or the securities laws or "blue sky" laws of any state or any other relevant jurisdiction of the United States and therefore may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S) except pursuant to an exemption from registration requirements. Accordingly, the Notes are being offered and sold in offshore transactions in reliance on Regulation S. In addition, the Notes cannot be resold in the United States or to U.S. persons unless they are subsequently registered or an exemption from registration is available.

Each of the Joint Lead Managers (in respect of the Rated Notes only), TFSL (in respect of the Class R Notes only) and the Sellers (in respect of the Class Z Notes only) has agreed that, except as permitted by the Subscription Agreement, it will not offer, sell or deliver the Notes (a) as part of its distribution at any time or (b) otherwise until 40 days after the later of the commencement of the offering and the Closing Date (the "**Distribution Compliance Period**") within the United States or to, or for the account or benefit of, U.S. persons, except in accordance with Rule 903 or 904 of Regulation S, and it will have sent to each affiliate or other dealer (if any) to which it sells Notes during the Distribution Compliance Period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act. See the section entitled "*Transfer Restrictions and Investor Representations*".

In addition, until 40 days after the commencement of the offering, an offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than pursuant to an exemption from the registration requirements under the Securities Act.

This Prospectus has been prepared by the Issuer for use in connection with the offer and sale of the Notes outside the United States. The Issuer, each of the Joint Lead Managers (in respect of the Rated Notes only), TFSL (in respect of the Class R Notes only) and the Sellers (in respect of the Class Z Notes only) reserve the right to reject any offer to purchase the Notes, in whole or in part, for any reason. This Prospectus does not constitute an offer to any person in the United States or to any U.S. person. Distribution of this Prospectus by any non U.S. person outside the United States to any U.S. person or to any other person within the United States, other than those persons, if any, retained to advise such non U.S. person with respect thereto, is unauthorised and any disclosure without the prior written consent of the Issuer of any of its contents to any such U.S. person or other person within the United States, other than those persons, if any, retained to advise such non U.S. person, is prohibited.

- (a) it has only communicated or caused to be communicated, and will only communicate or cause to be communicated, an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which Section 21(1) of the FSMA does not apply to the Issuer; and
- (b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the Notes in, from or otherwise involving the United Kingdom.

Ireland

Each of the Joint Lead Managers (in respect of the Rated Notes only), TFSL (in respect of the Class R Notes only) and the Sellers (in respect of the Class Z Notes only) has represented, warranted and undertaken to the Issuer that:

- (a) it will not underwrite the issuance of, or place the Notes, otherwise than in conformity with the provisions of the European Union (Markets in Financial Instruments) Regulations 2017 (as amended, the “**MiFID Regulations**”) including, without limitation, Regulation 5 (*Requirement for authorisation (and certain provisions concerning MTFs and OTFs)*) thereof, any codes of conduct made under the MiFID Regulations and any codes of conduct used in connection therewith and the provisions of the Investor Compensation Act 1998 (as amended);
- (b) it will not underwrite the issuance of, or place, the Notes, otherwise than in conformity with the provisions of the Companies Act 2014 (as amended, the “**Companies Act**”), the Central Bank Acts 1942-2018 (as amended) and any codes of practice made under Section 117(1) of the Central Bank Act 1989 (as amended);
- (c) it will not underwrite the issuance of, or place, or do anything in Ireland with respect to, the Notes otherwise than in conformity with the provisions of the European Union (Prospectus) Regulations 2019 and any rules issued by the Central Bank of Ireland (the “**Central Bank**”) under Section 1363 of the Companies Act; and
- (d) it will not underwrite the issuance of, place or otherwise act in Ireland with respect to, the Notes, otherwise than in conformity with the provisions of the Market Abuse Regulation (EU 596/2014) (as amended) and any rules and guidance issued by the Central Bank under Section 1370 of the Companies Act.

European Economic Area

In relation to each Member State of the European Economic Area and the United Kingdom (each a **Relevant State**), each of the Joint Lead Managers and the Co-Arrangers has represented and agreed that it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Prospectus to the public in that Relevant State other than:

- (a) to any legal entity which is a qualified investor as defined in the Prospectus Regulation;
- (b) to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Regulation) subject to obtaining the prior consent of the Co-Arrangers and the Joint Lead Managers for any such offer; or
- (c) in any other circumstances falling within Article 1(4) of the Prospectus Regulation,

provided that no such offer of Notes will require the Issuer, the Joint Lead Managers and the Co-Arrangers to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation.

For the purposes of this provision, the expression of "**an offer of Notes to the public**" in relation to any notes in any Relevant State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes. The expression "**Prospectus Regulation**" means Regulation (EU) 2017/1129.

Prohibition of Sales to EEA and UK Retail Investors

Each of the Co-Arrangers and the Joint Lead Managers has represented and agreed that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes to any retail investor in the European Economic Area or in the United Kingdom. For the purposes of this provision, the expression "retail investor" means a person who is one (or more) of the following:

- (a) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "**MiFID II**"); or
- (b) a customer within the meaning of Directive 2016/97/EU (as amended, the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II.

General

Each of the Issuer, the Co-Arrangers, the Joint Lead Managers and the Sellers has acknowledged that, save for having obtained the approval of the Prospectus as a prospectus in accordance with the Prospectus Regulation, applying for the admission of the Notes to the Official List of Euronext Dublin and applying for the admission of the Notes to trading on its regulated market, no action has been taken by the Issuer, the Co-Arrangers, the Joint Lead Managers or the Sellers that would, or is intended to, permit a public offer of the Notes in any country or jurisdiction where any such action for that purpose is required. Accordingly, each of the Issuer, the Co-Arrangers and the Joint Lead Managers (in respect of the Rated Notes only), TFSL (in respect of the Class R Notes only) and the Sellers (in respect of the Class Z Notes only) has undertaken that it will not, directly or indirectly, offer or sell any Notes or have in its possession, distribute or publish any offering circular, prospectus, form of application, advertisement or other document or information in respect of the Notes in any country or jurisdiction except under circumstances that will, to the best of its knowledge and belief, result in compliance with any applicable laws and regulations and all offers and sales of Notes by it will be made on the same terms. Notwithstanding the foregoing, none of the Joint Lead Managers will have any liability to the Issuer or the Sellers for compliance by the Issuer or the Sellers or any other person with the U.S. Risk Retention Rules.

TRANSFER RESTRICTIONS AND INVESTOR REPRESENTATIONS

Offers and Sales

The Notes (including interests therein represented by a Global Note, a Registered Definitive Note or a Book-Entry Interest) have not been and will not be registered under the Securities Act or the securities laws or “blue sky” laws of any state or other jurisdiction of the United States, and may not be offered or sold in the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S) except pursuant to such registration requirements. Accordingly, the Notes are being offered and sold in offshore transactions to persons other than U.S. persons pursuant to Regulation S.

Any offers, sales or deliveries of the Notes in the United States or to U.S. persons by an investor purchasing in an offshore transaction pursuant to Regulation S prior to the date that is 40 days after the later of (i) the commencement of the offering of the Notes and (ii) the Closing Date, may constitute a violation of United States law.

Investor Representations and Restrictions on Resale

Each purchaser of the Notes (which term for the purposes of this section will be deemed to include any interests in the Notes, including Book-Entry Interests) will be deemed to have represented and agreed as follows:

- (a) the Notes have not been and will not be registered under the Securities Act or the securities laws or “blue sky” laws of any state or other jurisdiction of the United States and such Notes are being offered only in a transaction that does not require registration under the Securities Act and, if such purchaser decides to resell or otherwise transfer such Notes, then it agrees that it will offer, resell, pledge or transfer such Notes only (i) to a purchaser who is not a U.S. person (as defined in Regulation S) or an affiliate of the Issuer or a person acting on behalf of such an affiliate, and who is not acquiring the Notes for the account or benefit of a U.S. person and who is acquiring the Notes in an offshore transaction pursuant to an exemption from registration in accordance with Rule 903 or Rule 904 of Regulation S, or (ii) pursuant to an effective registration statement under the Securities Act, in each case in accordance with any applicable state or local securities laws, provided, that the agreement of such purchaser is subject to any requirement of law that the disposition of the purchaser's property shall at all times be and remain within its control;
- (b) unless the relevant legend set out below has been removed from the Notes, such purchaser shall notify each transferee of Notes (as applicable) from it that (i) such Notes have not been registered under the Securities Act, (ii) the holder of such Notes is subject to the restrictions on the resale or other transfer thereof described in paragraph (a) above, (iii) such transferee shall be deemed to have represented that such transferee is acquiring the Notes in an offshore transaction and that such transfer is made pursuant to an exemption from registration in accordance with Rule 903 or Rule 904 of Regulation S and (iv) such transferee shall be deemed to have agreed to notify its subsequent transferees as to the foregoing; and
- (c) the Issuer, the Registrar, the Co-Arrangers, the Joint Lead Managers and their affiliates and others will rely upon the truth and accuracy of the foregoing acknowledgments, representations and agreements.

Each purchaser of the Notes (which term for the purposes of this section will be deemed to include any interest in the Notes, including, in respect of the Notes, Book-Entry Interests) during the initial syndication will be deemed to have represented and agreed as follows: it (1) either (i) is not a Risk Retention U.S. Person or (ii) has obtained a U.S. Risk Retention Consent from the Sellers, (2) is acquiring such Note, Residual Certificate or a beneficial interest therein for its own account and not with a view to distribute such Notes or

Residual Certificates and (3) is not acquiring such Note, Residual Certificate or a beneficial interest therein as part of a scheme to evade the requirements of the U.S. Risk Retention Rules (including acquiring such Note through a non-Risk Retention U.S. Person, rather than a Risk Retention U.S. Person, as part of a scheme to evade the 10 per cent. Risk Retention U.S. Person limitation in the exemption provided for in Section 20 of the U.S. Risk Retention Rules).

The Rated Notes bear a legend to the following effect:
